Trade Adjustment Assistance (TAA) Manual**

**BACKGROUND**

Trade Act is a federal program administered by the United States Department of Labor (USDOL) that provides assistance to U.S. workers who lost their jobs due to foreign trade. Foreign trade includes:

- Imports from other countries
- Movement of production or service to foreign country

USDOL is divided in regions; Missouri is part of Region V.

## INTRODUCTION

This manual is intended to provide guidelines and standards for the administration of the Trade Adjustment Assistance (TAA) which includes Reemployment Trade Adjustment Assistance (RTAA) and/or Alternative Trade Adjustment Assistance (ATAA) programs. It includes information on procedures, which are handled by the Office of Workforce Development (OWD) staff, and also contains instructions on procedures, which are handled by the Division of Employment Security (DES) staff. It should be emphasized that coordination and cooperation between OWD and DES staff is mandatory for the successful administration of the TAA and RTAA/ATAA programs.

**TAA** stands for *Trade Adjustment Assistance* and refers to the training and re-employment services provided by the Office of Workforce Development through the Missouri Job Centers.

**TRA** stands for *Trade Readjustment Allowance* and refers to the weekly benefits paid by the Division of Employment Security to eligible clients after exhausting all UI (Unemployment Insurance). DES staff also administers RTAA and/or ATAA.

The Office of Workforce Development's client system is <https://jobs.mo.gov>.

The Division of Employment Security's client system is <https://uinteract.labor.mo.gov>.

**Trade Act Navigators:**

The Trade Act Navigators are regional contacts who provide Trade Adjustment Assistance (TAA) outreach to employers, training facilities, workers, and Missouri Job Center staff. Additionally, their goal is to increase the number of petitions filed to increase TAA participation. The Navigators will handle their region's OJTs and Apprenticeship activity. They will also present TAA information at any Employee Transition Team (ETT) meeting and Group Orientation sessions. They will work closely with the Employer Relations and Engagement (ERE) Representatives.

## DEFINITIONS

### 1...2...3

**8 / 16 Week Criteria** is a timeframe that workers under Trade 2002, Trade 2002 Revert, and Trade Reversion 2021 must meet to be eligible for TRA. A worker must be issued a waiver, enrolled in full-time TAA-approved training, or participating in full-time TAA-approved training by either:

- 8 weeks after the petition certification date; or
- 16 weeks after the worker's last qualifying separation date from the Trade-affected employment, whichever is later.

In rare circumstance, a 45-day waiver is available.

**26 / 26 Week Criteria** is a timeframe that workers under Trade 2009, Trade 2011, and Trade 2015 must meet to be eligible for TRA. A worker must be issued a waiver, enrolled in full-time TAA-approved training, or participating in full-time TAA-approved training by either:

- 26 weeks after the petition certification date; or
- 26 weeks after the worker's last qualifying separation date from the Trade-affected employment, whichever is later.

In rare circumstance, 45-day and 60-day waivers are available.

## A

**Act** means chapter 2 of title II of the Trade Act of 1974, Public Law 93-618, 88 Stat. 1978 (19 U.S.C.2271-2323 and 2395), as amended.

**Additional TRA** refers to a type of Trade Readjustment Allowance (TRA) that is drawn after Basic TRA is exhausted. Additional TRA can only be drawn if the worker is participating in full-time TAA-approved training. Additional TRA is available under all version of Trade Act.

**Adjustment assistance** means the services and benefits provided for achieving reemployment of adversely affected workers and include:

- A. Trade Readjustment Allowances (TRA)
- B. Training and Training (Related) Allowances
- C. Job Search Allowances
- D. Relocation Allowances

- E. Employment Services, and any other right or benefit provided for adversely affected workers by the Trade Act of 1974, by Trade Act 2002, by Trade 2009, Trade 2002 Revert, Trade 2011, Trade 2015, and/or Trade Reversion 2021.

**Administrator** means the Administrator, Office of Trade Adjustment Assistance (OTAA), Employment and Training Administration (ETA), U.S. Department of Labor (USDOL), Washington, D.C., who has responsibility for administering the TAA Program, or his or her designee.

**Adversely affected employment** means employment in a firm or appropriate subdivision in a firm or appropriate subdivision, if workers of the firm or appropriate subdivision are certified as eligible to apply for the TAA Program.

**Adversely affected worker** or **AAW** (also referred to, in combination with an AAIW, as a trade-affected worker) means an individual, including an employer, who, because of lack of work in adversely affected employment, has been totally or partially separated from such employment.

**Adversely affected incumbent worker** or **AAIW** (also referred to, in combination with an AAW, as a trade-affected worker) means a worker who:

- 1) Is a member of a worker group certified as eligible to apply for the TAA Program;
- 2) Has not been totally or partially separated from adversely affected employment; and
- 3) The Department determines, on an individual basis, is threatened with total or partial separation.

**Agent State** means a State, other than a liable State, that provides benefits or services to a trade-affected worker. A State can be both an agent State and liable State.

**Alternative Trade Adjustment Assistance (ATAA)** is a wage subsidy program for Trade eligible workers who are at least 50 years old and who find qualifying reemployment. ATAA helps to bridge the salary gap between the worker's Trade-affected employment and reemployment. ATAA is available under Trade 2002, Trade 2002 Revert, and Trade Reversion 2021.

**Applicable State law** means, for any worker, the State law of the State:

- 1) In which such worker is entitled to Unemployment Insurance (UI) (whether or not such worker has filed a UI claim) immediately following such first separation, or is entitled to UI under the Railroad Unemployment Insurance Act (RRUI), the State law of the State in which such first separation occurred.
- 2) If the worker is not so entitled to UI under the State law of any State immediately following such first, or is entitled to UI under the RRUI, the State law of the State in which such first separation occurred.

**Appropriate** as it pertains to training under the Trade Act of 1974, has a broad meaning as to whether the training is especially suitable or compatible, fitting or proper. Appropriate refers to the suitability of the training for the applicant and the compatibility of the training for the purposes of the program, including whether there is a reasonable prospect that the worker will be re-employed in the foreseeable future by the firm from which he/she is separated.

**Appropriate subdivision** means an establishment, facility or facilities, an organizational department, a product line, a project team, an operational unit, or part or combination thereof. The appropriate subdivision is determined on a case-by-case basis and includes all workers or a subset of workers working at, or reporting to, the location(s) identified in the petition, or subsequently identified during the course of the investigation, whose employment is dependent upon the production of the specific article or supply of the specific service identified in the petition, or identified during the course of the investigation.

**Appropriate week** means the week in which the AAW's first separation occurred.

**Approved training** or **TAA approved training** means a training approved under subpart F of the TAA Final Rule (618.610).

**Article** means a tangible good or an intangible good sold or produced by a firm. The good must be the subject of the sale or production, and not an object that is produced incidentally to the sale or production. An article can be measured in individual production units or commercial production units, such as with commodities. Sale of an article is the means by which revenue is generated, accumulated, or calculated.

**Average weekly hours** means the average hours worked by an AAW (excluding overtime) in the employment from which the worker has been or claims to have been separated in the 52 consecutive calendar weeks (weeks during which the worker was sick or on vacation) immediately preceding the worker's total separation or, for a partially separated worker, the week before the appropriate week. The average is obtained by dividing:

- 1) Total hours worked (excluding overtime) in the 52 consecutive calendar weeks (excluding weeks in such period during which the worker was sick or on vacation);  
by
- 2) The number of weeks in such 52 consecutive calendar weeks (excluding weeks in such period during which the worker was sick or on vacation).

**Average weekly wage** means one-thirteenth of the total wages paid to an AAW in the high quarter. For purposes of this computation, the high quarter is the quarter in which the worker's total wages were highest among the first 4 of the last 5 completed calendar quarters immediately preceding the week in which total separation occurred or, in cases where partial separation is claims, the appropriate week.

## B

**Basic TRA** refers to a type of Trade Readjustment Allowance (TRA) that may be available to Trade eligible workers if they earned at least \$30 per week in 26 of the last 52 weeks at the Trade affected employment. The amount of Basic TRA may vary per worker. Eligible workers may receive a combination of 52 weeks of Unemployment Insurance (UI) and Basic TRA. Workers have a two year period to draw the balance of their Basic TRA based on their last qualifying separation from the Trade-affected employer. Workers eligibility to Basic TRA under Trade 2002, Trade 2002 Revert, and Trade Reversion 2021 may be impacted by the 8 / 16 Week Criteria. Workers eligibility to Basic TRA under Trade 2009, Trade 2011, and Trade 2015 may be impacted by the 26 / 26 Week Criteria.

**Benefit period** means, with respect to a worker:

- 1) The benefit year and any ensuing period, as determined under the applicable State law, during which the worker is eligible for regular compensation, additional compensation, or extended compensation; or
- 2) The equivalent to such a benefit year or ensuing period provided for under Federal UI law.

**Bona fide application for training** means an application for training filed on a form approved by the Secretary containing information, such as, the worker's name, petition number, local office number, type of training, signed and dated by the worker applying for training. The application for training must also be signed by the appropriate Job Center staff person.

## C

**Ceased to participate in training.** A worker shall be determined to have ceased participation in a training program when the worker fails to attend all scheduled training classes and other training activities scheduled by the training institution in any week of the training program, without justifiable cause.

**Certification of affirmative determination or petition certification** means a determination issued under 618.235(a), or an amendment under 618.250, of eligibility to apply for the TAA Program, with respect to a specified worker group of a firm or appropriate subdivision.

**Certification date or date of certification** means the date on which the (USDOL) Certifying Officer signs the (petition) certification. This is the date that the (petition) certification takes effect.

**Certification period** means the period of time during which total, partial, or threat of separations from adversely affected employment within a firm or appropriate subdivision of a firm are covered by a certification for worker groups eligible to apply for assistance

under section 222(a) and (b) of the Act. It also means the period of time during which total or partial separations from adversely affected employment within a firm are covered by a certification for worker group eligible to apply for assistance under section 222(e) of the Act. The certification period begins on the impact date and, unless otherwise in the certification, end 2 years after the certification date. A certification may expire sooner than 2 year after the certification date as a result of a termination under 618.240, an amendment under 618.250, or if a certification is based on a determination issued by International Trade Commission (ITC) under section 222(e) of the Act.

**Certifying Officer** means an official, including the Administrator of the Office of Trade Adjustment Assistance (OTAA), Employment and Training Administration (ETA), Department of Labor, who has been delegated responsibility to make determinations and issue certifications of eligibility to apply for the TAA Program, and to perform such further duties as may be required.

**Co-enrollment** means enrollment in the TAA Program and at least one other program that operates as part of the one-stop delivery systems, such as the dislocated worker program under title I of WIOA.

**Commission or International Trade Commission or ITC** means the U.S. International Trade Commission.

**Commuting area** means the area in which a trade-affected worker would be expected to travel to and from work on a daily basis as determined under applicable State law.

- In Missouri, a commuting area is considered to be ten (10) miles one-way.
- When Missouri is the Agent State, we must use the Liable State's definition of commuting area.

**Completion of training or complete training or completed training** means that the trade-affected worker has finished all required coursework (including required externships or internships), testing, and professional licensing exams related to TAA approved training.

**Completion TRA** refers to a type of Trade Readjustment Allowance (TRA) that is drawn after Basic and Additional TRA is exhausted. Completion TRA can only be drawn if the worker has met benchmark requirements and participated in 60 day reviews. Additionally, the worker must be participating in full-time TAA-approved training. Completion TRA can only be drawn for 13 weeks when (s)he is within 20 weeks of the end date of training. Completion TRA is available under Trade 2011, Trade 2015, and Trade Reversion 2021.

**Downstream producer** means a firm that performs additional, value-added production processes or services, such as final assembly, finishing, testing, packaging, or maintenance or transportation services. The value-added production processes or services must be performed directly for another firm that has a worker group certified to apply for the TAA Program under 618.225, and the production processes or services must be carried out with respect to the article or service on which the certification under 618.225 was based.

## E

**Eligible RTAA recipient** means, for HCTC purposes (see definition of HCTC), an AAW eligible for RTAA and who is participating in RTAA for a month and is receiving an RTAA benefit for that month. **HCTC has expired.**

**Eligible TAA recipient** means, for HCTC purposes (see definition of HCTC), an AAW who receives TRA for any day of the month or who would be eligible to receive TRA but for the fact that the worker has not exhausted his or her UI entitlement. **HCTC has expired.**

**Eligible Training Provider System (ETPS)** is OWD's online training provider search tool that allows workers to research Missouri's educational institutions and programs. The ETPS can be found at [jobs.mo.gov](https://jobs.mo.gov). The ETPS is sometimes referred to as the Eligible Training Provider List (ETPL) or MoSCORES (<https://scorecard.mo.gov/Search>).

**Employer** means any individual or type of organization, including the Federal Government, a State government, a political subdivision, or an instrumentality of one or more governmental entities, with one or more individuals performing service in employment for it within the United States.

**Employment** means any service performed for an employer by an officer of a corporation or by an individual for wages.

**Enrolled in training** means that a worker's application for training is approved by the State (under subpart F of this part), and the training provider has furnished written notice to the State that the worker has been accepted in the approved training program, which is to begin within 30 calendar day of the date of such approval.

**Exhaustion of UI** means exhaustion of all rights to UI in a benefit period by reason of:

- 1) Having received all UI to which a worker was entitled under the applicable State law or Federal unemployment compensation law with respect to such benefit period; or

2) The expiration of such benefit period.

## F

**Failed to begin participation.** A worker shall be determined to have failed to begin participation in a training program when the worker fails to attend all scheduled training classes and other training activities in the first week of the training program, without justifiable cause.

**Family** means the following members of an adversely affected worker's household whose principal place of abode is with the worker in a home the individual in a home the individual maintains or would maintain but for unemployment:

- 1) A spouse;
- 2) Domestic partner;
- 3) Children of the adversely affected worker, of the worker's spouse, or of the worker's domestic partner, who are unmarried and under 21 years of age or who, regardless of age, are physically or mentally incapable of self-support. (The term "children" shall include natural offspring; stepchildren; adopted children; grandchildren, legal minor wards or other dependent children who are under legal guardianship of the worker, of the worker's spouse, or of the domestic partner; and an unborn child(ren) born and moved after the worker's effective date of transfer);
- 4) Dependent parents (including step and legally adoptive parents) of the worker, of the worker's spouse, or of the worker's domestic partner; and
- 5) Dependent brothers and sisters (including step and legally adoptive brothers and sisters) of the worker, of the worker's spouse, or of the worker's domestic partner, who are unmarried and under 21 years of age or who, regardless of age, are physically or mentally incapable of self-support.

**Feasible** (as it pertains to training under the Trade Act program) means whether there is any training available at that time which meets all of the six criteria for approving training as listed on DWD-PO-240. Also whether the worker is situated to be able to take full advantage of the training opportunity and complete the training. Further, it includes whether funding is available to pay the full costs of the training including any transportation and subsistence expenses. Funding includes not only TAA funds but also funds under WIOA, and other Federal, state and acceptable private sources.

## **Petition for Trade Adjustment Assistance (TAA) for Workers and Alternative Trade Adjustment Assistance (ATAA)**

### **INSTRUCTIONS FOR COMPLETING THE FORM**

**Background.** The TAA for Workers program (TAA Program) is authorized under Title II of the Trade Act of 1974, as amended (19 U.S.C. § 2271 et seq.) (the Act). The TAA Program provides workers who have been adversely affected by foreign trade with opportunities to obtain skills, credentials, resources, and support necessary to become reemployed. The TAA Program offers the following benefits and services to eligible workers: employment and case management services, training, out of area job search and relocation allowances, income support through Trade Readjustment Allowances, and the Alternative Trade Adjustment Assistance benefit for workers aged 50 or older who find qualifying reemployment. Filing a petition is the first step in qualifying for TAA Program benefits and services. In response to the filing of a Petition, the Department of Labor (Department) conducts an investigation to determine whether foreign trade contributed importantly to the workers' job separation or threat of job separation. After the investigation, the Department determines worker group eligibility to apply for TAA Program benefits and services. A state workforce agency representative will notify workers in a certified group of the determination, at which time the individual workers may apply for benefits and services at a local American Job Center. For a worker to be eligible for benefits and services, the worker must be part of a worker group that has been certified under a petition filed with the Department. Additional information is available on our website at: [www.dol.gov/agencies/eta/tradeact/](http://www.dol.gov/agencies/eta/tradeact/)

**Filing Instructions.** A petition for certification of eligibility to apply for adjustment assistance for a group of workers must be filed simultaneously with the Secretary of Labor and with the Governor of the State in which such workers' firm is located. Information provided on the petition form will be used for the purposes of determining worker group eligibility, and providing notice to the general public that the petition has been filed and whether the worker group is eligible to apply for TAA Program benefits and services. A valid petition form, including attachments, is treated as a public document.

Amendments to active existing TAA certifications will be investigated based on the information provided by the petitioner(s) on the TAA petition form. If the petitioners would like the Department to consider whether an amendment to an existing certification is appropriate, the petitioners should include in the petition any information they would like considered and can include a statement that they believe that an amendment would be appropriate. Identifying a petition as an amendment request does not preclude or limit a full investigation of the petition.

#### **Who May File a Petition?**

- A group of two or more workers from the same firm, a union or other duly authorized representative of such workers, the firm(s) of such workers; American Job Center operators or partners, including State workforce officials, employment security agencies, or dislocated worker unit and rapid response team members.

#### **How to File a Valid Petition:**

- The following information must be completed for a petition to be considered valid: (1) the name and contact information for each petitioner; (2) the name of the firm employing the group of workers; (3) the address of the location(s) where the group of workers who have been totally or partially separated or threatened with separation report to work (for a remote worker, the address of the location to which they report); (4) the name and contact information of an official within the employer firm or an individual authorized to provide information regarding the operation of the workers' firm; (5) the article produced by the workers' firm; (6) the actual or approximate date on which total or partial separations are threatened to occur or did occur; (7) the actual or estimated total number of workers who have been or may be separated, and (8) every petition shall be signed and dated by at least two individuals of the petitioning group, or by an official of a certified or recognized union or other duly authorized representative, or by a representative of one of the organizations listed in the Who May File a Petition section above. Required items are indicated on the Petition Form with an asterisk (\*).

#### **How to File a Petition with the U.S. Department of Labor:**

There are three methods to file a petition with the Department. Please submit the petition using only one of the methods below, submitting the same petition using multiple methods will not speed the investigation process and may slow the process.

- The most effective way to file a Petition is to complete the Petition form online at [www.dol.gov/agencies/eta/tradeact/](http://www.dol.gov/agencies/eta/tradeact/)  
**FILING ONLINE IS STRONGLY ENCOURAGED.** OR

**Section 5. Trade Effects of Separations\***

1. To the best of your knowledge, please summarize below the reasons why you believe that foreign trade contributed importantly to worker separations that have occurred, may occur, or are threatened to occur at the workers' firm (identified within Sec. 4a and 4b) as articulated under Sec. 222 of the Act or summarize the reasons you are requesting to amend an existing and active certification. (Examples: Articles have been/is being shifted to a foreign country; acquisition of articles from a foreign country; firm and/or customer imports of articles from a foreign country; loss of business with a firm that employed a worker group now determined to be eligible to apply for TAA.)

## PETITION PROCESS EFFECTIVE JULY 1, 2021

### **Petition:**

Petitions are requests for (workers who are or were employed at) a specific company to be certified eligible to apply for Trade Adjustment Assistance (TAA).

### **Trade Act Navigators:**

Trade Act Navigators, when appropriate, will file all petitions on behalf of the Office of Workforce Development (OWD). In an effort to increase the filing of petitions, Trade Representatives are asked to refer any possible trade affected layoff information to the Trade Act Navigators to determine if a petition should be filed.

The **Petition Questionnaire (DWD-PO-212)** form has been developed to help Job Center staff identify possible trade affected companies. This form must be completed and submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov).

The **Petition Questionnaire (DWD-PO-212)** form can be found at:

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Petition

### **Where to Find the Petition Form:**

Petitions can be filed online at United States Department of Labor (USDOL), Employment and Training Administration (ETA) website (<https://bpmportal.dol.gov/petition> - file online) or by petition form. The petition form is also found on USDOL, ETA's website at <https://www.dol.gov/agencies/eta/tradeact>. (**Note:** USDOL prefers that Trade Act petitions be filed online.)

Besides the USDOL, ETA website, an English and Spanish version of the petition forms is available under:

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Petition

### **How to Complete a Petition Form:**

Please reference **Training and Employment Notice (TEN) 23-14: How-To Guide for Completing a Petition for the Trade Adjustment Assistance (TAA) Program and Partnering with Rapid Response Teams to Improve the Quality of State-Filed Petitions.** **TEN 23-14** is available is under:

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Regs-TEGLs-TENs-Operating Instructions

 TEN 23-14 Petition Form Instructions

### **How to File an Amended Petition Form:**

You must submit a new petition form. If you want to provide additional evidence, you may contact the USDOL investigator.

**Group Eligibility:**

Under Trade Reversion 2021, for all petitions filed on or after July 1, 2021, only manufacturing sector is covered.

**Certification Criteria:**

1. First criterion: A significant number or proportion of the workers in the workers' firm, or an appropriate subdivision of such firm, must have become totally or partially separated or be threatened with total or partial separation.
2. Second criterion: The second criterion is satisfied if either A or B below is true:
  - A.
    - i. Sales or production, or both, at the petitioning workers' firm or subdivision must have decreased absolutely; and
    - ii. Imports of articles like or directly competitive with articles produced by the petitioning workers' firm or subdivision have increased; and
    - iii. The increased in imports described in (ii) contributed importantly to the petitioning workers' separation or threat of separation and to the decline in sales or production at the firm or subdivision.
  - B.
    - i. There has been a shift of production by the petitioning workers' firm or subdivision to a foreign country of articles like or directly competitive with the articles which are produced by the firm or subdivision; and
    - ii. One of the following conditions applies:
      - a. The country to which the workers' firm has shifted production of the articles is a party to a free trade agreement with the United States; or
      - b. The country to which the workers' firm has shifted production of the articles is a beneficiary country under the Andean Trade Preference Act, the African Growth and Opportunity Act, or the Caribbean Basin Economic Recovery Act; or
      - c. There has been or is likely to be an increase in imports of the articles that are like or directly competitive with articles which are or were produced by the firm or subdivision.

### **Shift in Production – Changes in Applicable Nations:**

Under Reversion 2021, worker group eligibility based on the “shift in production” criteria is limited to petitions where the shift was to certain specified nations noted in Certification Criteria (prior section). Those nations are the ones that are, “a party to a free trade agreement with the United States, “or, “a beneficiary country under the Andean trade Preference Act, African Growth and Opportunity Act, or the Caribbean Basin Economic Recovery Act,” respectively.

#### **1. Nations with Free Trade Agreements with the United States**

Australia, Bahrain, Canada, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Israel, Jordan, South Korea, Mexico, Morocco, Nicaragua, Oman, Panama, Peru, Singapore.

#### **2. Andean Trade Preference Act**

None

#### **3. African Growth and Opportunity Act**

Angola, Benin, Botswana, Burkina Faso, Cabo Verde, Central African Republic, Chad, Comoros, Democratic Republic of the Congo, Republic of the Congo, Cote d’Ivoire, Djibouti, Eswatini (Swaziland), Ethiopia, Gabon, The Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritius, Mozambique, Namibia, Niger, Nigeria, Rwanda, Sao Tome and Principe, Senegal, Sierra Leone, South Africa, Tanzania, Togo, Uganda, Zambia

#### **4. Caribbean Basin Economic Recovery Act**

Antigua and Barbuda, Aruba, The Bahamas, Barbados, Belize, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Saint Lucia, Saint Vincent and the Grenadines, Trinidad and Tobago, Montserrat, St. Kitts and Nevis, British Virgin Islands

### **Secondary Workers:**

Trade Reversion 2021 provides for the certification of secondarily impacted workers.

**Adversely Affected Secondarily Workers** – A group of workers shall be certified by the Secretary as eligible to apply for TAA benefits if the Secretary determines that:

1. A significant number or proportion of the workers in the workers’ firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;
2. The workers’ firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility, and such supply or production is related to the article that was the basis for

such certification; and

3. Either –
  - A. The workers' firm is a supplier and the component parts it supplied to the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or
  - B. A loss of business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation determination under paragraph (1).

### **Definitions**

1. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.
2.
  - A. Any firm, or appropriate subdivision of a firm, that engages in exploration or drilling for oil or natural gas shall be considered to be a firm producing oil or natural gas.
  - B. Any firm, or appropriate subdivision of a firm, that engages in exploration or drilling for oil or natural gas, or otherwise production oil or natural gas, shall be considered to be producing articles directly competitive with imports of oil and with imports of natural gas.
3. Downstream Producer – The term "downstream producer" means a firm that performs additional, value-added production processes for a firm or subdivision, including a firm that performs final assembly or finishing, directly for another firm (or subdivision), for articles that were the basis for a certification of eligibility of a group of workers employed by such other firm, if the certification of eligibility is based on an increase in imports from, or a shift in production to, Canada or Mexico.
4. Supplier – The term "supplier" means a firm that produces and supplies directly to another firm (or subdivision) component parts for articles that were the basis for a certification of eligibility of a group of workers employed by such other firm.

### **Administration:**

There are two groups of workers that can be certified as eligible to apply for adjustment assistance because the workers are secondarily affected – workers who supply components (upstream) to a firm whose workers are certified (primary), or workers who perform additional, value-added production and finishing operations (downstream) for a

firm whose workers are certified (primary). The impacts on downstream workers are limited to Canada and Mexico.

1. Upstream workers must directly supply the primary firm. The articles produced by upstream workers must be directly incorporated into the articles that were the basis for the certification of the primary firm's workers. Supplier chains are often categorized according to "tiers." Firms in the first tier supply components directly to the producer of the final product. Firms in the second tier supply components to firms in the first tier, and so forth. Secondary-worker coverage applies only to workers employed by firms in the first tier. The components supplied to the primary firm by the upstream workers must either account for at least 20 percent of the production of sales of the upstream firm, or the loss of business with the primary firm by the upstream, firm must have contributed importantly to the upstream workers' separations or threat of separations. For upstream workers to be certified as secondarily affected, the impact on the primary firm from imports can come from increased imports from any country or a shift of production to any of the countries that qualify under the shift-of-production criteria.
2. Downstream workers must directly perform additional, value-added production processes, including final assembly or finishing, on the products of the primary firm. Downstream workers can only be certified as secondarily affected if the workers of the primary firm are certified based on increased imports from Canada or Mexico or a shift of production to Canada or Mexico. Also, the downstream workers' firm must have suffered a loss of business with the primary firm that contributed importantly to the workers' separations or threat of separations.

### **ATAA Petition Process:**

Adversely Affected Workers (AAW) who seek the benefits and services available under Alternative Trade Adjustment Assistance (ATAA) program must file a regular TAA petition which includes a request that the worker group be considered for eligibility to apply for the ATAA program. Effectively July 1, 2021, all worker group will automatically be considered for ATAA.

### **Investigation Process:**

In order to establish the petitioning AAWs are eligible to apply for the ATAA program, United States Department of Labor (USDOL) must first determine that all of the criteria for a regular TAA certification are met. In addition, USDOL must find that three additional criteria are met for ATAA certification. These additional criteria are:

1. A significant number of the group of workers in the petitioning workers' firm are 50 years of age or older;

2. The group of workers in the petitioning workers' firm possess job skills that are not easily transferable to other employment; and
3. The competitive conditions within the affected workers' industry are adverse.

Obtaining data and other information necessary to determine that all three of these criteria are satisfied will be part of the normal petition investigation process.

For criterion 1, information will be obtained by communication with the appropriate company official from the subject firm as part of the petition investigation. For this purpose, the term "significant number" means five percent of the adversely affected workforce or 50 workers, whichever is less, or at least three workers with less than 50 adversely affected workers.

For criterion 2, the necessary information will also be obtained through communication with the appropriate company official at the subject firm. Specifically, the company official will be asked to confirm that the worker group for whom a petition has been filed possesses job skills that are not easily transferable to other employment, with a focus on what skills the worker possesses. Should the company official be unable to provide information as to whether the skills are easily transferable, the State (e.g., Rapid Response or appropriate unit) will be asked to furnish the assessment.

For criterion 3, information will be collected from government and industry association sources as part of the petition investigation process. Specifically, the information collected will be used to determine if: (a) the number of firms in the industry is declining; or (b) the conditions (such as declining production and/or employment) in the industry are such that the affected workers are not likely to find new employment within the industry; or (c) aggregate U.S. imports of products like or directly competitive with those produced in the industry are increasing.

#### **Who Can File a Petition:**

Petitions may be filed by any of the following:

- 1) A group of **two** or more workers from the same firm on whose behalf the petition is filed;
- 2) A certified or recognized union, or other duly authorized representative of the group of workers;
- 3) The employer(s) of the group or workers; or
- 4) One-Stop center operator or One-Stop partners, including State workforce officials, employment security agencies, or dislocated worker unit and rapid response team members.

**OWD Responsibility (Filing Petition):**

OWD is responsible for providing information to workers, employers, and other interested parties, pertaining to their rights and potential eligibility and benefits under Trade Act, as well as providing general information concerning the petition filing process.

Job Center staff will provide petition forms to interested parties and/or guide to USDOL, ETA’s website to file online. In addition, they will give advice, information, and technical assistance to workers, employers, or their representatives when preparing a petition.

**Filing a Petition:**

If a petition is filed on a paper petition form, the petition must be filed simultaneously with **both** the USDOL (using the information listed on the petition form) and the Trade Adjustment Assistance (TAA) Coordinator of the state where the workers’ employer is located.

**Petition Investigation:**

In normal circumstances, once a petition is filed, USDOL is to issue a determination in 40 days. USDOL may issue four types of determinations:

<b><u>DATE</u></b>	<b><u>DEFINITION</u></b>
<b>Certification:</b>	USDOL determines that the trade-affected company meets the requirement for the Trade Act program.
<b>Denial:</b>	USDOL determines that the company does not meet the requirement for the Trade Act program.
<b>Termination:</b>	USDOL or the petitioner(s) terminate the petition before a final determination is made. USDOL often terminates a petition when the petition form is not filled out completely, the petition is filed more than 60 days prior to the employers scheduled layoff, or USDOL has received duplicate petition forms on the same company.
<b>Amended:</b>	USDOL determines that a subsidiary worker group <u>or</u> on-site leased worker group should have been added to the original certification. USDOL may also issue an amended determination if additional information is provided that can overturn a previous Denial determination.

Each determination will be associated with one or more of the following dates:

<b><u>DATE</u></b>	<b><u>DEFINITION</u></b>
<b>Filing:</b>	This is the date USDOL acknowledges receipt of the Petition for TAA form or online filing. This date is included in the TAA Decision document.
<b>Impact:</b>	If a Petition for TAA or TAA Decision document is certified or amended, USDOL assigns a date when the company was first impacted by layoffs, etc. due to foreign trade. It is normally one-year prior to the Filing Date of the Petition for TAA. The Impact Date is included in the

	TAA Decision document.
<b>Certification:</b>	If a Petition for TAA is certified, this is the date USDOL certified the petition request. The Certification Date is included in the TAA Decision document.
<b>Denial:</b>	If a Petition for TAA is denied, this is the date USDOL denied the petition request. The Denial Date is included in the TAA Decision document.
<b>Termination:</b>	If a Petition for TAA is terminated, this is the date USDOL or petitioner terminated the petition. A Petition for TAA is normally terminated for: 1) Petition for TAA form was not fully completed; or 2) another source has already submitted a Petition for TAA for the potential trade-affected employer. The Termination Date is included in the TAA Decision document.
<b>Amended:</b>	If a Petition for TAA or TAA Decision document is amended, this is the date USDOL amended their determination and enacted the change. The Amended Date is included in the TAA Decision document.
<b>Expiration:</b>	If a Petition for TAA or TAA Decision document is certified or amended, this is the date USDOL determines the petition certification expires. A petition normally expires two years from the Certification or Amended Date. To be eligible for Trade Act, a client must have a qualifying separation date between the Impact Date and the Expiration Date of the petition. The Expiration Date does <u>NOT</u> mean that benefits and services can no longer be accessed after this date. The Expiration Date is included in the TAA Decision document.

Under normal circumstance, USDOL is required to make a petition determination within 40 days of the Filing Date of the Petition for TAA submittal.

- Each petition certification will include the date (Impact Date) on which the total or partial separation began or threatened to begin.
- Once USDOL makes a determination on a Petition for TAA, a summary of their determination is published:
  - in the Federal Register; and
  - on the USDOL's (<https://www.dol.gov/agencies/eta/tradeact/petitioners/petitions>) website.

As part of the Petition for TAA determination process, USDOL will collect company and industry employment, production, sales, and inventory data outsourcing as well as price, import, and labor turnover data. As appropriate, USDOL will identify potentially eligible workers. An analysis of the information developed will be presented in an investigative report.

**Petition Status:**

The status of a petition can be checked at USDOL's website:  
<https://www.dol.gov/agencies/eta/tradeact/petitioners/petitions>

**OWD Responsibility during the Investigation Process:**

During the investigation by USDOL, OWD staff (Trade Act Navigators and Central Office Trade Act Unit) will:

- A. Assist USDOL investigators by providing information on:
  - the trade-affected company;
  - Local Market Information (LMI); and
  - employment and training outlook for adversely-affected workers.
- B. Work closely with the OWD Outreach managing layoffs / possible layoffs at the trade-affected company and when appropriate, maintain an open line of communication with trade-affected company contact, partner staff, workers, etc. so services can be provided promptly if USDOL certifies the Petition for TAA request.
- C. Notify Workforce Innovation and Opportunity Act (WIOA) partner of Petition of TAA request, pending determination by USDOL, and possible worker assistance.
- D. Accept various Trade Act applications and forms from affected workers to access TAA benefits / services as quickly as possible if Petition for TAA request is certified by USDOL.

**Petition Determination:**

USDOL will issue a TAA Decision document to indicate whether the layoff(s) that have or will occur is due to foreign trade. The TAA Decision document names the trade-affected employer, including any subdivisions and/or on-site leased workers, etc. In normal circumstances, the determination process must be completed by USDOL within 40 days of the Filing Date of the Petition for TAA submission.

<b>Type of Petition</b>	
<b>Certified:</b>	If USDOL certifies the Petition for TAA, a notice (TAA Decision document) summarizing the findings of the investigation and identifying the group of worker(s) potentially eligible under the assigned petition number is sent to the individual(s) who submitted the Petition for TAA and the State of the trade-affected employer. The TAA Decision document contains the following dates: 1) Filing Date; 2) Impact Date; 3) Certification Date; and 4) Expiration Date.
<b>Denied:</b>	If USDOL denies the Petition for TAA, a notice (TAA Decision document) summarizing the findings and the reasons of denial under the assigned petition number is sent to the individual(s) who submitted the Petition for TAA and the State of the employer. The TAA Decision document contains the following dates: 1) Filing Date; 2) Impact Date; and 3) Denial Date. In the case of a Petition Denial, the petitioner(s) can request reconsideration by making a written request to USDOL.

<b>Amended:</b>	If USDOL amends the Petition for TAA, a notice (TAA Decision document) summarizing the findings of the investigation and identifying the group of worker(s) potentially eligible under the assigned petition number is sent to the individual(s) who submitted the Petition for TAA and the State of the trade-affected employer. The TAA Decision document contains the following dates: 1) Filing Date; 2) Impact Date; 3) Certification or Amended Date; and 4) Expiration Date.
<b>Terminated:</b>	If USDOL terminates the Petition for TAA, a notice (TAA Decision document) summarizing the findings and the reasons of denial under the assigned petition number is sent to the individual(s) who submitted the Petition for TAA and the State of the employer. The TAA Decision document contains the following dates: 1) Filing Date; 2) Impact Date; and 3) Termination Date. In the case of a Petition Denial, the petitioner(s) can request reconsideration by making a written request to USDOL.

**Multiple-State Petitions:**

When a Petition for TAA is submitted for a trade-affected employer with locations in multiple states, the first state listed on the petition certification will be the point of contact for the employer. This state will be responsible for providing the worker list to the other impacted state TAA Coordinators.

**OWD Responsibility for Certified Petitions:**

After USDOL certifies a Petition for TAA,

- A. OWD Central Office Trade Act Unit will receive a TAA Decision document.
- B. Based off the TAA Decision document, OWD Central Office Trade Act Unit will write and distribute a Petition Memo to the Trade Act Navigators that contains the necessary information for Job Center staff to determine if a client is a member of a worker group certified under the associated petition number and if the petition also qualifies for RTAA/ATAA.
- C. OWD Central Office Trade Act Unit will also contact the trade-affected employer(s) (including sub-contractors, on-site leased workers, or temporary workers) to obtain a list of all workers who were separated from trade-affected employer(s) on or after the Impact Date (through the Expiration Date).
- D. DES Central Office Trade Act Unit will mail notification letters, to potentially eligible workers, advising them of the petition certification, providing information on filing a Trade Act claim, and directing them to a Missouri Job Center to access TAA benefits / services. The notification letter includes a copy of the Trade Adjustment Assistance for Workers pamphlet (*Trade 2015: **MODES-INF-195*** - [http://labor.mo.gov/sites/default/files/pubs\\_forms/M-INF-195-AI.pdf](http://labor.mo.gov/sites/default/files/pubs_forms/M-INF-195-AI.pdf)).

**Note:** If a client can prove that (s)he never received a notification letter, (s)he may qualify for a 60-day waiver extension.

- E. OWD Central Office Trade Act Unit will draft a legal notice for the Division of Employment (DES). DES Central Office Trade Act Unit will arrange for publication of the legal notice in a newspaper in the area of the trade-affected employer(s). OWD and DES may also use press releases and broadcast media to notify potentially eligible workers that the Petition for TAA request has been certified.
- F. OWD Central Office Trade Act Unit works with the Communication Unit to post information about the TAA certification on the CICs on the Missouri Job Center(s) in the area of the trade-affected employer(s).
- G. OWD Central Office Trade Act Unit works with the Communication Unit to post about the TAA certification on social media and jobs.mo.gov website.
- H. OWD Trade Act Navigators will assist workers with initial work registration or updates in MoJobs.
- I. OWD Trade Act Navigators will work with employers to develop job opportunities and refer workers to suitable job openings.
- J. OWD Trade Act Navigators will identify training needs and work with employers, labor / community groups, and Workforce Innovation and Opportunity Act (WIOA) partners to develop and provide training opportunities, promote acceptance of workers by referring them to other federal, state, and local programs under which training is provided.
- K. OWD Trade Act Navigators will seek available funding for training opportunities from all areas, including WIOA partners or other state funded programs, Department of Elementary and Secondary Education (DESE) / Division of Vocational Rehabilitation (VR), Pell Grants, business or private industry, or any other funding source which does not require the individual to reimburse payment for training.
- L. OWD Trade Act Navigators will analyze and determine workers' need for counseling, testing, and other supportive services.
- M. OWD Trade Act Navigators will accept and process the following from workers requesting / requiring assistance:
  - Petition for TAA (**ETA-9042 / ETA-9042a**) forms;
  - TRA-22 (**MODES-TRA-22-3-U / MODES-TRA-22-4-U**) forms (when applicable);
  - Applicant Rights for Training form (**DWD-PO-272**);
  - Training Plan Research Packet form (**DWD-PO-248**);

- Request for Training (**DWD-PO-240-A**);
  - Trainee Termination Report (**DWD-PO-240-B**);
  - Completion TRA / Benchmark (**DWD-PO-55**, **DWD-PO-235**, and **DWD-PO-236**) forms;
  - Request for HSE form (**DWD-PO-244**);
  - Relocation Allowance (**DWD-PO-202**) forms;
  - Job Search Allowance (**DWD-PO-207-BCE**, **DWD-PO-207-JSAV**, and **DWD-PO-207-PF**) forms;
  - On-the-Job Training (OJT) (**DWD-PO-213**, **DWD-PO-214**, **DWD-PO-215**, **DWD-PO-274**, **DWD-PO-219**, **DWD-PO-220**, **DWD-PO-242**, and **DWD-PO-228**) forms;
  - Reemployment Trade Adjustment Assistance (RTAA) / Alternative Trade Adjustment Assistance (ATAA) (**MODES-4640-R**) forms;
  - Apprenticeship (**DWD-PO-273** and **DWD-PO-273-AD**) form; and
  - Job Search Programs form (**DWD-PO-5520**).
- N. OWD Trade Act Navigators will determine entitlement to TRA (based on information in DES' UInteract system) and TAA benefits / services in a timely manner to meet the needs of workers.
- O. OWD Trade Act Navigators will maintain proper files and case management records as required in the Agreement between OWD (State of Missouri) and USDOL (Secretary of Labor), and make all files and records available for examination in monitoring reviews conducted by federal officials (USDOL).
- P. OWD Trade Act Navigators will establish and maintain a relationship with training facilities and employers as workers undergo process for training eligibility and participate in classroom training, distance learning, On-the-Job Training (OJT), and Apprenticeships.
- Q. OWD Trade Act Navigators will cooperate with USDOL (Secretary of Labor) and other state / federal agencies in providing reemployment services and Trade Act benefit / service payments.
- R. OWD Trade Act Navigators will furnish reports and information relating to the Trade Act program as applicable.
- S. OWD Trade Act Navigators will provide information about Job Search Allowances to workers so those who are eligible can participate in approved job search activities that must occur outside their commuting area.
- T. OWD Trade Act Navigators will develop suitable jobs leads in and outside of the workers' commuting area(s) as appropriate and refer the workers to job leads. Trade Reps may also refer workers to other staff within the Missouri Job Center with such job leads.

- U. OWD Trade Act Navigators will assist workers who cannot find a job or training in their commuting area by providing approvable job search activities that qualify for Job Search Allowance. Job Search Allowance provides workers with advancement or reimbursement (90-100%) of expenses associated with job search activities to include costs such as transportation, lodging, and meals.
- V. OWD Trade Act Navigators will obtain evidence of approvable job search activities and receipts / supporting documentation to indicate costs applicable to Job Search Allowance.
- W. OWD Trade Act Navigators will provide information about Relocation Allowances to workers. ## **TAA Referral Form (DWD-5556)**

The **TAA Referral Form (DWD-5556)** can be accessed by OWD staff at:

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > TAA Referral Form

The **TAA Referral Form (DWD-5556)** is used by the Missouri Job Center staff to identify trade-affected workers. If an individual visits or contacts the Missouri Job Center and either: 1) has received a notice of Trade Adjustment Assistance (TAA) program eligibility from the Missouri Division of Employment Security (DES) or other Liable State; or 2) appears to meet the criteria of a trade-affected worker, the **TAA Referral Form (DWD-5556)** must be completed by the Missouri Job Center staff and the worker/individual.

Once the form is completed, it must be emailed to [OWDTAAForms@dhewd.mo.gov](mailto:OWDTAAForms@dhewd.mo.gov) for distribution to a Trade Act Navigator. In the subject line of the email, please include the Region and Job Center from which the referral is being made.

The worker/individual will be referred to the appropriate Trade Act Navigator for TAA program services and/or information to file a TAA petition.

In addition to the completion of the **TAA Referral Form (DWD-5556)**, the referring staff person must add a referral in MoJobs to the TAA program ([OWDTAAForms@dhewd.mo.gov](mailto:OWDTAAForms@dhewd.mo.gov)).

For further clarification on this process, please send an email to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov).

# CO-ENROLLMENT

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 10/24/22**

## CO-ENROLLMENT

### **Co-enrollment:**

The State must co-enroll trade-affected workers who are eligible for Workforce Innovation and Opportunity Act's (WIOA's) Dislocated Worker program.

- Worker may choose to decline co-enrollment in WIOA.
- A State cannot deny such a worker benefits or services under the TAA Program solely for declining co-enrollment under WIOA.

A State must also make co-enrollment available to trade-affected workers who are eligible for other one-stop partner programs to ensure that all necessary and appropriate services, including supportive services, are available to the worker.

- *Trade-affected worker dislocated worker eligibility.* Most trade-affected workers meet the eligibility criteria of a dislocated worker.
- *Partially separated worker and Adversely-Affected Incumbent Worker (AAIW) dislocated worker eligibility.* In certain circumstances, such as a general announcement of a closure, partially separated workers and AAIWs may meet the eligibility criteria as a dislocated worker under WIOA and must also be co-enrolled.
- *Trade-affected worker dislocated worker ineligibility.* Some trade-affected workers are ineligible for the WIOA dislocated worker program, including those that do not meet the Selective Service registration requirement, and will be exempt from the co-enrollment requirement.

### **OWD Issuance 08-2021 – Statewide Enrollment & Exit Policy:**

Per the issuance, all TAA participants must be co-enrolled in the WIOA Dislocated Worker program.

- The TAA Code of Federal Regulations dictates that all TAA eligible workers must have employment and case management services available, including placement and referrals to supportive services and follow-up services available through partner programs, to trade-affected workers during training, and after completion of training, and for adversely affected workers on a waiver from training.
- Co-enrollment will ensure individuals receive the benefits and services they may be eligible for under the TAA and Title I Dislocated Worker programs.
- Coordination of services and non-duplication through co-enrollment helps Federal resources go further in local areas and provides participants with access to a comprehensive suite of services.

Trade Act Navigators must read the full issuance for details about co-enrollment requirements.

**Training & Employment Guidance Letter (TEGL) No. 4-20:**

USDOL has issued a TEGL with a subject of “Guidance on Integrating Services for Trade-Affected Workers under the TAA Program with the WIOA Title I Dislocate Worker Program.

Trade Act Navigators must read the full [TEGL 4-20](#) for details.

## Instructions for TAA Participant Referral to WIOA DW Enrollment (DWD-5524)

### **General:**

The [TAA Final Rule](#) mandates the co-enrollment of TAA participants into WIOA Dislocated Worker (DW) program. However, the TAA participant has the right to decline enrollment into the WIOA DW program. The DWD-5524 was developed to document the TAA participants' choice.

The Trade Act Navigator must present the option to enroll in the WIOA DW program to all TAA participants. Whether the TAA participant chooses to enroll in WIOA DW program or declines participation in the program, this form must be completed, signed, and uploaded into the participant's MoJobs record. In addition, a case note must be added to the participant's MoJobs record indicating their choice.

## BENEFITS AND SERVICES

### **Purpose:**

The purpose of the Trade Adjustment Assistance (TAA) Program is to help workers participating in the program obtain **suitable employment** whenever possible, and to return to employment as quickly as possible.

### **Suitable employment:**

- Substantially equal or higher skill level than the worker’s past adversely affected employment;
- Wages for such work are not less than 80% of the worker’s average weekly wage; and
- Full-time, long term duration (no part-time, short-term, or threatened employment).

Trade 2009	X	X	X
Trade 2002 Revert	X		
Trade 2011	X	X	
Trade 2015	X	X	
Trade Reversion 2021	X		

### **Program Operating Instructions:**

In most cases, to determine which version of Trade Act a client is participating under, you can check the client’s petition number found in UInteract on the *Trade Readjustment Allowance-Basic* claim, *Trade Readjustment Allowance-Additional* claim, and/or *Trade Readjustment Allowance-Completion* claim.

	Petition Number(s)
Trade 2002	<b>Petitions numbered 69,999 or below</b>
Trade 2009	<b>Petitions numbered 70,000-79,999</b>
Trade 2002 Revert	<b>Petitions numbered 80,000-80,999</b> <ul style="list-style-type: none"> <li>• Clients who received a Trade benefit/service prior to 12/20/11 were allowed to choose between participating under Trade 2002 Revert and Trade 2011</li> <li>• Only four clients elected to participate under Trade 2002 Revert</li> </ul>
Trade 2011	<b>Petitions numbered 80,000-84,999</b>
Trade 2015	<b>Petitions numbered 85,000-97,999</b>
Trade Reversion 2021	<b>Petitions numbered 98,000 and above</b>

### **TRA Claim:**

To determine eligibility for Trade Act benefits and services, a client must file a TRA / Trade Act claim with the Division of Employment Security (DES). DES is responsible for determining individual eligibility.

A TRA / Trade Act claim can be filed by:

1) Calling a Regional Claims Center; OR

- Toll free number: (800) 320-2519
- Jefferson City: (573) 751-9040
- Kansas City: (816) 889-3101
- Springfield: (417) 895-6851
- St. Louis: (314) 340-4950

2) Filing a TRA / Trade Act claim through DES' UInteract system:

<https://uinteract.labor.mo.gov>.

Once the Trade Act claim is established, the client will receive an "Entitlement Determination to Trade Adjustment Assistance" letter. The determination advises the client that (s)he may be eligible for reemployment services, which includes Training, Job Search Allowance, Relocation Allowance, and Job Search Program, along with Reemployment Trade Adjustment Assistance (RTAA) / Alternative Trade Adjustment Assistance (ATAA), Trade Readjustment Allowance (TRA), and ~~Health Coverage Tax Credit (HCTC)~~. The Job Center staff must assist the client if (s)he wishes to apply for re-employment services.

Once the Trade Act claim is established, it will appear in UInteract on the *Trade Readjustment Allowance-Basic* claim, *Trade Readjustment Allowance-Additional* claim, and/or *Trade Readjustment Allowance-Completion* claim.

**Trade Readjustment Allowance (TRA):**

TRA is payable to an adversely affected worker for a week of unemployment. It will be an amount equal to the weekly benefit amount on the UI claim in effect at the time of the qualifying separation. If no claim was in effect, the first UI claim, following the qualifying separation, will determine the weekly TRA amount.

Under **Trade 2002**, **2002 Revert**, and **Trade Reversion 2021**, for a client to maintain eligibility for TRA weekly benefits, the client must be enrolled in training or issued a waiver by the last day of the: 1) 8<sup>th</sup> week following Trade petition certification; or 2) 16<sup>th</sup> week following the client's last qualifying separation from the Trade affected employer.

Under **Trade 2009**, **2011**, and **2015**, for a client to maintain eligibility for TRA weekly benefits, the client must be enrolled in training or issued a waiver by the last day of the 1) 26<sup>th</sup> week following Trade petition certification; or 2) 26<sup>th</sup> week following the client's last qualifying separation from Trade affected employer.

	8/16 Week Criteria	26/26 Week Criteria
Trade 2002	X	
Trade 2009		X
Trade 2002 Revert	X	
Trade 2011		X
Trade 2015		X
Trade Rev 2021	X	

Depending on which version of Trade the client is participating under, the client may be eligible to receive between 130-156 weeks of UI and TRA weekly benefits. Maximum UI and TRA benefits for each version of Trade:

	130 Weeks UI/TRA	156 Weeks UI/TRA
Trade 2002	X	
Trade 2009		X
Trade 2002 Revert	X	
Trade 2011	X	
Trade 2015	X	
Trade Rev 2021	X	

The breakdown is as follows:

- Up to 20 weeks of UI
- Up to 32 weeks of Basic TRA (Weeks of Basic TRA adjusted from 26 weeks to meet the Maximum Benefit Allowance [MBA].)
  - To be eligible for Basic TRA, the client must be issued a waiver or enrolled or participating in training by required deadline.
- Up to 78 weeks of Additional TRA (must be attending training)
  - **Trade 2002** = Up to 52 weeks of Additional TRA (in a 52-week period)
  - **Trade 2009** = Up to 78 weeks of Additional TRA (in a 91-week period)
  - **Trade 2002 Revert** = Up to 52 weeks of Additional TRA (in a 52-week period)
  - **Trade 2011** = Up to 65 weeks of Additional TRA (in a 78-week period)
  - **Trade 2015** = Up to 65 weeks of Additional TRA (in a 78-week period)
  - **Trade Reversion 2021** = Up to 65 weeks of Additional TRA (in a 78-week period)
- Up to 26 weeks of Remedial TRA (After exhausting all other UI / TRA, the client may claim one week of TRA for each week of remedial training he/she attended; up to 26 weeks.)
  - *Remedial* TRA is only available under **Trade 2002, 2002 Revert, and 2009**
- Up to 13 weeks of Completion TRA in a 20-week period (After exhausting all other UI / TRA, the client may claim up to 13 additional weeks of Completion TRA to

complete training if the client met the training benchmarks of satisfactory progress and on target training end date. Refer to the Employment Plan and Case Management sections for more details.)

- *Completion* TRA is only available under **Trade 2011, 2015, and Reversion 2021**.
  - *Completion* TRA cannot be drawn on a payable break or it client is attending training such as English as a Second Language (ESL).

### **Re-Employment Services:**

Refer to TEGL [3-20](#) and [4-20](#) regarding initial assessment, employment and case management services, and mandated co-enrollment with WIOA Dislocated Worker.

When a TAA petition is filed, rapid response services and WIOA career services must be provided to the workers. Every trade affected worker must be provided an initial assessment by either partner staff or Trade Reps / Trade Act Navigators. If the petition is certified and the initial assessment was provided by partner staff, the Trade Reps / Trade Act Navigators must ensure the initial assessment meets all TAA Program requirements.

To ensure the adjustment of adversely affected workers shall occur as quickly and effectively as possible, every effort shall be made to prepare each worker for full-time employment in accordance with the worker's capabilities and prospective employment opportunities. To this end, adversely affected workers shall be offered the full range of services available through the Missouri Job Centers and partner agencies.

- Under **Trade 2009, 2011, 2015, and Reversion 2021**, a waiver from training cannot be issued until a comprehensive reemployment plan is in place.
- Per USDOL instructions, Trade Act Navigators are required to complete a [TAA Required Checklist \(DWD-PO-234\)](#) form [found on DHEWD (W:), Workforce

Development, Programs, Trade, Trade Act Resources, Forms, Case Management for each new TAA client and uploaded into MoJobs.

- The purpose of the form is to ensure that clients are provided or offered all required case management services.
  - It is also a reminder to add REQUIRED case notes in MoJobs to better develop an Employment Plan and/or Training Plan.
- A TAA Application must be completed in MoJobs on all clients potentially interested in Trade Act. Clients are not included in the performance report until a Participation is created.

All clients must be informed of the benefits and services available to them under Trade Act:

1) **Counseling and Testing:**

Adversely affected workers should be offered appropriate counseling assistance as one of the available supportive services. The same standards and precautions apply to the use of tests with TAA applicants. In many cases, workers will need to convert their skills to a new occupation. Testing can be useful in helping the workers determine the work, which they will seek. Testing is also a tool to determine the appropriateness of future training. The full range of testing should be made available and used as a step in employability planning. When necessary, individuals may be referred to WIOA and other partner agencies for assessment. **Please note that TAA has Case Management funds available for assessments.**

2) **Employment and Case Management Services:**

The following case management services are REQUIRED to be offered to all Trade Act eligible clients. (These services can be provided by OWD and/or partner agency staff in the Job Centers.) Workers may refuse employment a case management services. If this occurs, it must be documented as a case note in MoJobs.

- Comprehensive and specialized assessment of skills level and services needed including diagnostic testing and use of other assessment tools as well as in-depth interviewing and evaluation to identify employment goals and objectives, and appropriate employment goals.
- Development of individual employment plan to identify employment goals and objectives, and appropriate training to achieve those goals and objectives.
  - Reference OWD Issuance 09-2020: Statewide Individual Employment Plan Development Policy for requirements.
- Information on training available in local and regional areas, information on individual counseling to determine which training is suitable, and information on how to apply for such training.

- Information on how to apply for financial aid, including referring workers to educational opportunity centers when applicable, and notifying clients that they may request financial aid administrators at institutions of higher education to use current year income data, rather than preceding year income data for determining the amount of need of the client for Federal financial assistance.
- Short-term prevocational services, including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills and professional conduct to prepare individuals for employment or training.
- Individual career counseling, including job search and placement counseling, during the period in which the individual is receiving a trade adjustment allowance or training and after receiving such training for purpose of job placement.
- Provision of employment statistics information, including accurate information relating to local, regional, and national job market areas. This should include: job vacancy listings in such labor market areas, information on job skills necessary to obtain jobs identified in vacancy listings, information relating to local occupations that are in demand and earnings potential of such occupations and information on the skill requirements for those jobs.
- Information relating to the availability of supportive services, including services relating to child care, transportation, dependent care, housing assistance, and needs-related payments that are necessary to enable an individual to participate in training.

3) **Training (Remedial, Pre-Requisite, and Skills):** Training is not a benefit; it is an ENTITLEMENT, therefore, it does not expire with time. For a client to be eligible for training, they must not have marketable skills and be unable to obtain suitable employment.

- Under **Trade 2002** and **2002 Revert**, a client must be able to attend training full-time.
- Under **Trade 2009, 2011, 2015**, and **Reversion 2021**, a client can attend full or part-time training.

	Full-Time Training	Part-Time Training
Trade 2002	X	
Trade 2009	X	X
Trade 2002 Revert	X	
Trade 2011	X	X
Trade 2015	X	X
Trade Rev 2021	X	X

A client must be able to financially support themselves with TRA or other methods. If client is not eligible for UI or TRA weekly benefits, a financial statement must be recorded on a [Financial Attestation \(DWD-5545\)](#) and upload into MoJobs.

In addition, a client cannot pay for any required portion of the training; this includes use of loans of any kinds that must be repaid. Trade clients may obtain personal loans for living expenses, etc., but they may not be applied to Trade approved training.

When serving clients eligible under **Trade 2002**, **2002 Revert**, and **Reversion 2021**, regardless of the client's interest in training during the first visit to the Job Center, (s)he must be instructed to complete and sign the top portion of the DWD-PO-240-A. For a client to maintain eligibility to Additional TRA, the client must make a request for training within 210 days of their last qualifying separation from the Trade employer. Failure to meet this timeframe will result in an 'untimely' application. **(NOTE:** The request for training by the 210 day rule can also be captured in the IEP and case note instead of signing the DWD-PO-240-A.)

- **Trade 2009, 2011, and 2015 repealed the "210 day" rule.** When serving clients eligible under Trade 2009, 2011, and 2015, they will not be held ineligible for TRA based on the fact that they did not make a timely application for training.

**On-the-Job Training (OJT):** OJT is an agreement between the employer and the Missouri Office of Workforce Development (OWD).

The employer agrees to hire and train a specified number of people, pay wages agreed to in the subcontract, and train in occupations outlined in subcontract. The OWD agrees to reimburse the employer at a fixed hourly rate based on 50% of the starting wage.

In order for an OJT contract to be approvable, the job(s) must lead to suitable employment and meet certain criteria.

Because OJT is employment, participants will not be eligible for TRA due to the earned wages.

However, the use of the RTAA benefits may be an option for the Trade eligible client who are being training and employed through the OJT. These clients would have to meet all the RTAA approval criteria as well.

**Apprenticeship Programs:** Under **Trade 2009, 2011, 2015**, and **Reversion 2021**, the TAA program can pay for registered apprenticeship and other apprenticeship programs and other apprenticeship program. Apprenticeship programs offer clients employment and a combination of on-the-job learning and related instruction. Since the employer pays all the apprentices' wages, the on-the-job learning does not meet the requirements and should not be considered on-the-job training. Apprentices are employed at the start of their apprenticeship and work through a series of defined

curricula until the completion of their program. The length of the program will vary depending on the specific occupation. Information on these programs can be accessed at:

- **Trace Laughery, State Director**  
(417) 831-1693      [Laughery.Tracy.D@dol.gov](mailto:Laughery.Tracy.D@dol.gov)
- **Jobs.Mo.Gov – Apprenticeship Missouri**  
<https://jobs.mo.gov/content/moapprenticeships>
- **Missouri Apprentice Connect**  
<https://www.moapprenticeconnect.com/>

TAA funds can be used to pay for the required expenses associated with instructional training, tools, uniforms, equipment and/or books for clients participating in a registered apprenticeship and other apprenticeship programs.

Because the apprenticeship program combines classroom training with employment, participants will not be eligible for TRA due to the earned wages.

However, the use of the RTAA benefits may be an option for the Trade eligible client who are being training and employed through an apprenticeship program. These clients would have to meet all the RTAA approval criteria as well.

**Customized Training:** Under **Trade 2015**, Customized Training is designed to meet the special requirements of a single employer or a group of employers. The training may be conducted by a training provider, a single employer or a group of employers.

Must be conducted with a commitment by the employer or group of employers to employ an adversely-affected worker upon successful completion of the training. For purposes of customized training, a commitment by the employer(s) to employ a worker upon a successful completion of the training, means the employer(s) must enter into an agreement with the State that describes the conditions that must be met for successful completion of the training and the expectation of employment after the training is completed.

The employer must pay at least 50% for the cost of the training.

For Adversely-Affected Incumbent Workers (AAIW), approval is limited to customized training for a position other than their current position in adversely affected employment.

**Transportation:** A client participating in training outside their commuting area is eligible to receive transportation reimbursement. To be considered outside of your commuting area, you must travel over 10 miles one-way. Reimbursements starts at

mile 11.

Per the latest Federal Travel Regulations (FTR) at [www.gsa.gov](http://www.gsa.gov), transportation allowance is at a reimbursement rate of:

- The lesser of the actual costs by least expensive means between the trainee's home and the training facility; or
- 67 cents per mile up to:
  - \$89.00 per day for **most of Missouri**
  - \$107.50 per day for the **Kansas City** area (Jackson, Clay, Cass, and Platte)
  - \$118.00 per day for the **St. Louis** area (St. Louis, St. Louis City, and St. Charles)
    - Clients who elect to claim transportation for each day they attend training outside their "commuting area" are limited to a daily maximum transportation payment.
    - Clients who elect to claim subsistence instead of transportation are not limited to the maximum transportation payment for their travel to the area of training. These clients may claim transportation at 67 cents per mile for all miles driven (most direct route) to reach the training facility. A client can receive both transportation and subsistence on the same day only:
      - At the beginning of the training that the worker is attending outside the worker's commuting area and at the end of the training for travel back to the worker's commuting area; or
      - When the worker fails, **for justifiable cause**, to complete the training outside the worker's commuting area, and must return home before the scheduled end of the training.

**Subsistence:** A client participating in training outside their commuting area is eligible to receive subsistence reimbursement.

To be considered outside of your commuting area, you must travel over 10 miles one-way. To allow a client to maintain a residence out of his/her commuting area, (s)he may receive a subsistence allowance which is a worker's actual costs or 50% of the per diem per Federal Travel Regulations (FTR) at [www.gsa.gov](http://www.gsa.gov), whichever is less.

- Maximum is \$89.00 per day (\$55.50 lodging / \$34.00 meals) for **most of Missouri**
- Maximum is \$107.50 per day (\$67.50 lodging / \$40.00 meals) for the **Kansas City** area (Jackson, Clay, Cass, and Platte)
- Maximum is \$118.00 per day (\$75.00 lodging / \$43.00 meals) for the **St. Louis** area (St. Louis, St. Louis City, and St. Charles)

The client should provide documentation of the estimated actual cost of living expenses for the temporary residence established for the duration of the training

program. This documentation should be provided prior to the training course approval.

- 4) **Job Search Allowance Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**: Clients who secure bona fide job interviews, for suitable employment, outside their normal commuting area are eligible to receive a 90% reimbursement of associated travel expenses. Travel expenses include costs for mileage, lodging, and meals. The maximum payment of all eligible job searches cannot exceed \$1,250. A request for Job Search Allowance must be made prior to the scheduled job interview. Mileage reimbursement will be made at 67 cents per mile.
- Clients who participate in approvable job search activities are not limited to the maximum transportation payment. These clients may claim transportation at 67 cents per mile for all miles driven (most direct route) to reach the approved job search location.

**Job Search Allowance Trade 2009**: Clients who secure bona fide job interviews, for suitable employment, outside their normal commuting area are eligible to receive 100% reimbursement of associated travel expenses. Travel expenses include costs for mileage, lodging, and meals. The maximum payment for all eligible job searches cannot exceed \$1,500. A request for Job Search Allowance must be made prior to the scheduled job interview. Mileage reimbursement will be made at 67 cents per mile.

- Clients who participate in approvable job search activities are not limited to the maximum transportation payment. These clients may claim transportation at 67 cents per mile for all miles driven (most direct route) to reach the approved job search location.

- 5) **Relocation Allowance Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**: Clients who secure suitable employment outside their normal commuting area are eligible to receive a 90% reimbursement of moving related expense, as well as a lump sum payment. Relocation Allowance assists the individual and his/her family in the relocation of their household to the area of suitable employment. Related expenses, incurred by the client and family during the move, include mileage, transporting of household goods, lodging, and meals. The amount of the client's lump sum payment is based on three times the weekly wage earned at the Trade affected employer up to a maximum of \$1,250. A request for Relocation Allowance must be made prior to the scheduled move. Mileage reimbursement will be made at 21 cents per mile when using a private vehicle.
- Clients who participate in relocation activities are not limited to the maximum transportation payment. These clients may claim transportation at 21 cents per mile for all miles driven (most direct route) to reach the new area of relocation when using a private vehicle.

**Relocation Allowance Trade 2009**: Clients who secure suitable employment outside their normal commuting area are eligible to receive 100% reimbursement of moving related expense, as well as a lump sum payment. Relocation Allowance

assists the individual and his/her family in the relocation of their household to the area of suitable employment. Related expenses, incurred by the client and family during the move, include mileage, transporting of household goods, lodging, and meals. The amount of the client's lump sum payment is based on three times the weekly wage earned at the Trade affected employer up to a maximum of \$1,500. A request for Relocation Allowance must be made prior to the scheduled move. Mileage reimbursement will be made at 21 cents per mile when using a private vehicle.

- Clients who participate in relocation activities are not limited to the maximum transportation payment. These clients may claim transportation at 21 cents per mile for all miles driven (most direct route) to reach the new area of relocation when using a private vehicle.

6) **Job Search Program (JSP):** Under TAA Final Rule, JSP means a job search workshop or job finding club.

A worker who participates in an approved JSP may receive reimbursement for necessary expenses of subsistence and transportation incurred for the worker's participation in approved JSP.

A State may approved a JSP if:

- The JSP is provided through WIOA, the public employment service, or any other Federal- or State- funded program; or
- The JSP is sponsored by the firm (trade-affected employer) from which the worker has been separated.

Subsistence and transportation costs, whether inside or outside the worker's commuting area, must be approved for workers participating in JSP.

7) **Alternative Trade Adjustment Assistance (ATAA):** ATAA is available only for clients that are eligible under Trade 2002, 2002 Revert, and Reversion 2021. ATAA is a program for clients 50 years or older who find qualifying re-employment within 26 weeks of their last qualifying separation from the Trade affected employer. Those that qualify are eligible to receive a subsidy of 50% of the difference between their Trade employment and their new employment for up to two years or \$10,000. Re-employment must be expected not to exceed \$50,000 annually in gross wages.

For a client to be eligible for ATAA, the Trade affected employer must also be ATAA certified.

8) **Reemployment Trade Adjustment Assistance (RTAA):** RTAA is only available for clients that are eligible under **Trade 2009, 2011, and 2015**. RTAA is a program for clients 50 years or older who find qualifying full-time reemployment OR who has obtained qualifying part-time employment of at least 20 hours per week and is also enrolled in a full-time Trade Act approved training. Those that qualify are eligible to receive a subsidy of 50% of the difference between their Trade employment and

their new employment. All petitions that are certified under Trade 2009, 2011, and 2015 are automatically researched for RTAA eligibility; a separate RTAA certification request is not required.

Under **Trade 2009**, a client may receive RTAA for up to two years or \$12,000. Re-employment must be expected not to exceed \$55,000 annually in gross wages.

Under **Trade 2011** and **2015**, a client may receive RTAA for up to two years or \$10,000. Re-employment must be expected not to exceed \$50,000 annually in gross wages.

- 9) **Appeals Rights:** Job Center staff is responsible to make determinations for requests of waiver issuance, training, training related costs, transportation payments, subsistence payments, job search allowance, and relocation allowance.

When it is determined that a request is not approvable, a written denial should be issued. The client's appeals rights are listed on the form.

- For waivers, a denial form is available under

DHEWD (\\sdfhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Waivers

- For training, training related costs, transportation, and subsistence, a denial should be issued on a DWD-PO-240 form.
- For OJT, a denial should be issued on the OJT Determination (DWD-PO-228 form).
- For job search, a denial should be issued on a **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** and/or **Payment Form (DWD-PO-207-PF)** form(s).
- For relocation, a denial should be issued on an ETA-860 form.

If the client wishes to file an appeal to the determination, the client must submit a written request for an appeals hearing. The request for an appeals hearing must include the client's name, Social Security Number, date, and statement regarding their request for an appeals hearing. The client's signature is required on the request.

The client's request for an appeal hearing may be faxed or mailed to:

Missouri Division of Employment Security  
Appeals Tribunal  
P.O. Box 59  
Jefferson City, Missouri 65104  
(Fax) 573/751-1321

- 10) **Fraud:** If a client commits fraud, (s)he will not be eligible for any further Trade Act benefits and services; even if certified under a different Trade petition.

A fraudulent act may result in an overpayment; regardless of the amount. Once an overpayment due to fraud is established on a TRA claim, the client becomes ineligible for any further TRA or TAA payments under the Trade Act. If any TRA had been paid following the week in which the fraud occurred, these weeks will be included in the overpayment.

Additional resources for the worker can be found on the TAA webpage at <https://jobs.mo.gov/trade-adjustment-assistance>.

## **TAA Success Story Form (DWD-5557)**

The **TAA Success Story Form (DWD-5557)** can be accessed by OWD staff at:

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Success Stories

The **TAA Success Story Form (DWD-5557)** is used by the Missouri Job Center staff to highlight the successes of trade-affected workers. Additionally, obtaining this information as Trade Act Navigators work with workers, allows us the ability to provide success stories to the United States Department of Labor (USDOL) upon their request.

When a Trade Act Navigator begins working with a trade-affected worker, they must include the **TAA Success Story Form (DWD-5557)** in the orientation packet. The form should be completed by the worker and/or the Trade Act Navigator. The form can be updated as the worker receives various TAA benefits and services.

In addition to the **TAA Success Story Form (DWD-5557)** being in the orientation packet, the Trade Act Navigator must also have the worker complete the *DHEWD Media Release form and provide a digital picture*. This process is voluntary and not required for the worker to participate in the TAA program.

Once the **TAA Success Story Form (DWD-5557)** is completed, along with the worker's picture and Media Release form, it must be emailed to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov).

Because the worker's success story may be used for USDOL purposes, it may be necessary for the worker to complete another medial release form, provided by USDOL, at a later date.

For further clarification on this process, please send an email to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov).

# INITIAL ASSESSMENT

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 12/28/20**

## INITIAL ASSESSMENT

### **Initial Assessment and Intake:**

The assessment process forms the basis for determining which TAA Program benefits and services, including training, are most appropriate to enable trade-affected workers to successfully become reemployed.

The State must schedule an initial assessment that provides sufficient time and information for the trade-affected worker to consider, request, and enroll in training or obtain a waiver of the training requirement to protect the worker's eligibility to receive Trade Readjustment Allowance (TRA).

Assessments are administered with the cooperation of the trade-affected worker and should include discussion of the worker's interests, skills, aptitudes, and abilities.

The results of the assessment(s) must be documented in the case file, either through case notes or as a stand-alone document.

If an assessment has already been administered by a partner program, it must be reviewed once a worker becomes a trade-affected worker to ensure it has the required components for an initial assessment, and if necessary, for a comprehensive and specialized assessment. If the assessment(s) does not contain the required components, the assessment(s) must be supplemented by the State, in conjunction with the trade-affected worker, to ensure it is fully compliant with TAA Program requirements.

The State must make the trade-affected worker aware of the advantages of receiving an assessment(s). However, a worker may refuse an assessment. Since portions of the assessment(s) are necessary to determine eligibility for certain TAA Program benefits, a worker's refusal to provide necessary information, either as part of the assessment or outside of the assessment process, may result in a denial of those benefits.

### **Initial Assessment:**

The State must carry out an initial assessment for each trade-affected worker as part of the intake process. When applicable, a State must use the results of the assessment developed by a partner program, supplemented if necessary.

The results of the initial assessment will determine the best service strategy to assist the trade-affected worker in obtaining reemployment and provide insight into which benefits and services under the TAA Program and partner programs would be most beneficial to the worker. The initial assessment of the availability of suitable employment to the worker in the local labor market must take in consideration the following factors:

- 1) Prevailing local labor market conditions, including unemployment rate, local employer skill demands and hiring prerequisites;
- 2) The worker's knowledge, skills, and abilities from his or her education and previous employment;
- 3) Transferrable skills that the worker may possess that would be of interest to other local employers;
- 4) Evaluation of the worker's skill level (including literacy, numeracy, and English language proficiency), aptitudes, abilities (including skills gap), and supportive service needs; and
- 5) Any barriers to the worker's reemployment, such as:
  - Lack of applicability of skills from the worker's present occupation to other occupations;
  - Skills that are in excess supply in the labor market area; or
  - Other barriers as outlined in WIOA section 3(24)

**NOTE: MERIC provided a webinar on this topic and it may be found in LMS under MERIC Training for TAA Staff.**

Based upon the information gather in the initial assessment, the State may:

- 1) Determine that suitable employment is available to the trade-affected worker, and if so, the State must make available employment and case management services. If the worker disagrees with the determination, the State must make available to the worker comprehensive and specialized assessments to obtain additional information to determine whether the initial assessment was correct.
- 2) Determine that NO suitable employment is available to the worker, and if so, the State must make available services (Employment & Case Management Services) and comprehensive and specialized assessments to develop a comprehensive service strategy for trade-affected worker.

If the State determines that suitable employment is NOT available to a trade-affected worker, even with additional employment and case management services, the State must advise the worker to apply for training.

**Last Updated 7/20/23**

## TRADE READJUSTMENT ALLOWANCE (TRA)

### **Definitions:**

- a) For purposes of TRA, an Adversely Affected Worker (AAW) is “participating in approved training” if:
- 1) The worker is either attending and taking part in all scheduled classes, required activities, and required events in a given week, or the training provider has excused the worker’s absence or failure to take part in accordance with its written policies.
  - 2) In the case of distance learning, the worker is either meeting all the requirements of the training provider in a given week in accordance with its rules, regulations, and standards, or the training provider has excused the worker’s failure to meet those requirements in accordance with its written policies.
- b) For purposes of TRA, the term “training allowance” mean any assistance or payment, excluding Federal student financial assistance, that can be used for the same purpose as funds for the costs of training covered by the TAA Program, and that is given or paid directly to the AAW.
- c) For purposes of TRA, the term “adversely affected employment” includes employment at a successor-in-interest, and such wages reported to the State or received by an AAW from a successor-in-interest are included as wages.

### **Categories of TRA:**

- a) *Basic TRA.* Basic TRA is payable to an AAW who meets the requirements of 618.720 ([TAA Final Rule](#)). Basic TRA is payable for weeks of unemployment after the worker meets the criteria for exhaustion of UI under 618.720(e) ([TAA Final Rule](#)) and, consistent with 618.725 ([TAA Final Rule](#)), for weeks of unemployment during which the worker either is enrolled in, is participating in, or has completed approved training, or have received a waiver of the training requirement under 618.735 ([TAA Final Rule](#)).
- b) *Additional TRA.* Additional TRA is payable to an AAW who meets the requirements of 618.760 ([TAA Final Rule](#)). Additional TRA is payable only for week of unemployment during which the worker is participating in approved training.
- c) *Completion TRA.* Completion TRA is payable to an AAW who meets the requirements of 618.765 ([TAA Final Rule](#)). Completion TRA is payable only for weeks of unemployment during which the worker is participating in approved training. Completion TRA is payable only after the worker has exhausted all rights to Basic and Additional TRA.

## **Applications for TRA and payments:**

### a) *Timing of applications.*

- 1) An initial application for TRA must be filed after certification of the appropriate worker group has been made.
- 2) An application for TRA must be filed within the time limit applicable to claims for regular compensation under the applicable State law.

b) *Applicable procedures.* Applications must be filed in accordance with this subpart ([TAA Final Rule](#) – 618.715(b)) and on forms furnished to AAWs by the State. The State's procedures for filing applications for TRA, and for reporting must be consistent with this part and the Department's "Standard for Claim Filing, Claimant Reporting, Job Finding, and Employment Services," Employment Security Manual, part V, sections 5000 through 5004 (appendix A to this part), except that such procedures may allow for the filing and processing of application by paper, telephone, the internet, or other similar methods as provided for in paragraph (e)(2) of this section.

c) *Treatment of determinations.* Determinations on TRA applications are determination to which 618.820 ([TAA Final Rule](#)) (determinations of eligibility; notices to individuals), 618.824 ([TAA Final Rule](#)) (liable State and agent State responsibilities), and 618.828 ([TAA Final Rule](#)) (appeals and hearings) apply. Copies of such applications for TRA and all determines by the State on such applications must be included in the AAW's case file.

### d) *Payment of TRA.*

- 1) A State must not make any payment of TRA until a certification is issued and the State determines that the AAW is a member of a worker group covered under the specified certification.
- 2) An AAW, if he or she otherwise meets the eligibility requirements of this subpart ([TAA Final Rule](#)), including exhaustion of UI, may be entitled to TRA for any week of unemployment that begins on or after the date of the applicable certification.
- 3) An AAW may receive only one form of TRA (Basic, Additional, or Completion) for any given week.

### e) *Taking of application*

- 1) An initial application is required for TRA and a separate application is required for Completion TRA.

- 2) Applications may be filed and processed by any means allowed for UI claims in the State.
- 3) States must provide notice to the worker when a worker begins receipt of Additional TRA. That notice must include the eligibility requirements under which Additional TRA is payable.

**Qualifying Requirements for Basic TRA:**

To qualify for Basic TRA for a week of unemployment, an AAW must meet each of the requirements in paragraphs (a) through (g):

- a) *Certification.* The AAW must be a member of a worker group certified under subpart B of this part ([TAA Final Rule](#)).
- b) *Separation.* The AAW must have experienced a qualifying separation during the certification period of the certification in paragraph (a).
- c) *Wages and employment.* The AAW must meet the following wage and other requirements:
  - 1) In the 52-week period (i.e., 52 consecutive calendar weeks) ending with the week of the AAW's total or partial separation from adversely affected employment during the certification period, the worker must have had at least 26 weeks of employment at wages of \$30 or more a week in adversely affected employment with a single firm or, where there is more than one subdivision, the appropriate subdivision of the firm. Evidence that the worker meets the requirement in this paragraph (c)(1) must be obtained as provided in 618.740 ([TAA Final Rule](#)). Employment and wages covered under more than one certification may not be combined to qualify for TRA.
  - 2) The categories of weeks in paragraphs (c)(2)(i) through (iv) of this section also must be treated as weeks of employment at wages of \$30 or more (for purposes of paragraph (c)(1) of this section), regardless of whether the AAW actually received any wages during such weeks:
    - i. All weeks, up to a maximum of 7 weeks, during which the AAW is on employer-authorized leave for vacation, sickness, injury, maternity, or inactive duty or active duty military service for training;
    - ii. All weeks, up to a maximum of 7 weeks, during which the AAW had adversely affected employment interrupted to serve as a full-time representative of a labor organization in the firm or subdivision referenced in paragraph (c)(1) of this section;

- iii. All weeks, up to a maximum of 26 weeks, during which the AAW has a disability compensable under a workers' compensation law or plan of a State of the United States; and
  - iv. All weeks, up to a maximum of 26 weeks, during which the AAW is on call-up for the purpose of active duty in a reserve status in the Armed Forces of the United States, if such active duty is "Federal service" as defined in 5 U.S.C. 8521(a)(1), but not more than 7 weeks, in the case of weeks described in paragraph (c)(2)(i) or (ii) of this section that occur during the active duty. States may waive provisions of this paragraph (c)(2)(iv) consistent with 618.884.
- d) *Entitlement to UI.* The AAW must have been entitled to (or would have been entitled to if the worker had applied therefor) UI for a week within the first benefit period.
- e) *Exhaustion of UI.* The AAW must meet the following requirements:
- 1) The AAW must have exhausted all rights to any UI, except additional compensation that is funded by a State and not reimbursed from any Federal funds to which such workers was entitled (or would have been entitled had such worker applied therefor), and not have any unexpired waiting period applicable to the worker for any such UI, except as provided at 618.720(e)(2) ([TAA Final Rule](#)).
  - 2) The AAW may elect to receive TRA instead of UI during any week with respect to which the worker:
    - i. Is entitled and is able to receive UI as a result of a new benefit year based on employment in which the worker engaged after establishing TRA eligibility following a total separation from adversely affected employment. The entitlement must be after the first UI benefit period. It must also be based in whole or in part upon part-time or short-term employment in which the worker engaged after the worker's most recent total separation from adversely affected employment that established such first UI benefit period. This new employment may include the same adversely affected employment ; and
    - ii. Is otherwise entitled to TRA, except that the AAW need not have exhausted all rights to UI in the new benefit year.
  - 3) For AAWs meeting the requirements in paragraph (e)(2) of this section, the State must provide the AAW a summary of his or her potential UI benefits and potential TRA benefits in writing and document the AAW's choice in the case file. **(This applies to Trade 2015 but not to Trade Reversion 2021.)**

- 4) State law governs the status of the UI claim in the second benefit year when the AAW elects to receive TRA instead of UI.
  - 5) If the AAW elects to receive UI benefits in the second benefit year or any subsequent benefit period thereafter in which the option is available, the AAW must exhaust all UI entitlement before resuming TRA eligibility.
  - 6) The AAW must have not unexpired waiting period applicable to such worker for any UI.
- f) *Extended Benefits (EB) work test.* The AAW must be able to work and be available for work, as defined in the EB work test in the applicable State law for UI claimants, and must be furnished a classification and a determination as to his or her job prospects as required by 20 CFR 615.8(d). The EB work test must be met for each week by the means described in paragraph (f), unless an exception in paragraph (f)(2) of this section applies.
- 1) *Criteria.* The EB work test requirement must be met by:
    - i. Registering for work with the State, in accordance with the applicable provisions of State law that apply to EB claimants and that are consistent with part 615 of this chapter ([TAA Final Rule](#));
    - ii. Actively engaging in seeking work;
    - iii. Furnishing the State with tangible evidence of work search efforts each week; and
    - iv. Accepting any offer of suitable work, including those referred by the State.
  - 2) *Exceptions.* The able and available requirement and the EB work test requirement in this paragraph (f) do not apply for purposes of TRA eligibility:
    - i. When the AAW is enrolled in or participating in approved training;
    - ii. During a break in training; or
    - iii. With respect to claims for TRA for those weeks of unemployment beginning before the filing of an initial claim for TRA, or for any week that begins before the AAW is notified of coverage by a certification and is fully informed of the EB work test requirements. Before such notification and advice, the worker must not be subject to the EB work test requirements for TRA eligibility purposes, nor to any State timely filing requirement, but must be required to be unemployed and able to work and available for work under State law with respect to any such

week except as provided in paragraphs (f)(2)(i) and (ii) of this section for AAWs enrolled in or participating in approved training.

3) *Suitable work.*

- i. For purposes of this subpart ([TAA Final Rule](#)), suitable work means, with respect to a worker, whichever of the following laws is applicable:
  - A. Suitable work as defined in the applicable State law for claimants for regular compensation; or
  - B. Suitable work as defined in applicable State law provisions consistent with section 202(a)(3) of EUCA.
- ii. Regardless of which of the laws in paragraph (f)(3)(i)(A) or (B) of this section apply, suitable work does not in any case include self-employment or employment as an independent contractor.

g) *Participation in approved training.*

- 1) As a condition for receiving Basic TRA, except as provided for in 618.730 ([TAA Final Rule](#)), the AAW, after a total or partial separation from the adversely affected employment within the certification period, and by the applicable deadline in 618.725 ([TAA Final Rule](#)) must:
  - i. Be enrolled in training, as defined in subpart A of this part ([TAA Final Rule](#)) (part-time TAA approved training is acceptable under **Trade Reversion 2021**);
  - ii. Be participating in approved training (as defined in 618.705) ([TAA Final Rule](#)) (part-time TAA approved training is acceptable under **Trade Reversion 2021**); or
  - iii. Have a waiver granted under 618.735 ([TAA Final Rule](#)) in effect.
- 2) An AAW who has not met the requirements in paragraph (g)(1) of this section may, if otherwise eligible, receive Basic TRA before expiration of the applicable training enrollment deadline in 618.725 ([TAA Final Rule](#)). Once the training enrollment deadline is reached, the training requirements in paragraph (g)(1) of this section must be met. Basic TRA payments must cease beginning the first week for which the requirements in paragraph (g)(1) of this section were required by not met.
- 3) The requirements in paragraph (g)(1) of this section do not apply to an AAW with respect to claims for Basic TRA for weeks of unemployment beginning

before the filing of an initial claim for TRA after publication of the certification of the appropriate worker group as provided in 618.715(a), nor for any week that begins before the AAW is notified that he or she is covered by a certification and is fully informed of the requirements of this section.

- 4) An AAW who meets the participation in approved training requirement in paragraph (g)(1) of this section by the applicable deadlines in 618.725 may continue to receive Basic TRA after the AAW has completed training, even if such participation in training was on a part-time basis, provided that the worker meets all other eligibility requirements for Basic TRA.

### **Training Enrollment Deadlines:**

- a) *Training enrollment deadlines.* As a condition for receiving Basic TRA, an AAW must meet the participation in approved training requirements in 618.720(g)(1) ([TAA Final Rule](#)) not later than the latest of:
  - 1) The last day of the 26<sup>th</sup> week after the AAW's most recent qualifying separation for **Trade 2015** or the last day of the 8<sup>th</sup> weeks after the AAW's most recent qualifying separation for **Trade Reversion 2021**;
  - 2) The last day of the 26<sup>th</sup> week after the week in which the certification was issued for **Trade 2015** or the last day of the 16<sup>th</sup> weeks in which the certification was issued for **Trade Reversion 2021**; or
  - 3) 45 days after the later of the dates specified in paragraph (a)(1) or (2) of this section, if there are extenuating circumstances that justify an extension of the enrollment period. Extenuating circumstances that justify the 45-day extension of the enrollment period. Extenuating circumstances that justify the 45-day extension are circumstances that would constitute good cause, as established by 618.730 ([TAA Final Rule](#)); that is, circumstances under which the AAW acted diligently yet was unable to enroll because of exigent circumstances.
  - 4) In the case of an AAW who fails to enroll by the date required by paragraph (a)(1), (2), or (3) of this section due to a failure by the State to provide the AAW with timely information regarding the applicable training enrollment deadline, the AAW must be enrolled in training or obtain a waiver by the Monday of the first week occurring 60 consecutive calendar days following the date the worker was properly notified (**does not apply to Trade Reversion 2021**); or
  - 5) The Monday of the first week occurring 30 consecutive calendar days (or, if the State is closed that last day because that day falls on a weekend or holiday or for any other reason, the next business day) following the day of terminations, whether by revocation or expiration or revocation of a waiver

under 618.735 ([TAA Final Rule](#)).

b) *Exceptions*

1) *Extended training enrollment deadline for delayed approval of application for TRA.*

i. The training enrollment deadlines of paragraph (a) of this section do not apply where:

A. A State's negative determination on an initial application for TRA under 618.715 ([TAA Final Rule](#)) has been reversed through redetermination or appeal;

B. The AAW is unable to meet the training enrollment deadline because of the delay in obtaining the reversal of the negative determination; and

C. The delay in obtaining the reversal is not attributable to the AAW.

ii. Where the conditions of paragraph (b)(1)(i) of this section are met, the AAW will have until the last day of the 26<sup>th</sup> week following the date on which the negative determination was reversed to enroll in training or have a training waiver in effect.

2) *Extended training enrollment deadline for period of duty in military service.* If an AAW who is a member of a reserve component of the Armed Forces and has served a period of duty during the AAW's Basic TRA eligibility period but before enrolling in training, the AAW's training enrollment deadline will be the last day of the 26<sup>th</sup> week following the last day of the AAW's period of duty. **(Does not apply to Trade Reversion 2021.)**

3) *Good cause.* The training enrollment deadline may be extended for good cause as provided for in 618.730 ([TAA Final Rule](#)).

**Good Cause:**

a) States must waive the time limitations with respect to an application for TRA, enrollment in training, or receipt of a training waiver in this subpart ([TAA Final Rule](#)) if the AAW shows good cause.

b) Good cause exists if the AAW acted diligently yet was unable to complete in a timely manner the relevant task at issue described in paragraph (a) of this section because of exigent circumstances.

- c) The State must determine good cause on a worker-by-worker basis.

**Waiver of training requirement for Basic TRA:**

- a) *Waiver for Basic TRA.* A State may issue a waiver of the requirement in 618.720(g) ([TAA Final Rule](#)) that an AAW be enrolled in or participating in approved training as a condition of Basic TRA eligibility upon a finding that training for such worker is not feasible or appropriate for one or more reasons identified in paragraph (b) of this section. No waiver of the training requirement is permitted for Additional TRA or Completion TRA eligibility. Waivers must be issued no later than the latest of the applicable deadlines described in 618.725 ([TAA Final Rule](#)).
- b) *Bases for a waiver.* The State, in order to issue a written waiver to an AAW, must conclude after assessing the worker that training is not feasible or appropriate for one of more of the reasons in paragraphs (b)(1) through (3) of this section.
- 1) *Health.* The worker is unable to participate in training due to the health of the worker. A waiver granted for this reason does not exempt the worker from requirements relating to the availability for worker, active search for work, or refusal to accept worker under Federal or State unemployment compensation laws.
  - 2) *Enrollment unavailable.* The first available enrollment date for approved training is within 60 consecutive calendar days after the date on which a waiver determination is made or, if later, there are extenuating circumstances, as determined under the criteria in 618.725(a)(3) ([TAA Final Rule](#)), that apply to the delay in enrollment in training.
  - 3) *Training not available.* Approved training is not reasonably available to the worker from governmental agencies or private sources, or suitable training is not available at a reasonable cost, or not training funds are available.
- c) *Request for a waiver.* States may analyze whether an AAW may qualify for a waiver as part of the AAW's initial assessment, as described in subpart C of this part ([TAA Final Rule](#)). An AAW may also request a waiver from the State before the applicable deadline is 618.725 ([TAA Final Rule](#)).
- d) *Denial of a waiver.* In any case in which a determination is made to deny a waiver under this section, the AAW to whom the denial pertains must be furnished with a notice of the denial of waiver.
- e) *Duration of waiver.*
- 1) A waiver issued under this section may be for a period not to exceed 6 months, or the AAW's period of Basic TRA entitlement, whichever ends first.

- 2) Notwithstanding the 6-month limitation in paragraph (e)(1) of this section, a State may extend an AAW's waiver beyond 6 months if:
    - i. Training continues not to be feasible or appropriate for such worker for one or more of the reasons described in paragraph (b) of this section; and
    - ii. Such worker has not yet exhausted his or her Basic TRA entitlement.
  - 3) Waivers must be reviewed 3 months after the date on which the State issues the waiver to determine if one or more of the bases in paragraph (b) of this section continue to apply, and every 30 consecutive calendar days thereafter.
- f) *Revocation of a waiver.* The State must revoke a waiver issued under this section if the waiver criteria are no longer met. The State must notify the AAW of the revocation.

**Evidence of qualification for Basic, Additional, and Completion TRA:**

- a) *State action.* When an AAW applies for Basic, Additional, or Completion TRA, the State having jurisdiction under 618.820 ([TAA Final Rule](#)) (determinations of eligibility; notices to individual) must obtain information to establish:
  - 1) Whether the AAW meets the qualifying requirements in 618.720 ([TAA Final Rule](#)) for Basic TRA, in 618.760 ([TAA Final Rule](#)) for Additional TRA, or in 618.765 ([TAA Final Rule](#)) for Completion TRA; and
  - 2) For a partially separated AAW, the average weekly hours and average weekly wage in adversely affected employment.
- b) *Insufficient data.* If information specified in paragraph (a) of this section is not available from State records or from any employer, the State must require the AAW to submit a signed statement setting forth such information as may be required for the State to make the determination required by paragraph (a) of this section.
- c) *Verification.* A statement made under paragraph (b) of this section must be certified by the AAW to be true to the best of the worker's knowledge and belief and must be supported by evidence including W-2 forms, paycheck stubs, union records, income tax returns, or statements of fellow workers, and must, whenever possible, be verified by the employer.
- d) *Determinations.* The State must make the necessary determination on the basis of information obtained under this section, except that if, after reviewing information obtained under paragraphs (b) and (c) of this section against other available data, including agency records, it concludes that such information is not reasonably accurate, it must make the determination on the basis of the best available

information.

- e) *Timing.* The State must follow the established method used for processing regular UI claims. If an employer does not respond within the timeframe established for UI claims, then the State must act on the best available information.

**Weekly amounts of Basic, Additional, and Completion TRA:**

- a) *TRA amount.* The amount of Basic, Additional, or Completion TRA payable for a week of unemployment (including a week of approved training) is an amount equal to the most recent weekly benefit amount of UI (including dependents' allowance) payable to the AAW for a week of total unemployment preceding the worker's first exhaustion of UI following the worker's first qualifying separation, except that:
  - 1) Where a State calculates a base period amount of UI and calculates dependents' allowances on a weekly supplemental basis, TRA weekly benefit amounts must be calculated in the same manner and under the same terms and conditions as apply to claimants for UI except that the base amount must not change.
  - 2) For partially separated workers, the weekly amount of TRA must be calculated as determined under the applicable State law.
- b) *Workers who are undergoing training.* Any AAW in approved training who is thereby entitled for any week to TRA and a training allowance as defined in 618.705 ([TAA Final Rule](#))) under any other Federal law for the training of workers, will be paid for each week in which the AAW is undergoing approved training, TRA in the amount (computed for each week) equal to the amount computed under paragraph (a) of this section, or if greater, the amount of any weekly allowance for such training to which the AAW would be entitled under any other Federal law for the training of workers, if the AAW applied for such allowance. TRA must be paid in lieu of any payment for training made directly to the AAW to which the AAW is entitled under such other Federal law.
- c) *Reductions to the TRA weekly amount.* The weekly amount of TRA payable under this section will be reduced (but not below zero) by:
  - 1) Incomes that is deductible from UI under the disqualifying income provisions of the applicable State law or Federal UI law, except the that in the case of an AAW who is participating in approved training, such income must not include earnings from work for such week that are equal to or less than the most recent weekly benefit amount of the UI payable to the worker for a week of total unemployment preceding the worker's first exhaustion of UI (as determined for purposes of section 231(a)(3)(B) of the Act).

- 2) If the amount of a training allowance as defined in 618.705 ([TAA Final Rule](#)) (including training allowance referred to in paragraph (b) of this section) under any Federal law that the AAW receives for such week is less than the amount of TRA otherwise payable to the AAW for a week, the AAW must, when applying for TRA for the week, be paid TRA in an amount not to exceed the difference between the AAW's regular weekly TRA amount, as determined under 618.745 ([TAA Final Rule](#)) (regular allowance), and the amount of the training allowance paid to the AAW for the week.
- 3) Except as provided in paragraph (c)(4) of this section, if a training allowance under any Federal law other than the Act, is paid to an AAW for any week of unemployment with respect to which the AAW would be entitled (determined without regard to any disqualification under paragraph (b) of this section) to TRA, if the AAW applied for TRA, each such week must be deducted from the total number of weeks of TRA otherwise payable to the AAW when the worker applies for and is determined to be entitled to TRA. If such training allowance paid directly to the worker for any week of unemployment is less than the amount of TRA to which the AAW would be entitled if the worker had applied for it, the AAW must receive (when the worker applies for and is determined to be entitled to TRA) TRA for such week equal to such difference.
- 4) If the training allowance (as defined in 618.705 ([TAA Final Rule](#))) referred to in paragraphs (c)(2) and (3) of this section is Federal student financial assistance, then the amount of TRA will not be reduced. In the case of an AAW to whom the Federal student financial assistance is available, the State will rely on prearrangements for the sharing of training costs under 618.625 (c)(2) ([TAA Final Rule](#)) (payment restrictions for training programs) in order to harmonize the provision of Federal student financial assistance with the worker's TRA.
- 5) Any amount that would be deductible from UI of days of absence from training under the provisions of the applicable State law that applies to AAWs in approved training.

**Maximum Amount of Basic TRA:**

- a) *General rule.* Except as provided in paragraph (b) of this section, the maximum amount of Basic TRA payable to an AAW is the product of 52 multiplied by the TRA weekly amount for a week of total unemployment, calculated under 618.745 (a) ([TAA Final Rule](#)) (weekly amounts of TRA), reduced by the total sum of UI (except State-funded additional compensation) that the AAW was entitled or would have been entitled to had the worker applied in such worker's first benefit period.
- b) *Exceptions.* The maximum amount of TRA determined under paragraph (a) of this section does not include:

- 1) The amount of dependents' allowances paid as a supplement to the base weekly amount determined under 618.745 ([TAA Final Rule](#)); or
- 2) The amount of the difference between the AAW's weekly increased allowance determined under 618.745(b) ([TAA Final Rule](#)) and such worker's weekly amount determined under 618.745(a) ([TAA Final Rule](#)).

**Eligibility Period for Basic TRA:**

- a) Except as provided in paragraph (b) of this section, an AAW is ineligible to receive Basic TRA for any week of unemployment beginning after the close of the 104-week period beginning with the first week following the week in which the AAW's most recent qualifying separation occurred or after certification, whichever is later.
- b) A State may not count any period during which a judicial or administrative appeal is pending with respect to a denial of a petition filed under subpart B ([TAA Final Rule](#)) of this part for the purpose of calculating the period of separation described in paragraph (a) of this section. The separation will be deemed as having occurred on the certification date and the Basic TRA eligibility period will begin on the week that follows the certification date.

**Qualifying Requirements for, and Timing and Duration of, Additional TRA:**

- a) *Qualifying requirements for Additional TRA.* An AAW is eligible to receive Additional TRA for any week only if:
  - 1) The worker meets all qualifying requirements for receipt of Basic TRA in 618.720 ([TAA Final Rule](#)); and
  - 2) Except as provided in 618.775 ([TAA Final Rule](#)) for a break in training, the AAW is participating in approved training
  - 3) For **Trade Reversion 2021**, the worker must request training within 210 days of their last qualifying separation from the trade-affected employer.
- b) *Timing and duration of Additional TRA.* Additional TRA is payable for up to 65 weeks during the 78 consecutive calendar week period that:
  - 1) Immediately follows the last week of entitlement to Basic TRA otherwise payable to the AAW;
  - 2) Begins with the first week of approved training, if such training begins after the last week described in paragraph (b)(1) of this section; or
  - 3) Begins with the first week in which such training is approved under subpart F ([TAA Final Rule](#)) of this part, if such training is approved after the training already has commenced (although Additional TRA or training costs may not

be paid for any week before the week in which the TAA approved training was approved.)

**Qualifying requirements for, and timing and duration of, Completion TRA:**

a) *Qualifying requirements for Completion TRA.* An AAW is eligible to receive Completion TRA if such worker meets all qualifying requirements for receipt of Basic TRA in 618.720 ([TAA Final Rule](#)) and Additional TRA in 618.760 ([TAA Final Rule](#)), and if the eligibility criteria in paragraphs (a)(1) through (3) of this section are met for that week. The requirements in this paragraph (a) area applied at the time the State approves payment for a week of Completion TRA. The eligibility criteria are:

- 1) Payment of Completion TRA is necessary for an AAW to complete the approved training described in paragraph (a)(2) of this section.
- 2) The AAW is participating in approved training each week that leads to the completion of a degree or industry-recognized credential and the worker's training program will extend for a period longer than the periods during which Basic and Additional TRA are payable under 618.775 ([TAA Final Rule](#)) (eligibility period for Basic TRA) and 618.760 ([TAA Final Rule](#)) (qualifying requirements for, timing and duration of, Additional TRA), and the requested weeks are necessary for the worker to complete training.
- 3) The worker -
  - i. Has substantially met the performance benchmarks in 618.660 ([TAA Final Rule](#)) (training benchmarks) established as part of the approved training under subpart F ([TAA Final Rule](#)) of this part;
  - ii. Is expected to continue to make progress toward the completion of the approved training; and
  - iii. Will complete the approved training during the period of eligibility described in paragraph (c) of this section.
- 4) If, during the period in which an AAW is eligible to receive Completion TRA, the worker ceases to meet any of the eligibility criteria in paragraphs (a)(1) through (3) of this section, no further Completion TRA is payable to such worker.

b) *Weeks payable.* A total of up to 13 weeks of payments are allowable during the period of eligibility described in paragraph (c) of this section.

c) *Eligibility period.* Completion TRA may be payable during the period of 20-week consecutive calendar period that begins with the first week in which an AAW files a

claim for Completion TRA and seeks compensation for such week, regardless of when the first payment is received. The eligibility period may be extended if justifiable cause exists, in accordance with 618.770(a) ([TAA Final Rule](#)).

- d) *Start date of Completion TRA.* The State must have a process to take applications for Completion TRA. States must not automatically establish the 20-week period for Completion TRA as the week following either expiration of the eligibility period for Additional TRA, or the exhaustion of Additional TRA; filing a claim after either of those first weeks is permitted. Since training that leads to a degree or industry-recognized credential must be completed during the eligibility period described in paragraph (c) of this section, the first week of Completion TRA claimed should be carefully considered in coordination with case management while the AAW's training program is being developed.

**Special Rule for Justifiable Cause:**

- a) The eligibility period during which Basic, Additional, and Completion TRA are payable to an AAW may be extended for justifiable cause, which has the same meaning as good cause in 618.730 ([TAA Final Rule](#)).
- b) While the eligibility period for Basic, Additional, and Completion TRA may be extended for justifiable cause as determined by the State, the Maximum benefit amount and number of weeks this benefit may be received must not change.

**Payment of TRA during Breaks in Training:**

- a) Basic and Additional TRA are payable to an otherwise eligible AAW during breaks in training (periods within or between courses, terms (quarters or semesters), and academic years) that do not exceed 30 days (counted in accordance with paragraph (b) of this section), only if:
  - 1) The AAW participated in approved training of this part immediately before the beginning of the break in training;
  - 2) The break in training was provided in the established schedule of the training provider; and
  - 3) The AAW resumes participation in the approved training immediately after the break ends.
- b) For the purpose of determining whether a break in training is within the 30-day maximum allowed under this section, all calendar days beginning with the first day of the training break and ending with the last day of the break, as provided in the published schedule of the training provider, must be counted. However, any Saturday, Sunday, or official State or national holiday occurring during the scheduled break in training is excluded from the 30-day count if training normally would not be

scheduled in the training program during those days if there was no break.

- c) For Completion TRA, breaks in training are permissible during the 20-week eligibility period. However, payments during break in training are not allowed.

**Disqualification:**

a) *General rule.* Except as stated in paragraph (b)(1) or (c) of this section and in 618.832(b)(2) ([TAA Final Rule](#)) (overpayments; penalties for fraud), an AAW may not be paid TRA for any week of unemployment such worker is or would be disqualified from receiving UI under the disqualification provisions of the applicable State law, including the provisions of the applicable State law that apply to EB claimants and are consistent with EUCA.

b) *Disqualification of trainees -*

1) *State law inapplicable.* A State law may not be applied to disqualify an AAW from receiving UI or TRA because:

- i. Such worker is enrolled in or participating in an approved training program;
- ii. Such worker refuses work to which the Stat referred such worker because such work either would require discontinuation of approved training or interfere with successful participation in TAA approved training, except that this paragraph (b)(1)(ii) does not apply to an AAW who is ineligible under paragraph (b)(2) of this section;
- iii. Such worker quits work that was not suitable employment and it was reasonable and necessary to quit in order to begin or continue approved training. This includes temporary employment the worker may have engaged in during a break in training;
- iv. Such worker continues full-time or part-time employment while participating in approved training; or
- v. Such worker leaves OJT within the first 30 days because the OJT is not meeting requirement of section 236(c)(1)(b) of the Act ([TAA Final Rule](#)).

2) *Disqualifications.* An AAW who, without justifiable cause (as described in paragraph (b)(3)(iii) of this section), fails to begin participation (as described in paragraph (b)(3)(i) of this section) in approved training, or ceases participation (as described in paragraph (b)(3)(ii) of this section) in such training, or for whom a waiver is revoked under 618.730(f) ([TAA Final Rule](#)) (waiver of training requirement for Basic TRA), may not receive Basic

TRA for any week in which such failure, cessation, or revocation occurred. The disqualification will continue for any succeeding week thereafter until the week in which such worker begins or resumes participation in an approved training program. A worker who has justifiable cause (as described in paragraph (b)(3)(iii) of this section) for such failure to begin, or for ceasing, participation in training may receive Basic TRA for any week in which such failure or cessation occurred if the worker otherwise meets the requirements of this subpart ([TAA Final Rule](#)). Such failure, cessation, or revocation normally does not change the eligibility periods in 618.755, 618.760(b), and 618.765(b) and (c) ([TAA Final Rule](#)).

- 3) *Disqualification conditions.* For determining the disqualification of trainees for all TAA approved training, the following provisions apply:
- i. *Failed to begin participation.* A worker will be determined to have failed to begin participation in an approved training program when the worker fails to attend one or more scheduled training classes and other training activities in the first week of the approved training program, without justifiable cause.
  - ii. *Ceased participation.* A worker will be determined to have ceased participation in an approved training program when the worker fails to attend all scheduled training classes and other training activities scheduled by the training provider in any week of the approved training program, without justifiable cause.
  - iii. *Justifiable cause.* For purposes of this section, justifiable cause has the same meaning as good cause under 618.730 ([TAA Final Rule](#)), except that good cause for absence also includes an absence excused under a training provider's written policy.
- c) *Disqualification while in OJT.* An AAW may not be paid any TRA for any week during which such worker is engaged in OJT, in accordance with 618.635 ([TAA Final Rule](#)).
- d) *Disqualification while in part-time training.* An AAW may not be paid any TRA for any week in which the worker is participating in approved training that is part-time. Part-time training is any approved training that does not meet the definition of "full-time training" as defined in 618.110 ([TAA Final Rule](#)). **(Part-time training is payable under Trade Reversion 2021.)**

## Comparison Charts Based on Trade Act Version

For a worker to be eligible for Basic TRA, he/she must be issued a waiver, enrolled, or participating in training by the 8/16 week or 26/26 week criteria. In rare circumstances, a 45-day or 60-day waiver extension may be granted.

	8/16 Week Criteria	26/26 Week Criteria	45-Day Extension	60-Day Extension
2002	X		X	
2009		X	X	X
2002 Revert	X		X	
2011		X	X	X
2015		X	X	X
Rev 2021	X		X	

A worker may be eligible for up to a maximum of 130 to 156 weeks of combined UI and TRA weekly benefits depending on the Trade Act version that they are certified under and their participation in training.

	130 Weeks UI/TRA	156 Weeks UI/TRA
Trade 2002	X	
Trade 2009		X
Trade 2002 Revert	X	
Trade 2011	X	
Trade 2015	X	
Trade Rev 2021	X	

The breakdown of UI and type of TRA available under each version of Trade Act is shown below.

	UI	Basic TRA	Additional TRA	Remedial TRA	Completion TRA
Trade 2002	Up to 20 Weeks*	Up to 32 Weeks*	Up to 52 weeks	Up to 26 Weeks	N/A
Trade 2009	Up to 20 Weeks*	Up to 32 Weeks*	Up to 78 weeks	Up to 26 Weeks	N/A
Trade 2002 Revert	Up to 20 Weeks*	Up to 32 Weeks*	Up to 52 weeks	Up to 26 Weeks	N/A
Trade 2011	Up to 20 Weeks*	Up to 32 Weeks*	Up to 65 weeks	N/A	Up to 13 weeks
Trade 2015	Up to 20 Weeks*	Up to 32 Weeks*	Up to 65 weeks	N/A	Up to 13 weeks
Trade Rev 2021	Up to 20 Weeks*	Up to 32 Weeks*	Up to 65 weeks	N/A	Up to 13 weeks

\*The combination of UI and Basic TRA must total 52 weeks.

DWD-PO-236 (07-2021)

## INSTRUCTIONS FOR THE COMPLETION TRA ELIGIBILITY FORM

### General:

This form is *only* to be used for clients who are participating under **Trade 2011**, **2015**, and **Reversion 2021**.

The *Completion TRA Eligibility Form* is used by Job Center staff to document a client's eligibility for Completion TRA.

### Determining Completion TRA Eligibility:

Completion TRA cannot be accessed by a Trade eligible client until they exhaust their (UI, Basic TRA, and) **Additional TRA** and are within 20 weeks of the training end date. In addition, DES-Benefits must be notified of the client's eligibility for Completion TRA and compliance with benchmark requirements.

In order for a client to access Completion TRA, the Trade Act Navigator must submit a **DWD-PO-236** form, to DES-Special Programs, when the client is appropriately two weeks away from reaching the **Additional TRA End Date**. However, before the **DWD-PO-236** is submitted to DES-Benefits, the Trade Rep must also verify that the client is within 20 weeks (or less) of his/her *training end date*. If there is a gap larger than 20 weeks, DES will return the **DWD-PO-236** to the Trade Rep stamped "Not Within 20 Weeks" for submission closer to the *training end date*.

It is important for the Trade Act Navigator to determine the date when the client will be approximately 20 weeks from his/her *training end date*; this includes any amendments. The **DWD-PO-236** contains the fields "Scheduled End Date of Training" and "Estimated Weeks Left in Training". These are good indicators of whether or not to submit the form when the client is nearing the end of Additional TRA or if the Trade Rep needs to wait to submit the form.

**It is the responsibility of the Trade Act Navigator to monitor the UlInteract screens.**

The Trade Act Navigator are responsible for determining Completion TRA eligibility based on requirements listed on the form, including benchmark criteria, client'(s) participation in 60-day reviews, etc.

The **Completion TRA Eligibility Form** does contain Appeal Rights for those clients who are denied Completion TRA.

## **Completing the DWD-PO-236 Form:**

The form must be completed as follows:

- 1) Applicable Trade Act Year** – Check the appropriate field.

**Trade 2011** includes petitions numbered 80,000-80,999 and 81,000-84,999.

**Trade 2015** includes petitions numbered 85,000-97,999

**Trade Reversion 2015** includes petitions numbered 98,000 or above.

- 2) Name** – Enter the client's name in a format of First Name, Middle Name/Initial, and Last Name.
- 3) Social Security Number** – Enter the last four digits of the client's social security number.
- 4) State ID** – Enter the client's assigned State ID from MoJobs.
- 5) Trade Representative's Name** – Enter the name of the Trade Act Navigator completing the form.
- 6) Job Center Name/Code Number** – Enter the Job Center location and Code number.
- 7) Petition Number** – Enter the petition number listed on the client'(s) Trade Readjustment Allowance (TRA)-B claim found in UInteract.

If the client's UI entitlement resides with a state other than Missouri, Missouri acts as the *agent* state and the 'other' state act as the *liable* state. To search petition activity/determinations for other *liable* states or find contact information on their Trade Act Coordinators, view USDOL's website:

**Petition activity/determinations:** <https://www.dol.gov/agencies/eta/tradeact>

**Trade Act Coordinators:** <https://www.dol.gov/agencies/eta/tradeact>

If the certified petition is from a state other than Missouri, please note qualifying State at the top of the form.

- 8) Completion TRA Criteria** – When determining Completion TRA eligibility, the Trade Act Navigator must determine if the client currently meets or has met all the criteria listed including benchmarks and associated 60-day reviews.
- 9) The....eligible for Completion TRA** – If the client has met all Completion TRA eligibility criteria, mark this field.
- 10)The....denied Completion TRA...reason(s)** – If the client has **not** met all Completion TRA eligibility criteria, mark this field.
- 11)Denial reason(s)** – If the client is being denied Completion TRA, mark all fields that apply.

- 12) Additional Comments** – This is not a required field. However, if the Trade Act Navigator has additional comments relating to the client’s eligibility for Completion TRA, they may be included in this field.
- 13) Appeal Rights** – If the client is denied Completion TRA, the Trade Act Navigator must inform the client of his/her Appeal Rights and assist them in requesting an appeals hearing (if applicable).
- 14) Trade Representative Signature** – Signature of the Trade Act Navigator completing the form.
- 15) Date** – Enter the date the form was completed.
- 16) Scheduled End Date of Training** – Enter the scheduled end date of training as noted on the DWD-PO-240.
- 17) Estimated Weeks Left in Training** – Enter the number of weeks the client has remaining in training between the date of DWD-PO-236 form completion and the “Schedule End Date of Training”.

**Distribution:**

A copy of the DWD-PO-236 form must be provided to the client and another copy uploaded into the client’s MoJobs’ record. OWD Central Office Trade Act Unit will upload a copy of the DWD-PO-236 into OnBase for DES-Special Programs.

**Case Notes:**

When a **DWD-PO-236** is completed and submitted to DES-Special Program, the Trade Act Navigator must enter a case note that indicates:

- Whether the client was determined eligible or ineligible for Completion TRA; **AND**
- The date and manner the form was distributed to DES-Special Programs and the client.

If the client is determined ineligible for Completion TRA, the Trade Act Navigator must also include a case note that provides a financial statement about how the client will support himself/herself during the remainder of training (if applicable).

## HARDSHIP OVERPAYMENT WAIVER

Clients who have a **Trade Act overpayment**, due to no fault of their own, may be granted a *hardship overpayment waiver*. This means that any client who is overpaid TRA, transportation, subsistence, etc. may request a *hardship overpayment waiver* if it would negatively impact their ability to pay bills, support their family, etc. if (s)he were required to repay the overpayment.

The *hardship overpayment waiver* is not a secret. Clients must be told that this waiver is available to them. However, before the waiver can be applied, the client must make a request to the Division of Employment Security (DES) and provide a statement about his / her financial situation and the impact of paying the overpayment before a determination can be made.

The request for *hardship overpayment waivers* must be made through the Trade Act Navigator (written statement) and emailed to DES-Special Programs at [TRASupport@labor.mo.gov](mailto:TRASupport@labor.mo.gov).

The Trade Act Navigator must have the client write a statement that includes the following:

- Client's Name
- Last four digits of the client's SSN
- Benefit for which they owe the overpayment
- Written statement about the impact on their household budget to repay overpayment
- Client's signature
- Date

DES will determine if the client is eligible for the *hardship overpayment waiver*.

## EARNINGS DISREGARD

### **General:**

For **Trade 2015**, earnings disregard must be discussed with all TAA participants at a Rapid Response (Employee Transition Team) meeting, Trade Orientation meeting, or one-on-one meeting with a Trade Representative. (Earnings disregard does not apply to **Trade Reversion 2021**.)

### **TRA – Earnings Disregard:**

In Missouri, a client that draws TRA and participates in full-time TAA training may earn up to 120% of his/her TRA weekly benefit amount before any earnings will be deducted.

Example:

- The client's TRA amount is \$320 per week
- 120% of \$320 is \$384
- The client may earn \$384 before TRA will be reduced

### **UI – Earnings Disregard:**

In Missouri, a client that draws UI and participates in full-time TAA training may earn up to 20% of his/her UI weekly benefit amount before any earnings will be deducted.

Example:

- The client's UI amount is \$320 per week
- 20% of \$320 is \$64
- The client may earn \$64 before UI will be reduced

# AGENT & LIABLE STATES

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 5/16/23**

## AGENT & LIABLE STATES

Where a person resides does **not** determine which state automatically becomes an agent or a liable (paying) state. A participant has the ability to seek services where it is most convenient to the participant. As a result, the participant may seek services at **any American Job Center in any state** while wages were earned from adversely affected employment in another state.

### **Liable State:**

Liable State means, with respect to a trade-affected worker making claims for TAA Program benefit, the State whose State UI law is the applicable State law. A State can be both an Agent State and a Liable State.

### **Agent State:**

Agent State means a State, other than a Liable State, that provides benefits or services to a trade-affected worker. A State can be both an Agent State and a Liable State.

### **Liable State and Agent State Responsibilities:**

a) The Liable State is responsible for:

- 1) Making all determinations, redeterminations, and decisions on appeals on all claims for program benefits, including job search and relocation allowance; Reemployment Trade Adjustment Assistance (RTAA); training; subsistence and transportation payments; Basic, Additional, and Completion Trade Readjustment Allowance (TRA); and waivers and revocations;
- 2) Providing workers with general program information and assistance;
- 3)
  - i. Providing rapid response assistance and appropriate career services (section 134 of WIOA) to the group of workers in the State covered by the petition upon receiving notice of any such workers for whom a petition is filed.
  - ii. This includes making career services authorized under other Federal laws available to the workers covered by the petition to the extent authorized under such laws.
  - iii. In certain situations, based on the residency of the group of workers, it may be appropriate for Agent States to also be involved in the provision of these services, but in all instances the Liable State must be ultimately responsible for ensuring the provision of these services;

- 4) Providing information and assistance to trade-affected workers including providing reemployment services, providing information after issuance of a certification, and specific benefit assistance to workers upon receiving a certification issued by United States Department of Labor (USDOL) with respect to affected workers at a firm or appropriate subdivision in the State;
- ~~5) Providing a list of eligible TAA recipients and eligible RTAA recipients, for Health Coverage Tax Care (HCTC) purposes, to the Internal Revenue Service; and~~
- 6) Assisting in other activities and functions required by the Governor-Secretary Agreement including assisting the USDOL in the review of petitions by verifying such information and providing such other assistance as the USDOL may request.

b) The Agent State is response for:

- 1) Providing interstate claimants with general program information and assistance and petition filing assistance;
- 2) Cooperating fully with and assisting the Liable State in carrying out its responsibilities, activities, and functions, including the provisions of rapid response and appropriate career services, as needed;
- 3) Cooperating with the Liable State in taking applications and claims for TAA Program benefits;
- 4) Providing employment and case management services to trade-affected workers covered by a certification issued by the USDOL;
- 5) Cooperating with the Liable State by providing information that the Liable State needs for it to issue determinations, and decisions on appeals on all claims for program benefits;
- 6) Securing, and paying the cost of, any approved training, and payment of subsistence and transportation issued by the Liable State;
- 7) Paying costs for job search and relocation allowance; and
- 8) Assisting in other activities and functions required by the Agreement under 618.804 ([TAA Final Rule](#)), including assisting in the review of petitions by verifying information and providing such other assistance as the USDOL may request.

c) *Responsibilities:* In most instances, the Liable State and Agent State will be the same State and is responsible for all of the activities and functions described.

The State of Missouri becomes the agent state when a client's UI entitlement is in another state (liable state). A client may seek training or other Trade Act services from Missouri, as the agent state, through the assistance of a Missouri Job Center. When Missouri acts as the agent state, the client should be provided the same services as all other Trade Act clients except with the extra step of obtaining approval for all services from the liable state. (This includes any changes to the client's training program including, but not limited to extending the End Date of training, obligating additional funds, changing from classroom to online training, switching from full-time to part-time status, changing training programs, adding a training component, etc.)

The clients should be able to provide the Job Center staff with documentation showing that they have established eligibility under the Trade Act program through the liable state. If the client does not have such documentation, the Job Center staff should check the United States Department of Labor's website (<https://www.dol.gov/agencies/eta/tradeact>) for information on the petition certification. The website also includes names and telephone numbers of Trade Act Coordinators in all States. It will be necessary to contact the liable state to verify that the client has established Trade Act eligibility. The liable state can also provide information for Trade Act petition certification.

In most cases a state is both the Liable and Agent State.

### **C. Process:**

***When Missouri acts as the agent state***, the client must still meet the same approval criteria. Missouri and the client must research the TAA service/benefit and seek approval from the liable state.

- For training, it is the responsibility of the Missouri Trade Act Navigator to provide training information, recommend training approval based on approval criteria, and pay for training and applicable transportation / subsistence.
- The liable state **must** be contacted regarding a client's request for training. A description of the training program (DWD-PO-240-A) should be provided to the liable state. The liable state **must** be asked to approve Missouri's determination on the training request.
- All liable state determinations must contain their appeal rights.

The enrollment forms must be handled in the usual manner for these clients.

- These clients will **not** have a Trade Act claim with the State of Missouri.
  - Instead, these clients will have some other type of documentation showing eligibility for the Trade Act program from the Liable State. If the client does not have documentation, it will be necessary for the Trade Act Navigator to contact the TAA and/or TRA Coordinator from the Liable State for a determination.
- When listing the petition number on a Trade Act form, please note the liable state. [Example: TAW-50515, Illinois Petition]

In some cases it may be necessary to issue a training waiver for these clients. ***When Missouri acts as the agent state***, it may be necessary to issue a waiver on a paper waiver form:

dhewd (\\sdhefilp4367.state.mo.us) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Waivers

The liable state **must** be asked to approve Missouri's determination on the waiver issuance. The effective date of the waiver is the date in which the liable state approves the waiver.

These cases are rare and often unique. For that reason, specific instructions may be necessary. Trade Act claims and training enrollment process vary from State to State. For assistance in these matters, please send an email to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov).

**When Missouri acts as the liable state ONLY**, the agent state is required to obtain information and approval from DES' TRA Coordinator (currently Nick Pendleton).

***When Missouri acts as the agent state*** and the client is not TRA eligible, the Trade Act Navigator must still obtain the Liable State's approval on training / training related

items (and all other TAA benefits/services).

In rare circumstances, a client's Liable State can change during the middle of training. If Missouri begins as the Liable State but later, Kansas for example, become the Liable State, Missouri must then get approval on the training, etc. and start following the Agent / Liable process.

Lastly, ***when Missouri is the agent state***, it is okay for Trade Act Navigators to share printed copies of the client's Employment Plan, Case Notes, etc. However, it is the responsibility of the Trade Rep to follow all of OWD's policies including:

- **OWD Issuance 10-2022: Statewide Confidentiality and Information Security Plan Policy (Attachment and FAQ)**
- **DWD Issuance 09-2022 Statewide Case Notes Policy**
- **OWD Issuance 09-2020 Statewide Individual Employment Plan Development Policy and Attachment**

# TRA-22

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 10/25/22**

## TRA-22s

Beginning with the implementation of UInteract, clients will receive computer-generated TRA-22 forms from the DES Regional Claims Centers (RCCs) instead of from the Trade Act Navigator.

- However, if the client is drawing UI and using a MODES-4466 form and needs to claim transportation and/or subsistence, the Trade Act Navigator will need to provide the client a TRA-22 form, which can be found at:

dhewd (\\sdhefilp4367.state.mo.us) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > TRA-22

Clients will return the TRA-22 forms directly to DES unless the client is eligible for transportation and/or subsistence or is participating in distance learning / online training. Trade Act Navigator will maintain responsibility for processing TRA-22 forms for clients in these scenarios.

Clients and Trade Act Navigators must submit their completed TRA-22s to:

Division of Employment Security  
Attn: Special Programs  
PO Box 59  
Jefferson City, Missouri 65104-0059

Information about these changes are found throughout this section of the manual.

### **Eligibility:**

MODES-TRA-22-3 (TRA-22), Weekly Claim for Trade Readjustment Allowances, will only be accepted for weeks in which the client met the eligibility requirements to be paid TRA. Those requirements include one of the following:

- Being “enrolled” in approved training
- Participating in approved training
- Have completed approved training (and on Completed Training Service in MoJobs)
- Have been issued a waiver (in a timely manner) of the training requirement.

In addition to any other eligibility requirements, to be paid Additional TRA under **Trade 2002, 2002 Revert, and Reversion 2021**, a claimant must have a timely application for training.

- A timely application only applies to **Trade 2002, 2002 Revert, and Reversion 2021** and requires the client to sign the DWD-PO-240 within 210 days of their last qualifying separation date from the trade-affected employer.

The Regional Claim Centers (RCCs) will provide clients with TRA-22 forms. The TRA-22 form is used to claim TRA weekly benefits, transportation, and/or subsistence for each week a client attends TAA approved training.

The TRA-22 is used:

- By the client to request TRA, subsistence, and/or transportation payments.
- By the training facility to furnish the required attendance information and certification to determine if the client is entitled to TRA (if Missouri is the Liable State).
- By the Missouri Job Center staff to determine if the client is eligible for transportation and/or subsistence allowance and if appropriate, enter the appropriate amount.

The client initiates the TRA-22 after the end of each week. The client completes the name and address portion, answers questions one through twelve (including the work search contacts if applicable), signs and dates the form. The training facility, if appropriate, answers questions fourteen through sixteen and signs the Training Facility Authorized Signature field.

The client and the training facility are instructed to use a **black ink** pen to complete the form. TRA-22s are read by scanning equipment. It is important that the TRA-22s be completed neatly and correctly; otherwise there could be a delay in processing.

#### **Entitlement:**

If the client has entitlement to UI, TRA weekly benefits cannot be paid *unless the client has received a choice letter from DES under Trade 2009, 2011, or 2015*. If the client insists upon claiming a week of TRA for which there is UI entitlement, (s)he will be allowed to do so. UInteract will deny the TRA week by generating a denial notice to the claimant.

Under the **Trade 2002, 2002 Revert**, and **Reversion 2021**, when a client earned wages after the most recent separation from adversely affected employment, it would qualify the client for a subsequent benefit year of UI at a lower Weekly Benefit Amount (WBA) than for the first benefit year, the client would cease drawing TRA and begin collecting UI based on the lower WBA of the second benefit year. The lowered weekly benefit amount could cause the client to quit training to return to work.

Under the **Trade 2009, 2011**, and **2015**, the issue above was resolved by allowing the client, notwithstanding the UI exhaustion requirement, to elect to receive TRA instead of UI for any week where the client meets two conditions:

- 1) The worker is entitled to receive UI as a result of a new benefit year based in whole or in part upon part-time or short-term employment in which the client engaged after the client's most recent total separation from adversely affected employment; and

2) The worker is otherwise entitled to TRA.

Clients may need to establish UI eligibility (or lack thereof) at various times during their TRA claim series. This normally occurs at the end of a benefit year in which the claimant has exhausted UI benefits or at the end of a quarter in which the claimant has filed a "not insured worker" claim.

UInteract will read these dates and generate a letter, Form MODES-TRA-42, directing the client to file a new UI claim. This letter will be sent to the client if a week of TRA is claimed on which the week ending date is two weeks or less from the benefit year ending date/quarter-ending date on the UI files. Only one notice will be generated based on the first week claimed which meets the established criteria for mailing.

By mailing the notice slightly before the claimant is required to establish a new UI claim, the client should have sufficient time to file a new UI claim. This will result in a minimal interruption of benefit payments.

#### **Remaining Balance:**

If there is a remaining balance on the UI Claim, but client is in a period of disqualification or ineligibility, (s)he will not be eligible for TRA. If there is a 5 or 10 x WBA requirement on an existing UI claim, the client will be eligible for TRA. TRA-22s, in both of these cases, may be coded and transmitted in the normal manner.

#### **Week Claimed:**

If a week of TRA is claimed beyond the client's TRA eligibility period; and 1) the client is eligible under a petition that expired on or after August 23, 1988; and 2) has a remaining balance in Basic TRA, the client will be generated a notice advising him/her to contact the Division of Employment Security (DES) Regional Claim Center (RCC) for a possible re-computation of the eligibility period.

If the above conditions do not exist, the client will be generated a denial notice. Whether or not an appeal is filed to this denial notice, the TRA-22 for any subsequent weeks will be Coded "O" if otherwise eligible and transmitted in the normal manner.

#### **Receipt of TRA-22:**

Upon receipt of each TRA-22, review to determine if:

- There are outstanding issues that must be resolved before the TRA-22 is transmitted
- There is a DWD-PO-240-A approving training.
  - If so, for each week claimed after the starting date of the training, the training facility must have completed the appropriate portion on the TRA-22.
  - Check the attendance record to determine the claimant's eligibility.
  - Regardless of the attendance entries shown on the TRA-22, check the DWD-PO-240-A to determine scheduled breaks in training.

For each week that falls, wholly or partially, within 30 days of the starting date of training (per DWD-PO-240) that does not show a systematic and sustained work search, enter "Enrolled in training" in the work search area of the TRA-22.

Any absence without justifiable cause during the week claimed will result in denial of TRA for that week. Even though the TRA may be denied, the client may still be paid transportation / subsistence for the days training was properly attended. The absence without justifiable cause provision applies only to TRA, not regular UI.

During any week, every day of which is a part of a scheduled break in approved training (vacation closing, semester break, summer break, etc.), it must be determined if the week is payable.

- To be payable, the week must be part of a scheduled break that is less than 30 days.
  - Example: If the client is drawing Basic TRA and the week is **not** payable, the client cannot overcome this ineligibility by conducting a work search. The length of the break is the sole determining factor of eligibility. This provision for denying TRA during certain breaks applies to both Basic and Additional TRA weeks, but not to regular Missouri UI weeks.
- Under **Trade 2011**, **2015**, and **Reversion 2021**, if a client is on a break, regardless of length, and drawing Completion TRA, the client is **not** eligible for TRA during the break.

If the training facility does not complete their portion of the TRA-22, due to a break in the approved training, the Trade Rep will process the TRA-22 and enter "break in training" on the **Training Facility Authorized Signature** line of the form. This will explain the absence of information when batching. **Clients should answer "yes" to question 11 even during breaks in training.**

If the client is eligible for subsistence and/or transportation, (s)he is required to submit the TRA-22 form to the Trade Act Navigator for review and entry of the appropriate amount of transportation and/or subsistence. The DWD-PO-240 should be used as a reference.

If the TRA-22 form is submitted to the Missouri Job Center and the training facility indicates that the trainee has terminated training in question fourteen, the Trade Act Navigator must take the following actions:

1. Assure that the training facility promptly completes the Trainee Termination Report (DWD-PO-240-B).
  - If the training facility cannot or will not promptly complete the Trainee Termination Report, the Trade Act Navigator must complete the form to the best of their ability based on available information.

2. Make a determination as to whether the termination from training was for a justifiable or unjustifiable reason.
  - If the termination from training was due to successful completion of the approved training program, **this step is not necessary.**
3. If the client has successfully completed a Trade Act approved training program, a review of the Trade Act claim record should be done to determine if the client has a remaining balance of Basic TRA. If a balance remains, a “Completed Training Service” in MoJobs should be issued to allow the client to draw the remaining balance.
  - The client should submit weekly TRA-22 forms showing the appropriate work searches.

It is extremely important that the termination reports be submitted in a timely manner. Failure to submit termination reports can cause the client to end up with a UI or TRA overpayment. Also by processing termination reports, any outstanding TAA training, transportation, and/or subsistence funds will be de-obligated and returned to the Trade Act general ledger so that funds can be applied to other clients.

## Completion of TRA-22:

The TRA-22 is completed as outlined in the paragraphs, which follow.

If the client fails to answer the questions, sign, and/or date the form in a timely manner, the processing/payment of the TRA-22 may be delayed.

**10**  Yes  No 10 Did you apply for or begin receiving disability benefits during the week?

The client must answer the questions in the first portion of the form including the work search requirements (if applicable).

- 1) **Did you do any working during the week?** The client must fill-in the "Yes" or "No" circle.
  - a) **If yes, enter the total earning before deductions.** If the client filled in the "Yes" circle for Question 1, (s)he must enter the amount of his/her earning for the week before deductions.
- 2) **Did or will you receive vacation, holiday, or WARN pay for the week?** The client must fill-in the "Yes" or "No" circle.
  - a) **If yes, enter the total earning before deductions.** If the client filled in the "Yes" circle for Question 2, (s)he must enter the amount of his/her earning for the week before deductions.
- 3) **Did you start receiving workers' compensation? OR Has the amount changed for workers' compensation?** The client must fill-in the "Yes" or "No" circle.
- 4) **Did you start receiving workers' compensation? OR Has the amount of your pension changed?** The client must fill-in the "Yes" or "No" circle.

5) **During the week did you:** The client must fill-in the circles to all answers that apply. The choices include

- Refuse a Job;
- Quit a Job;
- Get Suspended;
- Get Discharged; and/or
- None

6) **Were you physically able to work each day of the week?** The client must fill-in the “Yes” or “No” circle.

Clients participating in Trade Act approved training should answer “Yes” to this question.

7) **Were you available to work each day of the week?** The client must fill-in the “Yes” or “No” circle.

Clients participating in Trade Act approved training should answer “Yes” to this question.

For DES purposes, “available” means that the client was ready and willing to accept full-time work any time during the week.

8) **Are you currently self-employed?** The client must fill-in the “Yes” or “No” circle.

a) **If yes, enter the number of hours worked in self-employment during the week.** If the client filled in the “Yes” circle for Question 8, (s)he must enter the number of self-employment hours worked during the week.

9) **Enter number of work search contacts made during the week.** The client must enter the number of work search made during the week.

10) **Did you apply for or begin receiving disability benefits during the week?** The client must fill-in the “Yes” or “No” circle.

Clients who are not “enrolled” or participating in TAA approved training are required to make systematic and sustained work searches and must complete the following fields.

List your contacts below.

Date of Contact	Employer's Name and Address	Means of Contact (In Person, Phone, Resume, Internet)	Person Contacted	Specific Type of Work Sought	Results
11	12	13	14	15	16

- 11) **Date of Contact:** The client must enter the dates (s)he performed work searches during the week. A minimum of three contacts are required.
- 12) **Employer’s Name and Address:** The client must enter the Name(s) and Address of each employer contacted during the week.
- 13) **Means of Contact (In Person, Phone, Resume, Internet):** The client must enter the manner in which (s)he conducted each work search.
- 14) **Person Contacted:** The client must enter the names of the people contacted at each employer as a result of the work searches performed during the week.
- 15) **Specific Type of Work Sought:** The client must enter the job title(s) or field type(s) of each job contact made during the week.
- 16) **Results:** The client must enter the result(s) of each job contact made during the week.

Clients who are **not** attending TAA approved training should **not** answer questions eleven, twelve, or thirteen.

17) **Are you attending school or training or on a scheduled break in approved training? If yes, complete 12 and 13.** The client must fill-in the “Yes” or “No” circle.

If the client answered “**Yes**” to Question 11, (s)he must answer Question 12 and 13.

If the client answered “**No**” to Question 11, (s)he can skip to Question 14.

18) **Number of days you remained away from your regular residence overnight, for the purpose of training.** This field is used for the calculation of subsistence. Clients who are eligible for subsistence may claim it up to seven days per week.

The client must enter the applicable number of nights to which (s)he is eligible for subsistence.

**Note:** A client cannot claim subsistence and transportation for the same day.

19) **Number of one way trips you drove to and from your regular residence for the purpose of training.** This field is used for the calculation of transportation. Clients who are eligible for transportation may only claim transportation on the days (s)he attended training outside his/her “commuting area”. (Transportation cannot be claimed for reasons other than training. It does not cover study groups, trips to the training facility to use the computer lab, etc.)

The client must enter the applicable number of **one way trip** to which (s)he is eligible for transportation.

**Note:** A client cannot claim transportation and subsistence for the same day in most cases.

The training facility completes the applicable questions and the certification information. The training facility answers each part as appropriate. If the training facility wishes to retain a copy of the form, they may copy it at their discretion.

**20) During the week, did the worker terminate participation in training?** The training facility must fill-in the "Yes" or "No" circle.

- a) **If "Yes", Date Terminated:** If the client terminated from training during the week, the training facility must enter the date the client terminated from training.
- b) **Last Day Attended:** If the client terminated from training during the week, the training facility must enter the date the client last attended training.

**21) Did you provide this worker lodging and meals during the training week?** The training facility must fill-in the "Yes" or "No" circle.

**22) ATTENDANCE RECORD**

- a) **Number of days worker attended training:** The training facility must enter the number of days the client participated in training during the week.
- b) **Number of days worker absent for justifiable cause:** The training facility must enter the number of days the client was "justifiably" absent from training during the week.
- c) **Number of days worker absent without justifiable cause:** The training facility must enter the number of days the client was "unjustifiably" absent from training during the week.

CERTIFICATIONS	
<p><b>CLAIMANT</b> I certify my statements on this form are true and correct. I am complying with any instructions given regarding reemployment services and am following a service plan, if one has been prepared for me. I know the law provides for penalties for false statements made on this certification.</p> <p>Claimant's Signature _____ <b>23</b></p> <p><b>DO NOT FAX</b> If this form is faxed, it cannot be processed. Payment will be delayed until original is received.</p>	<p>The above answers are in accordance with our records. Statements made by the worker appear to be complete and correct to the best of my knowledge. The worker attended or had excused absence(s) from all scheduled training. The worker is making satisfactory progress in all scheduled classes. The worker is on schedule to finish training in accordance with the Trade Act approved training program. The worker is attending only those classes required for the Trade Act approved curriculum described on the current TRADE ACT INDIVIDUAL CERTIFICATION AND TRAINING AGREEMENT, MODES-TRA-6.</p> <p>Training Facility Authorized Signature _____ <b>24</b></p>

**23) Claimant's Signature:** The client must sign his/her name to certify that the information provided is true.

**24) Training Facility Authorized Signature:** The training facility must sign and verify that client participating in Trade Act approved training is making satisfactory progress and attending classes as agreed upon on the DWD-PO-240-A.

**Note:** If the client is participating in distance learning / online training and the client is unable to obtain a training facility representative's signature, a Trade Rep may enter "Distance Learning/Online Training" accompanied by his/her initials and the date.

If the client is on a payable break from training, the client must submit the TRA-22 to DES and a staff person will make the necessary entry. As a reminder, under Trade 2011, 2015, and Reversion 2015, if a client is drawing Completion TRA no breaks, regardless of length, are payable.

The training facility returns the original TRA-22 to the client.

- Unless the client is receiving transportation and/or subsistence or is participating in distance learning/online training, the TRA-22 form is submitted to DES for processing / payment. If the client is on a break from training, their TRA-22 is submitted to DES for processing/payment as well.
- If the client is receiving transportation and/or subsistence or is participating in distance learning/online training, the TRA-22 form is submitted to the Trade Act Navigator at the Missouri Job Center for appropriate entries. The Trade Rep will then submit the TRA-22 to DES for processing / payment.

TRA-22s cannot be submitted to DES for payment prior to the end of the week. Missouri's claim week runs Sunday through Saturday (last day of the week); TRA-22s should not be submitted until Sunday or after.

When a TRA-22 is received in the Job Center, it should be reviewed and appropriate entries made in the **Agency Use Only** portion of the form. If there are any errors or omissions, take the necessary steps to have the form corrected/completed in the timeliest manner possible.

The image shows a section of a form titled "AGENCY USE ONLY". It contains several fields with callout boxes pointing to them:

- 25**: Points to the "Prior Training Paid" field.
- 26**: Points to the "Subsistence Allowance" field.
- 27**: Points to the "Transportation Allowance" field.
- 28**: Points to the "Eligible or Denied Code" field.
- 29**: Points to the "ERP Interview" field.
- 30**: Points to the "Office ID Number" field.
- 31**: Points to the "Date" field.
- 32**: Points to the "Deputy's Signature" field.

The "ERP Interview" field has a table with "Yes" and "No" columns, both containing the number "0".

25) **Prior Training Paid:** This field is no longer used. **No entry necessary.**

26) **Subsistence Allowance:** If the client is eligible for subsistence, the Trade Act Navigator must enter the amount of subsistence the client is eligible for the week. This should be based off the daily subsistence maximum and the number of overnights the client was away from home for training purposes.

The Trade Act Navigator must enter the appropriate dollar and cents amount(s) without a decimal. If the client is not eligible to receive subsistence allowance, leave the fields blank.

If the TRA-22 is prepared only for the purpose of paying subsistence allowances, enter "TRP/SUB ONLY" in the work search area of the form.

27) **Transportation Allowance:** If the client is eligible for transportation, the Trade Act Navigator must enter the amount of transportation the client is eligible for the week. This should be based off the rate per mile and/or daily transportation maximum and the number of one-ways trips back and forth between home and training facility for training purposes.

The Trade Act Navigator must enter the appropriate dollar and cents amount(s) without a decimal. If the client is not eligible to receive transportation allowance, leave the boxes blank.

If the TRA-22 is prepared only for the purpose of paying transportation allowances, enter "TRP/SUB ONLY" in the work search area of the form.

28) **Eligible or Denied Code:** Based on the information provided by the client and/or the training facility, the Trade Act Navigator must determine if the client is eligible for TRA weekly benefits. Whether the client is determined eligible or non-eligible, the Trade Rep must enter Code 0 on all TRA-22 forms. UInteract will check the UI non-monetary files for disqualification and ineligibility, and when necessary, will reject TRA-22 as non-payable.

This box cannot be left blank or it will be rejected automatically.

29) **EPR Interview Code:** The Trade Rep can fill-in the “Yes” or “No” circle.

ERP stands for “Eligibility Review Program” and was used by DES to confirm that the client was available and actively seeking full-time employment.

30) **Office ID Number:** The Trade Act Navigator must enter their Job Center office number.

31) **Date:** The Trade Act Navigator must enter the date they complete the form.

32) **Deputy’s Signature:** The Trade Act Navigator must sign and confirm they have reviewed the form for accuracy.

**Distribution of the TRA-22:**

*Unless* the client receives transportation and/or subsistence or participates in distance learning/online training, the client is responsible for returning the TRA-22 back to DES at:

Division of Employment Security  
Attn: Special Programs  
PO Box 59  
Jefferson City, Missouri 65104-0059

If the client receives transportation and/or subsistence or participates in distance learning/online training, the Trade Rep will mail the original one-page, two-side form to DES (same address as above).

TRA-22 forms are not to be submitted to DES prior to the end of the week claimed.

- For example, if **Sunday, September 4<sup>th</sup>** is the start of the claims week and **Saturday, September 10<sup>th</sup>** is the end of the claims week, the first date that a TRA-22 can be submitted to DES for the claims week September 4-10 is **Sunday, September 11<sup>th</sup>**.

- If a client were to submit a TRA-22 on **Friday, September 9<sup>th</sup>**, it would be rejected because the claims week has not yet ended.

**Proper Codes:**

When appropriate, Trade Reps will examine the TRA-22 for completion and Code it "0" regardless if the client is eligible or ineligible. UInteract will check the UI non-monetary files for disqualification and ineligibility, and when necessary, will reject TRA-22 as non-payable.

**Eligible / Denied:**

- Code "0" is entered on all TRA-22 forms processed by the Trade Act Navigator.

TRA weeks coded "0" will be handled by UInteract as follows:

1. If there is UI entitlement for the week, TRA will be denied by UInteract.
2. When the UI claim exhausts, TRA will pay until the UI benefit year ends.
3. When the benefit year ends or an Extended Benefit (EB) period is declared, the TRA weekly claim(s) will reject.
4. If the client is not eligible for UI or EB, TRA weeks will process until the following quarter when the weeks will reject again, forcing another UI claim to be taken.

**Nonmonetary Determinations (No Systematic & Sustained):**

Clients who are on waivers are often held ineligible for TRA for failing to make a systematic and sustained work search.

If a TRA-22 is received and it appears the client failed to make a systematic and sustained work search, TRA weekly benefits will be denied.

If the client fails to make a systematic and sustained work search for reasons beyond their control (such as illness), a denial determination will not be issued.

Ineligibility in each case will be issued based on UI Law. These determinations are issued by DES staff.

**System Check:**

If a TRA week is coded to pay, UInteract will check the UI non-monetary files for disqualification and ineligibility, and when necessary, will reject TRA-22 as non-payable.

**Eligibility Requirements:**

Before a week of Basic TRA can be paid, the client must meet the following eligibility requirements. This applies to weeks beginning after the week in which the initial Trade Act claim is filed.

Because of RS Mo. 288.040, which requires the Trade Act Navigator to notify the client of the proper number of work search contacts prior to the week being claimed, the systematic and sustained work search should not be applied until the client has been advised concerning the appropriate work search requirements. This should be done at the earliest opportunity when the client exhausts regular UI and reports to begin claiming TRA.

- A. If the claimant is not enrolled or participating in training approved under the Trade Act program, the client must make a systematic and sustained work search throughout the week. This means that the client must do something positive each week to find a job. **The client must make one more contact each week than would normally be required while drawing regular UI benefits.**

A client with union hiring/referral facilities is given no special consideration. This means that the client must make three or four contacts each week based on their county of residence.

During the week, the client cannot seek work in a *single occupation* nor can all of the contacts be made by using the *same method*, unless all the contacts are in person. Any of the following combinations of contact methods are acceptable:

1. All in person;
2. In person and by telephone;
3. In person and by resume;
4. By telephone and resume;
5. In person, by telephone, and by resume.

The work contacts must be made on a minimum of three days during the week.

- B. Tangible evidence of the client's search efforts must be submitted, which at a minimum must include:

1. List of employers contacted
2. Dates of contacts
3. Methods of contacts
4. Persons contacted
5. Types of work sought
6. Results

- C. If prospects for obtaining work in the client's customary occupation are not good, the client is expected to accept any offer of suitable work. Any work will be considered suitable if it is:
1. Within the physical and mental capabilities of the client to perform the job;
  2. The pay equals or exceeds the higher of the federal minimum wage as established by the Fair Labor Standards Act of 1938, as amended, or any state established minimum wage; and,
  3. The gross weekly pay exceeds the client's weekly UI benefit amount, plus any supplemental unemployment benefits (SUB) received from a former employer.
  4. Prospects will only be considered good if the client has a definite date to return to work within four weeks.
- D. The client must meet one of the four training requirements (enrolled, participating, completed, or on a waiver from the training requirement).

Before a week of Additional TRA can be paid, the client must be participating in approved training. Under **Trade 2002**, **2002 Revert**, and **Reversion 2021**, the client must also have made a timely application for training (signed the DWD-PO-240 within 210 days of their last qualifying separation date from the Trade affected employer). *If a client was absent, it must be with justifiable cause as certified by the training facility on the TRA-22.*

**Determination Involving Disqualification or Ineligibility:**

Any adversely affected worker is subject to disqualification under provisions of the Act if:

- A. Without justifiable cause, the client fails to begin any suitable training to which (s)he is referred and which has been approved by OWD.
- B. Without justifiable cause, the claimant ceases to participate in suitable training to which (s)he is referred and which has been approved by OWD.

A disqualification imposed under these provisions is for the week in which A or B occurs and for each subsequent week until the client begins or resumes participation in training to which (s)he has been referred or which has been approved for the client by the OWD.

The client is ineligible for any week in which the training facility determines that the client's failure to participate in training was without justifiable cause.

**Failure to Begin Approved Training (Additional Weeks):**

All of the above procedures apply except that justifiable cause is not a factor, which means the client will be ineligible.

### **Absences:**

During any week a client had an absence without justifiable cause, as determined by the training facility, the amount of TRA payable to a trainee will be denied.

### **Ceases Participation Without Justifiable Cause (Basic Weeks):**

If it is determined that the client has ceased to participate in training without justifiable cause, the trainee will be ineligible for TRA for the week in which participation ceased and thereafter for any week until (s)he resumes participation in training. The Trainee Termination Report section of the DWD-PO-240 is used to document facts which support the finding that the client ceased to participate in approved training without justifiable cause. Details should be documented as a case note.

The effective date of the ineligibility is the *first day of the week* in which the client ceased to participate.

### **Ceases Participation (Additional Weeks):**

All of the above procedures apply *except* that justifiable cause is not a factor.

In either of the above circumstances, the Job Center staff must inform the DES-Special Programs Unit that the client has ceased to participate.

### **MODES-4446 Form:**

The MODES-4446 is a computer-generated form from the DES Regional Claims Centers (RCCs) that is sent to Trade Act trainees who are drawing UI rather than TRA. It is similar to the TRA-22 in that it certifies that a client is making satisfactory progress while in training. Because the form is computer-generated from UInteract, Trade Act Navigators are unable to distribute them to the clients.

If the client has not received their MODES-4446 forms two weeks prior to the week they are expected to begin their Trade Act approved training, they should contact their DES RCC.

### **Training Attendance:**

The TRA-22 must be completed for all clients ***each week*** that a client is in TAA training in order to document attendance. This even applies to clients:

- drawing UI and who completes the MODES-4446 form;
- with a Liable State other than Missouri; and
- who are not eligible for TRA and/or transportation/subsistence.

As a Trade Act Navigator, you must be able to access the TRA-22 form from either UInteract or through hard copy to verify attendance of each client; this will be needed for monitoring purposes.

For clients who are attending distance learning/online training, before a Trade Act Navigator can sign off on the TRA-22 on behalf of the training facility, the Trade Act

Navigator must obtain some type of documentation from the training facility, such as an email, indicating the client attended all required training for the week.

## BREAK IN TRAINING

### Payment of TRA during Breaks in Training:

- a) Basic and Additional TRA are payable to an otherwise eligible Adversely Affected Worker (AAW) during breaks in training (periods within or between courses, terms (quarters or semesters), and academic years) that do not exceed 30 days (counted in accordance with paragraph (b) of this section), only if:
  - 1) The AAW participated in approved training of this part immediately before the beginning of the break in training;
  - 2) The break in training was provided in the established schedule of the training provider; and
  - 3) The AAW resumes participation in the approved training immediately after the break ends.
- b) For the purpose of determining whether a break in training is within the 30-day maximum allowed under this section, all calendar days beginning with the first day of the training break and ending with the last day of the break, as provided in the published schedule of the training provider, must be counted. However, any Saturday, Sunday, or official State or national holiday occurring during the scheduled break in training is excluded from the 30-day count if training normally would not be scheduled in the training program during those days if there was no break.
- c) For Completion TRA, breaks in training are permissible during the 20-week eligibility period. However, payments during break in training are not allowed.

### Timeframe:

A client participating in training shall not be paid **TRA** for any week that begins and ends during a scheduled break that is over 30 days in duration.

If the break occurs during the period that the worker is receiving Additional TRA, such weeks *whether paid or denied*, shall be counted against the total weeks of eligibility for Additional TRA. For example, under **Trade 2015**, the client may receive up to 65 weeks of Additional TRA in a 78-week period. If the client draws Additional TRA while on a non-payable break during the summer (approximately 12 weeks), the client's 78 week period would be reduced to 66 weeks. The client would have 66 weeks to draw out the 65 weeks of Additional TRA.

Non-payable breaks do not count against the maximum length of training.

Under **Trade 2011, 2015, and Reversion 2021** clients cannot draw Completion TRA while on a break from training; this includes breaks in training that are less than 30 days in length.

**Break in Training:**

Breaks in training must be established based on information from the training facility as recorded on the Request for Training (DWD-PO-240-A) form.

To count the number of days during a scheduled break in training, you must include all calendar days during the break including the beginning and ending dates of the break. The exception to this rule is any Saturday or Sunday or any officially recognized national or state holiday that falls during the scheduled break on which training would not normally be held. These days should not be included in the count. In addition, to maintain eligibility for TRA, the client must continue to participate in training after the break ends.

**Example #1:**

The client attends class Tuesday through Friday. The last day of classes is Friday, December 18, 2020. Classes will resume Wednesday, January 20, 2021. The training institution would not normally hold classes on Christmas Day, New Year’s Day, or Martin Luther King Jr’s birthday (12/25/20, 1/1/21, and 1/18/21 respectively). Beginning with 12/21/20 and ending with 1/19/21, not counting Saturdays, Sundays, or the previously mentioned holidays, this is a 19 day break. All weeks falling partially or totally within the break are payable. The client does not have to look for work to be eligible for these weeks.

**Example #2:**

If a client is drawing **Basic** or **Additional TRA** and the client’s first day of summer break starts with Saturday May 29, 2021. The client is scheduled to return to training for the fall semester on Monday, August 16, 2021. Starting with 5/31/21 and ending with 8/13/21, the client is schedule on a 55-day break in training. The 4<sup>th</sup> of July occurs during this break, but falls on a Sunday during this calendar year. Since Saturdays and Sundays are not counted, this holiday has no impact on the number of days during the break. Since the break is more than 30 days in length, it is a non-payable break and the

client is not eligible to receive TRA weekly benefits. The client cannot overcome the denial of benefits by looking for work.

## WAIVING PARTICIPATION IN TRAINING

### **Training Enrollment Deadlines:**

a) *Training enrollment deadlines.* As a condition for receiving Basic TRA, an Adversely Affected Worker (AAW) must meet the participation in approved training requirement in 618.720(g)(1) ([TAA Final Rule](#)) no later than the latest of:

- 1) The last day of the 26<sup>th</sup> week after the AAW's most recent qualifying separation for **Trade 2015** (or the last day of the 8<sup>th</sup> week after the AAW's most recent qualifying separation for **Trade Reversion 2021**);
- 2) The last of the of the 26<sup>th</sup> week after the week in which the certification was issued for **Trade 2015** (or the last of the 16<sup>th</sup> week after the week in which certification was issued for **Trade Reversion 2021**); or
- 3) 45 days after the later of the dates specified in paragraph (a)(1) or (2) of this section, if there are extenuating circumstances that justify an extension of the enrollment period. Extenuating circumstances that justify the 45-day extension are circumstances that would constitute good cause, as established by 618.730 ([TAA Final Rule](#)); that is, circumstances under which the AAW acted diligently yet was unable to enroll because of exigent circumstances.
- 4) In the case of an AAW who fails to enroll by the date required by paragraph (a)(1), (2), or (3) of this section due to a failure by the State to provide the AAW with timely information regarding the applicable training enrollment deadline, the AAW must be enrolled in training or obtain a waiver by the Monday of the first week occurring 60 consecutive calendar days following the date the worker was properly notified (does **not** apply to **Trade Reversion 2021**); or
- 5) The Monday of the first week occurring 30 consecutive calendar day (or, if the State is closed that last day because that day falls on a weekend or holiday or for any other reason, the next business day) following the day of termination, whether by revocation or expiration or revocation of a waiver under 618.735 ([TAA Final Rule](#)).

### b) *Exceptions*

- 1) *Extended training enrollment deadline for delayed approval of application for TRA.*
  - i. The training enrollment deadlines of paragraph (a) of this section do not apply where:
    - A. A State's negative determination on an initial application for TRA under 618.715 ([TAA Final Rule](#)) has been reversed

through redetermination or appeal;

B. The AAW is unable to meet the training enrollment deadline because of the delay in obtaining the reversal of the negative determination; and

C. The delay in obtaining the reversal is not attributable to the AAW.

ii. Where the conditions of paragraph (b)(1)(i) of this section are met, the AAW will have until the last day of the 26<sup>th</sup> week following the date on which the negative determination was reversed to enroll in training or have a training waiver in effect.

2) *Extended training enrollment deadline for period of duty in military service.* If an AAW who is a member of a reserve component of the Armed Forces and has served a period of duty during the AAW's Basic TRA eligibility period but before enrolling in training, the AAW's training enrollment deadline will be the last day of the 26<sup>th</sup> week following the last day of the AAW's period of duty (does **not** apply to **Trade Reversion 2021**).

3) *Good cause.* The training enrollment deadline may be extended for good cause as provided for in 618.730 (does **not** apply to **Trade Reversion 2021**).

**Good Cause:** (does **not** apply to **Trade Reversion 2021**)

a) States must waive the time limitations with respect to an application for TRA, enrollment in training, or receipt of a training waiver in this subpart if the AAW shows good cause.

b) Good cause exists if the AAW acted diligently yet was unable to complete in a timely manner the relevant task at issue described in paragraph (a) of this section because of exigent circumstances.

c) The State must determine good cause on a worker-by-worker basis.

**Equitable Tolling:**

a) A TAA Program deadline must be equitably tolled when:

1) An extraordinary circumstance prevented an individual's timely action; and

2) The individual otherwise acted with diligence.

- b)
- 1) When an individual fails to take timely action because the State failed to give notice required under this part, that failure is prima facie evidence of an extraordinary circumstance.
  - 2) If the individual did not receive the required notice, but otherwise received actual notice, but otherwise received actual notice with sufficient time to take timely action, the lack of receipt of the required notice is not evidence of an extraordinary circumstance.
- c) A TAA Program deadline equitably tolled under this section is tolled for the time period during which the extraordinary circumstance exists. Once that circumstance is resolved, the time period that was tolled begins to run again.
- d) Equitable tolling may extend an otherwise expired TAA Program deadline by no more than 36 months.

**Waiver of Training Requirement for Basic TRA:**

- a) *Waiver for Basic TRA.* A State may issue a waiver of the requirement in 618.720(g) ([TAA Final Rule](#)) that an AAW be enrolled in or participating in approved training as a condition of Basic TRA eligibility upon a finding that training for such worker is not feasible or appropriate for one or more reasons identified in paragraph (b) of this section. No waiver of the training requirement is permitted for Additional TRA or Completion TRA eligibility. Waivers must be issued no later than the latest of the applicable deadlines described in 618.725 ([TAA Final Rule](#)).
- b) *Bases for waiver.* The State, in order, to issue a written waiver to an AAW, must conclude after assessing the worker that training is not feasible or appropriate for one or more of the reasons in paragraph (b)(1) through (3) of this section, which must be cited on the waiver:
- 1) *Health.* The worker is unable to participate in training due to the health of the worker. A waiver granted for this reason does not exempt the worker from requirements relating to the availability for work, active search for worker, or refusal to accept work under Federal or State unemployment compensation laws.
  - 2) *Enrollment unavailable.* The first available enrollment date for approved training is within 60 consecutive calendar days after the date on which a waiver determination is made or, if later, there are extenuating circumstances, as determined under the criteria in 618.725(a)(3) ([TAA Final Rule](#)), that apply to the delay in enrollment in training.

- 3) *Training not available.* Approved training is not reasonably available to the worker from governmental agencies or private sources (which may include area vocational education schools, as defined in section 3 of the Strengthening Career and Technical Education for the 21<sup>st</sup> Century Act (20 U.S.C. 2302), and employers), or suitable training is not available at a reasonable cost, or no training funds area available.
- c) *Request for a waiver.* States may analyze whether an AAW may qualify for a waiver as part of the AAW's initial assessment, as described in part C of this part ([TAA Final Rule](#)). An AAW may also request a waiver from the State before the applicable deadline in 618.725 ([TAA Final Rule](#)).
- d) *Denial of a waiver.* In any case in which a determination is made to deny a waiver under this section ([TAA Final Rule](#)), the AAW to whom the denial pertains must be furnished with a notice of denial of waiver.
- e) *Duration of a waiver.*
  - 1) A waiver issued under this section may be for a period not to exceed 6 months, or the AAW's period of Basic TRA entitlement, whichever ends first;
  - 2) Notwithstanding the 6-month limitation in paragraph (e)(1) of this section, a State may extend an AAW's waiver beyond 6 months if:
    - i. Training continues not to be feasible or appropriate for such worker for one or more of the reasons described in paragraph (b) of this section; and
    - ii. Such worker has not yet exhausted his or her Basic TRA entitlement.
  - 3) Waivers must be reviewed 3 months after the date on which the State issued the waiver to determine if one or more of the bases in paragraph (b) of this section continue to apply, and every 30 consecutive calendar days thereafter. **(For MoJobs purposes, we review the waiver every 28 days, no exceptions.)**
- f) *Revocation of a waiver.* The State must revoke a waiver issued under this section if the waiver criteria are no longer met. The State must notify the AAW of the revocation. The notice of revocation must be appealable.

**Evaluation:**

To maintain eligibility to or draw Trade Readjustment Allowance (TRA), the worker *must* be enrolled (training start date within 30 days) or participating in training by the end of the 26/26 week (or 8/16 week) criteria. In situations in which the worker cannot be

enrolled or participate in training by the end of the 26/26 week (or 8/16 week) criteria, a waiver *may* be issued if the worker meets specific criteria.

When training is not considered to be appropriate or feasible (i.e. no training is available in the next 60 days, the worker has a major health issue that prevents participation in training at the current time, or funds are not available), the Trade Act Navigator must issue a waiver from participation in TAA approved training. Below are some other waiver items that must be considered.

- **Note:** The Liable State is responsible for waiver determinations.

In this scenario, the Liable State may choose to issue their own waiver OR may ask the Missouri Trade Act Navigator to issue the waiver.

If the worker is nearing the end of his/her 26/26 week (or 8/16 week) criteria before DES has made a TRA claim determination or before the petition information is added to MoJobs, the Trade Act Navigator must issue a waiver on a paper waiver form found on

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Waivers

More information about the paper waiver forms are discussed later in this section.

A complete reemployment plan must be in place prior to issuing a waiver or processing a training enrollment. This includes:

- Initial Assessment
- Completion of the Individual Employment Plan including Completion TRA benchmarks (if applicable) as objectives and training plan;
- Case notes documenting “employment and case management services”;
- Completion of the Trade Adjustment Assistance (TAA) Application and Participation sections;
- Issuance of a Trade-related training service – if the waiver is training related (or case note explaining status of the DWD-PO-240-A); and
- Case notes about receipt of doctor’s note – if the waiver is health related.

**Note:** Refer to the **Employment & Case Management, Employment Plan, and Request for Training** sections of the manual for more information.

Trade Act Navigators must be aware of the worker’s 26/26 week (or 8/16 week) timeframe as it could affect his/her eligibility for TRA.

	8/16 Week Criteria	26/26 Week Criteria
Trade 2002	<b>X</b>	
Trade 2009		<b>X</b>
Trade 2002 Revert	<b>X</b>	
Trade 2011		<b>X</b>
Trade 2015		<b>X</b>
Trade Reversion 2021	<b>X</b>	

The Trade Act Navigator must consider the individual's circumstances, as well as the requirements, contained in the following paragraphs in determining the need for a training waiver. Facts pertinent to the issuance of a waiver must be documented as a case note. Supporting documents, if any, should be included in worker's folder or uploaded into MoJobs.

- A waiver is issued to postpone or exempt participation in an approved training program. Each worker must be considered on an individual basis and evaluated according to his/her experiences and education, as well as labor market demands.

A waiver of training does not release the worker from the systematic and sustained work search requirements.

If the worker refuses to cooperate in the assessment interview to determine if training is feasible and appropriate, the Trade Act Navigator should issue a waiver denial based on the refusal and should case note the refusal and gather any necessary documentation to include with the waiver denial. This will hold the worker ineligible for TRA benefits.

Waivers should only be issued IF they are appropriate for the worker. Waivers must not be used as a place holder. Before a worker can be issued a training related waiver, you must be able to case note what efforts the worker has attempted to attend training. The worker must actually be seeking training and either has submitted a DWD-PO-240-A selecting a specific training or currently working with a training facility to work out specific details of a training program.

The Trade Act of 1974 regulations indicate that **workers must be on a waiver to draw Basic TRA**. Training and Employment Guidance Letter (TEGL) 11-02, Change 3 ([https://wdr.doleta.gov/directives/attach/TEGL11-02\\_ch3.pdf](https://wdr.doleta.gov/directives/attach/TEGL11-02_ch3.pdf)), allows an exception to this rule. It permits workers who exhaust Unemployment Insurance (UI) to draw Basic TRA without a waiver until he/she reaches the end of his/her 26/26 week (or 8/16 week) criteria. Currently TEGL 11-02, Change 3, remains in effect.

**Note:** If a worker attends training that is not TAA approvable or training that is paid for through another funding source, the worker **cannot** be issued a waiver from the training requirement. This could affect their future eligibility for TRA weekly benefits.

### Criteria for Issuing Waivers:

	Recall	Marketable Skills	Retirement	Health	Enrollment Unavailable	Training Not Available
2002	X	X	X	X	X	X
2009	X	X	X	X	X	X
2002 Revert	X	X	X	X	X	X
2011				X	X	X
2015				X	X	X
Rev 2021				X	X	X

If a worker has completed TAA-approved training and still has remaining Basic TRA funds available. A **336-Trade Completed Training Service\*** may be added to Activities/Enrollment/Services in MoJobs once:

- The worker's DWD-PO-240-B – Trainee Termination Report has been received by the Job Center and uploaded into MoJobs. OWD Central Office Trade Act Unit has been notified that the Termination Report is ready to process via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov).
- The worker's TAA specific training service has been closed with the Actual End date and a Completion Code (outcome) in MoJobs as shown on the DWD-PO-240-B – Trainee Termination Report; and
- The worker's credential is added on the Credentials menu in MoJobs. If applicable, a copy of the credential is uploaded into MoJobs and a Measurable Skill Gain added.

**\*336-Trade Completed Training Services** are not part of the TAA program federal regulations or operating instructions, but instead is Missouri's way of paying a trade-affected worker their remaining Basic TRA after they complete TAA approved training. Workers issued a **336-Trade Completed Training Services** are required to perform the necessary work searches in order to claim Basic TRA.

### **Qualifying Reasons for Waivers:**

To qualify for Trade Readjustment Allowance (TRA), a worker must be enrolled in training, participating in training, or be issued a waiver by the last day of the 8/16 week (**Trade 2002, 2002 Revert, and Reversion 2021**) or 26/26 week (**Trade 2009, 2011, and 2015**) criteria:

- **Trade 2002 / 2002 Revert / Reversion 2021 = 8/16 Week Criteria:**
  - 8 weeks from the Petition Certification Date determined by the United States Department of Labor (USDOL)
  - 16 weeks from the worker's Last Qualifying Separation Date as determined by the Division of Employment Security (DES) on the worker's TRA Claim in UInteract.
- **Trade 2009 / 2011 / 2015 = 26/26 Week Criteria:**
  - 26 weeks from the Petition Certification Date determined by the United States Department of Labor (USDOL)
  - 26 weeks from the worker's Last Qualifying Separation Date as determined by the Division of Employment Security (DES) on the worker's TRA Claim in UInteract.

Under **all versions of Trade Act**, a 45-day extension can be issued when there are extenuating circumstances beyond the worker's control that prevent the worker from meeting the 26/26 week (or 8/16 week) timeframe. Extenuating circumstances would include such situations as: worker suffered illness or injury, training course was cancelled by training provider, etc. When using the 45-day category, it will be necessary to document the reason the 45-day extension was determined to be appropriate.

Under **Trade 2009, 2011, and 2015**, a 60-day extension can be issued in cases in which the worker did not receive Trade Act eligibility notification (normally a Notification Letter) in a timely manner. The 60-day period begins with the date on which the worker did receive the eligibility notification.

When using the 60-day category, it will be necessary to document the date on which the worker did receive notification of their Trade Act eligibility. This date is required by DES. In accordance with state UI law

Under **Trade 2011 and 2015**, Federal Good Cause is available. Federal Good Cause allows a worker to meet the 26/26 week criteria even if they are well beyond the deadline if they met one or more of the Good Cause Reasons listed below.

Examples of Good Cause Reasons include:

- 1) Whether the worker acted in a manner that a reasonably prudent person would have acted under the same or similar circumstance.
- 2) Whether the worker received timely notice of the need to act before the deadline passed.
- 3) Whether there were factors outside the control of the worker that prevented the worker from taking timely action to meet the deadline.
- 4) Whether the worker's efforts to seek an extension of time by promptly notifying the state were sufficient.
- 5) Whether the worker was physically unable to take timely action to meet the deadline.
- 6) Whether the worker's failure to meet the deadline was because of the employer warning, instructing, or coercing the worker in any way that prevented the worker's timely filing of an application for TRA or to enroll in training.
- 7) Whether the worker's failure to meet the deadline was because the worker reasonably relied on misleading, incomplete, or erroneous advice provided by the state.
- 8) Whether the worker's failure to meet the deadline was because the state failed to perform its affirmative duty to provide advice reasonably necessary for the protection of the worker's entitlement to TRA.
- 9) Whether there were other compelling reasons or circumstances which would prevent a reasonable person presented from meeting a deadline for filing an application for TRA or enrolling in training, including:
  - neglect, a mistake, or an administrative error by the state
  - illness or injury of the worker or any member of the worker's immediate family
  - the unavailability of mail service for a worker in a remote area
  - a natural catastrophe, such as an earthquake, fire, or flood
  - an employer's failure or undue delay in providing documentation, including instructions, a determination or notice, or pertinent and important information
  - compelling personal affairs or problems that could not reasonably be postponed, such as an appearance in court or an administrative hearing or proceeding, substantial business matters, attending a funeral, or relocation to another residence or area
  - the state failed to effectively communicate in the worker's native language and the worker has limited understanding of English
  - Loss or unavailability of records due to fire, flood, theft, or similar reason. Adequate documentation of the availability of the records includes a police, fire, or insurance report that contains the date of the occurrence and the extent of the loss or damage.

➤ **Note:** In cases where the cause of the worker's failure to meet the deadline for TRA or enrolling in training was the worker's own negligence, carelessness, or procrastination, "good cause" cannot be applied.

Under **Trade 2011**, **2015**, and **Reversion 2021** Equitable Tolling is available. Equitable Tolling is a doctrine that permits suspension of statutory and administrative deadline where equity demands. Equitable Tolling is rarely used.

	8/16 Week Criteria	26/26 Week Criteria	45-Day Extension	60-Day Extension
Trade 2002	X		X	
Trade 2009		X	X	X
Trade 2002 Revert	X		X	
Trade 2011		X	X	X
Trade 2015		X	X	X
Trade Reversion 2021	X		X	

**Note:** A waiver only applies to eligibility for Basic TRA, not Additional TRA. In order to receive Additional TRA, a worker must be participating in approved training in each week for which the Additional TRA is paid.

A waiver should not be issued in the MoJobs until the worker has an established TRA claim in UInteract.

If the end of the 26/26 week (or 8/16 week) criteria is approaching for a worker and the worker does not have a TRA claim established with Division of Employment Security (DES), a waiver can be issued using a paper waiver form found on

[DHEWD \(\\sdhefilp4367\) \(W:\) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Waivers](#)

Once the TRA claim is established with DES, the waiver information, recorded on the paper waiver form, must be entered into MoJobs. In addition, a case note must be entered if the MoJobs waiver entry dates do not match the paper waiver dates.

Once waiver data has been entered into MoJobs, the Trade Act Navigator cannot make changes to the waiver records. OWD Central Office Trade Act staff has limited override capabilities. If an incorrect waiver entry is made by the Trade Act Navigator, a Change Request must be submitted so that the entry can be corrected.

There are four waiver forms available on

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Waivers

- The form **Trade Act 2002** and **Trade Act 2002 Revert Training Waiver** (DWD-PO-0226) is for petitions numbered 69,999 or below and 80,000-80,999 if Trade 2002 Revert selected.
- The form **Trade Act 2009 Training Waiver** (DWD-PO-0231) is for petitions numbered 70,000-79,999.
- The form **Trade Act 2011 Training Waiver** (DWD-PO-0233) is for petitions numbered 80,000-80,999 and 81,000-84,999.
- The form **Trade Adjustment Assistance Reauthorization Act of 2015** (DWD-PO-238) is for petitions numbered 85,000-97,999.
- The form **Trade Adjustment Assistance Trade Reversion 2021** (DWD-5547) is for petitions numbered 98,000 or above.

The Waiver Entry menu screen in MoJobs will automatically print the correct version of the form. There is only one MoJobs Waiver Entry menu screen. The screen has been updated to reflect the categories and timeframes of **Trade 2002**, **2002 Revert**, **2009**, **2011**, **2015**, and **Reversion 2021**.

#### **Criteria for Issuing Waiver Denials:**

A waiver must be denied when:

- A. A worker is not certified under a Trade Act petition.
- B. A worker is not TRA eligible under a Trade Act certified petition.
- C. The worker does not meet the **8/16** week criteria under **Trade 2002**, **2002 Revert**, or **Reversion 2021** OR qualify for a 45-day waiver extension.
- D. The worker does not meet the **26/26** week criteria under **Trade 2009**, **2011**, or **2015** OR qualify for a 45-day or 60-day waiver extension.
- E. The worker does not meet one of the waiver categories.
- F. The worker is not eligible for Good Cause or Equitable Tolling.

All waiver denials must be issued on paper waivers because MoJobs does not have the capability to issue waiver denials. The Waiver Denial form (DWD-PO-702) can be found at

dhewd (\\sdhefilp4367.state.mo.us) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Waivers

### **Criteria for Issuing Waiver Revocations:**

A waiver must be revoked when:

- A. A worker no longer meets one of the waiver category requirements (example: worker starts training, etc.).
- B. A worker is at the end of their eligibility period or no longer has a Basic TRA balance (based on Benefit Year Ending [BYE] date based on his/her Trade Readjustment Allowance – Basic claim) in UInteract.
- C. A worker does not keep or reschedule their waiver follow up appointment. **Before a worker’s waiver can be revoked for non-participation, the Trade Act Navigator must contact the worker and give them an opportunity to comply.** It is suggested that the worker be mailed correspondence notifying the worker of a deadline to contact you. If the worker does not comply, the Trade Act Navigator should revoke the waiver at that time.

Example of letter correspondence verbiage:

*In order for you to meet the “26/26” week (or “8/16” week) training criteria, a “TYPE” waiver was issued for you on “DATE”. In Missouri, waiver reviews are required at least once every 28 days. Your waiver review was scheduled for “DATE”, but you did not keep the appointment nor reschedule it. I have re-scheduled a waiver review for you on “DATE”. Failure to keep this appointment may result in revocation of your waiver and loss of TRA weekly benefit payments.*

## Issuing Paper Waiver Forms

The Waiver form is printed from the Waiver Entry in MoJobs. Four different paper waiver forms can also be found on

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Waivers

The forms include:

- Trade Act 2002 and 2002 Revert Training Waiver (DWD-PO-0226)
- Trade Act 2009 Training Waiver (DWD-PO-0231)
- Trade Act 2011 Training Waiver (DWD-PO-0233)
- Trade Adjustment Assistance Reauthorization Act of 2015 (DWD-PO-238)
- Trade Adjustment Assistance Reversion 2021 (DWD-5547)

## ***Form for Trade 2002 and Trade 2002 Revert***

In cases where the worker is close to the end of their 8/16 week criteria and the TRA claim isn't yet established, it is necessary to complete the Waiver form manually. The following are instructions for completing the waiver form.

- 1) **Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UInteract.
- 2) **Applicant's Name** – Self explanatory.
- 3) **Social Security Number** – Self explanatory.
- 4) **Job Center Name and ID#** - Self explanatory.
- 5) **Petition Number** - Enter the petition number as noted on the worker's TRA - Basic claim in UInteract.
- 6) **8<sup>th</sup> week, 16<sup>th</sup> week, or 45 days** – Check appropriate box. The 45-day extension should only be used in cases in which the worker did not meet the 8/16 week deadline for a reason that was no fault of his/her own, such as staff error, training cancelling training, etc. If using the 45-day extension, provide a written explanation as to why a 45-day extension was granted.
- 7) **Beginning Date** – Enter the Sunday date the '**initial**' waiver was issued. This date should remain the same unless the worker reaches the end of the 180 day waiver. In that case, you would enter the day following the Ending Date of the 180 day waiver.
- 8) **Ending Date** – Enter the 180<sup>th</sup> day after the Beginning Date. This date should remain the same unless the worker reaches the end of the 180 day waiver. In that case, you would enter a new date that is 180 days later than the new Beginning Date.
- 9) **Waiver Review Date** – Enter the date of the worker's waiver review appointment.
- 10) **Initial or Extension** - Check appropriate box. 'Initial' applies to only the first waiver issued to the worker under the current certified petition.
- 11) **Recall, Marketable Skills, Retirement, Health, Enrollment Unavailable, or Training Not Available** - Check appropriate waiver category. If a secondary option is included as part of the waiver category, please check box that applies. (The waiver type may change at each waiver review, as appropriate.)
- 12) **Applicant's Name** – Self explanatory.
- 13) **Social Security Number** – Self explanatory.
- 14) **Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UInteract.
- 15) **Circumstances Requiring Extension of Waiver Period** – This item only applies to the waiver category "Enrollment Unavailable". This allows the waiver Ending Date to be extended an additional 60 days if it meets one or more of the criteria listed. If this applies, check appropriate box(es).
- 16) **Waiver Denied** – If worker does not meet the criteria for a waiver, please check the box and provide a written explanation. [Example: Worker did not meet the 8/16 week timeframe.] **The worker is required to sign a denial.**
- 17) **Waiver Revocation** – If worker no longer meets the criteria for a waiver, please check the box and corresponding reason. [Example of Other: Worker found

suitable employment.] In addition, enter the effective date of waiver revocation, sign, and date form. **The worker is required to sign a revocation.**

**18)Appeal Rights** – If a denial or revocation is issued, the worker must be informed of his/her Appeal Rights.

**19)Claimant's Signature** – Signature of worker.

**20)Date** – Enter the date the Trade Act Navigator issued the paper waiver.

**21)OWD TAA Representative** – Signature of Trade Act Navigator.

**22)Date** – Enter the date the Trade Act Navigator issued the paper waiver.

**23)Original/Copies** –

- Initial Waivers: Upload **Original** to worker's MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it's ready to process, and **copy** to the worker.
- Waiver Extensions: Upload **Original** to worker's MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it's ready to process, and **copy** to the worker.
- Waiver Revocations: Upload **Original** to worker's MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it's ready to process, and **copy** to the worker.

## **Form for Trade 2009**

In cases where the worker is close to the end of their 26/26 week criteria and the TRA claim isn't yet established, it is necessary to complete the Waiver form manually. The following are instructions for completing the waiver form.

- 1) **Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UIInteract.
- 2) **Applicant's Name** – Self explanatory
- 3) **Social Security Number** – Self explanatory
- 4) **Job Center Number and ID#** - Self explanatory
- 5) **Petition Number** – Enter the petition number as noted on the worker's TRA - Basic claim in UIInteract.
- 6) **26<sup>th</sup> week, 26<sup>th</sup> week, or 45 days** – check appropriate box. The 45 day extension should only be used in cases in which the worker did not meet the 26/26 week deadline for a reason that was no fault of his/her own, such as staff error, school cancelled training, etc. If using the 45 day extension, provide a written explanation as to why a 45 day extension was granted.
- 7) **60 day extension** – If the worker did not meet the 26/26 week criteria, nor the 45 day extension, the 60 day extension can be used. However the 60 day extension is only appropriate in cases in which the worker had received no notification of TAA eligibility or petition extension. In those cases the 60 day extension can be granted. The 60 day extension must be granted within 60 days of the date the worker did gain knowledge or received notification of the TAA program petition certification.
- 8) **Date notified** – Enter the date on which the worker gained knowledge or received notification of the TAA program petition certification.
- 9) **Beginning Date** – Enter the Sunday date the '**initial**' waiver was issued. This date should remain the same unless the worker reaches the end of the 180 day waiver. In that case, you would enter the day following the Ending Date of the 180 day waiver.
- 10) **Ending Date** – Enter the 180<sup>th</sup> day after the Beginning Date. This date should remain the same unless the worker reaches the end of the 180 day waiver. In that case, you would enter a new date that is 180 days later than the new Beginning Date.
- 11) **Waiver review date** – Enter the date of the worker's waiver review appointment.
- 12) **Initial or Extension** – Check the appropriate box 'initial' applies to only the first waiver issued the worker under the current certified petition.
- 13) **Recall, Marketable Skills, Retirement, Health, Enrollment Unavailable, or Training Not Available** – Check the appropriate waiver category. If a secondary option is included as part of the waiver category, please check box that applies. The waiver category can change at each review.
- 14) **Applicant's Name** – self explanatory.
- 15) **Social Security Number** – Self explanatory.
- 16) **Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UIInteract.

**17)Circumstances Requiring Extension of Waiver Period** – This item only applies to the waiver category “Enrollment Unavailable”. This allows the waiver Ending Date to be extended an additional 60 days if it meets one or more of the criteria listed. If this applies check the appropriate box(es).

**18)Waiver Denied** – If the worker does not meet the criteria for waiver, please check box and provide written explanation (Example: Worker did not meet the 26/26 week timeframe). **The worker is required to sign a waiver denial.**

**19)Waiver Revocation** – If the worker no longer meets the criteria for a waiver, please check box and corresponding reason (Example of other: Worker found suitable employment). In addition, enter the effective date of the waiver revocation, sign, and date form. **The worker is required to sign a revocation.**

**20)Appeals Rights** – If a denial or revocation is issued, the worker must be informed of his/her Appeal Rights.

**21)Claimant’s Signature:** Signature of worker.

**22)Date** – Enter the date the Trade Act Navigator issued the paper waiver.

## ***Form for Trade 2011***

In cases where the worker is close to the end of their 26/26 week criteria and the TRA claim isn't yet established, it is necessary to complete the Waiver form manually. The following are instructions for completing the waiver form.

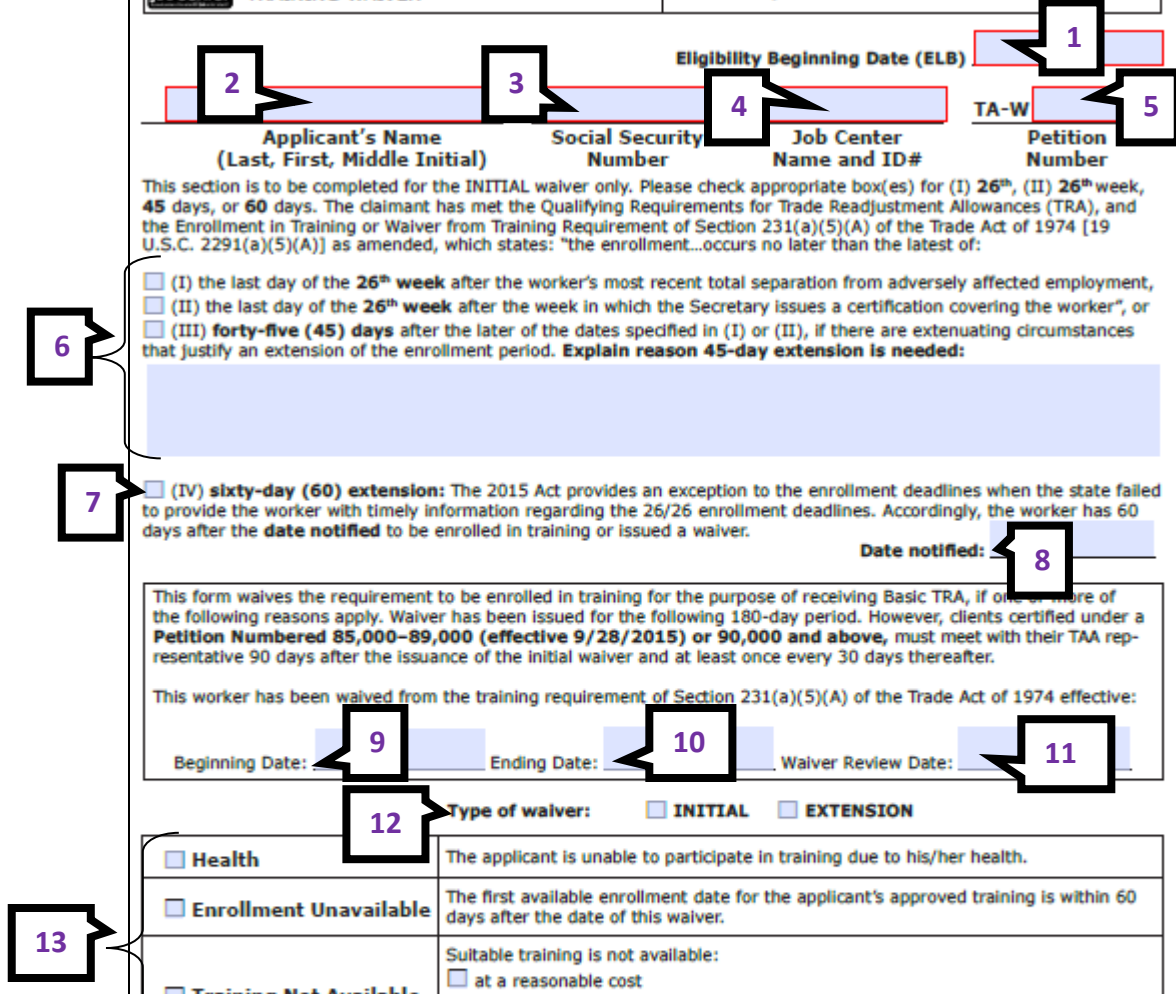

Under **Trade 2011**, only the health and training related waivers are available. Before a worker can be issued a training related waiver, the worker must have a training program selected and documented on a DWD-PO-240-A. A TAA specific training service and Completion TRA benchmarks must be documented on the worker's Individual Employment Plan (IEP) in MoJobs before a waiver is allowed to be issued (refer to the Employment Plan and Employment & Case Management sections of the manual for more information).

- 1) Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UInteract.
- 2) Applicant's Name** – Self explanatory.
- 3) Social Security Number** – Self explanatory
- 4) Job Center Number and ID#** - Self explanatory.
- 5) Petition Number** – Enter the petition number as noted on the worker's TRA - Basic claim in UInteract.
- 6) 26<sup>th</sup> week, 26<sup>th</sup> week, or 45-days** – check appropriate box. The 45-day extension should only be used in cases in which the worker did not meet the 26/26 week deadline for a reason that was no fault of their own, such as staff error, school cancelled training, etc. If using the 45-day extension, provide a written explanation as to why a 45-day extension was granted.
- 7) 60-day extension** – If the worker did not meet the 26/26 week criteria, nor the 45-day extension, the 60-day extension can be used. However the 60-day extension is only appropriate in cases in which the worker had received no notification of the Trade eligibility or petition extension. In those cases the 60-day extension can be granted. The 60-day extension must be granted within 60-day of the date the worker did gain knowledge or received notification of TAA petition certification.
- 8) Date notified** – Enter the date on which the worker gained knowledge or received notification of the TAA petition certification.
- 9) Beginning Date** – Enter the Sunday date the '**initial**' waiver was issued. This date should remain the same unless the worker reaches the end of the 180-day waiver. In that case, you would enter the day following the Ending Date of the 180-day waiver.
- 10) Ending Date** – Enter the 180<sup>th</sup> day after the Beginning Date. This date should remain the say unless the worker reaches the end of the 180-day waiver. In that case, you would enter a new date that is 180 days later than the new Beginning Date.
- 11) Waiver review date** – Enter the date of the worker's waiver review appointment.
- 12) Initial or Extension** – Check the appropriate box 'initial' applies to only the first waiver issued the worker under the current TAA certified petition.

- 13) Health, Enrollment Unavailable, or Training Not Available** – Check the appropriate waiver category. If a secondary option is included as part of the waiver category, please check box that applies.
- 14) Applicant's Name** – self explanatory.
- 15) Social Security Number** – Self explanatory
- 16) Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UInteract.
- 17) Circumstances Requiring Extension of Waiver Period** – This item only applies to the waiver category "Enrollment Unavailable". This allows the waiver Ending Date to be extended an additional 60 days if it meets one or more of the criteria listed. If this applies check the appropriate box(es).
- 18) Waiver Denied** – If the worker does not meet the criteria for waiver, please check box and provide written explanation (Example: Worker did not meet the 26/26 week timeframe). **The worker is required to sign a waiver denial.**
- 19) Waiver Revocation** – If the worker no longer meets the criteria for a waiver, please check box and corresponding reason (Example of other: Worker started training.). In addition, enter the effective date of the waiver revocation, sign, and date form. **The worker is required to sign a revocation.**
- 20) Appeals Rights** – If a denial or revocation is issued, the worker must be informed of his/her Appeal Rights.
- 21) Claimant's Signature:** Signature of worker.
- 22) Date** – Enter the date the Trade Act Navigator issued the paper waiver.
- 23) OWD TAA Representative:** Signature of Trade Act Navigator.
- 24) Date** – Enter the date the Trade Act Navigator issued the paper waiver.
- 25) Original/Copies:**
- **Initial Waivers:** Upload **Original** to worker's MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it's ready to process, and **copy** to the worker.
  - **Waiver Extensions:** Upload **Original** to worker's MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it's ready to process, and **copy** to the worker.
  - **Waiver Revocations:** Upload **Original** to worker's MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it's ready to process, and **copy** to the worker.
  - **Waiver Denials:** Upload **Original** to worker's MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it's ready to process, and **copy** to the worker.

Petition Number TA-W  Eligibility Beginning Date (ELB)

Applicant's Name (Last, First, Middle Initial)  Social Security Number

Select  Job Center Name and ID#

This section is to be completed for the INITIAL waiver only. Please check appropriate box(es) for 8<sup>th</sup>, 16<sup>th</sup> week, 45 days. The claimant has met the Qualifying Requirements for Trade Readjustment Allowances (TRA), and the Enrollment in Training or Waiver from Training Requirement of Section 231(a)(5)(A) of the Trade Act of 1974 [19 U.S.C. 2291(a)(5)(A)] as amended, which states: "the enrollment...occurs no later than the latest of:

- (I) the last day of the 16<sup>th</sup> week after the worker's most recent total separation from adversely affected employment,
- (II) the last day of the 8<sup>th</sup> week after the week in which the Secretary issues a certification covering the worker<sup>2</sup>, or
- (III) forty-five (45) days after the later of the dates specified in (I) or (II), if there are extenuating circumstances that justify an extension of the enrollment period. **Explain reason 45-day extension is needed:**

This form waives the requirement to be enrolled in training for the purpose of receiving Basic TRA, if one or more of the following reasons apply. Waiver has been issued for the following 180 day period. However, the client must meet with the TAA representative at least once every 30 days for Petitions Numbered 98,000 and above. This worker has been waived from the training requirement of Section 231(a)(5)(A) of the Trade Act of 1974 effective:

## **Form for Trade Reversion 2021**

In cases where the worker is close to the end of their 8/16 week criteria and the TRA claim isn't yet established, it is necessary to complete the Waiver form manually. The following are instructions for completing the waiver form.

Under **Trade Reversion 2021**, only the health and training related waivers are available. Before a worker can be issued a training related waiver, the worker must have a training program selected and documented on a DWD-PO-240-A. A TAA specific training service and Completion TRA benchmarks must be documented on the worker's Individual Employment Plan (IEP) in MoJobs before a waiver is allowed to be issued (refer to the Employment Plan and Employment & Case Management sections of the manual for more information).

- 1) **Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UInteract.
- 2) **Applicant's Name** – Self explanatory.
- 3) **Social Security Number** – Self explanatory.
- 4) **Job Center Number and ID#** - Self explanatory.
- 5) **Petition Number** – Enter the petition number as noted on the worker's TRA - Basic claim in UInteract.
- 6) **8<sup>th</sup> week, 16<sup>th</sup> week, or 45-days** – check appropriate box. The 45-day extension should only be used in cases in which the worker did not meet the 26/26 week deadline for a reason that was no fault of their own, such as staff error, school cancelled training, etc. If using the 45-day extension, provide a written explanation as to why a 45-day extension was granted.
- 7) **Beginning Date** – Enter the Sunday date the 'initial' waiver was issued. This date should remain the same unless the worker reaches the end of the 180-day waiver. In that case, you would enter the day following the Ending Date of the 180-day waiver.
- 8) **Ending Date** – Enter the 180<sup>th</sup> day after the Beginning Date. This date should remain the say unless the worker reaches the end of the 180-day waiver. In that case, you would enter a new date that is 180 days later than the new Beginning Date.
- 9) **Waiver review date** – Enter the date of the worker's waiver review appointment.
- 10) **Initial or Extension** – Check the appropriate box 'initial' applies to only the first waiver issued the worker under the current certified petition.
- 11) **Health, Enrollment Unavailable, or Training Not Available** – Check the appropriate waiver category. If a secondary option is included as part of the waiver category, please check box that applies. The waiver category can change at each review.
- 12) **Applicant's Name** – Self explanatory.
- 13) **Social Security Number** – Self explanatory.
- 14) **Eligibility Beginning Date** – Enter the Benefit Year Beginning (BYB) date as noted on the worker's TRA - Basic claim in UInteract.

**15)Circumstances Requiring Extension of Waiver Period** – This item only applies to the waiver category “Enrollment Unavailable”. This allows the waiver Ending Date to be extended an additional 60 days if it meets one or more of the criteria listed. If this applies check the appropriate box(es).

**16)Waiver Denied** – If the worker does not meet the criteria for waiver, please check box and provide written explanation (Example: Worker did not meet the 8/16 week timeframe). **The worker is required to sign a waiver denial.**

**17)Waiver Revocation** – If the worker no longer meets the criteria for a waiver, please check box and corresponding reason (Example of other: Worker started training.). In addition, enter the effective date of the waiver revocation, sign, and date form. **The worker is required to sign a revocation.**

**18)Appeals Rights** – If a denial or revocation is issued, the worker must be informed of his/her Appeal Rights.

**19)Claimant’s Signature:** Signature of worker.

**20)Date** – Enter the date the Trade Act Navigator issued the paper waiver.

**21)OWD TAA Representative:** Signature of Trade Act Navigator.

**22)Date** – Enter the date the Trade Act Navigator issued the paper waiver.

**23)Original/Copies:**

- ***Initial Waivers:*** Upload **Original** to worker’s MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it’s ready to process, and **copy** to the worker.
- ***Waiver Extensions:*** Upload **Original** to worker’s MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it’s ready to process, and **copy** to the worker.
- ***Waiver Revocations:*** Upload **Original** to worker’s MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it’s ready to process, and **copy** to the worker.
- ***Waiver Denials:*** Upload **Original** to worker’s MoJobs record and notify OWD Central Office Trade Act Unit via [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that it’s ready to process, and **copy** to the worker.

# EMPLOYMENT PLAN

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 5/16/23**

## EMPLOYMENT PLAN

Refer to OWD Issuance 09-2020: Statewide Individual Employment Plan Development Policy for other Employment Plan requirements.

### **Individual Employment Plans for Trade-Affected Workers:**

- a) A State must:
- 1) Make available an Individual Employment Plan (IEP); and
  - 2) Document an IEP for any trade-affected worker seeking training under subpart F ([TAA Final Rule](#)) of this part or a job search allowance under subpart D ([TAA Final Rule](#)) of this part, before the worker receives those benefits and services.
- b) An IEP must use the results of the initial and, if available, comprehensive and specialized assessment to assist in documenting a strategy to provide the trade-affected worker with the services needed to obtain employment, including the items listed in paragraph (c) of this section.
- c) An IEP must document:
- 1) The trade-affected worker's employment goal, including the targeted occupation and industry;
  - 2) The training program proposed, if any;
  - 3) Any services that will be needed by the worker to obtain suitable employment, including career services, supportive services provided through partner programs, and post-training case management services;
  - 4) If applicable, any supplement assistance (**subsistence and/or transportation payments**) required for participation in training and the basis for their calculation; and
  - 5) The worker's responsibilities under the plan.
- d) If an IEP has been previously developed with a trade-affected worker by a partner program, it must be reviewed once the worker becomes TAA Program-eligible to ensure it has the components required by paragraph (c) of this section. If the IEP does not contain the components, the IEP must be supplemented by the State in conjunction with the worker to ensure it is fully compliant with the TAA Program requirements in this part.
- e) The State must monitor the progress of the trade-affected worker in meeting the worker's responsibilities as listed in the IEP, including attendance and achievement

in approved training programs.

- f)
- 1) The State must modify the IEP as necessary to facilitate a successful performance outcome for the trade-affected worker.
  - 2) The modification must be done with the worker's input.
  - 3) At a minimum, the IEP must be modified when there is a change in the training program, receipt of supplement assistance (transportation or subsistence), or both.
- g) The State must make the trade-affected worker aware of the advantages of receiving an IEP. However, a worker must refuse to complete an IEP. Since portions of the IEP are necessary to determine eligibility for job search allowance under subpart D ([TAA Final Rule](#)) of this part and training under subpart F ([TAA Final Rule](#)) of this part, a worker's refusal to provide necessary information, either as part of the IEP or outside of the IEP process, may result in a denial of those benefits and services. This is detailed further in subparts D and F ([TAA Final Rule](#)) of this part.

### **Employment Plan:**

All TAA eligible workers must be fully registered in MoJobs.

In order to assure the readjustment of adversely affected workers as quickly and effectively as possible, such workers are afforded, when appropriate, the full range of reemployment services. In cooperation with partner agency staff, the Employment Plan (unless refused), as well as other required MoJobs screens, must be completed to document the assessment of the worker's needs and approval of required re-employment services. Assessment of the workers skills, knowledge and abilities; identification of potential barriers to employment; employment counseling, when warranted; and an outline of a step by step process to achieve reemployment are required in order to assist the worker in making realistic and successful occupational goal decisions.

Please reference the **Employment & Case Management** section of this manual for a complete list of employment and case management services that must be provided to TAA workers (unless refused). In addition, for all new TAA workers, Trade Act Navigators are *required* to complete and retain, in the worker's MoJobs record, a **TAA Case Management Checklist** form (DWD-PO-234). *Case notes must be entered to indicate the date and method the items on the **TAA Case Management Checklist** (DWD-PO-234) were discussed.*

A comprehensive reemployment plan be completed and an assessment must be done on each worker before a waiver can be issued or a training plan approved.

- **Note:** Waivers should only be issued if they are appropriate for the worker. Waivers should not be used as a place holder. Before a worker can be issued a training related waiver, the Trade Act Navigator must be able to case note what efforts the worker has attempted to enroll in or participate in training. The worker must actually be seeking training and either has submitted a DWD-PO-240-A selecting a specific training or currently working with a training facility to work out specific details of a training program.

### **Completion TRA Benchmarks:**

Under **Trade 2011**, **2015**, and **Reversion 2021**, for workers who participate in TAA approved training, two benchmarks must be met to qualify for Completion TRA. Completion TRA is available to workers who need additional weekly benefits to complete their Trade approved training after they have exhausted their UI and Basic/Additional TRA if they meet the benchmarks of “satisfactory progress” and “training end date on schedule”. **Trade Act Navigators are responsible for determining Completion TRA eligibility.** (Reference the **TRA** section for additional information.)

For all **Trade 2011**, **2015**, and **Reversion 2021** workers interested in training and Completion TRA, associated *benchmarks* must be discussed. The benchmarks must be documented in MoJobs as Objectives and included with at least one Goal. At the time the *benchmarks* are discussed, the Trade Act Navigator must enter a case note to confirm the date and manner in which the worker was notified of the benchmark requirements. In addition, all workers in training must have their training plans reviewed at least once every 60 days (**beginning with the Start Date of training**). Each time the benchmarks are reviewed with the worker, the Completion TRA Benchmark module under the TAA Application in MoJobs must be completed.

- 1) Upon failure to meet a benchmark, the State must provide a warning to the Adversely-Affected Worker (AAW) that his or her eligibility for Completion TRA is in jeopardy. The warning may be provided verbally, in writing, or both, and must be documented in the AAW’s case notes. In consultation with the AAW, the State may amend a worker’s training program as described in 618.665 ([TAA Final Rule](#)).
- 2) If a worker who has previously failed to meet a benchmark fails to meet a benchmark during a subsequent review, the State must notify the worker of his or her ineligibility for Completion TRA. The worker may elect to continue in the approved training but will not receive any Completion TRA payment; OR the training program must be amended, according to 618.665 ([TAA Final Rule](#)), and Completion TRA may resume.

- **Note:** Although benchmarks and 60-day reviews are not required under **Trade 2002, 2002 Revert, or 2009**, it is required that a similar process be used to document Employment Plan and Training Program progress.

The Division of Employment Security (DES) will review case notes to confirm compliance of the 60-day benchmark reviews and verify eligibility for Completion TRA. With agreement from DES, the following criteria will be taken into consideration:

- A worker will not be disqualified for Completion TRA for:
  - Missing one 60-day benchmark review;
  - Exceeding the 60-day timeframe by up to seven days; or
  - Job Center / Trade Act Navigator error(s).
- Effective 11/28/12, the training facility must be informed of the 60-day review criteria and be willing to comply with benchmark verification before training can be TAA approved. This requirement does not apply to workers who have been enrolled or participating in TAA approved training prior to 11/28/12. (The **DWD-PO-55** was developed as a tool for notifying the training facility of benchmark requirements.)
  - The **Completion TRA 60-Day Benchmark Requirement Progress Report (DWD-PO-235)** has been developed for use by the training facilities. Following is a screen shot of the form, which can be found on

For additional information about Missouri Office of Workforce Development services, contact a Missouri Job Center near you. Locations and additional information are available at [jobs.mo.gov](http://jobs.mo.gov) or 1-888-728-JOBS (5627). The Missouri Department of Higher Education and Workforce Development is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Missouri Relay Services at 711.

- If the training facility does not comply with verification of the benchmarks once training has begun, the worker may provide other (dated) proof that shows **satisfactory progress**. (Examples include progress report, grade printout, or school portal grade printout.)
  - TRA-22 forms that have been signed by the training official can be used to show satisfactory progress, but cannot be used to verify the End Date of training.
- If the training facility does not comply with verification of the benchmarks once training has begun, the Job Center staff is required to discuss the **timely End Date of training** with the worker during the 60-day review. This includes items such as:
  - Confirmation that the worker has not dropped any class(es) that may impact the scheduled End Date of training;
  - Confirmation that the worker has not failed any class(es) or required to retake any class(es) that will impact the scheduled End Date of training;
  - Discussion or confirmation about the worker's acceptance into a skills training program when the worker is in pre-requisite training; and
  - Availability of class(es) that may impact completion of training by the scheduled End Date.
- Workers may participate in the 60-day benchmark review by telephone or email as long as the appropriate verification of "satisfactory progress" and "timely End Date" can be obtained prior to the scheduled review. In addition, if it is determined that the worker is not meeting one or both benchmarks **or** the appropriate verification cannot be obtained from the school or worker, an in-person review would be appropriate.
- **Note:** In order for a worker to draw Completion TRA, the Trade Act Navigator must complete a **Completion TRA Eligibility Form (DWD-PO-236)** showing the worker complied with all requirements and submit it to DES-Benefits. The form must be completed when the worker is within 20 weeks of his/her End Date of training and about to exhaust his/her Additional TRA. Refer to the **TRA** section for more details.

### **Training Plan Development:**

During the development of the worker's Employment Plan, if the worker has interest in training, the Trade Act Navigator must discuss the need for a training plan.

Per USDOL, a training plan must contain all training components including remedial, pre-requisite, and skills training (and if appropriate OJT, Apprenticeship, or desired job). The training plan must be outlined in the Goal field on the Employment Plan tab and all training specific details documented in case notes.

For example, under Trade 2015, if a worker's main goal is to become an LPN, but the worker does not possess a high school diploma or HiSET certificate, the training plan

must contain verbiage about obtaining a HiSET, attending pre-requisites, and being accepted into and attending LPN training. The Goal on the Employment Plan would be to obtain suitable employment as an LPN by obtaining a HiSET and completing LPN training including required pre-requisite courses within a maximum of 130 weeks. The training details should be specified in case notes with such details as when the worker took the DWD-PO-240-A to the HiSET training provider for completion, when the worker obtained HiSET certificate, when a DWD-PO-240-A was completed for pre-requisite and LPN training, and any other milestones. Be sure to include the worker's progress.

In addition, for workers who require more than one component (remedial, pre-requisites, and skills) of training, USDOL indicated in order for the training plan to meet the "one training program per person per Trade certification", the plan must be documented prior to beginning training, and a worker cannot be allowed to "complete" a component of training without having the next component approved (processed amended training forms).

For example, if a worker is near the test date for their HiSET and they plan to attend pre-requisite and LPN training, the IEP and DWD-PO-240-A must be amended to show the pre-requisite and LPN training prior to the worker "completing" (obtaining HiSET) the remedial training.

**Note:** A TAA Application and Participation should **not** be completed in MoJobs for the worker until the Trade Act Navigator is ready to issue a waiver or service.

### **Sharing Employment Plan Information:**

When Missouri is the Agent State, it is okay for the Trade Act Navigator to share Employment Plan, case notes, etc. with the Liable State as long as the following OWD policies are followed:

- **OWD Issuance 10-2022: Statewide Confidentiality and Information Security Plan Policy:**
  - Trade Act Navigators must limit any worker's SSN to the last four digits.
  - Don't provide any unnecessary information.
  - Include the Confidentiality Statement on all emails and fax correspondence.

*"CONFIDENTIALITY STATEMENT: This message and any attachments are intended only for those to whom it is addressed and may contain information which is privileged, confidential, and prohibited from disclosure or unauthorized use under applicable law. If you are not the intended recipient of this message, you are hereby notified that any use, dissemination, or copying of this email or the information contained in this message is strictly prohibited by the sender. If you have received this transmission in error, please return the material received to the sender and delete all copies from your system."*

- **Equal Opportunity (EO):**

Include the Confidentiality Statement on all emails and fax correspondence.

EQUAL OPPORTUNITY: The Missouri Department of Higher Education and Workforce Development is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Missouri Relay Services at 711.

- **OWD Issuance 09-2022: Statewide Case Note Policy:**

- Do not include statements about medical issues, learning disabilities, previous criminal history, etc.

- **OWD Issuance 09-2020: Statewide Individual Employment Plan Development Policy:**

- Before you provide a copy of an Employment Plan to a Liable State, make sure all required information is included in the Employment Plan or designated area.

## Alien Verification

### **Verification of Eligibility for Program Benefits:**

- a) *Overall program eligibility.* In addition to all other eligibility criteria contained in this part, an individual must also be authorized to work in the United States to receive benefits under the TAA Program. States are required to verify the status of participants who are not a citizen or national of the United States.
- b) *Initial verification.* All States are required, under section 1137(d) of SSA (42 U.S.C. 132b-7(d)), to initially verify the immigration status of self-reporting aliens who apply for UI through the system designated by the U.S. Customs and Immigration Service or (USCIS), currently the Systematic Alien Verification for Entitlement (SAVE) program. No further verification is required except as described in paragraph (c) of this section.
- c) *Reverification.*
  - 1) Once a State has verified satisfactory immigration status initially, the State must re-verify the worker's immigration status if the documentation provided during initial verification will expire during the period in which that worker is potentially eligible to receive benefits under this subchapter ([TAA Final Rule](#)).
  - 2) The State must conduct such redetermination in a timely manner, using the immigration status verification system described in section 1137(d) of SSA (42 U.S.C. 1320b-7(d)) or by review of other documentation, as described in that provision.

The state must verify the immigration status of workers who are not a citizen or national of the United States. The Job Center staff is required to verify the immigration status of self-reporting aliens who apply for TAA services. The alien is required to provide an alien registration document with an alien registration number, or provide such other documents to verify reasonable evidence indicating a satisfactory immigration status.

The UInteract system includes programming that alerts their staff of the expiration of satisfactory immigration status for UI/TRA workers. If the Job Center is unable to verify immigration status of a worker, the information can be accessed by contacting the Division of Employment Security (DES).

The workers' immigration status must be re-verified if the immigration documentation originally provided will expire during the period in which that worker is eligible to receive TAA services. The re-verification must be conducted in a timely manner.

If the original verification indicates that the immigration status will not expire during the time the worker is potentially eligible to receive TAA services, no further action is necessary.

- **Note:** If a worker's satisfactory immigration status expires, that worker is no longer entitled to TAA benefits and services.

One of the six training approval criteria is that there will be a reasonable expectation of employment following the completion of the training program. Therefore, a training program cannot be approved if the immigration status will expire prior to the completion of the training program.

## Case Management

Prior to workers being offered employment and case management services, the worker is provided an Initial Assessment. Please refer to the **Initial Assessment** section of the manual for more details.

Per United States Department of Labor (USDOL) instructions, Trade Act Navigators are *required* to complete a **TAA Required Checklist (DWD-PO-234)** for each new TAA worker. Trade Act Navigators are required to maintain the form in the worker's MoJobs record and case note the date and manner the information was provided to the worker. The **DWD-PO-234** can be found at

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Case Management

The purpose of the form is to ensure that workers are provided all required employment and case management services. The DWD-PO-234 is also used to remind Trade Act Navigators to add case notes in MoJobs to develop a better Employment Plan and/or Training Plan. Workers can refuse to participate in employment and case management services. However, refusal to participate in employment and case management services may result in denial of training and/or job search allowance.

The following page shows a screenshot of the **DWD-PO-234**.

- At a minimum, case note the following information as discussed or information is obtained:
  - Trade affected employer and petition number
  - Date overview of TAA Benefits and Services provided
  - Upload the DWD-5542 and participant's decision to co-enrollment into WIOA Dislocated Worker program
  - Results of Initial Assessment and Intake
  - Date Employment & Case Management Services were provided (do not have to be provided all on the same day), declined, or referred to partner staff for these services (Trade Reversion 2021)
  - Results of assessments
  - Date the Individual Employment Plan was developed
  - Training interest and next steps
    - Reasonable cost comparison
    - Length of training
    - Types of training (remedial, prerequisite, skills, OJT, and/or apprenticeship)
    - Training attendance (full or part-time and classroom or online training/distance learning)
    - Funding source(s) of training
    - Skills gap(s)
  - TRA eligibility (types of TRA) and/or Financial Statement (if applicable)
  - Date RTAA/ATAA was discussed
  - Date HCTC was discussed
  - Referral to other staff/agencies or discussion of financial aid, workshops, job search, Labor Market Information, and WIOA services, including supportive services and needs-related payments
  - Date the client was notified of the 26/26 or 8/16 week criteria
  - If applicable, date the client was notified of the Completion of TRA Benchmarks
  - Types of barriers and goals to overcome barriers identified

The State must make available the employment and case management service to trade-affected workers who apply for or are seeking receipt of TAA Program benefits and services, and ensure that those workers are informed of the availability of:

1. **Comprehensive and specialized assessment** of skill level and service needs, including through:
  - a) Diagnostic testing and use of other assessment tools; and
  - b) In-depth interviewing and evaluation to identify employment barriers and appropriate employment goals.
2. Development of an **individual employment plan (IEP)** to identify employment goals and objectives, and appropriate training to achieve those goals and objectives.
3. **Information on training available in local and regional areas**, information on individual counseling to determine which training is suitable training, and information on how to apply for such training.
4. **Information on how to apply for financial aid**, including referring workers to educational opportunity centers described in Section 402F of the Higher Education Act of 1965, as amended (HEA) (20 U.S.C. 107a-16), where applicable, and notifying workers that they may request financial aid administrators at institutions of higher education (as defined in section 102 of HEA (20 U.S.C. 1002)) use the administrators' discretion under section 479A of HEAL (20 U.S.C. 1087tt) to use current year income data, rather than preceding-year income data, for determining the amount of the workers' need for Federal financial assistance under title IV of HEA (20 U.S.C. 1070 *et seq.*).
5. **Short-term prevocational services**, including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct to prepare trade-affected workers for employment or training.
6. **Individual and group career counseling**, including job search and placement counseling, during the period in which the worker is receiving a trade adjustment allowance or training, and after receiving such training for purposes of job placement and employment retention.
7. Provision of **employment statistics information**, including the provision of accurate information relating to local, regional, and national labor market areas, including -
  - a) Job vacancy listing in such labor market areas

- b) Information on job skills necessary to obtain jobs identified in job-vacancy listings (described in item “a” above)
- c) Information relating to local occupations that are in demand and earnings potential of such occupations; and
- d) Skills requirements for local occupations (described in item “c” above)

8. **Information relating to availability of supportive services**, available through partner programs, including services relating to childcare, transportation, dependent care, housing assistance, and needs related payments that are necessary to enable a trade-affected worker to participate in training.

Effective September 21, 2020, with TAA Final Rule, co-enrollment is mandated between TAA and Workforce Innovation and Opportunity Act (WIOA) Dislocated Workers Programs except in rare case. An example of when co-enrollment is not required is when a trade-affected worker is not enrollment in selected services. Selective services registration is a requirement for WIOA Dislocated Workers Program. In this instance, co-enrollment is not allowable because the trade affected worker does not meet WIOA Dislocated Workers Program requirements. Also note that a trade-affected worker can refuse to be co-enrolled into WIOA Dislocated Workers Program.

Co-enrollments and multiple enrollments allow trade-affected workers to receive supportive services and follow up services that may assist in a quicker transition to work. It is vital that the Job Center develop a comprehensive and complete re-employment plan in order to determine the needs for training and reemployment needs. This data will also be used to make accurate employability and waiver determinations.

Early assessment will give case management staff the information necessary to advise, counsel, and refer workers to appropriate partner agencies and training providers.

The re-employment plan and case notes must demonstrate that all eight items listed above have been provided or offered to the workers. If the worker refuses employment and case management services, case notes must reflect the date the service(s) were offered and refused. This documentation must be uploaded in MoJobs and recorded as a case note. There must also be documentation that each worker has been notified of the 26/26 week (or 8/16 week) criteria for training enrollments and/or issuance of a waiver.

The purpose of the case management services is to provide workers the necessary information and support for them to achieve sustainable employment. Therefore, these services must be made available to workers over the course of their participation in the Trade Act program, in an integrated manner that suits their individual needs at a particular time.

- For workers participating in classroom training or distance learning, employment and case management services must be offered to the trade-affected worker at the 60-

day Completion TRA benchmark reviews.

- For workers participating in On-the-Job Training or Apprenticeship training, employment and case management services must be offered at least once every 90 days (or once a quarter).

Skills assessments must be geared towards evaluating whether the worker meets the TAA training criteria or matches up to specific career opportunities. The individual employment plan must use and be guided by the results of the skill assessments. The employment plan should, in turn, lead to support for finding suitable/sustainable employment and/or development of a training plan that addresses any skill gap made evident by the assessments, including remedial or prerequisite training where appropriate. Career counseling and labor market information should be included as part of the development of the employment and training plans. Information on financial aid and supportive services must be available for the workers. Career counseling and other informational resources must also be available after an individual completes training.

Early intervention services that include orientation; initial assessment of skill levels, aptitudes and abilities; provision of labor market information; job search assistance; and financial management workshops continue to be a priority for workers in the TAA program.

Under **all versions of TAA**, TAA case management funds are provided. If the Trade Act Navigator provides employment and case management services to a worker certified, those services must be charged to **Trade Case Management (TAA-385)**.

Under all versions of Trade Act, any administrative services (or “NON” employment and non-case management services) provided by Trade Act Navigators are charged to **Trade Admin (TAA-501)**.

Under all versions of the TAA program, any OWD staff person that participates in training about *Trade Act Case Management* are to charge their time to **Trade Act Case Management Training (TAA-503)**.

- **Trade Case Management (TAA-385)** funds can be used to fund the following services / activities:
  - Provide required “employment and case management” services:
    - Administer **Assessment(s)** to workers
    - Development of **Reemployment Plans**
    - Provide **Information on Available Training** and the application process
    - Provide information on how to apply for **Financial Aid**
    - Provide information on **Prevocational Services** (workshops)
    - Provide **Individual Career Counseling**
    - Provide **Employment Statistics Information**
    - Provide information relating to the availability of **Supportive Services**
  - Participate in business service activities that contribute to the employment of TAA Customer

- Employee Transition Team (ETT) Meetings
    - Trade Act Orientations
  - Assist workers with completion of Membership Screens and/or initial intake
  - Provide job development and/or placement services
  - Administer test(s) to workers
  - Assist workers with completing the employment registration (jobs.mo.gov)
  - Assist workers with staff-assisted job search (jobs.mo.gov)
  - Explain / notify workers of Trade Act benefits and services
  - Make necessary entries into the case management system
  - Recommend and review training waivers
  - Issue, approve, extend, and/or revoke training waivers
  - Provide and/or Accept TRA-22 forms
  - Approve or deny a request for training or OJT (including transportation and/or subsistence)
  - Develop training plans and/or OJT contracts
  - Explain / notify workers of Completion TRA benchmark requirements
  - Hold Completion TRA 60-day benchmark reviews
  - Complete a Job Search Allowance form(s)
  - Complete a Relocation Allowance form(s)
  - Assist a worker complete a RTAA / ATAA form
  - Provide Trade Act training to TAA and non-TAA staff
  - Pay for assessment / test fees related to being accepted into a training component or training program (reference the **Invoice section** of the manual for more details).
- **Trade Admin (TAA-501) funds can be used to fund the following services / activities:**
    - Complete and submit a Trade Act petition (form or online)
    - File individual TRA/Trade Act claims for workers (DES Central Office)
    - Send notification letters to Trade affected workers (DES Central Office staff)
    - Place legal notice in local newspaper in area of layoff (DES Central Office staff)
    - Process Trade Act training or On-the-Job Training (OJT) invoices
    - Process High School Equivalency (HSE) / HiSET testing requests
    - Process TRA-22s for TRA and/or transportation / subsistence (DES Central Office staff)
    - Issue TRA payments (DES Central Office staff)
    - Issue transportation and/or subsistence payments (DES Central Office staff)
    - Issue a Completion TRA eligibility determination
    - Approve or deny a request for Job Search Allowance
    - Issue Job Search Allowance payment (DES Central Office staff)
    - Approve or deny a request for Relocation Allowance
    - Issue Relocation Allowance payment (DES Central Office staff)
    - Approve or deny a request for RTAA / ATAA (DES Central Office staff)
    - Issue an RTAA / ATAA payment (DES Central Office staff)
    - Participate in appeal process for a Trade Act Benefits or Service

- Participate in appeal process for any Training Related Costs (Book, Supply, Fee, etc.)
- ~~Submit worker records to IRS for Health Coverage Tax Credit (HCTC) purposes (DES Central Office staff)~~
- Conduct or participate in TAA program monitoring / auditing

TAA workers must be made aware of services available at other agencies. This allows the workers to receive supportive services that may assist in a quicker transition to work. Assessments must be done to provide data for the Job Center staff to use in making determinations regarding training enrollments, issuance of waivers, and reemployment needs.

Workers must have a complete assessment, TAA Application, Participation, and concise reemployment plan (Individual Employment Plan) recorded in MoJobs **before** the worker can receive a waiver or service.

- Waivers must only be issued if they are appropriate for the worker.
- Waivers must not be used as a place holder.

Before a worker can be issued a training related waiver, you must be able to case note what efforts the worker has attempted to attend training. The worker must actually be seeking training and either has submitted a DWD-PO-240 selecting a specific training or currently working with a training facility to work out specific details of a training program.

Under **Trade 2011, 2015, and Reversion 2021**, workers interested in TAA funded training must be notified of Completion TRA benchmarks. **The benchmarks must be listed as Objectives related to Goals on the Individual Employment Plan (IEP). The notification of Completion TRA benchmarks, must be documented as a case note in MoJobs. The results of the Completion TRA 60-day reviews must be documented under the Benchmark module within the TAA Application in MoJobs.** (Reference the TRA and Employment Plan sections for additional information.)

- Although benchmarks and 60-day reviews are not required under **Trade 2002, 2002 Revert, or 2009**, it is required that a similar process be used to document Employment Plan and Training Program progress.

Information about 60-day Completion TRA benchmark reviews can be found in the Employment Plan section of the manual.

**Note:** The Trade Adjustment Assistance (TAA) Application and Participation in MoJobs must not be completed until the Trade Act Navigator is ready to issue a waiver or service.

### **Case Notes:**

A large part of case managing a worker is adding details in case notes. Case notes must be added to the worker's MoJobs record for the following:

- To document the date and manner in which the required "employment and case management" services were provided or offered.
- To document the date and manner in which the worker was notified of the Completion TRA benchmark requirements (if applicable).
- To document the date and manner in which a Trade Act form was submitted to either OWD or DES Central Office.
- To document the worker's overall training plan (components: remedial, pre-requisites, skills, OJT, and/or Apprenticeship). As details become available, they must be added to case notes (dates, schools, etc.).
- To document the date and manner in which an invoice was submitted to OWD Central Office (be sure to include the date of the invoice or the semester the invoice covers, the amount of the invoices, and the name of the school).
- To document any interaction between the Trade Act Navigator (or other OWD staff person) and the worker including the date, the reason, the result, and any required follow up.
- To document information about comparing "similar or like" training for training approval or research for most "reasonably priced" training facility.
- To document the need to exceed the soft cap.
- To document any Third Party request.
- To document the approval of any non-ETPS training facility or program.
- To document early attempts of encouraging a worker to participate in training through the waiver process.
- To document receipt and completion of TRA-22 forms including attendance and if applicable the amount of transportation and/or subsistence. The case note should also note if the TRA-22 form was submitted to Division of Employment Security (DES) or uploaded into the worker's MoJobs record (attendance only TRA-22 forms).

- If the worker is participating under **Trade Reversion 2021**, the worker must review and sign the [ATAA or TAA Choice Document \(DWD-5546\)](#). The form must be uploaded via case note into MoJobs.

Be sure your case note follows **OWD Issuance 09-2022: Statewide Case Note Policy** and the Equal Opportunity (EO) requirements.

# REQUEST FOR TRAINING

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 1/19/23**

## TAA FINAL RULE SCOPE

Training provided must be at a reasonable cost and as quickly as possible, assist a trade-affected worker in obtaining the necessary skills to have a reasonable expectation of reemployment. All else being equal, States should prefer training that replaces 100% or more of a trade-affected worker's wage in adversely affected employment or that qualifies as suitable employment.

### **Additional Training Information:**

- [Training and Employment Guidance Letter \(TEGL\) 3-20](#)
- OWD Issuance 06-2020: TAA Reasonable Cost of Training Policy - [https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020\\_taa\\_reasonable\\_cost\\_policy\\_09162020.pdf](https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020_taa_reasonable_cost_policy_09162020.pdf)

## Soft Cap for TAA Approved Training

### Soft Cap for TAA Funded/Approved Training (all versions of the TAA program):

Training under the TAA program cannot be denied solely on costs. In Missouri, to allow TAA training funds to be available for all trade-affected workers interested and eligible for training, a soft cap has been established. All training caps are 'soft' caps meaning that higher cost training can be approved with documentation to show it is the most appropriate training for the worker.

Per USDOL, trade-affected workers must not be required to use their Pell Grants or WIOA training funds towards TAA approved training if TAA training funds are available. If a worker wishes to participate in training that exceeds the soft cap, but a "similar or like" training program is found that is at a more reasonable cost, the "similar or like" training will be approved.

The soft cap for skills training is set at \$20,000 for all versions of the Trade Act program.

If a worker requests training that exceeds the soft cap, the Trade Act Navigator is responsible for verifying that there is no "similar or like training" available at a more reasonable cost within the worker's "commuting area". When the Trade Act Navigator calculates the cost of the "similar or like training", the costs for transportation and/or subsistence must be included if applicable.

If no "similar or like training" is found and the requested training exceeds the soft cap, the Trade Act Navigator must obtain approval from the OWD Central TAA Unit; for documentation purposes, it is requested that the OWD Central TAA Unit be contacted via email at [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov). Prior to contacting the OWD Central TAA Unit, the Trade Act Navigator must enter a case note in MoJobs regarding the results of the "similar or like training" verification. In addition, the case note must include the statement that the training requested is the most appropriate training for the worker.

Trade Act Navigators must refer to **OWD Issuance 06-2020, Trade Adjustment Assistance Reasonable Cost of Training Policy** ([https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020\\_taa\\_reasonable\\_cost\\_policy\\_09162020.pdf](https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020_taa_reasonable_cost_policy_09162020.pdf)) for additional information.

## Trade Act Training Approval:

Per Federal Regulation 20 CFR 618.625(d)(2)(i), “*A training program must not be approved if the trade-affected worker is required to pay any of the costs of the training program from funds belonging to the worker, including funds from relatives or friends, or from personal or educational loans that will require repayment.*” Workers cannot pay for any part of their required TAA training; this includes reimbursement of any required costs, including but not limited to, fees, tuition, books, supplies, equipment, etc. Any worker who does not follow this regulation, may jeopardize his/her eligibility to TAA approved training.

### Trade Reform 2002

- Worker must have a qualifying separation from the trade-affected employer.
- Worker must have established TRA claim (if Missouri is the Liable State).
- Training must be full-time.
- Remedial education is an approvable form of training. Remedial classes consist of HSE, ABE, ESL, or LEP.
- Prerequisite classes are approvable but are **NOT** eligible for **Remedial TRA**.
- Training enrollments can be a combination of remedial, pre-requisite, and skills training.
- Maximum length of pre-requisite and skills training is 104 weeks.
- Up to an additional 26 weeks of training is available for those workers who attend remedial classes.
- Total training weeks 130.
- For training that extends beyond the length of weekly benefit payment eligibility, the worker must be able to document that they are able to support themselves while attending school and not receiving weekly benefit payments (financial statement).
- For eligibility for Additional TRA, the worker must make a timely request for TAA approved training with 210 days of their first qualifying separation or petition certification date.
- **The soft cap for skills training is set at \$20,000 for all versions of the TAA program.**

---

### Trade and Globalization Adjustment Assistance Act (TGAAA) of 2009

- Workers can be enrolled in TAA approved training prior to being separated from the Trade affected employer (adversely affected incumbent worker).
- Worker must have established a TRA claim (if Missouri is the Liable State) unless they are an adversely affected incumbent worker.
- Registered apprenticeship and other apprenticeship programs can be approved as a form of training.
- Full-time and part-time training is approvable.
  - Part-time training is not eligible for TRA weekly benefits.

- Prerequisite classes are approvable and eligible for **Remedial TRA**.
- Training enrollments can be a combination of remedial training, prerequisites and skills training.
- Maximum length of training is 156 weeks.
- For training that extends beyond the length of weekly benefit payment eligibility, the worker must be able to document that they are able to support themselves while attending school and not receiving weekly benefit payments (TAA Financial Attestation).
- **The soft cap for skills training is set at \$20,000 for all versions of the TAA program.**

---

### Trade 2002 Revert

- Worker must have qualifying separation from the trade-affected employer.
- Worker must have established a TRA claim (if Missouri is the Liable State).
- Training must be full-time.
- Remedial education is an approvable form of training. Remedial classes consist of HSE, ABE ESL, or LEP.
- Prerequisite classes are approvable but are **NOT** eligible for **Remedial TRA**.
- Training enrollments can be a combination of remedial, pre-requisite, and skills training.
- Maximum length of pre-requisite and skills training is 104 weeks.
- Up to an additional 26 weeks of training is available for those workers who attend remedial classes.
- Total training weeks 130.
- For training that extends beyond the length of weekly benefit payment eligibility, the worker must be able to document that they are able to support themselves while attending school and not receiving weekly benefit payments (TAA Financial Attestation).
- For eligibility for Additional TRA, the worker must make a timely request for TAA approved training with 210 days of their first qualifying separation or petition certification date.
- **The soft cap for skills training is set at \$20,000 for all versions of the TAA program.**

---

### Trade Adjustment Assistance Extension Act (TAAEA) of 2011

- Workers can be enrolled in TAA approved training prior to being separated from the trade-affected employer (adversely affected incumbent worker).
- Worker must have established a TRA claim (if Missouri is the Liable State) unless they are an adversely affected incumbent worker.
- Registered apprenticeship and other apprenticeship programs can be approved as a form of training.

- Full-time and part-time training is approvable.
  - Part-time training is not eligible for TRA weekly benefits.
- Training enrollments can be a combination of remedial training, prerequisites, and skills training.
- Maximum length of training is 130 weeks.
- For training that extends beyond the length of weekly benefit payment eligibility, the worker must be able to document that they are able to support themselves while attending school and not receiving weekly benefit payments (TAA Financial Attestation).
- **The soft cap for skills training is set at \$20,000 for all versions of the TAA program.**

---

### **Trade Adjustment Assistance Reauthorization Act of (TAARA) of 2015**

- Workers can be enrolled in Trade Act approved training prior to being separated from the Trade affected employer (adversely affected incumbent worker).
- Worker must have established a TRA claim (if Missouri is the Liable State) unless they are an adversely affected incumbent worker.
- Registered apprenticeship and other apprenticeship programs can be approved as a form of training.
- Full-time and part-time training is approvable.
  - Part-time training is not eligible for TRA weekly benefits.
- Training enrollments can be a combination of remedial training, prerequisites, and skills training.
- Maximum length of training is 130 weeks.
- For training that extends beyond the length of weekly benefit payment eligibility, the worker must be able to document that they are able to support themselves while attending school and not receiving weekly benefit payments (TAA Financial Attestation).
- **The soft cap for skills training is set at \$20,000 for all versions of the TAA program.**

---

### **Trade Adjustment Assistance Reversion 2021**

- Worker must have established a TRA claim (if Missouri is the Liable State).
- Registered apprenticeship and other apprenticeship programs can be approved as a form of training.
- Full-time and part-time training is approvable.
  - Part-time training **IS ELIGIBLE** for TRA weekly benefits.
- Training enrollments can be a combination of remedial training, prerequisites, and skills training.
- Maximum length of training is 130 weeks.

- For training that extends beyond the length of weekly benefit payment eligibility, the worker must be able to document that they are able to support themselves while attending school and not receiving weekly benefit payments (TAA Financial Attestation).
- For eligibility for Additional TRA, the worker must make a timely request for TAA approved training with 210 days of their first qualifying separation or petition certification date.
- The soft cap for skills training is set at \$20,000 for all versions of the TAA program.

### **Full-Time Training:**

Workers who want to participate in classroom training / distance learning under **Trade 2002** and **2002 Revert** must attend full-time\*.

Workers who want to draw TRA while participating in classroom training / distance learning under **Trade 2009, 2011, and 2015** must participate in full-time\* training.

Workers who want to draw TRA while participating in classroom training / distance learning under **Trade Reversion 2021** must participate in full-time or part-time training.

Full-time training is defined by the training institution. [**Note:** For distance learning, there must be benchmarks or ways to measure (assignments, tests, etc.) that the worker is meeting full-time training standards in order to draw TRA.]

\*The only exception to full-time participation is the final semester of training. If the training institution does not offer enough courses for a worker to be deemed full-time, United States Department of Labor (USDOL) allows the worker to be considered full-time for TAA purposes. In all other semesters, the worker must meet the training institution's definition of full-time.

If there is a semester or semesters in which the training institute does not offer a course or courses required for a worker's training program, the worker may attend filler courses. USDOL recommends that the filler courses be employment related but the linkage is not required. The worker cannot exceed the maximum weeks in training.

### **Part-Time Training:**

Under **Trade 2009, 2011, and 2015**, part-time training is approvable for trade-affected workers. Workers attending part-time training will not be eligible for TRA weekly benefits. Participation in part-time training can allow a worker to work full-time in non-suitable employment. (Under **Trade Reversion 2021**, part-time training is approvable and workers are allowed to draw TRA weekly benefits.)

To be eligible for TAA approved part-time training under **Trade 2009, 2011, and 2015**, the worker:

- 1) Will not be eligible for TRA weekly benefits.
- 2) Must select training that meets Trade Act approval criteria
- 3) Must demonstrate financial ability to support him/herself.

**Adversely Affected Incumbent Workers (Pre-Separation Training):**

Trade 2009, 2011, and 2015 allows for training to be approved before separation for adversely affected incumbent workers. The Act defines an adversely affected incumbent worker as a worker who:

- 1) Is a member of a group of workers certified as eligible to apply for the TAA Program;
- 2) Has not been totally or partially separated from adversely affected employment;
- 3) The Department determines, on an individual basis, is threatened with total or partial separation (has a documented threat of layoff).

**Job Center Determination** – The Trade Act Navigator must determine that the worker has been individually threatened with layoff from a TAA certified employer based on a layoff letter, notice of termination, or similar documentation. The Job Center may accept other documentation of a threat of total or partial separation from the firm or other reliable source in making a determination that a worker is an adversely affected worker entitled to pre-separation training.

- **Note:** It will be necessary for the Job Center staff to document their findings in case notes and upload any supporting documentation in MoJobs as the Division of Employment Security (DES) will not allow these workers to file TRA claims unless they have a qualifying separation from the trade affected employer.

**Trade Incumbent Worker Training vs. WIOA Incumbent Worker Training** – Trade incumbent worker training is not the same as WIOA incumbent worker training. WIOA incumbent worker training programs is retraining the worker with new skills to allow the

worker to *continue* employment with an employer. TAA incumbent worker training is intended to allow earlier intervention where layoffs are planned in advance and the employer can specifically identify which workers will be affected. Trade incumbent worker training allows a worker who has received a documented threat of layoff from a TAA certified employer to receive TAA services, including training, while still employed with the TAA certified employer.

**Purpose for Incumbent Worker Training** – Adversely affected incumbent workers may begin training prior to layoff, thereby lessening the amount of time needed to complete the training program after the separation occurs and lessening the worker’s overall length of unemployment.

**Services for Trade Eligible Incumbent Workers** – The services to be provided to the incumbent workers are the same as for adversely affected workers. The incumbent workers are entitled to employment and case management services to ensure that they have the same assistance in development of a reemployment plan.

**Incumbent Worker Training Limitations** – The following items should be considered when making a determination on incumbent worker training requests:

- 1) Incumbent worker training does not include On-the-Job Training (OJT).
- 2) Incumbent worker training may include customized training for another position with the current employer, but only if the position is not similarly threatened by trade (i.e. the new position is outside of a subdivision with a trade-certified worker group).
- 3) Incumbent worker training program that began prior to the worker’s separation, counts as the one and only training program allowed under that petition certification.
- 4) It should be determined that the incumbent worker training program will meet the long term needs of the worker (based on the expectation that they will be laid off).
- 5) Incumbent worker training cannot exceed the 156-week maximum for **Trade 2009** OR the 130-week maximum for **Trade 2011** or **2015** training allowances.
- 6) While attending incumbent worker training, workers will not be eligible for TRA weekly benefits (or need to file a TRA claim).
- 7) If the threat of layoff disappears, the worker must be terminated from the incumbent worker training program.

## Verification of Threat of Separation for Workers enrolled in Incumbent Worker Training

The Job Center must continue to evaluate whether the threat of total or partial separation continues. **This can be done by verifying with the employer on a regular basis that the threat of separation still exists. This should be done before each subsequent portion of training is funded. (Such as prior to the beginning of each semester or session.)**

Once the worker is laid off from the trade affected employer, it is appropriate for the worker to file a TRA/Trade Act claim with the Division of Employment Security (DES).

**Loss of Threat of Separation** – If the threat of separation is removed during an incumbent worker training program, funding of the training must cease. The worker would be eligible to complete any portion of the training program where TAA funds have already been expended, but would not be eligible for further TAA funding of the training program due to the absence of a threatened or actual separation from the adversely affected employment.

The worker may resume the approved training program upon the return of the threat of layoff OR in the event of total qualifying separation.

### **Apprenticeship:**

Under **Trade 2009, 2011, 2015, and Reversion 2021**, the TAA program can pay for apprenticeship programs. Apprenticeship programs offer workers employment and a combination of on-the-job learning and related classroom instruction/training.

Because the employer pays the worker's wages during the apprenticeship programs,

the on-the-job learning portion of apprenticeship training disqualifies the worker for Trade Readjustment Allowance (TRA). However, workers who are 50 years old or older are also eligible to participate in Reemployment Trade Adjustment Assistance (RTAA) under **Trade 2009, 2011, and 2015**. Combining Apprenticeship and Alternative Trade Adjustment Assistance (ATAA) under **Trade Reversion 2021** is not allowable.

Apprentices are employed at the start of their apprenticeship programs. The length of registered apprenticeship and other apprenticeship programs varies depending on the specific occupation and/or the version of the TAA program the worker is eligible under.

Adversely affected workers can access apprenticeship programs by contacting their State's Registered Apprenticeship Office. The contact person for Missouri is:

Trace Laughery, State Director  
Phone (417) 831-1693

Information is also available on Jobs.Mo.Gov – Apprenticeship Missouri at <https://jobs.mo.gov/content/moapprenticeships> and Missouri Apprentice Connect at <https://www.moapprenticeconnect.com/>.

The length of the paid work-based learning (or on-the-job learning) component must not exceed 130 weeks. However, the length of the educational or instructional training component may exceed 130 weeks and continue through the scheduled completion of that specific apprenticeship training.

## REQUEST FOR TRAINING

All workers interested in classroom training and/or distance learning must review and sign the **Notice of Applicant's Rights for TAA Training (DWD-PO-272)** form.

### Training Plan Development:

- During the development of the worker's Individual Employment Plan (IEP), if the worker has interest in training, the Trade Act Navigator must discuss the need for a training plan. Under TAA Final Rule, a worker can refuse to participate in the development of an IEP, but his/her training may be denied.

Per USDOL, a training plan must contain all training components including remedial, pre-requisite, skills training, On-the-Job Training, and/or Apprenticeship. The training plan must be outlined in the Goal portion of the IEP in MoJobs and all training specific details documented in case notes.

For example, under **Trade 2015**, if a worker's main goal is to become an LPN, but the worker does not possess a high school diploma or HSE certificate, the training plan must contain verbiage about obtaining a HiSET, attending pre-requisites, and being accepted and attending LPN training. The Goal of the IEP in MoJobs would be to obtain suitable employment as an LPN by obtaining a HiSET and completing LPN training including required pre-requisite courses within a maximum of 130 weeks. (Refer to the **Employment Plan** section of the manual for more requirements.) The training details should be specified in case notes with such details as when the worker took the DWD-PO-240-A to the HiSET school for completion, when the worker plans to take the HiSET test, when the worker plans to start the pre-requisite and skills training for LPN degree/certificate, when the worker obtains his/her HiSET certificate, when a DWD-PO-240-A is completed for pre-requisite and LPN training, and any other milestones. Be sure to include the worker's progress.

- When developing and/or amending a training plan, the Trade Act Navigator must enter a case note on the worker's MoJobs record to include at a minimum:
  - Estimated start and end dates of training
  - Name of training facility
  - Name of training program
  - All necessary training components (remedial, pre-requisites, and/or skills training)
  - If transportation and/or subsistence is applicable
- For **Trade 2011**, **2015**, and **Reversion 2021** training, workers that intend to participate in training must be informed of the Completion TRA benchmark requirements; the date and manner in which the worker is informed must be documented as a case note in MoJobs. When a worker is placed in a TAA specific service, the two required benchmarks must be added to the worker's Employment Plan. Additionally, for workers to remain eligible for Completion TRA, (s)he must

participate in benchmark reviews at least once every 60-days beginning with the start date of training; the results of the benchmark reviews must be documented in the “Training Benchmarks” module under the TAA Application in MoJobs. For **Trade 2002, 2002 Revert**, and **2009** training, USDOL requires a similar approach as the benchmark 60-day reviews to document the worker’s training progress.

- Additionally, for workers who require more than one component (remedial, pre-requisites, skills, OJT, and/or Apprenticeship) of training, USDOL indicates in order for the training plan to meet the “one training program per person per TAA certification”, the entire plan must be documented prior to beginning training, and a worker cannot be allowed to “complete” a component of training without having the next component approved (processed amended training forms).

For example, if a worker is near the test date for their HiSET and (s)he plans to attend pre-requisites and LPN training, the DWD-PO-240-A form must be amended to show the pre-requisite and LPN training prior to the worker “completing” (obtaining HSE/HiSet) the remedial training.

### **Overall Request Process:**

The DWD-PO-240-A form is required in the request for training. When a worker is interested in training, the normal steps to request training are as follows:

1. The worker establishes TRA claim with DES.
2. The Trade Act Navigator reviews the Applicant Rights for Training (DWD-PO-272) form with the worker and obtains signature.
3. The Worker is provided with the Client Follow up Tasks (DWD-PO-265) form. It requires the worker to complete a few tasks before jumping right into training.
4. The worker is provided the Training Plan Research Packet (DWD-PO-248) form. This form requires the worker to research three training options for comparison.
5. The worker signs the “Trainee Information” section of the DWD-PO-240 to establish a timely application. **The timely application process applies only to workers eligible under Trade 2002, 2002 Revert, and Reversion 2021. Trade 2009, 2011, and 2015 repealed the timely application requirement.**
6. The worker is given a Request for Training (DWD-PO-240-A) form that (s)he must take to the training facility they plan to attend. It should be accompanied by:
  - DWD-PO-270 Letter
  - Individual Certification and Training Agreement - Instructions
  - Benchmark Notification (DWD-PO-55)
  - DWD-PO-55 Instructions
7. The training facility completes the “Individual Certification and Training Agreement” section of the DWD-PO-240-A with information pertaining to the type, cost, and length of training.
8. Either the worker or the training facility returns the DWD-PO-240-A to the Job Center.
9. The Job Center staff reviews the request for appropriateness and must determine whether or not the training is approvable. **Note: Training determinations are the**

***responsibility of the Job Center staff.*** If the training does not meet **ALL** training criteria, **DO NOT SEND THE DWD-PO-240-A TO OWD CENTRAL OFFICE TAA UNIT.**

- If the training is not approvable, the Job Center issues the worker a denial in the “Agency Determination” section of the DWD-PO-240-A. The worker is informed of his/her appeal rights. The DWD-PO-240-A is uploaded into MoJobs via case note. The Trade Act Navigator send an email about the denial to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov).
  - If the training is approvable, the Job Center completes the “Training Justification and Request for Obligation of Funds”, “Transportation / Subsistence”, “Training Dates”, “Agency Determination”, and “Request for Trade Readjustment Allowance (TRA) While in Training” sections of the DWD-PO-240-A, uploads it into MoJobs via case note.
  - The Trade Act Navigator sends an email to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that contains the worker’s name and StateID so the OWD Central Office TAA Unit can download the DWD-PO-240-A from MoJobs, process it, and assign a Trainee ID (as appropriate).
10. The OWD Central Office TAA Unit collaborates with DHEWD Financial Management to obligate funds to cover training and training related costs.
  11. OWD Central Office TAA Unit provides a copy of the processed DWD-PO-240-A to Division of Employment Security (DES). The OWD Central Office TAA Unit upload a processed copy of the DWD-PO-240-A into the worker’s MoJobs record and notifies the appropriate Trade Act Navigator.
  12. The Trade Act Navigator will provide a copy of the processed form to the worker.
  13. The Trade Act Navigator will send a TRA-19 Letter (DWD-PO-221), along with a processed copy of the DWD-PO-240-A, DWD-PO-240-B, and Termination Report - Instructions, to the training facility.
  14. The Job Center Trade Act Navigator receives and reviews invoices submitted from the training facility on behalf of the worker. Trade Act Navigator upload invoices into MoJobs. They send an email to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that contain the worker’s name and StateID to let the TAA Central Office Staff know the invoice is ready to process.
  15. When the worker completes or terminates from training, the training facility completes the DWD-PO-240-B and submits it to the appropriate Job Center. The Trade Act Navigator reviews the Termination Report and completes necessary fields, such as Justifiable or Unjustifiable if the worker does not complete training. The Trade Act Navigator uploads a copy of the Termination Report (DWD-PO-240-B) into MoJobs via case note. They send an email to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) that contain the worker’s name and StateID to let the OWD Central Office TAA Unit know the Termination Report (DWD-PO-240) is ready to process. The Trade Act Navigator is also responsible for providing the worker a copy of the Termination Report. OWD Central Office TAA Unit then provides a copy of the Termination Report to DES.

Complete instructions follow in this section.

### **Eligibility:**

For a worker to be eligible for training, the worker must lack marketable skills and unable to obtain suitable employment without additional training. The worker must also meet the six training approval criteria printed on the DWD-PO-240-A. Evidence that the worker meets the six training approval criteria have to be documented in MoJobs in the Training Applications module under the TAA Application and in case notes (or attach the **TAA Six Training Approval [DWD-PO-274]**).

### **Timely Application:**

During the first visit with the worker, it is important for the worker to complete and sign the "Trainee Information" section of the DWD-PO-240-A. For an application of training to be considered timely, it must be signed within 210 days of the worker's first qualifying separation from the Trade affected employer. Failure to do so could jeopardize their eligibility for Additional TRA. **This only applies to Trade 2002, 2002 Revert, and Reversion 2021.**

**Trade 2009, 2011, and 2015** repealed the timely application requirement. Workers certified under **Trade 2009, 2011, and 2015** do not have to have a timely application for training to remain eligible for the additional weeks of TRA weekly benefit payments.

### **8/16 week criteria:**

Under **Trade 2002, 2002 Revert, and Reversion 2021**, for a worker to maintain eligibility for TRA weekly benefits, the worker must be enrolled in training or issued a waiver by the last day of the:

- 8<sup>th</sup> week following TAA petition certification; or
- 16<sup>th</sup> week following the worker's last qualifying separation from the trade affected employer.

### **26/26 week criteria:**

Under **Trade 2009, 2011, and 2015**, for a worker to maintain eligibility for TRA weekly benefits the worker must be enrolled in training or issued a waiver by the last day of the:

- 26<sup>th</sup> week following the TAA petition certification; or
- 26<sup>th</sup> week following the worker's last qualifying separation from the trade affected employer.

### **45-Day Extension of the Training Enrollment**

A 45-day training enrollment extension can be granted. This allows 45 days after the end of the 26/26 week criteria (or the 8/16 week criteria). The 45-day extension can be granted when there are extenuating circumstances justifying the extension. Extenuating circumstances are situations beyond the control of the worker. This would include situations which training programs are abruptly cancelled; worker suffers illness or injury, etc.

In most cases, a 45-days training enrollment extension should only be issued if the worker meets a **Federal Good Cause** or **Equitable Tolling** reason. **Federal Good**

**Cause** applies to **Trade 2011, 2015, and Reversion 2021**. **Equitable Tolling** only applies to **Trade 2011 and 2015**.

Examples of **Equitable Tolling** include:

- Equitable tolling is a doctrine that permits suspension of statutory and administrative deadlines where equity demands.
- Equitable tolling of a deadline may only apply in egregious circumstances where an individual acted with due diligence to meet that deadline.
- Equitable tolling should be applied in situations in which it would be unfair to deny a worker TRA, job search allowance, and/or relocation allowance based on a missed deadline.

Examples of **Federal Good Cause** include:

- 1) Whether the worker acted in a manner that a reasonably prudent person would have acted under the same or similar circumstance.
- 2) Whether the worker received timely notice of the need to act before the deadline passed.
- 3) Whether there were factors outside the control of the worker that prevented the worker from taking timely action to meet the deadline.
- 4) Whether the worker's efforts to seek an extension of time by promptly notifying the state were sufficient.
- 5) Whether the worker was physically unable to take timely action to meet the deadline.
- 6) Whether the worker's failure to meet the deadline was because of the employer warning, instructing, or coercing the worker in any way that prevented the worker's timely filing of an application for TRA or to enroll in training.
- 7) Whether the worker's failure to meet the deadline was because the worker reasonably relied on misleading, incomplete, or erroneous advice provided by the state.
- 8) Whether the worker's failure to meet the deadline was because the state failed to perform its affirmative duty to provide advice reasonably necessary for the protection of the worker's entitlement to TRA.
- 9) Whether there were other compelling reasons or circumstances which would prevent a reasonable person presented from meeting a deadline for filing an application for TRA or enrolling in training, including:
  - neglect, a mistake, or an administrative error by the state
  - illness or injury of the worker or any member of the worker's immediate family
  - the unavailability of mail service for a worker in a remote area
  - a natural catastrophe, such as an earthquake, fire, or flood
  - an employer's failure or undue delay in providing documentation, including instructions, a determination or notice, or pertinent and important information
  - compelling personal affairs or problems that could not reasonably be postponed, such as an appearance in court or an administrative hearing or proceeding, substantial business matters, attending a funeral, or relocation to another residence or area
  - the state failed to effectively communicate in the worker's native language and the worker has limited understanding of English

- Loss or unavailability of records due to fire, flood, theft, or similar reason. Adequate documentation of the availability of the records includes a police, fire, or insurance report that contains the date of the occurrence and the extent of the loss or damage.

**Note:** In cases where the cause of the worker's failure to meet the deadline for TRA or enrolling in training was the worker's own negligence, carelessness, or procrastination, "good cause" cannot be applied.

**Federal Good Cause** should be used more often than **Equitable Tolling**. **Equitable Tolling** should only be used in very rare circumstances.

The extension can be issued by completing the **45-Day Extension (DWD-PO-230)** found on [DHEWD \(\\sdhefilp4367\) \(W:\) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Training](#).

The form should be attached in front of the DWD-PO-240-A when it is submitted for processing.

**Training Consideration:**

The soft cap for skills training is set at \$20,000 for all versions of the TAA program.

If a worker requests training at a rate that exceeds the soft cap, the OWD Central Office TAA Unit must be contacted for training approval; reference the soft cap policy described in the beginning of the **Request for Training** section of the manual. Student loans or other types of loans are not approvable funding sources. A worker may not pay any portion of their required training.

Trade Act Navigator must refer to **OWD Issuance 06-2020, Trade Adjustment Assistance Reasonable Cost of Training Policy**

([https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020\\_taa\\_reasonable\\_cost\\_policy\\_09162020.pdf](https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020_taa_reasonable_cost_policy_09162020.pdf) ) for additional information.

**Training Weeks for Trade 2002 and 2002 Revert:**

A worker is eligible for 104 – 130 weeks of training.

- 104 weeks of training available for remedial, pre-requisite, and/or skills training.
- If needed, up to 26 additional weeks are available for remedial training.
- Maximum weeks of training is 130 weeks.

**Training Weeks for Trade 2009:**

A worker is eligible for 156 weeks of training in any combination of remedial, pre-requisites, and/or skills training.

**Training Weeks for Trade 2011, 2015, and Reversion 2021:**

A worker is eligible for 130 weeks of training in any combination of remedial, pre-requisites, and/or skills training.

	<b>Maximum Training Weeks</b>
<b>Trade 2002</b>	<b>104 – 130 Weeks</b> (104 weeks can be used for remedial, prerequisite, and or skills training. 26 weeks can only be used strictly for remedial training.)
<b>Trade 2009</b>	<b>156 Weeks</b>
<b>Trade 2002 Revert</b>	<b>104 – 130 Weeks</b> (104 weeks can be used for remedial, prerequisite, and or skills training. 26 weeks can only be used strictly for remedial training.)
<b>Trade 2011</b>	<b>130 Weeks</b>
<b>Trade 2015</b>	<b>130 Weeks</b>
<b>Trade Reversion 2021</b>	<b>130 Weeks</b>

**Counting Training Weeks:**

- If the worker attends training at least one day of a week, it is counted towards the maximum weeks of training.

**Training Assistance:**

Training is an entitlement under the TAA program. Training is to be considered if and when it is determined that no suitable employment is available for the applicant, but would be if the applicant received appropriate training. Entitlement to training will be determined on an individual basis and can only be provided under existing funding limitations. Because of limited funding, the Office of Workforce Development must carefully manage funds made available for Training Assistance. For additional information on the approval of training, please review Training and Employment Guidance 3-20

[\(TEGL 3-20\)](#).

Training assistance means providing funds for the payment of tuition, subsistence, transportation, and other training related costs such as tools, supplies, books, etc., which are required as a necessary part of the training course.

- TAA training funds **can** be used to cover:
  - **Required books and supplies;**
  - **Basic supplies** such as pens, pencils, paper, notebooks, folders, etc.;
  - One average priced **USB drive** (unless more are required);
  - **Shipping and handling** charges for books and supplies if the worker does not have access to a school sponsored bookstore;
  - **Ammunition** for Police Academy training; and
  - **Internet Service** for workers attending distance learning / online training if the worker does not have Internet service and it is required for training (Refer to Instructions for Training Invoices section of the manual for more details).
  - **Parking Fees** to allow the worker to park on campus at the training facility
  - **Housing Deposit** required by training provider that will be refunded at the end of training. (The training facility must include this costs included under the “Other” categories within the *Individual Certification and Training Agreement* section of the DWD-PO-240-A.)
  
- TAA training funds do **not** cover:
  - **Backpacks or book bags;**
  - **Laptops, computers, or iPads** (or related equipment such as printers unless required);
  - **Computer software** including products such as Microsoft Office (TAA funds can be used to pay for specialized software required for a specific training program);
  - **Animals**
  - **Guns** for Police Academy; and
  - **Late fees, penalties, parking tickets**, etc. that are incurred due to a worker oversight.

Training is an entitlement to be utilized as a tool leading to employment. The mechanism for determining the suitability of a training program and employment prospects at the completion of that program is a comprehensive employment plan for each individual.

A. Request for Training. A Request for Training (DWD-PO-240-A) must be made through a Missouri Job Center. The “Request for TRA While in Training” section of the DWD-PO-240-A is to be completed when the worker is approved for and referred to training.

A Request for Training (DWD-PO-240-A) must never be refused. However, not all training requests will be approved. **When a worker’s request is denied, a written determination must be issued to ensure the worker has the right to appeal the training denial.**

B. Approval of Training. A Request for Training (DWD-PO-240-A) may be approved, if the worker established eligibility under the program. Eligibility determinations refer to TRA claims, and are the responsibility of the DES Regional Claim Center (RCC) staff. Trade Act Navigators must make sure the following six criteria are met.

1. **There is no suitable employment available for the trade-affected worker.**
  - There is no suitable employment available for a trade-affected worker in either the commuting area or another area outside the commuting area to which the worker intends to relocate, and there is no reasonable prospect of such suitable employment becoming available for the worker in the foreseeable future.
  - If a training program, or an application for training, is denied under the bullet above, the State must document the availability of suitable employment through traditional and real-time labor market information including, but not limited to, projections data, job postings, and job vacancy surveys.
2. **The trade-affected worker would benefit from appropriate training.**
  - The worker would benefit from appropriate training when training, skills training, or remedial education would increase the likelihood of obtaining employment. Appropriate training should improve the worker's chances of obtaining employment at higher wages than in the absence of training or place the worker on a pathway to do so.
  - The worker must have the knowledge, skills, and abilities to undertake, make satisfactory progress in, and complete the training program.
3. **There is a reasonable expectation of employment following completion of training. (Given the labor market conditions expected to exist at the time of the completion of the training program, a reasonable expectation, fairly and objectively considered, exists that the trade-affected worker is likely to find employment, using the skills and education acquired while in training upon completion of approved training. The labor market conditions considered must be limited to those in the worker's commuting area, or in the area where the worker intends to relocate.)**
  - "A reasonable expectation of employment" does not require that employment opportunities for the worker be available, or offered, immediately upon the completion of the approved training program. When initially approving such training, there must be projection, based on labor market information, of employment opportunities expected to

exist at the time of completion of the training program.

- The State must measure expected job market conditions using pertinent labor market data, including but not limited to job order activity, short-term projections data, job vacancy surveys, business visitation programs, and local and regional strategic plans. This labor market information should be documented in the trade-affected worker's case file. The State should also work with the Local Workforce Development Boards (LWDBs) and their one-stop partners, especially business team members, to understand current labor market conditions and opportunities for work-based learning.
- When a worker desires to relocate with the United States, but outside the worker's present commuting area, upon completion of training, the State must document the labor market information, described in the previous bullet, for the area of the planned relocation.
- A reasonable expectation of employment may exist in a limited demand occupation for a single, trained worker in the worker's commuting area or in an area to which the worker desire to relocate. A limited demand for such an occupation does not preclude the approval of training in an occupation where the State has determined that there is a reasonable expectation that the worker can secure employment in that occupation. States must verify with businesses in the commuting area or in the area of intended relocation that demand exists for an individual with such training. These efforts must be documented in the trade-affected workers case file. Before approving training in occupations with limited demand, the State must consider the number of individuals currently enrolled in training that are likely to meet that demand before enrolling additional worker in training for that occupation.
- A State may approved a training program in an occupation if it finds that there is a reasonable expectation that the training will lead to self-employment in the occupation for which the worker requests training and that such self-employment will provide the worker with wages or earnings at or near the worker's wages in adversely affected employment.
- Training programs that consists solely of On-the-Job Training (OJT) or contain an OJT component are not approvable if they are not expected to lead to suitable employment, with the employer providing the OJT.

4. **Training is reasonably available to the trade-affected worker. (In determining whether training is reasonably available, States must first consider training opportunities available within the worker's commuting area. Whether the training is in or outside the commuting area, the training program must be available at a reasonable costs.)**
  - Trade Act Navigators must refer to **OWD Issuance 06-2020, Trade Adjustment Assistance Reasonable Cost of Training Policy** ([https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020\\_taa\\_reasonable\\_cost\\_policy\\_09162020.pdf](https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020_taa_reasonable_cost_policy_09162020.pdf)) for additional information.
  
5. **The trade-affected worker is qualified to undertake and complete such training.** States must ensure the following:
  - The worker's knowledge, skills, abilities, educational background, work experience, and financial resources are adequate to undertake and complete the specific training program being considered.
  - Any initial assessment, comprehensive and specialized assessment, and Individual Employment Plan (IEP) developed must be consulted to support the trade-affected worker's ability to undertake and complete the training program.
  - Where the worker's remaining available weeks of Unemployment Insurance (UI) and Trade Readjustment Allowance (TRA) payments will not equal or exceed the duration of the training program, that the worker will have sufficient financial resources to support completion of the training program within the time limits. In making this determination, the State must consider:
    - The worker's remaining weeks of UI and TRA payments in relation to the duration of the proposed training program;
    - Other sources of income support available to the worker, including severance, earnings of other family members, and other family resources;
    - Other fixed financial obligations and expenses of the worker and family;
    - The availability of Federal student financial assistance or any State-funded student financial assistance or any private funding designated for student financial assistance including, but not

limited to nongovernmental scholarships, awards, or grants; and

- Whether or not the worker is employed while attending training.
- The State must document whether or not the trade-affected worker has sufficient financial resources to complete the training program that exceeds the duration of UI and TRA payments.
- If a worker has insufficient financial resources to complete the worker's proposed training program that exceeds the duration of UI and TRA payments, then the State must not approve that training program and must instead consider other training opportunities available to the worker.

**6. Such training is suitable for the trade-affected worker and available at a reasonable cost.**

- *Suitable for the worker.* The training program being considered must address bullet #1 & #2 under criteria 5 and be determined by the State to be appropriate given the worker's knowledge, skills and abilities, background, and experience relative to the worker's employment goal, and criteria 3.
- *Available at a reasonable costs.*
  - Costs of a training program may include but are not limited to, tuition and related expenses (e.g., books, tools, computers and other electronic devices, internet access, uniforms and other training-related clothing such as goggles and work boots, laboratory fees, and other academic fees required as part of the approved training program) as well as supplemental assistance (subsistence expenses and transportation expenses). States may pay the costs of initial licensing and certification testing and fees where a license or certification is required for employment.
    - The State must ensure and document that the training program costs are reasonable by researching costs for similar training programs, whether it is classroom or work-based training.
    - Related expenses must be necessary for the worker to complete the training program. Other options should be explored before purchasing equipment or related materials

- Available at a reasonable cost means that training must not be approved at one provider when, all costs being considered, training better or substantially similar quality, content, and results can be obtained from another provider at a lower total cost within a similar time frame. Training must not be approved when the costs of the training are unreasonably high in comparison with the average costs of training other workers in similar occupations at other providers. The State may approve a higher cost training if that training is reasonably expected to result in a higher likelihood of employment, employment retention, or greater earnings, or to return the worker to employment in a significantly shorter duration.
- Training at facilities outside the worker's commuting area requiring transportation or subsistence payments that add substantially to the total cost of the training program may not be approved if other appropriate training is available in the commuting area at a lower cost, unless it meets the exception described in the previous bullet.

### **Failures / Retakes:**

If a worker fails a class, they do not have to be terminated automatically.

- The worker may be given a second opportunity to pass the course using Trade funding. However, the Trade Act Navigator must identify the factors that contributed to the failure. It may be necessary to amend the worker's training plan and/or include additional assistance (tutoring, etc.) or change the training goal within the same industry (certificate vs. degree, etc.).
- Amending the worker's training plan, including the retake of a failed class, cannot cause the worker to exceed the maximum length of training allowed.
- If a worker fails or drops a course or courses, Trade Act funds may be used to pay for the course(s) to be retaken IF:
  - The worker is made aware that dropping a course may make their participation in training less than full-time.
    - If a worker participating in training under **Trade 2002 OR 2002 Revert**, drops below full-time status, they must be terminated.
  - If a worker participating in training under **Trade 2009, 2011 OR 2015** drops below full-time status, they may become ineligible for TRA.
- The worker is made aware that dropping a course or courses may make their training program exceed their maximum length of training, which could result in termination from training.

- Workers who seek guidance from a Trade Act Navigator about possibly dropping a course or courses should:
- Be informed of implications of dropping the course or courses:
  - Possible termination from training.
  - Possible loss of TRA weekly benefits.
- Be encouraged to continue with the course(s):
  - To expose the worker to the full content of the course; this could make the second attempt easier.
    - This should be considered on an individual case-by-case basis.
  - Unless there is a health, family, or personal issue that prevents them from attending.
    - Any health, family, or personal issue must be case noted in MoJobs (following OWD Statewide Case Note Policy).
- TAA training funds are not limited to paying for a course or courses twice.
  - There is no set limit, but rather guiding criteria that must be considered.
    - Trade Act Navigators should rely on good judgment and apply appropriate Trade Act rules (timeframes, length of training, etc.) to each scenario.
    - Retaking courses should be considered on an individual case-by-case basis that includes the worker's best interest, commitment to training, and progression in the program.
- TAA training funds may be used to pay for HSE testing more than twice.
  - There is no set limit, but rather guiding criteria that must be considered.
    - Trade Act Navigators should rely on good judgment and apply appropriate Trade Act rules (timeframes, length of training, etc.) to each scenario.
    - Retaking the HSE test should be considered on an individual case-by-case basis that includes the worker's best interest.
- The Trade Act Navigator must communicate with the HSE instructor to determine the worker's commitment to training and progression in the program.
- TRA Allowances While Attending Training. An adversely affected worker who has been determined entitled to TRA and who has enrolled in a *full-time* Trade Act approved training course may be paid TRA while attending such training. Approvable training, for this purpose, means attending *full-time* as defined by the training institute. In Missouri, for *remedial training*, 6 credit or clock hours per week must be maintained as a minimum. Prerequisite training is approvable under **all versions of the TAA program**.

A worker who is drawing TRA and is enrolled in (DWD-PO-240-A processed and submitted to DES and within 30 days of training begin date) or participating in

approved training is not subject to the "Available for Work" provision of the Missouri Employment Security Law.

Approval of a training course under the TAA program will qualify the applicant to continue drawing Unemployment Insurance Benefits or Trade Readjustment Allowances, where eligibility exists, while enrolled (DWD-PO-240-A processed and the worker is within 30 days of starting training) in such approved training.

- Additional TRA During Weeks of Training.
1. To assist an individual to complete approved training, Additional TRA payments may be made:
    - Up to 52 additional weeks in a 52-week period under **Trade 2002**
    - Up to 78 additional weeks in a 91-week period under **Trade 2009**
    - Up to 52 additional weeks in a 52-week period under **Trade 2002 Revert**
    - Up to 65 additional weeks in a 78-week period under **Trade 2011**
    - Up to 65 additional weeks in a 78-week period under **Trade 2015**
    - Up to 65 additional weeks in a 78-week period under **Trade Reversion 2021**

	Weeks of Additional TRA	TRA Drawing Period
Trade 2002	52 weeks	52-week period
Trade 2009	78 weeks	91-week period
Trade 2002 Revert	52 weeks	52-week period
Trade 2011	65 weeks	78-week period
Trade 2015	65 weeks	78-week period
Trade Reversion 2021	65 weeks	78-week period

2. TRA payments may be made in a period that:
  - a. Follows the last week of entitlement to Basic TRA otherwise payable to the individual; or
  - b. Begins with the first week of such training if the training is approved after the last week described above.

Under **Trade 2002** and **2002 Revert**, for a worker who must undergo remedial education as part of the worker's retraining plan, the maximum number of weeks of additional TRA is 78 (Additional TRA = 52 / Remedial TRA = 26).

Under **Trade 2009**, for a worker who must undergo remedial and/or prerequisite education as part of the worker's retraining plan, the maximum number of weeks of additional TRA is 104 (Additional TRA = 78 / Remedial TRA = 26).

Under **Trade 2011**, **2015**, and **Reversion 2021**, a worker may receive 78 weeks of additional TRA (Additional TRA = 65 / Completion TRA = 13). To qualify for the last 13 weeks (Completion TRA), the worker must meet two benchmarks to

qualify. The two benchmarks include “making satisfactory progress in training” and “the scheduled training end date is on target”. Refer to the **TRA, Employment Plan** and **Employment & Case Management** sections for additional information.

3. **Trade 2009, 2011, and 2015** repealed the 210-day rule. However, under **Trade 2002, 2002 Revert, and Reversion 2021**, to be eligible for additional weeks of TRA, a worker must make a bona fide application for such training:
  - a. Within 210 days after the date of the first certification under which the individual is covered; or
  - b. If later, within 210 days after the date of the individual's first qualifying separation from the affected employer. This separation is to be used only for timeliness of the application for training and may be either a partial or total separation.
4. Payment of TRA for additional weeks may be made only for those weeks in the eligibility period during which the worker is participating in (including payable breaks) a Trade Act approved training program. Workers on a waiver or waiver extension are not eligible for additional TRA.
5. The trainee may be paid Subsistence and/or Transportation Allowances for additional weeks, if (s)he meets the requirements for the payment of such allowances, and funds are available for that purpose.
- Maximum Period for Training Program. Under **Trade 2002** and **2002 Revert**, workers may be approved for a training program lasting up to 104 to 130 weeks. Skills training cannot exceed 104 weeks. Under **Trade 2002** and **2002 Revert**, up to an additional 26 weeks of training is available for workers who are required to attend remedial training.

Under **Trade 2009**, workers may be approved for a training program lasting up to 156 weeks.

Under **Trade 2011, 2015, and Reversion 2021**, workers may be approved for a training program lasting up to 130 week.

When training is approved for a worker who is not eligible for TRA or who does not have enough TRA to complete approved training, the Job Center staff must document a financial statement as a case note in MoJobs by attaching a completed TAA Financial Attestation (DWD-5545). The financial statement should indicate how the worker plans to support him/herself while attending training without any TRA for income.

An adversely affected worker may be approved for training if the Job Center staff determines that there is a possibility that sustainable employment will be available upon the completion of training.

	Maximum Weeks of Training	8/16 Week Criteria	26/26 Week Criteria
Trade 2002	104-130 weeks	X	
Trade 2009	156 weeks		X
Trade 2002 Revert	104-130 weeks	X	
Trade 2011	130 weeks		X
Trade 2015	130 weeks		X
Trade Rev 2021	130 weeks	X	

- Training Types. Eligible trade-affected workers must be provided training using either one, or a combination of, the following method:
  - 1) **Work-based training**, such as apprenticeships, OJT, or customized training, may be approved for Adversely Affected Workers (AAWs). Customized training with the worker’s current employment may only be approved for Adversely Affected Incumbent Workers (AAIW’s) if the training is for a position other than the AAIS’s threaten position. See 618.655(c)(2) ([TAA Final Rule](#)). AAIW’s must not be approved for OJT’s. See 618.655(c)(1) ([TAA Final Rule](#)). The State must inform the worker of the potential negative effects of work-based training on TRA and the Health Coverage Tax Credit (HCTC), if available; or
  - 2) **Institutional training**, including training at public area career and technical education schools, as well as community colleges, may be approved alone or in combination with work-based training. This also includes distance learning, including online training, where a worker may complete all or part of an educational or vocational program in a geographical location apart from the institution hosting the training program, and where the final certificate or degree conferred is equivalent in standard of achievement and content to the same program completed on campus or at another institutional training location.
    1. A provider of the distance learning must be based in the United States for training provided to be approved. In addition, the worker must be physically within the United States when participating in distance learning to remain eligible for benefits.
    2. Distance learning is subject to all training approval criteria.
    3. The State must establish and monitor the milestones of a distance-learning program based on the worker’s IEP, if available.

4. A worker who does not meet the requirements or milestones of a distance-learning program may be determined to have ceased participation in training.
- 3) **Higher education** includes any training or coursework at an accredited institution, as described in section 102 of the Higher Education Act of 1965, as amended (20 U.S.C. 1002), including training or coursework for the purpose of obtaining a degree or certification, or for completing a degree or certification that the worker had begun previously at an accredited institution of higher education. Higher education may be approved along or in combination with work-based training. The distance learning requirements of this section also apply to this paragraph.
  - 4) **Other Training.** In addition to the training programs discussed in this section, training programs that may be approved under 618.610 ([TAA Final Rule](#)) (criteria for approval of training) include, but are not limited to:
    1.
      - i. Any program of remedial education, include ABE courses and other remedial education courses, ELA courses, and HSE preparation courses.
      - ii. Remedial education may occur before, or while participating in , the requested training program;
        - Under **Trade 2002, 2009, and 2002 Revert**, up to an additional 26 weeks of TRA are available for remedial courses.
        - Under **Trade 2011, 2015, and Reversion 2021**, per Training and Guidance Employment Letter (TEGL) 5-15 TAARA 2015 - Attachment A, only a training program that leads to completion of a degree of *industry-recognized credential*, as described in TEGL 15-10 allows for payment of Completion TRA. ESL does not meet the criteria of *industry-recognized credential*.
    2. Career and technical education;
    3. Any training program approvable under 618.610 ([TAA Final Rule](#)) for which all, or any portion, of the costs of training the trade-affected worker are paid:
      - i. Under any other Federal or State program other than the TAA Program; or
      - ii. From any source other than this part;
    4. Any training program provided by a State pursuant to title I of WIOA or any training program approved by an LWDB established under section 102 of

WIOA;

5. Any program of prerequisite education or coursework required by a training provider before advancing to further training; or
    - Pre-requisite training is approvable under **all versions of the TAA program**.
      - Under **Trade 2002** and **2002 Revert**, pre-requisite training does NOT qualify the worker for **Remedial TRA**.
      - Under **Trade 2009**, pre-requisite training DOES qualify for **Remedial TRA**.
  6. Any other training program approved by the State that complies with this subpart.
- 5) **Advanced degrees.** Training programs that will lead to an advanced degree may be approved; however the time limits described at 618.615(d)(3) ([TAA Final Rule](#)) must be met. States may not restrict access to advanced degrees where the other criteria of this subpart are met. All training programs must be evaluated on their individual merit.

#### **Miscellaneous:**

- Eligible Training Provider System (ETPS)  
It is preferred that the training facility / program be certified on the Eligible Training Provider System (ETPS) [MOSCORES] <https://scorecard.mo.gov/Search> list. However, non-ETPS certified training facilities and programs can be approved. These situations must be reviewed on a case-by-case basis with the OWD Trade Act Unit.
  - Under **Trade 2002** and **2002 Revert**, all trainings must be ETPS certified.
  - Under **Trade 2009, 2011, 2015**, and **Reversion 2015**, it is not required for the training facility / program to be certified on the ETPS. However, non-ETPS trainings require approval from the OWD Central Office TAA Unit.
- Interstate Training  
The Agent State in which a TAA worker applies for training, and other reemployment services, is responsible for the selection and approval (or obtaining approval) of the training.

The Agent State will pay for any training and training related cost, including costs for transportation and/or subsistence allowance if applicable. The Liable State's (state of worker's UI entitlement) is responsible for payment of TRA allowances if applicable. The Agent State must assist the worker in applying for such TRA

allowances. The Liable State is responsible for the training determination (approval or denial) and for the appeals process.

- Payment Restrictions for Training Programs:

- a) Funding of training programs. The costs of a training program approved under the Act may be paid:

- 1) Solely from TAA Program funds;
    - 2) Solely from other public or private funds; or
    - 3) Partly from TAA Program funds and partly from other public or private funds.

- b) No duplication of costs allowed.

- 1) Any use of TAA Program funds to duplicate the payment of training costs by another source is prohibited.
    - 2) When the payment of the costs of training has already been made under any other Federal law, or the costs are reimbursable under any other Federal law and a portion of the costs has already been paid under other such Federal law, payment of such training costs may not be made from TAA Program funds.
    - 3) When the direct cost of a training program approvable under 618.610 ([TAA Final Rule](#)) (criteria for approval of training) are payable from TAA Program funds and are also wholly or partially payable from any other source, the State must establish procedures to ensure TAA Program funds will not duplicate funds available from the other source(s). This preclusion of duplication does not prohibit and should not discourage sharing of costs under prearrangements authorized under paragraph (c)(2) of this section.

- c) Cost sharing permitted.

- 1) TAA Program funds are the primary source of Federal assistance to trade-affected workers, as identified in 618.804(h)(4) ([TAA Final Rule](#)). If the costs of training a trade-affected worker can be paid under the TAA Program, not other payment for such costs may be made under any other provision of Federal law.
    - 2) States may share training costs with authorities administering other non-Federal, State, and private funding sources. Sharing training costs with other Federal sources may only occur if TAA Program funds are not available to cover the total cost of training as described in

paragraph (d)(2)(ii) of this section.

- 3) Sharing the future costs of training is authorized where prior costs were paid from another source, but this paragraph (c)(3) does not authorize reimbursement from TAA Program funds of any training costs that were accrued before the date the training program was approved under the TAA Program.
- 4) When a mix of TAA Program funds and other funds are used for paying the costs of a training program approved under this subpart ([TAA Final Rule](#)), the State must enter into a prearrangement with any entity providing the other source of funds. Any such prearrangement must contain specific commitments from the other authorities to pay the costs they agree to assume and must comply with the non-duplication provisions contained in this part ([TAA Final Rule](#)).
  - i. Agreements may be entered into on a case-by-case basis to address specific training situations of workers or they may be part of an overall statewide strategy to effectively use and maximize available resources from the TAA Program, workforce development, and other programs.
  - ii. Where training costs are shared between the TAA Program and any other funding source, the State must enter into a prearrangement with the other funding source to agree upon the proportion of TAA Program funds and other funds to be used to pay the costs of a training program. A prearrangement must be a specific, binding agreement with the other source(s) to pay the costs they agree to assume, and must be entered into before any TAA Program funds are obligated. If, after TAA Program funds are already committed to a training program, other funds become available to pay for that training, the State may decide to share the costs of the remainder of training program of the State may continue funding the training program in full using TAA Program funds. If the State decides to share the costs, it must enter into a prearrangement with respect to the newly available funds. If the State makes a change to how the training program will be funded going forward, the existing training program must be amended in accordance with 618.665 ([TAA Final Rule](#)).
  - iii. Before approving any training program under this subpart ([TAA Final Rule](#)), which may involve the sharing of training costs under the authority of paragraph (a)(3) ([TAA Final Rule](#)), of this section, the State must require the worker to enter into a written agreement with the State, under which TAA Program funds will

not be applied for or used to pay any portion of the costs of the training the worker has reason to believe will be paid by any other source.

5)

- i. A State may not take into account Federal student financial assistance, including Pell Grants, or any funds provided under any other provision of Federal law that are used for purposes other than the direct payment of training costs, even though they may have the effect of indirectly paying all or a portion of the training costs.
- ii. States must ensure that upon the approval of a training program under this subpart ([TAA Final Rule](#)), payments of Federal student financial assistance cease to be applied to the training participant's tuition or other training-related costs covered by TAA Program funds.
- iii. If payments of Federal student financial assistance or other training allowances from other Federal funding sources were made to the training provider instead of the worker and were applied towards the worker's approved training costs, the State must deduct the amount of those other payments from the amount of TAA Program funds payable to the training provider in order to prevent duplication in the payment of training costs.
- iv. A worker may use Federal student financial assistance for other expenses, as allowable under applicable rules for such financial assistance.

6) If the worker's trade-affected firm agrees to fund all or a portion of the worker's training costs, the State must if the training is otherwise approvable, enter into a prearrangement with the firm to assume any unfunded training costs on the worker's behalf.

d) No training fees or costs to be paid by trade-affected worker from TAA Program funds.

1) A training program must not be approved if the trade-affected worker is required to reimburse any portion of the costs of such training program from TAA Program funds, or from wages paid under such training program.

2)

- i. A training program must not be approved if the trade-affected worker is required to pay any of the costs of the training program from funds belonging to the worker, including funds from relatives or friends, or from personal or educational loads that will require repayment.
  - ii. As required by 618.940 ([TAA Final Rule](#)), if the Department determines that the amount of funds necessary to provide Training and Other Activities (TaOA) will exceed the annual cap under 618.900 ([TAA Final Rule](#)) in a fiscal year, the Department will promptly inform the States. If a State estimates that it will exceed all available TAA Program training funds (including TaOA funds remaining from current or prior fiscal years) then the State must seek funding from other sources (other than from trade-affected workers), including WIOA national dislocated worker grants under part 687 of this chapter ([TAA Final Rule](#)) to cover the costs of training approved under 618.610([TAA Final Rule](#)). To the extent that a State is unable to fund training costs from those other sources, the agency may approve training where the worker pays those unfunded costs. Where the worker chooses to pay those unfunded costs under this paragraph (d)(2)(ii), the State is not liable for paying those costs and must document this prearrangement in the worker's case file. Where the worker chooses not to pay the unfunded costs, the State must waive the training requirement in 618.720(g) ([TAA Final Rule](#)) on the basis that training is not available, in order to preserve any remaining Basic TRA eligibility under 618.735(b)(3) ([TAA Final Rule](#)) (waiver of training requirement for Basic TRA).
- Training of reemployment trade-affected workers:
    - a) An adversely affected workers (AAW) who obtains new employment and who has been approved for a training program may elect to terminate the employment, reduce the hours worked in the employment, or continue in full- or part-time employment. Such a worker is not subject to ineligibility or disqualification for UI or TRA as a result of such termination or reduction in employment. A worker who continues such full- or part-time employment while a participant in training under 618.780(b) ([TAA Final Rule](#)) (disqualification). If the worker continues in full- or part-time employment while a participant in an approved training program, the State must inform the worker in writing that such employment may have negative effects on UI and TRA benefit amounts and duration due to income earned from the employment (and also because of worker participating in part-time training is not eligible for TRA), ~~which could also lead to the loss of HCTC, if available.~~

The State must apply the earning disregard provisions in subpart G of this part ([TAA Final Rule](#)), as appropriate.

- b) An AAW who has been totally separated as described in paragraph (a) of this section ([TAA Final Rule](#)) may also be eligible for job search and relocation allowances under subpart D of this part ([TAA Final Rule](#)).

**Commuting Area:**

It is anticipated that most of the training to which an adversely affected worker will be referred, or which will be approved for the worker, will be in the commuting area of the worker's residence.

When an adversely affected worker is referred to training outside the commuting area of his/her residence, the referral shall meet with the approval of both the worker and the Job Center staff. Missouri has determined the commuting area to be 10 miles one-way.

A worker's commuting area must be calculated based on the most direct route between the worker's regular place of residence and the location of the training facility.

Workers who began training on or after September 21, 2020, with the enactment of TAA Final Rule, will have their mileage (transportation) reimbursed beginning at mile 11.

**Reporting Requirements:**

A worker attending TAA approved training is not subject to the State UI reporting requirements.

**Appeals of Determinations Denying Trade Adjustment Assistance (TAA):**

Regulation requires the state agency to notify the affected worker in writing of any determination, or re-determination as to entitlement or denial of adjustment assistance (TRA, Training, Job Search and Relocation Allowances, and any other right or benefit provided for adversely affected workers by the Act). In addition, each determination or re-determination shall inform the individual of the right to reconsideration or appeal in the same manner as a determination under State Law. Denials of TRA weekly benefits are issued by DES. Denials of training, training related costs, transportation, or subsistence are issued by OWD Job Center staff.

**State Appeals:**

The regular state appeals system will be used for all determinations made under the Act.

## SUPPLEMENTAL ASSISTANCE

### **Supplement Assistance:**

- a) General. Supplemental assistance in the form of subsistence and transportation payments must be provided to the trade-affected workers who training has been approved under 618.610 (Criteria for approval of training) ([TAA Final Rule](#)), to defray reasonable subsistence and transportation expenses while the worker attends training at a facility outside the worker's commuting area. The need for such subsistence and transportation payments must be documented on the worker's Individual Employment Plan (IEP), if available, or in the worker's case file. Subsistence and transportation payments may also be documented on a training approval form, or other such form as the State chooses, to ensure that the supplemental assistance is documented in the worker's case file.
- b) Applications for supplemental assistance. A trade-affected worker must submit an application for subsistence or transportation payments in accordance with subpart H of this part ([TAA Final Rule](#)) and processes established by the State. A determination on an application submitted under this section ([TAA Final Rule](#)) is subject to 618.820 (determination of eligibility; notices to individual) and 618.828 (appeals and hearings) ([TAA Final Rule](#)).
- c) Subsistence payments.
  - 1) General. Subsistence payments must be made for the reasonable costs of meals and incidental expenses, and of separate maintenance, which means maintaining temporary living quarters, when the training facility is located outside the trade-affected worker's commuting area.
  - 2) Requirements for subsistence payments.
    - i. A trade-affected worker must be reimbursed for subsistence only for the period when the worker is not receiving or authorized to receive reimbursement or separate payments for such costs from any other source.
    - ii. Subsistence payments must not be made for any day such worker receives a daily commuting transportation payment from TAA Program funds or from any other source, except as specified in paragraph (e) of this section ([TAA Final Rule](#)).
    - iii. Subsistence payments must not be made for any day of unexcused absences from the training program, as certified by the training provider.

- 3) Amount of subsistence payments. The State may make a subsistence payment to a trade-affected worker only for the lesser of:
    - i. The worker's actual per diem expenses for subsistence; or
    - ii. 50 percent of the prevailing per diem allowance rate authorized under FTR (see 41 CFR chapters 300 through 304) ([www.gsa.gov](http://www.gsa.gov)) for the location of the training facility.
  - 4) Timing of subsistence payments. The State must make subsistence payments upon a worker's completion of a week of training, but may advance a subsistence payment for a week if the State determines that such advance is necessary to enable the worker to participate in the approved training.
- d) Transportation payments. A trade-affected worker must be reimbursed for transportation expenses when commuting to and from a training facility located outside the worker's commuting area. Transportation expenses, funded by the TAA Program, are payable only for the actual days traveled. Mileage eligible for reimbursement is, round-trip, from the **first mile outside the boundary of the worker's commuting area to the location of the training facility.**
- 1) Transportation payments must not be paid when:
    - i. Transportation is arranged and paid for by the State for one or more workers;
    - ii. Such payments are being provided under any other law; or
    - iii. The worker is authorized to be paid or reimbursed for such expenses from any other source.
  - 2) The daily transportation payment may not exceed the amount of a daily subsistence payment that would be payable under paragraph (c)(3) of this section ([TAA Final Rule](#)) if the worker resided temporarily in the area of the training.
  - 3) In addition, while other forms of transportation may be used, transportation payment to a worker may not exceed the cost per mile at the prevailing personal vehicle mileage rate authorized under the FTR. See <http://www.gsa.gov>.
  - 4) A worker must receive transportation payments promptly after completion of a week of approved training, but at a minimum on a monthly basis. These payments also may be made in advance in order to facilitate the worker's attendance at the training.

- e) When payment can be made for both subsistence and transportation. A trade-affected worker receiving subsistence payments may also receive transportation payments only:
  - 1) At the beginning of the training that the worker is attending outside the worker's commuting area and at the end of the training for travel back to the worker's commuting area; or
  - 2) When the worker fails, for justifiable cause, as described in 618.780 (b)(3)(iii) ([TAA Final Rule](#)), to complete the training outside the worker's commuting area, and must return home before the scheduled end of the training.
- f) Adjustments to subsistence and transportation payment advances. If the State advances subsistence or transportation funds, the State must adjust subsequent subsistence and transportation payments to take into account the amount of the advance that is more or less than the amount that the trade-affected worker is entitled to receive under paragraphs (c) and (d) of this section ([TAA Final Rule](#)).
- g) Worker evidence. The trade-affected worker must provide receipts for all lodging, purchased transportation expenses (plane, train, Uber, bus, etc.), and meals.

## **COMMUTING AREA**

### **Commuting Area:**

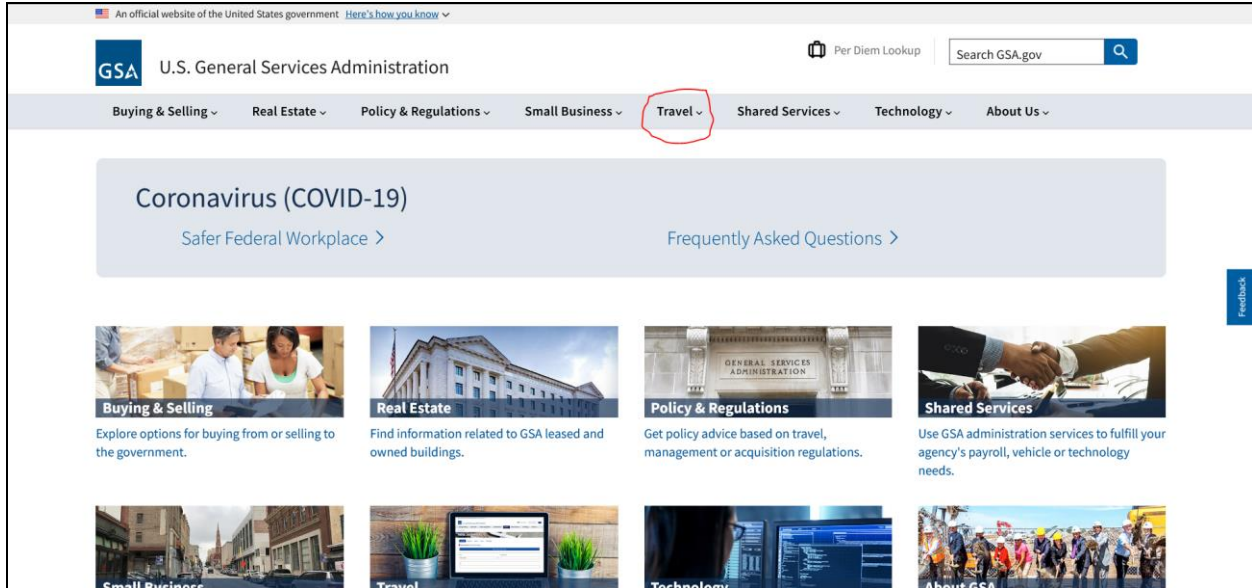

It is anticipated that most of the training to which an adversely affected worker will be referred, or which will be approved for the worker, will be in the commuting area of the worker's residence.

When an adversely affected worker is referred to training outside the commuting area of his/her residence, the referral shall meet with the approval of both the worker and the Job Center staff. Missouri has determined the commuting area to be 10 miles one-way.

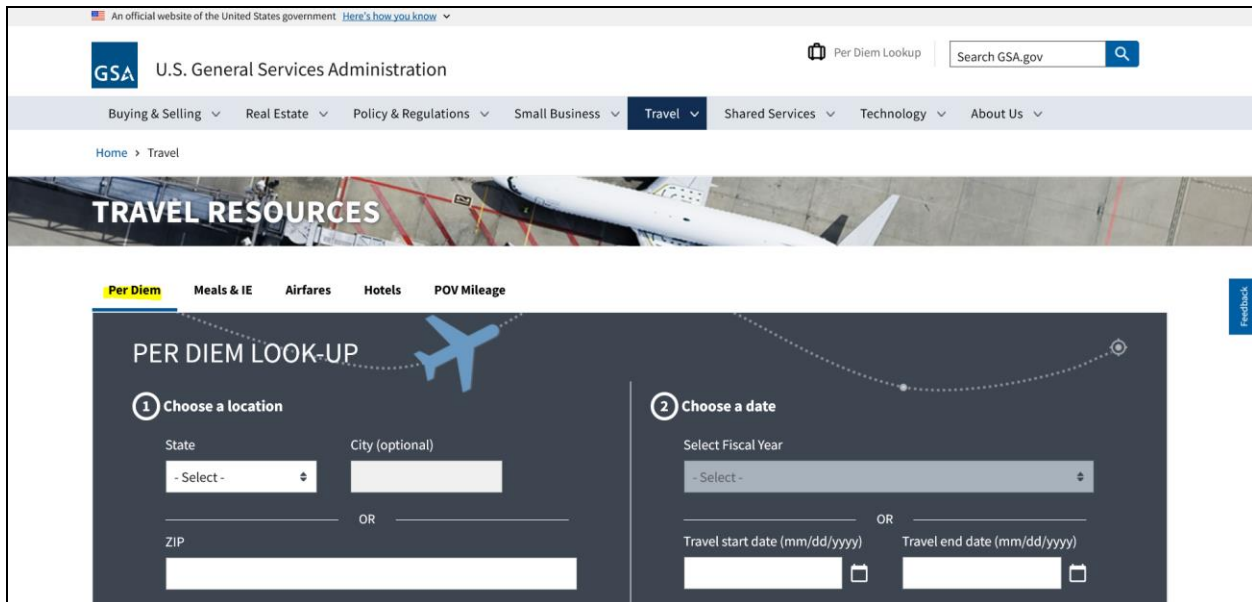

A worker's commuting area must be calculated based on the most direct route between the worker's regular place of residence and the location of the training facility.

**Workers who began training on or after September 21, 2020, with the enactment of TAA Final Rule, will have their mileage (transportation) reimbursed beginning at mile 11.**

The top part of the page will show you **lodging information** and the bottom part of the page will show you **meals & incidentals information**.

Under **Lodging by Month**, if you look under October 2024, you can see that Kansas City has a rate of \$135 per night (excluding tax), St. Louis has a rate of \$150 per night (excluding tax), and the rest of Missouri has a rate of \$110 per night (excluding tax).

If you have a worker participating in training in a different state, you would apply the same principles, but choose the appropriate State.

## Meals & Incidentals Expenses (M&IE) rates and breakdown

The M&IE total is the full daily amount for a single calendar day when that day is neither the first nor last day of travel. The amount received on the first and last day of travel equals 75% of the M&IE total. See [M&IE breakdowns](#) for information related to the individual meal amounts.

Primary Destination	County	M&IE Total	Breakfast	Lunch	Dinner	Incidental Expenses	First & Last Day of Travel
Standard Rate	Applies for all locations without specified rates	\$68	\$16	\$19	\$28	\$5	\$51.00
Kansas City	Jackson / Clay / Cass / Platte	\$80	\$20	\$22	\$33	\$5	\$60.00
St. Louis	St. Louis / St. Louis City / St. Charles	\$86	\$22	\$23	\$36	\$5	\$64.50

Showing 1 to 3 of 3 entries

Under **Meals & Incidentals (M&IE) Breakdown**, there is a rate of:

- \$80 per day for Kansas City (\$20 breakfast, \$22 lunch, \$33 dinner, \$5 IE);
- \$86 per day for St. Louis (\$22 breakfast, \$23 lunch, \$36 dinner, \$5 IE), and
- \$68 per day for the rest of Missouri (\$16 breakfast, \$19 lunch, \$28 dinner, \$5 IE).

A worker claiming **subsistence** is eligible to be reimbursed at the lesser amount of:

- Actual costs; or
- 50% of the per diem
  - Kansas City = \$107.50
    - Lodging = \$135.00
    - Meals & Incidentals = \$80.00
    - TOTAL per diem = \$215.00
  - St. Louis = \$118.00
    - Lodging = \$150.00
    - Meals & Incidentals = \$86.00
    - TOTAL per diem = \$236.00
  - Rest of Missouri = \$89.00
    - Lodging = \$110.00
    - Meals & Incidentals = \$68.00
    - TOTAL per diem = \$178.00

A worker claiming **transportation** is eligible to be reimbursed for mileage at a rate of .67. The worker must be required to travel outside of his/her commuting area (10 miles one-way) and effective September 21, 2020, reimbursement will start at mile 11.

The worker cannot receive daily **transportation** reimbursement that exceeds the maximum daily subsistence amount for the area in which he/she is training in. For example, if the worker was training in Kansas City, since the maximum daily

subsistence amount is \$107.50, the worker cannot receive more than \$107.50 in daily transportation amount. The maximum daily amount of subsistence in St. Louis is \$118.00 so the maximum amount of transportation a worker could be reimbursed to for is \$118.00. For the remainder of Missouri, the maximum daily amount of subsistence is \$89.00 so the maximum amount of transportation a worker could be reimbursement for is \$89.00.

**Appeals of Determinations Denying Trade Adjustment Assistance (TAA):**

Regulation requires the state agency to notify the affected worker in writing of any determination, or re-determination as to entitlement or denial of adjustment assistance (TRA, Training, Job Search and Relocation Allowances, and any other right or benefit provided for adversely affected workers by the Act). In addition, each determination or re-determination shall inform the individual of the right to reconsideration or appeal in the same manner as a determination under State Law. Denials of TRA weekly benefits are issued by DES. Denials of training, training related costs, transportation, or subsistence are issued by OWD Job Center staff.

**State Appeals:**

The regular state appeals system will be used for all determinations made under the Act.

**Subsistence Payments:**

Weekly subsistence payments may be made to a trainee who is participating in training at a facility located outside the commuting area of his/her regular place of residence. A subsistence payment is payable to defray the expense of separate maintenance for each day the worker is away over night from his/her regular place of residence in order to attend training. A subsistence payment in lieu of a transportation payment shall not be made.

Subsistence payments are made to the worker when expenses are claimed on their weekly TRA-22. **Subsistence payments are not made to the training facility. If meals and lodging are provided as part of a training program estimate, the Trade Act Navigator must inform the training facility that subsistence costs owed to them are to be paid by the worker and not OWD or DES.** The training facility should not include these costs on invoices sent to OWD.

### **Transportation Allowances:**

Weekly transportation payments may be made to a trainee who is participating in training at a facility located outside the commuting area of his/her regular place of residence. A transportation payment is payable to defray the worker's transportation expense.

A transportation allowance may also be paid for daily commuting instead of a subsistence payment. The transportation allowance for daily commuting shall not exceed the amount which otherwise would be payable as a subsistence payment.

If a worker has chosen to receive subsistence allowances, the worker will not be eligible to receive transportation payments for intermittent trips back to the worker's regular place of residence (such as weekends or breaks in training).

If a group of trade affected workers commute to a training facility outside their commuting area, only the worker driving will be eligible to claim a transportation allowance. The workers may work with the Job Center staff to develop a driving schedule and an individual determination for transportation eligibility. In addition, if a worker is receiving transportation assistance through another funding source, they are not eligible to receive transportation allowance under the TAA program.

For TAA program purposes, "commuting area" will be considered the normal distance that workers in an area usually travel to and from work without being expected to relocate. Unless unusual circumstances exist, the worker would not be considered outside commuting distance unless (s)he would be required to travel over 10 miles to attend training. Mileage calculations should be done using the most direct route between regular place of residence & location of training facility.

**Note1:** In rare circumstances, if a worker is participating in a required internship for TAA approved training that requires the worker to use his/her home as the home base for internship, the worker is allowed to claim different routes of transportation daily.

For example, an internship in HVAC may require the worker to travel from his/her home to the first customer's home, to the shop, to the next customer's home, etc. All required (most direct) travel may be included in the roundtrip for the transportation calculation.

**Note2:** In order for a worker to be eligible for transportation (or subsistence), the worker must be attending an instructor led training. Worker who take certification exams, for example, are not eligible to draw transportation/subsistence or TRA because the exam is not instructor led.

For example, a worker participating in Accounting training and needs to take his CPA exam. The worker is not eligible for TRA or transportation/subsistence for the day of the CPA exam.

**Claiming Transportation and/or Subsistence:**

Workers participating in training (classroom, OJT, and/or Apprenticeship) are reimbursed transportation and/or subsistence on the TRA-22 form on a weekly basis.

For more information, please refer to the TRA-22 section of the manual.

Trade Adjustment Assistance (TAA)  
Training Plan Research Packet

#### Purpose:

The purpose of this exercise is to guide you, the participant, through information gathering steps that support your occupational goals. Deciding on a training program is an important decision. The more information you have regarding your training and occupational goal, the more successful you can be in your classes and in securing employment in your desired industry.

#### Timeframe:

Your Training Plan Research Packet must be completed and reviewed with your Trade Representative prior to consideration of your TAA training plan. Prompt attention to this task is required.

#### Instructions:

##### Researching the Training Provider:

1. Identify three training providers (schools) that provide training for your occupational training goal.
2. Research the three chosen training providers by calling and scheduling a one-on-one appointment with a school official/academic advisor. If a trip to the training provider is not possible, conduct research online or through other campus resources.
  - Inform the representative that you are working with the Missouri Job Center and the Trade Adjustment Assistance program, and you are only interested in information and not registering/enrolling or providing payment. NOTE: No funding has been approved for you at this point. Do not give the school the impression that the Missouri Job Center and/or the Trade Adjustment Assistance program is going to pay for your program until you are formally approved.
3. It is IMPORTANT to identify all costs of your chosen training (including tuition, fees, books, supplies, required tool costs, graduation rates, placement rates, mileage, etc.)

##### Researching the Occupation:

1. Contact three individuals who work in your desired field or three companies who hire for positions in your chosen field. Individuals may be friends, family, neighbors, etc. Additional research can be conducted on Missouri Economic Research and Information Center (MERIC) – <https://meric.mo.gov>.
2. Be sure to answer all questions on the form completely.
3. Remember, when conducting research for your occupational goal, keep in mind things such as wage/salary information, hours/shifts, etc. to be sure that this is a field in which you are willing to work.

##### Request for Training (DWD-PO-240):

1. The Request for Training (DWD-PO-240) form must be completed by a school official.
2. Please supply a copy of the Request for Training (DWD-PO-240) form to the school official to complete and submit to your Trade Representative.

#### TAA Training Plan Research Packet Checklist

- Ensure that you have participated in assessment services at a Missouri Job Center. The assessment will measure your interests and aptitudes to help you identify the career fields that best suit you.
- Researching the Training Provider worksheet
- Researching the Occupation worksheet
- Be Prepared to Discuss
  1. Why have you chosen this occupation?
  2. What type of job opportunities will you have if you receive this training?
  3. Why have you chosen the training provider indicated in your training plan?
  4. How will you maintain your financial needs while in training if your income support (UI/TRA) exhausts?
- Complete the online FAFSA (Federal Student Aid) form at <https://www.fafsa.ed.gov>
- Research occupations on O\*Net at <http://online.onetcenter.org>

## INSTRUCTIONS FOR DWD-PO-248

### **General:**

The purpose of the **Trade Adjustment Assistance Training Plan Research Packet** is to assist the worker in finding the most appropriate training. Although the form is directed at the worker to do most of the research, it is encouraged for Trade Act Navigator to also be engaged in the process.

The form is broken into three sections:

- 1) **Researching the Training Provider:** This requires the worker to research a training program at three different training facilities. In rare circumstances, researching two different training facilities can be accepted in cases of rural areas and/or a unique training program.
- 2) **Researching the Occupation:** This requires the worker to research the occupation in which he/she plans to train. This can be a combination of labor market information and interviews with individuals who work in the field.
- 3) **Request for Training (DWD-PO-240):** After the worker has submitted his/her TAA Training Plan Research Packet (DWD-PO-248), the Trade Act Navigator must provide a Trade Act Request for Training (DWD-PO-240-A) form and Benchmark Requirement Notification (DWD-PO-55) form to the most appropriate training facility based on reasonable cost comparison.

The TAA Training Plan Research Packet (DWD-PO-248) is required for any worker interested in any classroom and/or distance learning. However, Trade Act Navigators are allowed to deviate from the form as long as all the same information outlined in the TAA Training Plan Research Packet is obtained.

### **Distribution:**

The TAA Training Plan Research Packet (DWD-PO-248) form and any supporting documentation must be uploaded to the worker's MoJobs.

## TRANSPORTATION / SUBSISTENCE

If a trainee attends training outside of his/her commuting area, (s)he may receive Transportation and/or Subsistence Allowance. In the State of Missouri, a "commuting area" is defined as 10 miles one way from the trainee's home residence. To be eligible for transportation or subsistence, the trainee must travel over 10 miles one way from his/her residence to the training facility to participate in eligible training.

To calculate the distance from the trainee's home to the requested training facility, the Job Center staff must use one or more Internet-based map applications (MapQuest, Google Maps, etc.). If a trainee disagrees with the mileage calculated using the Internet-based map application(s), (s)he may provide additional documentation to confirm that the training facility is outside his/her "commuting area." In cases where the trainee believes the calculation is incorrect, and can provide documentation, Job Center staff may add up to three (3) miles to the Internet application(s) calculation(s) to qualify the "commuting area." Job Center staff is required to document the trainee's "commuting area" and eligibility for transportation and/or subsistence, including retaining hard copies of Internet-based map application(s) calculation(s) in the trainee's hard file.

If the trainee requests Transportation Allowance to assist him/her while attending training, it must be calculated using the most direct route from his/her home to the training facility.

If the trainee requests Subsistence Allowance to assist him/her while attending training, (s)he may receive assistance with meals and lodging while maintaining a separate residence outside his/her "commuting area."

A trainee cannot receive Transportation and Subsistence Allowance on the same day.

## TRAINING TERMINATION DETERMINATION

*This portion of the form is to be completed by the Trade Representative immediately following the trainee's termination of training. Please review Trainee Appeal Rights below with Trainee.*

Actual Number  
of Weeks Attended \_\_\_\_\_

- The worker's TAA Training is terminated for unjustifiable reasons, therefore, is unable to return to training at a future date. Unjustifiable termination from training may be subject to a training overpayment.
- The worker's TAA Training was terminated for justifiable reasons, therefore, may return to training at a future date if eligibility criteria is met.
- Remedial Training Only
- Prerequisite Training Only
- Skills Training Only

## TRAINING DENIAL STATEMENT

- The Trade Act of 1974, as amended, and Federal Regulations at Part 618 provide that the worker should benefit from appropriate training. The client is terminated from Trade Act approved/funded training because (s)he failed to make satisfactory progress in the required course(s). Therefore, the training is terminated effective \_\_\_\_\_.
- The Trade Act of 1974, as amended, and Federal Regulations at Part 618 provide that training cannot exceed \_\_\_\_\_ weeks. Only weeks in which the worker actually attends training are counted in determining the length of training. The training is denied because the worker would be attending classes for \_\_\_\_\_ weeks, which exceeds the maximum allowed.
- The Trade Act of 1974, as amended, and Federal Regulations at Part 618 provide that the worker would benefit from appropriate training and is qualified to undertake and complete such training. The worker was terminated from training for failure to attend training and/or contact the school or Job Center staff. Training is terminated effective \_\_\_\_\_.

An appeal may be filed by mail to the Missouri Division of Employment Security, Appeals Tribunal, PO Box 59, Jefferson City, MO 65104, or by FAX at (573)751-1321. If appeal is by mail, the United States Postal Service postmark date will be the date filed. If the last day for filing the appeal falls on a Saturday, Sunday, or a legal holiday, an appeal will be timely if filed on the next day which is neither a Saturday, Sunday, or legal holiday. Any appeal should give the reason why it is believed the determination is incorrect and must be signed. If you do not understand the determination or how to file an appeal, contact the Missouri Job Center that issued the determination.

**19) Initial / Amended:** The Trade Act Navigator must check the appropriate field; **only one**.

Initial refers to the very first ‘approvable’ request submitted for fund obligation.

Amended refers to any other requests submitted to make changes to the worker’s training programs or to obligate / de-obligate training, transportation and/or subsistence funds. If an *amended* request is submitted, you must include a brief description of change(s) made.

**20) Application Trade Act Year** – Depending on the worker’s Petition Number, the Trade Act Navigator must select the appropriate version of TAA from the dropdown box.

**Trade Act 2002** includes petitions numbered 69,999 or below.

**Trade Act 2009** includes petitions numbered 70,000-79,999.

**Trade Act 2002 Revert** includes petitions numbered 80,000-80,999 if Trade 2002 Revert is selected.

**Trade Act 2011** includes petitions numbered 80,000-84,999.

**Trade 2015** includes petitions numbered 85,000-97,999.

**Trade Reversion 2021** includes petitions numbered 98,000 and above.

**21) Petition No.** – The Trade Act Navigator must enter the petition number. It can be found in MoJobs or UIInteract TRA-B, TRA-A, or TRA-C claim screens.

If Missouri acts as the Agent state, the Liable state must provide the petition number, TRA / TAA eligibility, and approve the training request prior to submitting to OWD Central Office TAA Unit. To search for petition activity/determinations or to find contact information for Trade Act Coordinators in other states, view USDOL’s website:

**Petition activity/determinations:**

<https://www.dol.gov/agencies/eta/tradeact/petitioners/petitions>

**Trade Act Coordinators:** <https://www.dol.gov/agencies/eta/tradeact/contact/states>

**22) Trainee ID#** – If the DWD-PO-240-A is an “Initial” request, OWD Central Office TAA Unit will assign a Trainee ID#.

If the DWD-PO-240-A is an “Amended” request, the Trade Act Navigator must enter the Trainee ID# assigned by OWD Central Office Trade Act.

**23) Benefit Year Beginning (BYB):** – The Trade Act Navigator must enter the BYB date found in UIInteract TRA-B, TRA-A, or TRA-C claim.

If Missouri is the Agent state, this information must be obtained from the Liable state.

**Trade Act Coordinators:** <https://www.dol.gov/agencies/eta/tradeact/contact/states>

**24) Trainee’s Name** – The worker, Trade Act Navigator, or training facility must enter the worker’s name.

**25) Incumbent Worker** – If the worker is an adversely affected incumbent worker under **Trade 2009, 2011, or 2015**, the Trade Act Navigator must check this field.

**26) Social Security Number** – The worker, Trade Act Navigator, or training facility must enter the last four digits of the worker’s social security number.

**27) Last Termination from Certified Employer** – The Trade Act Navigator must enter the worker’s last layoff date from the trade affected employer. To qualify for the TAA program, it must fall between the Impact Date and Expiration Date of the certified petition. This date can be found in UInteract TRA-B claim under the *List of Claims* link and the latest Separation Date found under the *855 Response* section.

If Missouri is the Agent state, the Trade Act Navigator must contact the Liable state’s Trade Act Coordinator unless the worker can provide supporting documentation.

**28) Trainee’s Street Address** – The worker, Trade Act Navigator, or training facility must enter the worker’s street address.

**29) City** – The worker, Trade Act Navigator, or training facility must enter the worker’s city.

**30) State** – The worker, Trade Act Navigator, or training facility must enter the worker’s state.

**31) Zip Code** – The worker, Trade Act Navigator, or training facility must enter the worker’s zip code.

**32) Training Facility Name** – Enter the name of the training facility that the worker plans to attend.

**33) Trainee’s Signature (Date)** – To make the request official, the worker must enter his/her signature on the form.

Under **Trade 2002, 2002 Revert, and Reversion 2021**, for the DWD-PO-240-A to be considered a timely request for training, the top portion must be completed (including the worker’s signature) within 210 days of the worker’s last qualifying separation from the Trade affected employer. This can also be accomplished by signing the IEP instead of the DWD-PO-240-A. The worker’s signature must be obtained during the first visit to the Job Center.

- **Note:** Under **Trade 2009, 2011, and 2015**, the timely training request criterion does not apply.
- If the worker uses the electronic signature, the form will include the date. **If the worker manually signs the form, the worker must also date the form.**

- 7) **Email Address** – The training facility representative must enter his or her email address.
- 8) **Fax Number** – The training facility must enter the training facility’s fax number.
- 9) **Fiscal Office Address for Payment, if Different than Training Facility** – If applicable, the training facility representative must enter a different fiscal office address.
- 10) **Title of Training Course** – The training facility must enter the name of the training course and include a copy of course / curriculum information describing the training program.
- 11) **Purpose of Training** – The training facility must mark all required training components (Remediation, Prerequisites, and/or Skills) that apply.
- 12) **Associate Degree** – If the worker is attending TAA approved training that will lead to an Associate Degree, the training facility must check this field.
- 13) **Training Beginning Date** – The training facility must enter the anticipated start date of the training course.
- 14) **Training Ending Date** – The training facility must enter the anticipated end date of the training course.
- 15) **Daily Class Scheduled From / To** – The training facility must enter the anticipated daily start and end time of the training program.
- 16) **Part-Time / Full-Time Training** – The training facility must mark the appropriate box to show if the worker will be participating in full-time or part-time training.

In order for training to be approved under **Trade 2002** or **2002 Revert**, training must be **full-time** as deemed by the training facility.

Under **Trade 2009, 2011, and 2015**, **full-time** and **part-time** training are approvable. However, workers participating in **part-time** training are not eligible for TRA weekly benefits and must be able to demonstrate that they are financially able to support themselves while in training. A worker must be able to financially support themselves with TRA or other methods. If worker is not eligible for UI or TRA weekly benefits, a financial statement must be recorded on a [Financial Attestation \(DWD-5545\)](#) and upload into MoJobs.

Under **Trade Reversion 2021**, **full-time** and **part-time** training are approvable. Workers participating in **part-time** training remain eligible for TRA weekly benefits.

- 17) **Online** – If the worker attends any portion of training online (distance learning), the training facility must check this field. **Self paced training is not approvable under TAA.**
- 18) **Number of Hours Per Week**- The training facility must enter the approximate number of training hours scheduled per week.

In Missouri, workers participating in remedial training must attend at least 6 clock

hours per week.

- 19) Total Instruction/Credit Hours** – The training facility must enter the number of anticipated instruction / credit hours to be received as a result of the training program.
- 20) # of Weeks** – The training facility must enter the length of training by weeks.
- 21) Tuition & Fees** – The training facility must enter the estimated costs of tuition and fees for the entire training program.
- 22) Books & Expendable Supplies** – The training facility must enter the estimated costs of books and supplies for the entire training program. **If available, include an itemized list.**
- 23) Other** – The training facility must enter the estimated costs of tools, equipment, uniforms, etc. for the entire training program.

If a training provider requires a refundable deposit for housing, it would be included in this field.

- 24) \*Itemize OTHER costs here** – If applicable, the training facility must enter an itemized list of costs associated with the 'Other' line item.

If necessary, additional items can be listed on a separate piece of paper.

The costs for subsistence (meals and lodging) should not be included in the estimate.

**Other** expenses must always be itemized. If there is not enough space to include the itemization on the form, a separate sheet can be attached. 'Other' expenses include tools, uniforms, parking fees, lab fees, and all other costs that cannot be identified as tuition, books, and supplies. All contents of kits, such as tool kits, must be listed. If a training provider requires a refundable deposit for housing, it would also be detailed in this field.

- 25) Total** – The training facility must enter the sum of all costs for "Tuition & Fees", "Books & Supplies", and "Other". This total must match the sum of all combined training funds obligated. Types of training funds include TAA, WIOA, Grants, Scholarships, etc.

The request should reflect the entire costs of training, including any costs covered by another funding source. It must also display the costs necessary for tuition, books/supplies, and other (itemized expenses). Each expense must be recorded in the proper space on the form.

- 26) Holiday and Vacation Schedule** – The training facility must enter the anticipated holiday schedule (such as days off for Christmas, Easter, Labor Day, etc.) and vacation schedule (such as time off between semesters or summer weeks) or attach the training facility's holiday / vacation schedule OR academic schedule.
- 27) Training Facility's Billing Plan:** The training facility must mark the field of the normal billing cycle of the training facility.

If the "Other" field is marked, an explanation must be included. The billing cycle cannot be more than once a month.

- 28)Date** – The training facility must enter the date the form was completed.
- 29)Training Facility Representative's Signature** – The training facility representative must enter their written or electronic signature. This is required before a training request can be considered approved.
- 30)Telephone Number** – The training facility representative must enter their telephone number.
- 31)Job Center Name and Code Number** – The Trade Act Navigator must choose from the drop down list OR type the appropriate Job Center location and associated code number.
- 32)Date** – The Trade Act Navigator must enter the date the training request is determined approvable.
- 33)Job Center Representative's Signature** – The Trade Act Navigator must enter their written or electronic signature. This is required before a training request can be considered approved.

**NOTE:** If the DWD-PO-240-A is amended, it requires approval of both the training facility and the worker. The worker's approval may be a signature on the DWD-PO-240-A, an email stating that (s)he agrees with X, Y, and Z changes, etc.

- 34)Job Center Street Address** – The Trade Act Navigator must enter the street address of his/her Missouri Job Center.
- 35)City** – The Trade Act Navigator must enter the City of his/her Missouri Job Center.
- 36)State** – The Trade Act Navigator must enter the State of his/her Missouri Job Center.
- 37)Zip Code** – The Trade Act Navigator must enter the Zip Code of his /her Missouri Job Center.
- 38)Email Address** – The Trade Act Navigator must enter his/her email address.
- 39)Telephone Number** – The Trade Act Navigator must enter his/her telephone number.
- 40)Fax Number** – The Trade Act Navigator must entire his/her fax number.

## Completing the “Training Justification/Request for Obligation of Funds” Section

This portion of the form is used by Trade Act Navigators to request the obligation of TAA funds to pay for approved training and training related costs for a trade affected worker. **TAA funds are the primary funding source for trade affected workers. This means if TAA funds are available, they should be the first funding source used to pay for training.**

Training courses are approved by Trade Act Navigators, **not** OWD Central Office. When the DWD-PO-240-A is received by OWD Central Office TAA Unit, it is assumed a training course has been approved by the designated Trade Act Navigator. OWD Central Office will review case notes and other MoJobs entries to ensure that the appropriate process was followed.

**NOTE:** The initial requests for training and any required amendments to the training program require a **new** DWD-PO-240-A form to be completed. When it is necessary to amend a training program, do **not** submit previously processed DWD-PO-240-A forms (that contain ledger assignment, Trade Act staff initials, and date processed). Additionally, amended DWD-PO-240-A forms must be approved by the training facility and worker.

**TRAINING JUSTIFICATION AND REQUEST FOR OBLIGATION OF FUNDS**

**17** TRAINEE'S SIGNATURE **18** DATE

**1) There is no suitable employment available for an adversely affected worker. –** Check the yes or no field.

There is no suitable employment available for a trade-affected worker in either the commuting area or another area outside the commuting area to which the worker intends to relocate, and there is not reasonable prospect of such suitable employment becoming available for the worker in the foreseeable future.

If a training program, or an application for training is denied for not meeting this criteria, the State must document the availability of suitable employment through traditional and real-time labor market information including, but not limited to, projections data, job openings, and job vacancy surveys (not currently available in Missouri).

**2) The worker would benefit from appropriate training.** – Check the yes or no field.

The worker would benefit from appropriate training when training, skills training, or remedial education would increase the likelihood of obtaining employment. Appropriate training should improve the worker's chances of obtaining employment at higher wages than in the absence of training or place the worker on a pathway to do so.

The worker must have the knowledge skills, and abilities to undertake, make satisfactory progress in, and complete the training program.

**3) There is a reasonable expectation of employment following completion of training.** – Check the yes or no field.

There is reasonable expectation of employment following completion of such training. Given the labor market conditions expected to exist at the time of the completion of the training program, a reasonable expectation, fairly and objectively considered, exists that the trade-affected worker is likely to find employment, using the skills and education acquired while in training, upon completion of approved training. The labor market conditions considered must be limited to those in the worker's commuting area, or in the area where the worker intends to relocate.

1. "A reasonable expectation of employment" does not require that employment opportunities for the worker be available, or offered, immediately upon the completion of the approved training program. When initially approving such training, there must be a projection, based on labor market information, of employment opportunities expected to exist at the time of completion of the training program.
2. The State must measure expected job market conditions using pertinent labor market data, including but not limited to job order activity, short-term projections data, job vacancy surveys (not currently available in Missouri), business visitation programs, and local and regional strategic plans. This labor market information should be documented in the trade-affected worker's case file. The State should also work with the LWDBs and their one-stop partners, especially business team members, to understand current labor market conditions and opportunities for work-based learning.

3. When a worker desires to relocate within the United States, but outside the worker's present commuting area, upon completion of training, the State must document the labor market information, described in the previous item 2, for the area of the planned relocation.
  4. A reasonable expectation of employment may exist in a limited demand occupation for a single, trained worker in the worker's commuting area or in an area to which the worker desires to relocate. A limited demand for such an occupation does not preclude the approval of training in an occupation where the State has determined that there is a reasonable expectation that the worker can secure employment in the occupation. States must verify with businesses in the commuting area or in the area of intended relocation that demand exists for an individual with such training. These efforts must be documented in the trade-affected workers case file. Before approving training in occupations with limited demand, the State must consider the number of individuals currently enrolled in training that area likely to meet that demand before enrolling additional workers in training for that occupation.
  5. A State may approve a training program in an occupation if it finds that there is a reasonable expectation that the training will lead to **self-employment** in the occupation for which the worker requests training and that such **self-employment** will provide the worker with wages or earnings at or near the worker's wages in adversely affected employment.
  6. Training programs that consist solely of OJT or contain an OJT component area not approvable if they are NOT expected to lead to suitable employment, with the employment providing the OJT, in compliance with section 236(c)(1)(B)(i) of the Act ([TAA Final Rule](#)).
- At a minimum, refer workers to:
    - Missouri Economic Research and Information Center (MERIC) (<http://meric.mo.gov>)
    - O\*Net Online (<https://www.onetonline.org>)
  - LMI may be considered in other states / regions if the worker is willing to relocate.

Before approving training, Trade Act Navigators must case note all applicable LMI information including the source of the LMI. At a minimum, case notes must include:

- Missouri and United States projected increase/decrease in the field and projected annual job openings.

- Whether the jobs are high demand and/or green jobs.
- If the worker is willing to relocate for employment.
- Self-employment and related wages.
- Based on WIOA sector strategies:
  - Grade
  - Occupational Outlook (Region / Statewide)
  - Real-Time Job Openings (Region / Statewide)

**4) Training approved by the Secretary is reasonably available to the worker from either governmental agencies or private sources.** – Check the yes or no field.

Training is reasonably available to the trade-affected worker. In determining whether training is reasonably available, States must first consider training opportunities within the worker's commuting area. State may approve training outside the commuting area if none is available at the time in the worker's commuting area. Whether the training is in or outside the commuting area, the training program must be available at a reasonable costs as described in criteria #6.

**5) The worker is qualified to undertake and complete such training.** – Check the yes or no field.

States must ensure the following:

1. The worker's knowledge, skills, abilities, educational background, work experience, and financial resources are adequate to undertake and complete the specific training program being considered.
2. Any initial assessment, comprehensive and specialized assessment, and IEP developed under subpart C of this part ([TAA Final Rule](#)) must be consulted to support the trade-affected worker's ability to undertake and complete the training program.
3. Where the worker's remaining available weeks of UI and TRA payments will not equal or exceed the duration of the training program, that the worker will have sufficient financial resources to support completion of the training program within the time limits noted in 618.615(d) ([TAA Final Rule](#)). In making this determination, the State must consider:
  - i. The worker's remaining weeks of UI and TRA payments in relation to the duration of the proposed training program;

- ii. Other sources of income support available to the worker, including severance, earning of other family members, and other family resources;
  - iii. Other fixed financial obligations and expenses of the worker and family;
  - iv. The availability of Federal and student financial assistance or any State-funded student financial assistance or any private funding designated for student financial assistance include, but not limited to, nongovernmental scholarships, awards, or grants; and
  - v. Whether or not the worker is employed while attending training.
4. The State must document whether or not the trade-affected worker has sufficient financial resources to complete the training program that exceeds the duration of UI and TRA payments.
  5. If a worker has insufficient financial resources to complete the worker's proposed training program that exceeds the duration of UI and TRA payments, then the State must not approve that training program and must instead consider other training opportunities available to the worker.

A worker must be able to financially support themselves with TRA or other methods. If worker is not eligible for UI or TRA weekly benefits, a financial statement must be recorded on a [Financial Attestation \(DWD-5545\)](#) and upload into MoJobs.

**6) Such training is suitable for the worker and available at a reasonable cost. –**  
Check the yes or no field.

1. *Suitable for the worker.* The training program being considered must address the criteria set out in criteria #5 (Item #1 & 2) and be determined by the State to be appropriate given the worker's knowledge, skills and abilities, background, and experience relative to the worker's employment goal, and criteria set out in criteria #3.
2. *Available at a reasonable cost.*
  - i. Costs of a training program may include but are not limited to, tuition and related expenses (e.g., books, tools, computers and other electronic devices, internet access, uniforms and other training-related clothing such as goggles and work boots, laboratory fees, and other academic fees required as part of the approved training program) as well as supplemental assistance (subsistence expenses and transportation expenses as described in 618.40(c) and (d)) ([TAA Final Rule](#)). States must pay the costs of initial licensing and certification tests and fees where

a license or certification is required for employment.

- A. The State must ensure and document costs are reasonable by researching costs for similar training programs, whether it is classroom or work-based training.
  - B. Related expenses must be necessary for the worker to complete the training program. Other options should be explored before purchasing equipment or related materials.
- ii. Available at a reasonable cost means that training must not be approved at one provided when, all costs being considered, training better or substantially similar in quality, content, and results can be obtained from another provider at a lower total cost within a similar time frame. Training must not be approved when the costs of the training are unreasonably high in comparison with the average costs of training other workers in similar occupations at other providers. The State may approve a higher cost training if that training is reasonably expected to result in a higher likelihood of employment, employment retention, or greater earnings, or to return the worker to employment in a significantly shorter duration.
  - iii. Training at facilities outside the worker's commuting area requiring transportation or subsistence payments that add substantially to the total cost of the training program may not be approved if other appropriate training is available in the commuting area at a lower cost, unless the exception described in criteria #6 (Item 2 ii) applies.
  - iv. Approval of training under criteria #6 is also subject to the provisions of 618.650 ([TAA Final Rule](#)).

Please refer to the **OWD Issuance 06-2020: Trade Adjustment Assistance Reasonable Cost of Training Policy:**

[https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020\\_taa\\_reasonable\\_cost\\_policy\\_09162020.pdf](https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020_taa_reasonable_cost_policy_09162020.pdf).

- 7) TAA Funds** – If TAA funds are being used to cover all or part of the training costs outlined on the training request, enter the amount of TAA funds that need to be obligated. TAA funds can only be used to cover required training costs.

The soft cap\* for skills training is set at \$20,000 for all versions of the TAA program.

\*Training costs can exceed the soft cap with approval from the OWD Central Office TAA Unit. Other consideration includes “Reasonable Costs”, “Public vs. Private”, “Similar or Like Training”, “Transportation/Subsistence Allowance”, etc. For more information, reference the **OWD Issuance 06-2020: Trade Adjustment Assistance Reasonable Cost of Training Policy:**

[https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020\\_taa\\_reasonable\\_cost\\_policy\\_09162020.pdf](https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020_taa_reasonable_cost_policy_09162020.pdf).

Per the TAA Final Rule, TAA funds are the primary funding source for trade affected workers. This means if TAA funds are available, they must be the first funding source used to pay for training.

- 8) **TAA Effective Date** – If applicable, enter the date that TAA funds are available to fund the training. This may be at the beginning of training or at a natural break in training if the worker is co-enrolled in training prior to the TAA petition certification.
- 9) **PELL Grant** – If PELL Grant funds are used to cover all or part of the training cost, enter the amount of PELL Grant funds that have been obligated.

Workers are not required to apply their PELL Grant towards their TAA approved training.

**If the worker has received a PELL Grant but is not applying it towards Trade approved training, leave this field blank.**

PELL Grants are not deductible from UI or TRA weekly benefit payments.

- 10) **Pell Grant Effective Date** – If PELL Grant funds will be applied towards training, enter the date that PELL Grant funds will cover all or a portion of training.
- 11) **WIOA** – If WIOA funds are used to cover all or part of the training costs, enter the amount of WIOA funds that have been obligated.
- 12) **WIOA Effective Date** If WIOA funds will be applied towards training, enter the date that WIOA funds will cover all or a portion of training.
- 13) **Other Government** – If Other Government funds are being used to cover all or part of the training costs, enter the amount of Other Government funds that have been obligated.
- 14) **Other Government Effective Date** – If Other Government funds will be applied towards training, enter the date that Other Government funds will cover all or a portion of training.
- 15) **Private** – If Private funds are being used to cover all or part of the training costs, enter the amount of funds that have been obligated.
- 16) **Private Effective Date** – If Private funds will be applied towards training, enter the date that Private funds will cover all or a portion of training.
- 17) **Trainee's Signature** – The worker must enter written or electronic signature.
- 18) **Date** – The worker must enter the date he/she signed the request for training.

## Completing the “Transportation / Subsistence” Section

This portion of the form is used by Trade Act Navigators to document the distance between a worker’s residence and their training facility while attending classroom training (remedial, prerequisite, and/or skills training), and to determine if the training requires the worker to travel outside of his/her commuting area.

In Missouri, a commuting area has been determined to be 10 miles one-way.

Effective September 21, 2020, with the enactment of the TAA Final Rule, transportation reimbursement begins with the first mile outside of the commuting area (in Missouri this would be mile 11).

### **Calculating the Commuting Area:**

To determine if the approved training is outside the worker’s commuting area, the Trade Act Navigator is required to use one or more internet-based map applications (MapQuest, Google Maps, etc.) to confirm the distance between the worker’s residence and their approved training facility is over **10 miles** one-way. If the worker requests transportation and/or subsistence allowance, the Trade Act Navigator is required to complete the **Transportation / Subsistence** section of the form to document their findings.

Because the internet-based map application(s) are not always exact due to circumstances such as new construction, ongoing road construction, single address for large campus (colleges and hospitals), etc., Trade Act Navigators may allow up to three (3) additional miles only if the worker protests the calculation and provides documentation. If the worker does not believe the internet-based map application mileage calculation is correct, the worker may also provide other documentation, including a written, signed, self-attestation document, map of training facility campus, report of road closures for highway construction, etc.

The **Transportation / Subsistence** section of the form must be completed any time a worker requests transportation and/or subsistence allowance. In addition, a worker’s eligibility for transportation and/or subsistence allowance, if requested, must be documented as a case note in MoJobs.

The **Agency Determination** section of the form is used to issue a written determination.

## TRANSPORTATION / SUBSISTENCE

If a trainee attends training outside of his/her commuting area, (s)he may receive **Transportation** and/or **Subsistence Allowance**. In the State of Missouri, a "commuting area" is defined as 10 miles one way from the trainee's home residence. To be eligible for transportation or subsistence, the trainee must travel over 10 miles one way from his/her residence to the training facility to participate in eligible training.

To calculate the distance from the trainee's home to the requested training facility, the Job Center staff must use one or more Internet-based map applications (MapQuest, Google Maps, etc.). If a trainee disagrees with the mileage calculated using the Internet-based map application(s), (s)he may provide additional documentation to confirm that the training facility is outside his/her "commuting area." In cases where the trainee believes the calculation is incorrect, and can provide documentation, Job Center staff may add up to three (3) miles to the Internet application(s) calculation(s) to qualify the "commuting area." Job Center staff is required to document the trainee's "commuting area," and eligibility for transportation and/or subsistence, including retaining hard copies of Internet-based map application(s) calculation(s) in the trainee's hard file.

If the trainee requests **Transportation Allowance** to assist him/her while attending training, it must be calculated using the most direct route from his/her home to the training facility.

If the trainee requests **Subsistence Allowance** to assist him/her while attending training, (s)he may receive assistance with meals and lodging while maintaining a separate residence outside his/her "commuting area."

A trainee cannot receive **Transportation** and **Subsistence Allowance** on the same day.

- 1) **Requirements and General Information** – This information must be reviewed with the worker prior to calculating the worker's commuting area.
- 2) **Trainee's Street Address** – Enter the worker's street address.
- 3) **City** – Enter the worker's city of residence.
- 4) **State** – Enter the worker's state of residence.
- 5) **Zip Code** – Enter the worker's zip code of residence.
- 6) **Training Facility's Street Address** – Enter the street address of training facility location.
- 7) **City** – Enter the city of training facility location.
- 8) **State** – Enter the state of training facility location.
- 9) **Zip Code** – Enter the zip code of training facility location.
- 10) **Does the client request Transportation and/or Subsistence Allowance?** – Select Yes or No.
- 11) **If "Yes", which does the client request?** – Select Transportation, Subsistence, or Both.
- 12) **Is the client's Trade-approved training outside his/her commuting area?** – Select Yes or No.
- 13) **Was additional documentation needed to verify that training is outside the client's commuting area?** – Select Yes or No.
- 14) **If "Yes", what documentation was used?** – List source(s) of documentation.
- 15) **Number of Miles from Regular Place of Residence to Training Facility** – Enter the actual **ONE-WAY** mileage from the worker's place of residence to their training

site. This entry should be completed for all workers, regardless of their eligibility for transportation and/or subsistence allowances.

Mileage calculations should be based on the most direct route between the worker's residence and their primary training location. The number of miles entered must be calculated using one or more internet-based map applications (MapQuest, Google Maps, etc.) and must be documented on the form and rounded to the nearest whole mile. Alternative documentation can be used to verify the commuting distance.

Include information about transportation / subsistence eligibility in MoJobs along with the manner used to calculate the distance between the worker's residence and training facility.

Effective September 21, 2020, with the enactment of the TAA Final Rule, transportation reimbursement begins with the first mile outside of the commuting area (in Missouri this would be mile 11).

**16) Date of Departure** – If applicable, enter the date transportation and/or subsistence is effective.

**17) You are entitled to Subsistence Allowance at the rate of \_\_\_\_\_ per day** – Enter the lesser amount of actual cost of Subsistence Allowance per day or 50% of the per diem.

Refer to the **Transportation & Subsistence** section of the manual for further explanation. To be eligible for subsistence, the worker must be attending training outside his/her commuting area and maintaining a separate residence.

**18) You are entitled to Transportation Allowance at the rate of –**

**a) One-way costs:** Enter the **ONE-WAY** cost from the worker's regular place of residence to training facility outside his/her commuting area. To calculate the one-way cost:

**(# of Miles One-Way – 10 miles) x mileage reimbursement rate per mile = One-way costs**

Daily transportation cannot exceed the maximum subsistence rate per day. Refer to the **Transportation & Subsistence** section of the manual for further explanation. To be eligible for transportation, the worker must be attending training outside his/her commuting area and driving back and forth between his/her regular residence and training site. **EXCEPTION:** One-way trip at the beginning/end of training when claiming subsistence.

**b) Beginning** – If the worker is eligible for transportation, enter the date the worker is eligible to start drawing transportation.

c) **Roundtrip costs:** Enter the **ROUNDTRIP** cost from the worker's regular place of residence to training facility outside his/her commuting area. To calculate the roundtrip cost:

**"One-way costs" x 2 = Roundtrip costs**

d) **Beginning** – If the worker is eligible for transportation, enter the date the worker is eligible to start drawing transportation.

**19) Estimated Total Costs Transportation:** If applicable, based on the length of the worker's training program, enter the estimated total cost of transportation.

**20) Estimated Total Costs Subsistence:** If applicable, based on the length of the worker's training program, enter the estimated total cost of subsistence.

Workers are eligible to draw subsistence seven days per week while in training based on the lesser of actual costs or 50% of the per diem. Refer to the **Transportation & Subsistence** section of the manual.

**21) TAA Transportation Obligation** – If the worker is attending training outside his/her commuting area and is eligible for transportation allowance, enter the estimated amount of Transportation Allowance that is needed for the entire length of training.

**22) Effective Date** – If worker is eligible for transportation, enter the date transportation funds need to be available.

**23) TAA Subsistence Obligation** – If the worker is attending training outside his/her commuting area and is eligible for subsistence allowance, enter the estimated amount of Subsistence Allowance that is needed for the entire length of training.

Workers are eligible to draw subsistence seven days per week while in training based on the lesser of actual costs or 50% of the per diem. Refer to the **Transportation & Subsistence** section of the manual.

**24) Effective Date** – If worker is eligible for subsistence, enter the date subsistence funds need to be available.

## Completing the “Advanced Payment of Transportation / Subsistence” Section

If the worker requires advanced payment of either Subsistence and/or Transportation Allowance, the Trade Act Navigator and the worker must complete this section of the form. Please note that an advanced payment cannot be paid more than **ten (10) days** prior to the Start Date of the scheduled training.

The form section is titled "ADVANCE PAYMENT OF TRANSPORTATION / SUBSISTENCE". It contains the following fields and callouts:

- 1a**: Points to the "Subsistence Allowance" checkbox.
- 1b**: Points to the "Transportation Allowance" checkbox.
- 2**: Points to the "TRAINEE: I authorize deduction from my future allowance payments until the advancement is repaid. I will repay any amount not deducted." checkbox.
- 3a** and **3b**: Point to the fields for "Subsistence Allowance" and "Transportation Allowance" respectively.
- 4**: Points to the checkbox "not able to enter training without advance payments."
- 5**: Points to the "TRAINEE'S SIGNATURE" line.
- 6**: Points to the "DATE" field.

DWD-PO-240 (09-2020) Page 2 of 4

- 1) **Trainee: I request advance payment of** – If the worker is eligible and requests an advance of subsistence or transportation allowance, check the appropriate box(es).
  - a) **Subsistence Allowance** – If the worker requests advanced subsistence allowance, check this box.
  - b) **Transportation Allowance** - If the worker requests advanced transportation allowance, check this box.
- 2) **Trainee: I authorize deduction from my future allowance payments until the advance payment is repaid. I will repay any amount not deducted.** – If the request is approved, check this box. In order to repay the advanced allowance payment, this field indicates the worker’s authorization to deduct the “advanced payment” from future allowance payments. If the “advanced funds” cannot be fully repaid from the allowance payments, the worker must acknowledge responsibility to repay the remaining amount.

Advance payments should be done on a limited basis, and only considered when the worker can provide documentation that no other financial resources are available to cover costs pending a reimbursement.

If an advance payment is requested, the submission of forms should be expedited to allow DES - Special Unit additional time to issue the payment.

In addition to the DWD-PO-240-A form, if the worker is receiving a paper check (vs. direct deposit), a memorandum must be submitted to DES-Special Unit to provide mailing instructions for the advance check. The advance check may be

sent: 1) Directly to the worker; 2) To the training facility for delivery to the worker; or 3) To the Job Center for delivery to the worker.

**3) The following amount(s) are approved for payment** – Enter the amount of advanced payment the worker is eligible to receive.

**a) Subsistence Allowance** – If appropriate, enter the amount of advanced funds approved for subsistence. This should be calculated for up to one week's worth of subsistence.

Subsistence is to cover the daily cost of meals and lodging. Subsistence is calculated on the lesser of actual costs or 50% of the per diem. Reference the **Transportation & Subsistence** section of the manual.

**b) Transportation Allowance** – If appropriate, enter the amount of advanced funds approved for transportation. This should be calculated for up to one week's work of transportation.

Transportation is to cover the daily mileage of traveling back and forth between the worker's residence and training facility when the training facility is outside the commuting area. The commuting area in Missouri is 10 miles one way. (Effective September 21, 2020, per the TAA Final Rule, mile reimbursement starts with the first mile outside the commuting area. In Missouri, this would start with mile 11.) Transportation cannot exceed the maximum daily subsistence amount. Reference the **Transportation & Subsistence** section of the manual.

**4) Type of Training** – Enter the title of the training program.

**5) Trainee's Signature** – The worker is only required to sign this portion of the form in order to receive advanced payment. By signing this field, the worker agrees to the repayment of advanced funds through deduction of future subsistence or transportation allowance payments. The worker also agrees to repay any advanced funds that cannot be recovered through future allowance deductions on the TRA-22.

**6) Date** – The worker enters the date he/she signs the DWD-PO-240-A.

## Completing the “Training Dates” Section

This section of the form is completed by the Trade Act Navigator based on the scheduled dates and times of training provided by the Training Facility.

The image shows a screenshot of the 'TRAINING DATES' section of a form. The form is titled 'TRAINING DATES' in a black header. Below the header, there are several sections:
 

- TAA FUND OBLIGATION DATE:** A field with a callout '1' pointing to the label and a callout '2' pointing to the input area. The text below reads: 'Enter the actual number of weeks the trainee will attend training. (If the trainee attends training one day of any week, it must be counted towards the total number of training weeks.)'
- LIST ANY PERIODS OF PART-TIME ATTENDANCE:** A callout '3' points to this section header.
- Enter the EXACT dates of ALL breaks:** A callout '4' points to the 'From' field of the first row. Below this are six rows, each with 'From' and 'Through' fields. Callout '5' points to the 'Through' field of the first row. To the right of each 'From' and 'Through' field are two checkboxes: 'Payable' and 'Not Payable'. Callout '6' points to the 'Payable' checkbox of the first row, and callout '7' points to the 'Not Payable' checkbox of the first row.
- HOLIDAYS:** A callout '8' points to this section header.

- 1) TAA Fund Obligation Date** – Enter the date that TAA is scheduled to begin funding the training program. If the training is completely funded with TAA funds, enter the start date of training. If the training is partially funded by Trade, but also funded by another source, enter the date that TAA becomes responsible for the training costs.

Example, if the worker began training under WIOA Dislocated Worker in a co-enrollment scenario, TAA would begin funding the training at the next natural break in training. The Trade Act Navigator would enter the date TAA would begin funding the training.

- 2) Enter the actual number of weeks the trainee will attend training** – Entire the calculated amount of weeks the worker is scheduled to attend training.

If the worker attends training one day during any week, it must be counted towards the maximum training weeks. Do not count any weeks in which the worker does not attend at least one day of training.

- 3) List Any Periods of Part-Time Attendance** – If applicable, for workers participating in Trade 2009, 2011, 2015, or Reversion 2021 enter any periods of part-time attendance. Workers who participate in training on a part-time basis under **Trade 2009, 2011, and 2015** are not entitled to TRA weekly benefits. However, workers who participated in training on a part-time basis under **Trade Reversion 2021** ARE entitled to TRA weekly benefits.

Part-time training is not an option under Trade 2002 and 2002 Revert.

- 4) **From** – For all scheduled breaks in training, enter the start date of each break.

Note, breaks include two or more days in which the worker will be off school.

- 5) **Through** – For all scheduled breaks in training, enter the end date of each break.

Note, breaks include two or more days in which the worker will be off school.

- 6) **Payable** – If the associated break is payable, check this field.

A break that is less than 30 days in length is payable. Breaks in training do not count towards the maximum length of training. Refer to the **Break in Training** portion of the manual for additional instructions, including how to count breaks in training. **Workers drawing Completion TRA are not eligible to receive TRA during breaks, even if they meet the definition of a payable break.**

- 7) **Not Payable** – If the associated break is not payable, check this field.

A break that is 30 days or longer in length is not payable.

Breaks in training do not count towards the maximum length of training. Refer to the **Break in Training** portion of the manual for additional instructions, including how to count breaks in training.

- 8) **Holiday** - Record all scheduled holidays provided by the Training Facility. Holidays should be considered as one day away from training. Anything longer than this should be considered a break in training.

## Completing the “Agency Determination” Section

This section of the form is completed by the Trade Act Navigator to provide a written determination of eligibility or denial of training, training related costs, transportation, and/or subsistence.

The image shows a screenshot of the 'AGENCY DETERMINATION' section of a form. The form is divided into two main sections. The top section is for 'APPROVED' requests, with checkboxes for Training, Transportation, and Subsistence. The bottom section is for 'DENIED' requests, with checkboxes for Training Course Approval, Training-related Costs, Transportation, and Subsistence. A large text area for a denial statement is present, along with fields for Job Center Name and Code Number, Date, and Job Center Representative's Signature. Callout boxes 1a, 1b, 1c, 2a, 2b, 2c, 2d, 2e, 3, 4, and 5 point to various elements on the form.

- 1) **Your Request for** – If the worker’s request for training, transportation, and/or subsistence is approved, mark all applicable boxes.
  - a) **Training** - If a training program is approved, check this box.
  - b) **Transportation** – If transportation allowance is approved, check this box.
  - c) **Subsistence** – If subsistence allowance is approved, check this box.
  
- 2) **Your Request for** – If the worker’s request for training, training related costs, transportation, and/or subsistence is being denied, mark all applicable boxes.
  - a) **Training Course Approval** - If a training program is being denied, check this box.
  - b) **Training Related Costs is Denied for the Following Reasons** – If a training related cost (tools, computer, uniform, etc.) is being denied, check this box.
  - c) **Transportation** - If transportation allowance is being denied, check this box.
  - d) **Subsistence** - If subsistence allowance is being denied, check this box.
  - e) **Reason(s)** – In addition to marking the appropriate denial boxes, a written denial statement must be included; it must be written in a clear and concise manner, and be within the provisions of the Act. Start all denial statements with: “*The Trade Act of 1974, as amended including TAA Final Rules, and Federal Regulations at Part 618 provide.*” (Refer to the “Issuing a Denial of Training or Related Expense” portion of the manual for additional instructions.)

Because there is only a small area to type in the denial statement, it is acceptable to type in “See Attached” and include a Word document that includes

the full denial statement.

- 3) **Job Center Name and Code Number** - The Trade Act Navigator must choose from the drop down list OR type the appropriate Job Center location and associated code number.
- 4) **Date** – The Trade Act Navigator must enter the date the denial was issued.
- 5) **Job Center Representative's Signature** – The Trade Act Navigator must enter their written signature or use the electronic signature on the form.

## Completing the “Request for TRA While in Training” Section

This section of the form is completed by the Trade Act Navigator to provide TRA eligibility information to DES’ staff.

REQUEST FOR TRADE READJUSTMENT ALLOWANCE (TRA) WHILE IN TRAINING (This portion is to be completed by the Division of Workforce Development [DWD].)					
1	BENEFIT YEAR BEGINNING	DATE OF LAST QUALIFYING SEPARATION	DATE OF QUALIFYING SEPARATION	DATE OF PETITION CERTIFICATION	4
5	<input type="checkbox"/>	Your request for TRA is denied because your request for TRA was not within 210 days of your date of last separation, whichever is later.	3	5a	
6	<input type="checkbox"/>	Your request for TRA under the Trade Act is denied because your enrollment in training was not within 16 weeks of your qualifying or last separation or by the 8th week of the petition certification. (This only applies to Trade 2002 and Trade 2002 Revert)			
6	<input type="checkbox"/>	Your request for TRA under the Trade Act is denied because your enrollment in training was not within 26 weeks of your qualifying or last separation or by the 26th week of the petition certification. (This only applies to Trade 2009, Trade 2011, and Trade 2015)			
7	<b>APPEAL RIGHTS</b>				
8	If you believe this determination is incorrect, you or your duly authorized agent may file an appeal no later than thirty (30) days after the date entered below. An appeal may be filed by mail to the Missouri Division of Employment Security, Appeals Tribunal, PO Box 59, Jefferson City, MO 65104, or by FAX at (573)751-1321. If appeal is by mail, the United States Postal Service postmark date will be the date filed. If the last day for filing the appeal falls on a Saturday, Sunday, or a legal holiday, an appeal will be timely if filed on the next business day which is neither a Saturday, Sunday, or legal holiday. Any appeal should give the reason why it is believed the determination is incorrect and must be signed. If you do not understand the determination or how to file an appeal, contact the Missouri Job Center that issued the determination.				

- 1) **Benefit Year Beginning (BYB)** – The Trade Act Navigator must enter the BYB date that is found on the *UInteract* TRA-B, TRA-A, or TRA-C claim.

If Missouri is the Agent state, this information must be obtained from the Liable state.

- 2) **Date of Last Qualifying Separation** – Enter the date of the worker’s last qualifying separation date from the trade-affected employer that falls between the impact date and expiration date of a TAA certified petition. This date can be found in *UInteract* on the Claim Details screen on a TRA-B, TRA-A, or TRA-C claim under the *855 Response* section.

If Missouri is the Agent state, this information must be obtained from the Liable state.

- 3) **Date of Qualifying Separation** – Enter the date of the worker’s first qualifying separation date from the trade-affected employer that falls between the impact date and expiration date of a TAA certified petition. This date can be found in *UInteract* on the Claim Details screen on a TRA-B, TRA-A, or TRA-C claim under the *855 Response* section.

If Missouri is the Agent state, this information must be obtained from the Liable state.

- 4) **Date of Petition Certification** – Enter the TAA petition certification date as assigned by USDOL. This date can be found on the petition logs posted on

[dhwed\(\sdhefilp4367.state.mo.us\) \(W:\) > Workforce Development > Programs > Trade > Trade Act Resources > Petition Logs](http://dhwed(\sdhefilp4367.state.mo.us) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Petition Logs)

or on USDOL’s website

(<https://www.dol.gov/agencies/eta/tradeact/petitioners/petitions>).

- 5) **Your Request for Additional Weeks of TRA is Denied...** – This only applies to Trade 2002, 2002 Revert, and Reversion 2021. If the worker did not request training (sign the top portion of the form) within 210 days of their total or partial separation date from the trade-affected employer or the certification date of the petition under which the worker is covered (whichever is later), their request for training is not considered to be timely. If the worker did not have a timely application for training, this item should be checked to deny Additional TRA.
- a) **Date:** Enter the date the worker requested training.
- 6) **Your Request for TRA under the Trade Act is Denied...** – This only applies to Trade 2002, 2002 Revert, and Reversion 2021. If the worker was not enrolled in training, issued a waiver, or issued a 45-day extension (waiver or training) within the 8/16 week enrollment criteria, this item should be checked to deny all TRA weekly benefits.
- 7) **Your Request for TRA under The Trade Act is Denied...Certification** – This only applies to Trade 2009, 2011, and 2015. If the worker was not enrolled in training, issued a waiver, issued a 45-day extension (waiver or training) or 60-day extension within the 26/26 week enrollment criteria, this item should be checked to deny all TRA weekly benefits. (Equitable Tolling or Federal Good Cause may also be applied to Trade 2011 or 2015. Equitable Tolling may be applied to Trade Reversion 2021.)
- 8) **Appeal Rights** – If the worker is issued a denial, they must be made aware of their rights for an appeals hearing. (Refer to the “Appeals” portion of the manual for additional instructions.)

## Completing the “Fiscal Information” Section

This section of the form is completed by OWD Central Office TAA staff to record the ledger (Account) and TAA fund obligation date.

FOR OWD CENTRAL OFFICE USE ONLY

OWD CENTRAL OFFICE TRADE ACT UNIT INITIALS	DATE

For additional information about Missouri Office of Workforce Development services, contact a Missouri Job Center near you. Locations and additional information are available at jobs.mo.gov or 1-888-728-JOBS (5627). The Missouri Department of Higher Education and Workforce Development is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Missouri Relay Services at 711.

- 1) **Account** –OWD Central Office TAA staff enters a ledger number into this field.
- 2) **OWD Central Office Trade Act Unit Initials** –OWD Central Office TAA staff either enters their initial and dates or uses an electronic signature which includes the date.

**Submission Date:**

It is requested that the DWD-PO-240-A be submitted to OWD Central Office TAA Unit for fund obligation within 21 - 60 days prior to the start date of training. If the DWD-PO-240-A cannot be submitted within the noted timeframe, ***it is necessary to contact the OWD Central Office TAA Unit with an explanation prior to submission at [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov)***. Each case will be considered on a case-by-case basis. If it is determined that an extraordinary circumstance exist, the Trade Act Navigator will be allowed to submit the DWD-PO-240-A for processing.

Trade Act Navigators must upload the DWD-PO-240-A and any corresponding documentation into the worker's MoJobs record. An email must be sent to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov), and include the worker's name and StateID, to notify OWD Central Office Trade Act Unit that an initial DWD-PO-240-A is ready for processing. All necessary MoJobs entries, including case notes, must be made on the TAA Application prior to submitting a DWD-PO-240-A for processing. MoJobs case notes include, but are not limited to:

Before a DWD-PO-240-A is submitted to OWD Central Office TAA Unit for processing, MoJobs must be updated to include:

- Employment and Case Management Services
- TRA Benchmark Notification
- Reasonable Cost / Training Comparison
- Training Details
- Six Training Approval Criteria

Other MoJobs entries include, but are not limited to:

- Completion of the TAA Application and Participation
- Individual Employment Plan
- Appropriate TAA training service(s) under Activities/Enrollments/Services
- Revocation of a Waiver and Waiver service
- Approved Training Applications module under TAA Application
- Travel Allowance Application module under TAA Application

**Distribution:**

When all sections of the DWD-PO-240-A form are completed, with exception of the **For OWD Central Office Use Only** section:

- The original DWD-PO-240-A form, along with the DWD-PO-55, must be uploaded into MoJobs and an email submitted to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit.
- The OWD Central Office TAA Unit will provide a processed copy of the DWD-PO-240-A form, along with the DWD-PO-55, to DES.
- A copy of the processed DWD-PO-240-A is provided to the appropriate Trade Act Navigator / Job Center either by email or uploaded into the worker's MoJobs record.

- The Trade Act Navigator provides the worker with a copy of the DWD-PO-240-A and DWD-PO-55 form.
- The Trade Act Navigator provides a copy of the DWD-PO-240-A, DWD-PO-55, and DWD-PO-240-B forms to the training facility along with the TRA-19 Letter (DWD-PO-221) and Termination Report - Instructions.

**NOTE:** If Missouri is the Agent state, the Liable state must approve the training program (as outlined on the DWD-PO-240-A) before submitting the DWD-PO-240-A to OWD Central Office TAA Unit for processing.

When the Trade Act Navigator provides approved copies of the DWD-PO-240-A and DWD-PO-55 forms to the training facility, they must also provide copies to the Liable state.

### **Amendments:**

When one or more sections of the DWD-PO-240-A form needs to be revised, the form must be marked "AMENDED" at the top of the form. A clear explanation of the amendment(s) needed must also be included at the top of the form. It is required to include the worker's assigned Trainee ID number (which is assigned on the initial training request – DWD-PO-240-A).

Lastly, the DWD-PO-240-A or other documentation must show that both the training facility and worker agree to any change(s) made to the DWD-PO-240-A. This can be done through either written or electronic signature or by attaching approval emails.

### **Distribution (Amended):**

When the DWD-PO-240-A is amended:

- All pages of the "amended" DWD-PO-240-A form are uploaded into MoJobs and an email submitted to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit.
- The OWD Central Office TAA Unit processes the request for obligation of funds.
- The OWD Central Office TAA Unit will provide a processed copy of the "amended" DWD-PO-240-A form to DES.
- A processed copy of the "amended" DWD-PO-240-A form is provided to the appropriate Trade Act Navigator / Job Center either by email or loaded into the worker's MoJobs record.
- The Trade Act Navigator provides the worker with a copy of the "amended" DWD-PO-240-A form, and also maintains a copy.
- The Trade Act Navigator provides a copy of the "amended" DWD-PO-240-A form to the training facility. The training facility must be instructed to complete the **Trainee Termination Report** (DWD-PO-240-B) form at the time of the worker's completion or termination of training.

**NOTE:** If Missouri is the Agent state, the Liable state must approve amendments to the training program (as outlined on the DWD-PO-240)-A before uploading the DWD-PO-240-A into MoJobs for processing.

When the Trade Act Navigator provides a copy of the approved amended DWD-PO-240-A form to the training facility, they must also provide a copy to the Liable state.

## Completing “Trainee Termination Report” Section

At the time a worker’s training is approved, the Training Facility is provided a **TRA-19** (transmittal letter), along with a signed/processed copy of the **DWD-PO-240-A** (Individual Certification and Training Agreement section), a blank **DWD-PO-240-B** and the **DWD-PO-270** (for completing the DWD-PO-240-B: Trainee Termination Report).

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Training

For purposes, the breakdown of forms is:

- TRA-19 Letter (DWD-PO-221)
- Processed Request for Training (DWD-PO-240-A)
- Blank Trainee Termination Report (DWD-PO-240-B)
- Termination Report - Instructions

Using the most recently processed DWD-PO-240-A, the Training Facility is also asked to complete the **Trainee Termination Report** (DWD-PO-240-B) after the completion (or termination) of each training module (if applicable) and return the form to the specified Trade Act Navigator.

### **Completion of the Trainee Termination Report section:**

If a worker does not start scheduled training, the **Trainee Termination Report (DWD-PO-240-B)** does not need to be completed. Instead, the DWD-PO-240-A should be amended to de-obligate training and show the worker did not start training. The **Training Justification and Request for Obligation of Funds and Transportation / Subsistence** (if applicable) sections of the DWD-PO-240-A form also needs to be completed to de-obligate any TAA training, transportation, and/or subsistence funds.

If you are unable to get the Training Facility to complete the Trainee Termination Report (DWD-PO-240-B) after multiple documented attempts, you (Trade Act Navigator) may complete the Termination Report based on information obtained from either the worker, training facility, or both. In the Training Facility Representative Signature field, enter your name and where you obtained the information to complete the Termination Report.

- 2) **Social Security Number** – The Trade Act Navigator or Training Facility must enter the last four digits of the worker's SSN.
- 3) **Trainee ID Number** – The Trade Act Navigator or Training Facility must enter the worker's assigned Trainee ID Number (from the initial training request – DWD-PO-240-A).
- 4) **Training Facility Name** – The Training Facility must enter the name of their institution.
- 5) **Title of Training Course** – The Training Facility must enter the title of the training program the worker was participating in.
- 6) **Petition No** – The Trade Act Navigator must enter the petition number under which the worker is eligible to participate in the Trade Act program.

- 7) **A Copy of the Trainee's Credential and/or Transcript is Attached (if Applicable)** – The Training Facility must check this field if applicable.
- 8) **Actual Start Date** – The Training Facility must enter the Actual Start Date of training; first date of attendance. If worker was co-enrolled, this would be the date that TAA became responsible for funding the training
- 9) **Actual End Date** – The Training Facility must enter the Actual End Date of training; last date of attendance.

This date should be used as the **End Date** for the TAA specific training services in MoJobs. If MoJobs will not allow you to enter the **End Date** listed, the End Date and Completion Code fields of the training services **should be left blank**. The OWD Central Office TAA Unit will close the service once the form is received.

- 10) **Nature of Termination** – The Training Facility must check the appropriate box.
  - **Completed Course – Achieved Training Objective** – Worker successfully completed the training program as approved.
  - **Did Not Achieve Training Objective** – Worker did not successfully complete the training program within the time parameter and Trade guidelines.
    - If this field is selected, a determination of justifiable cause or non-justifiable cause must be made by the Job Center staff.
    - If the worker obtained a lesser degree (certificate vs. scheduled Associate Degree), the lesser certification must be recorded in the Credential module in MoJobs under the TAA Application.
- 11) **Employment Status at Time of Termination** – The Training Facility must check the appropriate box(es):
  - **Employment found in a training-related field:** Worker has found employment in a field related to training received through the TAA program.
  - **Employment found in non-training-related field:** Worker has found employment in a field unrelated to the training received through the TAA program.
  - **Unemployed – Looking for Work:** Worker is currently unemployed and looking for work.
  - **Other:** Worker is not employed or looking for work. A text field is available for other details.

Examples include recovering from a health issue, on a temporary break, etc.

- **Remedial termination only; scheduled to attend skills training:** Worker has terminated from remedial training and is scheduled to attend pre-requisite and/or skills training.
- 12) **Name and Address of Employer, if known** – If the worker is employed, the Training Facility must enter the name and address of the employer.
  - 13) **Starting Wage if known (wage)** – If the worker is employed, the Training Facility must enter the expected wage.
  - 14) **Starting Wage if known (frequency)** – The Training Facility must enter the frequency associated with the wage amount (hourly, monthly, annual, etc.).

15) **Name and Title of Training Facility Representative** – The Training Facility must enter the name and title of the individual at the training facility who is responsible for tracking the status of the worker.

16) **Training Facility's Signature** – The Training Facility must enter the written name of the Training Facility Representative who completed the form.

If the Trade Act Navigator is unable to obtain termination information from the Training Facility, the Trade Act Navigator must complete the termination information based on information obtained from the worker and/or Training Facility. In the "Signature of Training Facility Representative" field, the Trade Act Navigator must sign and indicate where the information was obtained to complete the document.

17) **Date** – The Training Facility must enter the date the Training Facility Representative completed and signed the document.

If the Trade Act Navigator completes the termination information, they must enter the date the document was signed.

18) **Job Center Representative's Signature** – The Trade Act Navigator must enter their written or electronic signature on the form.

19) **Date** – The Trade Act Navigator must enter the date they processed the form.

20) **Job Center Name and Code Number** – The Trade Act Navigator must choose from the drop down list OR type the appropriate Job Center location and associated code number.

#### **Special Termination Scenario 1:**

If worker participates in non-instructor led exam (or thesis work) after training program, a Termination Report needs to be submitted to indicate the Actual End Date of classroom training. This is the date to be entered into MoJobs.

If the worker passes the exams / gains credential, an amended Termination Report needs to be submitted to show credential and the credential needs to be added to the TAA Application in MoJobs.

#### **Special Termination Scenario 2:**

If worker participates in instructor led exam after training program, a Termination Report needs to be submitted to indicate the Actual End Date of classroom training. This is the date to be entered into MoJobs.

If the worker passes the exams / gains credential, an amended Termination Report needs to be submitted to show newer Actual End Date of credential. The training service Actual End Date needs to be updated and the credential needs to be added to the TAA Application in MoJobs.

## Completing the “Missouri Military Related Services Questionnaire” Section

This section of the form is completed by the Trade Act Navigator based on responses from the worker.

<i>Missouri Military-Related Services Questionnaire</i>				
Have you or an immediate family member ever served in the U.S. Armed Forces?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
If YES, would you like information about military-related services in Missouri?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No

If the worker responds yes to both questions, please provide a referral of the worker to the Veterans staff.

## Completing the “For Job Center Use Only – Attn: Trade Reps” Section

This section of the form is completed by the Trade Act Navigator **and** OWD Central Office TAA Unit.

TRAINING TERMINATION DETERMINATION	
<i>This portion of the form is to be completed by the Trade Representative immediately following the trainee’s termination of training. Please review Trainee Ap...nts below with Trainee.</i>	
Actual Number of Weeks Attended	<input type="text"/>
<input type="checkbox"/>	The worker’s TAA Training is terminated for unjustifiable reasons, therefore, is unable to return to training at a future date. Unjustifiable termination from training may be subject to a training overpayment.
<input type="checkbox"/>	The worker’s TAA Training was terminated for justifiable reasons, therefore, may return to training at a future date if eligibility criteria is met.
<input type="checkbox"/>	Remedial Training Only
<input type="checkbox"/>	Prerequisite Training Only
<input type="checkbox"/>	Skills Training Only

1) **Actual Number of Weeks Attended** – The Trade Act Navigator must enter the total number of training weeks used from the Start Date of the first training component to the End Date of the current training component. The Trade Act Navigator is responsible for subtracting any weeks in which the worker did not attend at least one day of training.

2) **Justifiable / Non-Justifiable Cause** – These fields only apply to workers who terminate from training prior to the completion of the training program. The Trade Act Navigator must mark the appropriate field based on the *Nature and Reason for Termination* included on the form.

- **Justifiable Cause:** This type of termination allows a worker to return to the same type of training at approximately the same place they left off at a later date (as long as all other training criteria is met). Examples of justifiable cause include, but are not limited to, health issue, employment, family emergency, etc.
- **Non-Justifiable Cause:** This type of termination does not allow a worker to return to training. Examples of non-justifiable cause include, but are not limited to, excessive absenteeism, failure to maintain satisfactory progress, disciplinary issues at the training facility, etc.

This type of termination may lead to an overpayment. Those workers who are issued overpayments have the ability to request a hardship waiver. See the end of this section for more information on overpayments and hardship waivers.

3) **Remedial Only / Prerequisite Only / Skills Training Only** – The Trade Act Navigator must mark all applicable fields to designate the type(s) of training from

which the worker terminated. These fields help DES determine if a worker is eligible for TRA (if applicable) and if the worker will continue in training.

## Completing the “Training Denial Statement” Section

This section of the form is completed by the Trade Act Navigator if the worker is terminated from training (did not complete training).

TRAINING DENIAL STATEMENT		
<input type="checkbox"/> The Trade Act of 1974, as amended, and Federal Regulations at Part 618 provide that the worker should benefit from appropriate training. - 8) **Telephone Number** – The Trade Act Navigator must enter his DHEWD/OWD telephone number.
- 9) **Fax Number** – The Trade Act Navigator must enter his DHEWD/OWD fax number.

## Reviewing the “Trainee Appeal Rights” Section

This section of the form must be reviewed by the Trade Act Navigator with the worker. If the worker is not available to review this section with, be sure to highlight the section when you email or mail a copy of the Termination Report to the worker.

### **TRAINEE APPEAL RIGHTS**

If you believe this determination is incorrect, you or your duly authorized agent may file an appeal no later than thirty (30) days after the date of the Job Center Representative's signature. An appeal may be filed by mail to the Missouri Division of Employment Security, Appeals Tribunal, PO Box 59, Jefferson City, MO 65104, or by FAX at (573) 751-1321. If an appeal is by mail, the United States Postal Service postmark date will be the date filed. If the last day for filing the appeal falls on a Saturday, Sunday, or a legal holiday, an appeal will be timely if filed on the next day which is neither a Saturday, Sunday, or a legal holiday. Any appeal should give the reason why it is believed the determination is incorrect and must be signed. If you do not understand the determination or how to file an appeal, contact the Missouri Job Center that issued the determination.

## Completing the “For OWD Office Use Only” Section

This section of the form is completed by the OWD Central Office TAA Unit.

FOR OWD CENTRAL OFFICE USE ONLY	
TAA FUND OBLIGATION BALANCE	

- 1) **TAA Fund Obligation Balance** – This is for OWD Central Office TAA use only. The Trade Act Navigator does not have to complete this field.

### **Distribution of the Termination Report:**

Final distribution of the Termination Report (DWD-PO-240-B) will be made when all sections of the form have been completed. The DWD-PO-240-B form must be uploaded into MoJobs and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit that the Termination Report is ready to process.

OWD Central Office TAA Unit will provide DES with a copy of the Termination Report. The Trade Act Navigator must also provide a copy of the Termination Report to the worker and maintain a copy.

If Missouri is the Agent state, the Liable state must also be provided a copy of the Termination Report.

## Overpayments and Hardship Waivers

If a worker does not complete training due to an **unjustifiable cause**, the worker can be charged with an overpayment for the current uncompleted semester, etc. that was not completed but for which money is still owed.

If the worker can demonstrate that paying the overpayment will negatively impact his or her household, a hardship waiver may be issued.

There are three forms that cover the subject of overpayments and hardship waivers:

- 1) **Training Overpayments & Hardship Waiver Letter (DWD-5519)** is issued to the worker when he/she terminates from training with unjustifiable cause.
- 2) **Request for Hardship Overpayment Waiver (DWD-5554)** if the worker wants the opportunity to demonstrate a financial hardship of repaying the overpayment, this form can be provided to the worker to complete.
- 3) **Hardship Waiver Determination (DWD-5522) AND Hardship Overpayment Waiver Determination (DWD-5555)** if the worker submits the Request for Hardship Overpayment Waiver (DWD-5554), OWD Central Office TAA Unit will issue a determination on the worker's request for a hardship waiver.

All four forms can be found at:

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Training

The Office of Workforce Development (OWD) and the Division of Employment Security (DES) have worked together to develop a process for recovering the overpayment from the worker in the even he/she does not respond to the Training Overpayments & Hardship Waiver Letter (DWD-5519).

## Training Overpayments & Hardship Waiver Letter (DWD-5519)

Julie Carter, Interim Director

Office of Workforce Development

Social Security Number: xxx-xx- [REDACTED]

Petition Number: TA-W [REDACTED]

Training ID Number: [REDACTED]

Dear Participant,

Under 20 CFR 618.832(d)(2) of the Trade Adjustment Assistance (TAA) Final Rule provides that if a trade-affected worker falls, without good cause, to complete training, then the portion of payment for the non-completed component of training is an overpayment. Costs for the completed portions of the training program is not an overpayment.

The Job Center or training facility indicate that you unjustifiably failed to complete a component of training (i.e. left training without notifying the TAA staff person, were excused from training by the training facility due to misbehavior, etc.). Because of the failure to complete the training without good cause, a balance is due for the non-completed portion; the Department established a training overpayment on your account.

The training overpayment is in the amount of \$ [REDACTED] for the training of [REDACTED] at the training facility of [REDACTED] covering the period of [REDACTED]. Please submit your payment to the Missouri Department of Higher Education and Workforce Development (DHEWD), Attention: TAA Unit, P.O. Box 1087, Jefferson City, Missouri 65102-1087.

Under 20 CFR 618.832(a)(1)-(4), the Department may waive an overpayment status if it would cause a financial hardship for the worker (or the worker's household, if applicable). In order to be eligible for the waiver, the worker must demonstrate that repaying the overpayment would result in loss of or inability to pay for ordinary and necessary living expenses for himself/herself (and his/her household, if applicable).

If you believe you meet the requirement for a financial hardship, please contact your TAA staff person. Please be prepared to demonstrate your inability to repay the overpayment by providing copies of your paystubs and monthly expenses.

Your payment or request for a waiver must be received within 30 days from the date of this letter. Failure to follow these deadlines will result in your outstanding balance being turned over to the Missouri Division of Employment Security for Unemployment Insurance (UI) claim overpayment recovery.

If you have questions regarding this letter, please contact your local TAA staff person or email [MissouriTradeAct@dhewd.mo.gov](mailto:MissouriTradeAct@dhewd.mo.gov).

Sincerely,

[REDACTED]

- 1) **Date:** Enter the date the form/letter is drafted.
- 2) **Worker Name/Address:** Enter the worker's name and address.
- 3) **Social Security Number:** Enter the last four digits of the worker's SSN.
- 4) **Petition Number:** Enter the petition number under which the worker is eligible to participate in the TAA program. The petition number can be found on the worker's TRA-B, TRA-A, or TRA-C claim in UInteract. If the worker's Liable State is a state other than Missouri, contact the TAA/TRA Coordinator(s) (<https://www.dol.gov/agencies/eta/tradeact/contact/states>) for supporting documentation to show petition number and eligibility.
- 5) **Training ID Number:** Enter the worker's Trainee ID Number as assigned by OWD Central Office TAA Unit and found on the *Request for Training (DWD-PO-240-A)*.

Dear Participant,

Under 20 CFR 618.832(d)(2) of the Trade Adjustment Assistance (TAA) Final Rule provides that if a trade-affected worker fails, without good cause, to complete training, then the portion of payment for the non-completed component of training is an overpayment. Costs for the completed portions of the training program is not an overpayment.

The Job Center or training facility indicate that you unjustifiably failed to complete a component of training (i.e. left training without notifying the TAA staff person, were excused from training by the training facility due to misbehavior, etc.). Because of the failure to complete the training without good cause, a balance is due for the non-completed portion; the Department established a training overpayment on your account.

The training overpayment is in the amount of \$ **6** for the training of **7** at the training facility of **8** covering the period of **9**. Please submit your payment to Missouri Department of Higher Education and Workforce Development (DHEWD), Attention: TAA Unit, P.O. Box **8** Jefferson City, Missouri 65102-1087.

Under 20 CFR 618.832(a)(1)-(4), the Department may waive an overpayment status if it would cause a financial hardship for the worker (or the worker's household, if applicable). In order to be eligible for the waiver, the worker must demonstrate that repaying the overpayment would result in loss of or inability to pay for ordinary and necessary living expenses for himself/herself (and his/her household, if applicable).

If you believe you meet the requirement for a financial hardship, please contact your TAA staff person. Please be prepared to demonstrate your inability to repay the overpayment by providing copies of your paystubs and monthly expenses.

Your payment or request for a waiver must be received within 30 days from the date of this letter. Failure to follow these deadlines will result in your outstanding balance being turned over to the Missouri Division of Employment Security for Unemployment Insurance (UI) claim overpayment recovery.

If you have questions regarding this letter, please contact your local TAA staff person or email [MissouriTradeAct@dhewd.mo.gov](mailto:MissouriTradeAct@dhewd.mo.gov).

- 6) **Overpayment:** Enter the amount of overpayment the worker owes. You may need to contact the training facility to determine this amount. Any overpayment issued, is for the amount of training not completed for the current semester, etc. For example, if a worker was participating in six week periods of training and was terminated for unjustifiable cause after week three, the worker would owe for the costs of weeks 4 through 6.
- 7) **Training Program:** Enter the title of the training program the worker was attending.
- 8) **Training Facility:** Enter the name of the training facility.
- 9) **Period:** Enter a description of the period of time for which the worker owes for an overpayment. For example, it may be Spring 2023 or 11/20/22-12/10/22.

Sincerely,

**10**

10) **Name and Contact Information:** Enter your name and contact information. **Notice** under this field, it reflects that the worker will receive the Attachment *Notice of Applicant's Rights for Training*. The worker should have received this form and signed it prior to participating in TAA approved training. Please include a copy of the signed form for the worker's information.

The screenshot shows the header of a form from the Department of Higher Education & Workforce Development. The logo features a stylized 'MO' with icons of a person, a lightbulb, and a graduation cap. The text reads 'DEPARTMENT OF HIGHER EDUCATION & WORKFORCE DEVELOPMENT'. Below this, it says 'Julie Carter, Interim Director' and 'Office of Workforce Development'. There are three callout boxes: box 11 points to a blue shaded area on the left; box 12 points to the text 'Social Security Number: xxx-xx-'; box 13 points to 'Petition Number: TA-W'; and box 14 points to 'Training ID Number:'. The form fields are represented by light blue rectangles.

- 11) **Worker Name/Address:** Enter the worker's name and address. **If typed in the form, the information from page 1 should carryover.**
- 12) **Social Security Number:** Enter the last four digits of the worker's SSN. **If typed in the form, the information from page 1 should carryover.**
- 13) **Petition Number:** Enter the petition number under which the worker is eligible to participate in the TAA program. The petition number can be found on the worker's TRA-B, TRA-A, or TRA-C claim in UInteract. If the worker's Liable State is a state other than Missouri, contact the TAA/TRA Coordinator(s) (<https://www.dol.gov/agencies/eta/tradeact/contact/states>) for supporting documentation to show petition number and eligibility. **If typed in the form, the information from page 1 should carryover.**
- 14) **Training ID Number:** Enter the worker's Trainee ID Number as assigned by OWD Central Office TAA Unit and found on the *Request for Training (DWD-PO-240-A)*. **If typed in the form, the information from page 1 should carryover.**

The screenshot shows a section titled 'APPEAL RIGHTS' with a callout box 15 pointing to the title. The text below reads: 'If you believe this determination is incorrect, you or your duly authorized agent may file an appeal no later than thirty (30) days after the date of the letter. An appeal may be filed by mail to the Missouri Division of Employment Security, Appeals Tribunal, PO Box 59, Jefferson City, MO 65104, or by FAX at (573) 751-1321. If appeal is by mail, the United States Postal Service postmark date will be the date filed. If the last day for filing the appeal falls on a Saturday, Sunday, or a legal holiday, an appeal will be timely if filed on the next day which is neither a Saturday, Sunday, or legal holiday. Any appeal should give the reason why it is believed the determination is incorrect and must be signed. If you do not understand the determination or how to file an appeal, contact the Missouri Job Center that issued the determination.'

15) **Appeal Rights:** Because the worker is being provided a negative determination, he/she must be provided appeal rights. Please be sure to review these rights with the worker.

**Distribution:**

Once the form/letter is completed, distribute a copy to the worker and upload a copy to the worker's MoJobs record. To make the OWD Central Office TAA Unit aware of the overpayment situation, send an email to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov).

Missouri Department of Higher Education and Workforce Development  
Office of Workforce Development  
Trade Act 2011, 2015, and Reversion 2021  
**BENCHMARK REQUIREMENT NOTIFICATION**

Enactment of Trade Adjustment Assistance Extension Act (TAAEA) of 2011, Trade Adjustment Assistance Reauthorization Act (TAARA) of 2015, and Trade Reversion 2021 include a category of Trade Readjustment Allowance (TRA), referred to as Completion TRA. TRA refers to weekly benefits paid by the Missouri Division of Employment Security to eligible Trade Act clients after exhausting, or in lieu of, the Unemployment Insurance (UI) benefits. TAAEA 2011, TAARA 2015, and Trade Reversion 2021 affect clients who are Trade Act eligible under certified petitions numbered 80,000 and above.

Under TAAEA 2011, TAARA 2015, and Trade Reversion 2021 in order for a Trade Act client to be eligible for Completion TRA:

- 1) The requested weeks of Completion TRA must be necessary for the client to complete a training program that leads to completion of a degree or industry-recognized credential.
- 2) The client must be participating in training in each week in which Completion TRA is requested.
- 3) The client must have substantially met the performance benchmarks established in the approved training plan:
  - a. **Benchmark 1:** The client must maintain satisfactory academic standing.
  - b. **Benchmark 2:** The client's scheduled training end date must be within the time frame identified in the approved training plan.
- 4) The client is expected to continue to make progress toward the completion of the approved training.
- 5) The client will be able to complete the training during the period authorized for receipt of Completion TRA.

To determine that the client continues to meet the two established benchmarks required for Completion TRA, the client's training progress must be evaluated at least once every sixty (60) days while attending training. Further guidance from Region 5 USDOL staff indicates self-attestation from the client is not an approvable form of benchmark verification.

Region 5 USDOL requires that the training facility or the Missouri Job Center staff, after consulting with the training facility, attest that the client continues to meet the two benchmarks. With this requirement under TAAEA 2011, Trade 2015, and Trade Reversion 2021, training facilities that complete and sign the Individual Certification and Training agreement section of the Trade Act Request for Training [DWD-PO-240] agree to provide the necessary benchmark verification and/or attestation every sixty (60) days for each Trade Act client eligible under a Trade Act certified petition numbered 80,000 and above.

Acceptable forms of benchmark verification and/or attestation must document that the client is making satisfactory progress in his/her training program and that the client's scheduled training end date is accurate. The Missouri Job Center Trade Act Representative must be contacted prior to any modification to the training program.

By initialing and dating this form, I hereby recognize and certify that I have been informed of the benchmark verification requirements. If I, or an authorized training facility representative, complete and sign the Individual Certification and Training Agreement of the Trade Act Request for Training [DWD-PO-240] form for a client participating under TAAEA 2011, TAARA 2015, and Trade Reversion 2021, I agree to provide the necessary verification and/or attestation every sixty (60) days as required. Failure to provide the necessary verification and/or attestation may void the Trade Act Request for Training [DWD-PO-240] agreement and allow the TAAEA 2011, TAARA 2015, and Trade Reversion 2021 eligible client to change training facilities without penalty to the client or the Missouri Office of Workforce Development, including the Missouri Job Center and Trade Act Program funds. For more information, please contact a Missouri Job Center Trade Act representative.

DWD-PO-55 (07-2021)

## INSTRUCTIONS FOR DWD-PO-55

### **General:**

Under Trade 2011, 2015, and Reversion 2021, for a worker to qualify for Completion TRA, he/she must be attending a training program that leads to completion of a degree of **industry-recognized credential** and meet two benchmarks (reference the **TRA**, **Employment Plan**, and **Employment & Case Management** sections).

Information about the industry-recognized credentials requirement for Completion TRA can be found in the [TAA Final Rule](#) under **618.765**.

**Note:** English as a Second Language (ESL) and/or Limited English Proficiency (LEP) training are not defined as industry-recognized credentials.

Per guidance from USDOL, verification of the benchmark requirements cannot be made through worker self-attestation. This form *must* be used to notify the training facility of the benchmark requirements for each worker participating in training under Trade 2011, 2015, and Reversion 2021. Failure of the training facility to provide the necessary benchmark verification may void the Trade Act Request for Training (DWD-PO-240-A) agreement.

The DWD-PO-55 and the Trade Act Request for Training (DWD-PO-240-A) must be provided to the training facility at the same time. If necessary, OWD Job Center Trade Act Navigator must provide all training facility instructions for completing the bottom portion of the DWD-PO-55.

**Distribution:**

Final distribution of the DWD-PO-55 will be made when all sections of the Trade Act Request for Training (DWD-PO-240-A) have been completed.

The DWD-PO-240-A, along with the DWD-PO-55, must be uploaded into the worker's MoJobs record and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit the DWD-PO-240-A is ready to process.

OWD Central Office TAA Unit will provide DES with a processed copy of the DWD-PO-240-A.

A processed copy of the DWD-PO-240-A will be provided to the Trade Act Navigator.

Copies of the DWD-PO-240-A/DWD-PO-55 must be provided to the worker and maintained by the Trade Act Navigator. The Trade Act Navigator must also provide a copy of each to the training facility along with the TRA-19 (transmittal letter) and attachments.

For additional information about Missouri Office of Workforce Development services, contact a Missouri Job Center near you. Locations and additional information are available at [jobs.mo.gov](http://jobs.mo.gov) or 1-888-728-JOBS (5627). The Missouri Department of Higher Education and Workforce Development is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Missouri Relay Services at 711.

**Purpose:**

For workers to be determined eligible for training, they must meet the six training approval criteria.

**1) There is no suitable employment available for an adversely affected worker.**

There is no suitable employment available for a trade-affected worker in either the commuting area or another area outside the commuting area to which the worker intends to relocate, and there is not reasonable prospect of such suitable employment becoming available for the worker in the foreseeable future.

If a training program, or an application for training is denied for not meeting this criteria, the State must document the availability of suitable employment through traditional and real-time labor market information including, but not limited to, projections data, job openings, and job vacancy surveys (not currently available in Missouri).

**2) The worker would benefit from appropriate training.**

The worker would benefit from appropriate training when training, skills training, or remedial education would increase the likelihood of obtaining employment. Appropriate training should improve the worker's chances of obtaining employment at higher wages than in the absence of training or place the worker on a pathway to do so.

The worker must have the knowledge skills, and abilities to undertake, make satisfactory progress in, and complete the training program.

**19) There is reasonable expectation of employment following completion of such training.**

There is reasonable expectation of employment following completion of such training. Given the labor market conditions expected to exist at the time of the completion of the training program, a reasonable expectation, fairly and objectively considered, exists that the trade-affected worker is likely to find employment, using the skills and education acquired while in training, upon completion of approved training. The labor market conditions considered must be limited to those in the worker's commuting area, or in the area where the worker intends to relocate.

7. "A reasonable expectation of employment" does not require that employment opportunities for the worker be available, or offered, immediately upon the completion of the approved training program. When initially approving such training, there must be a projection, based on labor market information, of employment opportunities expected to exist at the time of completion of the

training program.

8. The State must measure expected job market conditions using pertinent labor market data, including but not limited to job order activity, short-term projections data, job vacancy surveys (**not currently available in Missouri**), business visitation programs, and local and regional strategic plans. This labor market information should be documented in the trade-affected worker's case file. The State should also worker with the LWDBs and their one-stop partners, especially business team members, to understand current labor market conditions and opportunities for work-based learning.
  9. When a worker desires to relocate within the United States, but outside the worker's present commuting area, upon completion of training, the State must document the labor market information, described in the previous item 2., for the area of the planned relocation.
  10. A reasonable expectation of employment may exist in a limited demand occupation for a single, trained worker in the worker's commuting area or in an area to which the worker desires to relocate. A limited demand for such an occupation does not preclude the approval of training in an occupation where the State has determined that there is a reasonable expectation that the worker can secure employment in the occupation. States must verify with businesses in the commuting area or in the area of intended relocation that demand exists for an individual with such training. These efforts must be documented in the trade-affected workers case file. Before approving training in occupations with limited demand, the State must consider the number of individuals currently enrolled in training that area likely to meet that demand before enrolling additional workers in training for that occupation.
  11. A State may approve a training program in an occupation if it finds that there is a reasonable expectation that the training will lead to **self-employment** in the occupation for which the worker requests training and that such **self-employment** will provide the worker with wages or earnings at or near the worker's wages in adversely affected employment.
  12. Training programs that consist solely of OJT or contain an OJT component area not approvable if they are NOT expected to lead to suitable employment, with the employment providing the OJT, in compliance with section 236(c)(1)(B)(i) of the Act ([TAA Final Rule](#)).
- At a minimum, refer worker to:
    - Missouri Economic Research and Information Center (MERIC) (<http://meric.mo.gov>)
    - O\*Net Online (<https://www.onetonline.org>)

- LMI may be considered in other states / regions if the worker is willing to relocate.

Before approving training, Trade Act Navigators must case note all applicable LMI information including the source of the LMI. At a minimum, case notes must include:

- Missouri and United States projected increase/decrease in the field and projected annual job openings.
- Whether the jobs are high demand and/or green jobs.
- If the worker is willing to relocate for employment.
- Self-employment and related wages.
- Based on WIOA sector strategies:
  - Grade
  - Occupational Outlook (Region / Statewide)
  - Real-Time Job Openings (Region / Statewide)

**4) Training approved by the Secretary is reasonably available to the worker from either governmental or private sources.**

Training is reasonably available to the trade-affected worker. In determining whether training is reasonably available, States must first consider training opportunities within the worker's commuting area. State may approve training outside the commuting area if none is available at the time in the worker's commuting area. Whether the training is in or outside the commuting area, the training program must be available at a reasonable costs as described in criteria #6.

**5) The worker is qualified to undertake and complete such training.**

States must ensure the following:

6. The worker's knowledge, skills, abilities, educational background, work experience, and financial resources are adequate to undertake and complete the specific training program being considered.
7. Any initial assessment, comprehensive and specialized assessment, and IEP developed under subpart C of this part ([TAA Final Rule](#)) must be consulted to support the trade-affected worker's ability to undertake and complete the training program.

8. Where the worker's remaining available weeks of UI and TRA payments will not equal or exceed the duration of the training program, that the worker will have sufficient financial resources to support completion of the training program within the time limits noted in 618.615(d) ([TAA Final Rule](#)). In making this determination, the State must consider:
  - i. The worker's remaining weeks of UI and TRA payments in relation to the duration of the proposed training program;
  - ii. Other sources of income support available to the worker, including severance, earning of other family members, and other family resources;
  - iii. Other fixed financial obligations and expenses of the worker and family;
  - iv. The availability of Federal and student financial assistance or any State-funded student financial assistance of any private funding designated for student financial assistance include, but not limited to, nongovernmental scholarships, awards, or grants; and
  - v. Whether or not the worker is employed while attending training.
9. The State must document whether or not the trade-affected worker has sufficient financial resources to complete the training program that exceeds the duration of UI and TRA payments.
10. If a worker has insufficient financial resources to complete the worker's proposed training program that exceeds the duration of UI and TRA payments, then the State must not approve that training program and must instead consider other training opportunities available to the worker.

**6) Such training is suitable for the worker and available at a reasonable cost.**

1. *Suitable for the worker.* The training program being considered must address the criteria set out in criteria #5 (Item #1 & 2) and be determined by the State to be appropriate given the worker's knowledge, skills and abilities, background, and experience relative to the worker's employment goal, and criteria set out in criteria #3.
2. *Available at a reasonable cost.*
  - i. Costs of a training program may include but are not limited to, tuition and related expenses (e.g., books, tools, computers and other electronic devices, internet access, uniforms and other training-related clothing such as goggles and work boots, laboratory fees, and other academic fees required as part of the approved training program) as well as supplemental assistance (subsistence expenses and transportation

expenses as described in 618.40(c) and (d)) ([TAA Final Rule](#)). States must pay the costs of initial licensing and certification tests and fees where a license or certification is required for employment.

- A. The State must ensure and document costs are reasonable by researching costs for similar training programs, whether it is classroom or work-based training.
  - B. Related expenses must be necessary for the worker to complete the training program. Other options should be explored before purchasing equipment or related materials.
- ii. Available at a reasonable cost means that training must not be approved at one provided when, all costs being considered, training better or substantially similar in quality, content, and results can be obtained from another provider at a lower total cost within a similar time frame. Training must not be approved when the costs of the training are unreasonably high in comparison with the average costs of training other workers in similar occupations at other providers. The State may approve a higher cost training if that training is reasonably expected to result in a higher likelihood of employment, employment retention, or greater earnings, or to return the worker to employment in a significantly shorter duration.
  - iii. Training at facilities outside the worker's commuting area requiring transportation or subsistence payments that add substantially to the total cost of the training program may not be approved if other appropriate training is available in the commuting area at a lower cost, unless the exception described in criteria #6 (Item 2 ii) applies.
  - iv. Approval of training under criteria #6 is also subject to the provisions of 618.650 ([TAA Final Rule](#)).

## TRAINING ATTENDANCE

### **General:**

While workers are participating in classroom training or distance learning, their attendance must be tracked. In Missouri, we use the TRA-22 as our main attendance form.

The TRA-22 form must be completed for all workers ***each week***\* when they are attending TAA training in order to document attendance. This even applies to workers:

- who are drawing UI and completes the MODES-4446 form;
- with a Liable State other than Missouri; and
- who are not eligible for TRA and/or transportation/subsistence.

**\*Exception:** For Trade Act Coordinators using the DWD-PO-222 described below, attendance would only be captured every 60 days. **This form is not preferred except in rare cases.**

If a worker is not receiving TRA or transportation/subsistence, only page two of the TRA-22 form needs to be completed. Page one only needs to be completed if the worker is trying to claim a week of TRA.

As a Trade Act Coordinator, you must be able to access the TRA-22 form from either the UInteract system or through another means (hard copy file or uploaded into MoJobs) to verify attendance of each worker; this will be needed for monitoring purposes. If you can access the TRA-22 through UInteract, you do not have to upload a copy into MoJobs, but instead, **you must case note verification of attendance each week.**

Refer to the TRA-22 section of the manual for more details about the TRA-22 form.

The TRA-22 form must be received no later than the Friday following the week ending date of the TRA-22 form. Failure to comply with this requirement may result in termination from TAA training.

If a worker fails to comply, written notification must be mailed to the worker notifying him/her of consequences for failure to comply. In the TAA program, we use Warning Letters. Refer to the **Utilization Guide for TAA Warning Notices** section for further information on using Warning Letters.

There are two *optional* forms that can be used to track attendance, **in rare circumstances**, when the worker is *not eligible for TRA or transportation/subsistence*:

- 1) **Weekly Training Attendance Report (DWD-PO-223)\*:** A weekly attendance form that requires the instructor of each class to initial the form daily.
- 2) **Training Attendance Report (DWD-PO-222)\*:** A 60-day attendance form that can be completed by the training facility at the same time as the 60-Day Benchmark

Review (DWD-PO-235) form that only requires the training facility to list any days of non-attendance.

Both forms can be found under:

DHEWD (\\sdfhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Training > Training Attendance

### **Distance Learning:**

To confirm the worker is meeting weekly/monthly attendance, the Trade Act Coordinator and training facility must set parameters at the beginning of training to determine what acceptable attendance is or defines appropriate progress to determine the worker is meeting weekly/monthly goals.

If possible, the training facility should completed the TRA-22 form or one of the attendance forms. However, if necessary, the Trade Act Coordinator can complete the TRA-22 form or one of the attendance forms with communication from the training facility. For workers who are attending distance learning/online training, before a Trade Act Coordinator can sign off on the TRA-22 form or one of the attendance forms on behalf of the training facility, the Trade Act Coordinator must obtain some type of documentation from the training facility, such as an email, indicating the worker attended all required training for the week.

Refer to the Request for Training section of the manual for more details about Distance Learning.

### **Breaks in Training:**

Workers who are on a scheduled break from training, payable or non-payable, do not need to submit an attendance form (DWD-PO-222 or DWD-PO-223) if the scheduled break encompasses the entire week.

Also, if the worker's only attendance for a week is to participate in finals, an attendance form does not need to be submitted. Because finals are not instructed led, they do not qualify for TRA weekly benefits or transportation/subsistence.

## MONITORING CLASSROOM TRAINING

Once a worker is attending TAA training, it is necessary to monitor their progress to avoid any problems or setbacks in the successful completion of the training program. It is necessary for the worker to report to the Job Center routinely. Suggested times for these visits are during scheduled breaks, when grades are received, etc. These visits should be convenient for the worker and not interrupt his/her school schedule.

Under **Trade 2011, 2015, and Reversion 2021**, for a worker to qualify for Completion TRA, he/she must meet two (2) benchmarks. Benchmarks have to be reviewed with workers in TAA approved training at least once every 60 days. Refer to the **TRA, Employment Plan, and Case Management** sections of the manual for more information.

Per USDOL, even though benchmarks and 60-day reviews are not required under **Trade 2002, 2002 Revert, or 2009**, a similar process must be followed for clients attending TAA approved training. This allows the Trade Act Coordinator to track progress of the worker's training and employment plans.

It is important to review grades at the end of each session/semester, as well as review their class schedule at the beginning of each session/semester. In an effort to help monitor the worker's progress, he/she should be instructed to complete an "Authorization to Release Information" form (see below). The form can be found on

## INSTRUCTIONS FOR TRAINING INVOICES

### **General:**

([TAA Final Rule](#) at 618.610 (f)(i)) Costs of a training program may include, but are not limited to, tuition and related expenses (e.g., books, tools, computers and other electronic devices, internet access, uniforms and other training-related clothes such as goggles and work boots, laboratory fees, and other academic fees required as part of the approved training program). States must pay the costs of initial licensing and certification tests and fees where a license or certification is required for employment.

([TAA Final Rule](#) at 618.610 (f)(i)(B)) Related expenses must be necessary for the worker to complete the training program. Other options should be explored before purchasing equipment or related materials.

All training invoices must be routed through the Job Center for comparison with the DWD-PO-240-A to verify accuracy and to track funding before submittal to OWD Central Office TAA Unit for payment. Invoices cannot be processed until the worker has started training.

The Trade Act Coordinator is responsible for ensuring all books and supplies purchased with TAA funds are in accordance with the training program's major or course of study.

TAA training funds **can** be used to cover:

- **Required books and supplies;**
- **Basic supplies** such as pens, pencils, paper, notebooks, folders, etc.;
- One average priced **USB drive** (unless more are required);
- **Shipping and handling** charges for books and supplies if the worker does not have access to a school sponsored bookstore; and
- **Ammunition** for Police Academy training;
- **Work boots and prescription goggles** (if required)
  - If a worker requires a vision exam to obtain a prescription for the goggles, TAA funds will not cover the cost of the exam – only the costs of the goggles.
- **Internet service** for workers participating in distance learning / online training:
  - If a worker request assistance to pay for internet service, this request can be approved and paid with TAA funds if the worker does not currently have Internet service. To get internet service paid using TAA funds, the following process must be followed:
    - The training facility must provide documentation listing the “minimum” internet connection requirements to participate in the distance learning / online training;
    - The worker must provide documentation from their internet service provider proving the costs associated for the “minimum” internet connection required;
    - The internet service costs (covering all applicable months in distance learning/online training) must be included in the “Other” category on the DWD-PO-240-A form under the “Training Justification and Request for Obligation of Funds” section;

- The training facility must be willing to accept receipts / documentation from the worker in order to bill OWD / TAA for the costs;
- The training facility must submit an invoice (along with receipts / documentation) to OWD / TAA for payment; and
- The training facility must agree to reimburse the worker after payment is received from OWD / TAA.

**NOTE:** This process can also be achieved using the Third Party Billing process.

- **Refundable Housing Deposit** for workers participating in training and claiming subsistence. This type of expense should be listed in the “Other” expense field on the *Request for Training (DWD-PO-240-A)* form. The school or housing company must guarantee return of deposit to OWD assuming no damage is made to housing.
- **Tutors**
  - Must case note need for a tutor.
  - The worker must provide 2-3 estimates for tutors. Generally, tutors through the training facility are less expensive than private tutors.
  - Must apply “reasonable cost” guidelines to determine which tutor is most appropriate to use. All details must be included in case notes.
  - Payment for tutors will likely have to follow the “Third Party Billing” unless the training facility will bill OWD for the costs.
  - Assuming this is an additional cost, the DWD-PO-240-A form must be amended to include the cost and the cost is chargeable to TAA training funds.

TAA training funds do **not** cover:

- **Backpacks or book bags**
- **Laptops, computers, or iPads** (or related equipment such as printers unless required)
  - Some training facilities are transitioning from paper textbooks to digital textbooks. If an iPad is required to participate in a program using digital textbooks, TAA funds can be used to purchase the iPad. This requires documentation from the training facility indicating that the iPad is a REQUIREMENT and not optional.
  - Under the TAA program, any tools, supplies, etc., including laptops, computers, iPads, and other electronic equipment, remains the property of the TAA program unless and until the worker successfully completes his/her training program.
- **Computer software** including products such as Microsoft Office
  - TAA funds can be used to pay for specialized software required for a specific training program
- **Guns** for Police Academy
- **Animals**
- **Late fees, penalties, parking tickets**, etc. that are incurred due to a worker’s oversight.

Under the TAA program, the training facility can only be reimbursed for expenses required for the worker while participating in training. Logo items, such as notebooks,

which are more expensive than regular notebooks, are not approvable unless that is the only type the training facility's bookstore carries. When reviewing the invoice, supporting documentation (such as receipts) must be attached for each itemized expense. This means that each item the worker received must be identified by name and cost.

For an invoice to be considered approvable, it must:

- Contains the worker's name, Trainee ID number, and last four digits of the worker's social security number;
- Be addressed to the Department of Higher Education and Workforce Development;
- Identify the training facility and include an address for payment;
- Be within the amount of training funds obligated and currently available to the worker;
- **Not include charges for tax** (DHEWD / OWD is a tax exempt organization and its tax exempt letter can be found on the intranet.)
  - If the training provider is outside the state of Missouri, they may not recognize DHEWD / OWD's tax exemption. In that scenario, taxes can be paid.

All materials purchased by the TAA program remains the property of the state until the worker satisfactorily completes his/her training program. If a worker terminates training before completing, the Job Center staff should make an attempt to gather any books, supplies, tools, etc. from the worker. If possible, any recovered books should be returned to the training facility's bookstore for a full or partial credit. Any materials that cannot be returned or cannot be used by another student must be given to the OWD Central Office TAA Unit. Unused materials are sold at State surplus.

Questions received from the training facility or the worker about an outstanding payment should be directed to OWD Central Office TAA Unit staff. The same applies to unique questions about the use of outside vendors or a billing from a secondary school.

#### **Distribution:**

Once the Trade Act Navigator reviews an invoice, it must be uploaded into MoJobs and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit. The email must contain the worker's name, Trainee ID#, and StateID#.

#### **Case Notes:**

When an **invoice** is submitted for payment, the Trade Act Navigator must enter a case note on the worker's MoJobs record to include at a minimum:

- Invoice Period or Invoice Date
- Name of Training Facility
- Amount of Invoice
- The date and manner the invoice was distributed to OWD Central Office TAA Unit.

**TAA Case Management Funds:**

Items, such as assessments / testing, background checks, etc., that are required for a worker to be accepted into a training component (remedial, prerequisite, or skills training) and/or training program must be charged to TAA Case Management Funds.

A training facility may invoice OWD for any assessment / testing fees that are required for acceptance into a training component / program. However, on all invoices, **the Trade Act Coordinator is responsible for identifying both TAA Case Management charges and TAA Training charges.**

TAA Case Management charges cannot be deducted from the TAA Training funds obligated on the Request for Training (DWD-PO-240-A) form because DHEWD Fiscal & Budget tracks the charges separately.

**Trade Act Coordinators are encouraged to maintain a log for each worker to track obligations and expenditures.** Below is an example of a log that includes TAA Case Management charges:

**Using TAA Funds to Pay a Third Party:**

Third Party Billings are items/services that are through a third party that the training facility will not submit an invoice to DHEWD/OWD for payment.

Trade Act Navigators must submit these type of request to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov). If a training facility or employer (OJT / Apprenticeship) requires a specific brand or use of a company, that must be documented and submitted with the request. (This must also be documented in case notes.)

Per OWD Issuance 06-2020: TAA Reasonable Cost of Training Policy ([https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020\\_taa\\_reasonable\\_cost\\_policy\\_09162020.pdf](https://jobs.mo.gov/sites/jobs/files/owdissuance06-2020_taa_reasonable_cost_policy_09162020.pdf)), Trade Act Navigators must provide 2-3 estimates of items (tools, equipment, uniforms, computers, etc.) when submitting a

request for third party billing and apply reasonable cost comparison. The Trade Act Navigator must document the reasonable cost comparison in case notes and provide with the third party request.

Depending on the item to be purchased, DHEWD Fiscal & Budget staff may require staff to follow the procurement process and purchase from the state contracts. (This is why it is important to specify if the training facility or employer require a specific brand or use of a specific company.) For more information on the state contracts procurement process, reference the **Trade Rep Navigator Call – Third Party Billing** training in LMS (<https://molearning.csod.com/client/molearning/default.aspx>).

Darla Linhardt processes the Third Party Request that are submitted through [dwtradeacthelp@dhewdh.mo.gov](mailto:dwtradeacthelp@dhewdh.mo.gov). She needs to know:

- Item(s) or service(s) that needs to be purchased
- if there is a specific brand or company required
- information on cost comparison
- if the item(s) are on the state contract
- detailed information on the worker
- if applicable, where the item(s) need to be shipped

Using the information provided, Darla completes a Purchase Request form, which is then forward to DHEWD Fiscal & Budget for processing.

When DHEWD Fiscal & Budget staff purchase the Third Party item(s) or service(s), they notify Darla. She will provide the appropriate Trade Act Navigator with the purchase information.

Darla uses the Third Party information to add a voucher to the worker's MoJobs record and updates the OWD Central Office TAA Unit's financial log.

**NOTE:** State Contracts must be used unless the school **requires** a specific item, there is a short timeframe for obtaining the item, etc. There must be a justifiable reason for not using the state contracts.

DWD-PO-244 (11-2019)

## INSTRUCTIONS FOR HSE TESTING REQUESTS

### **General:**

When a worker is ready to test, (s)he must notify the Job Center Trade Act Coordinator.

The Trade Act Coordinator completes the Request for High School Equivalency Testing form (DWD-PO-0244), which provides the necessary information to schedule and pay for a worker's HSE test.

The cost of HSE testing varies per worker. Any worker who did not pass all portions of the paper-based GED test by December 31, 2013 and requests to retake the test after January 1, 2014 must retake the entire HSE computer-based test.

All workers who take the HSE computer-based test for the first time after 1/1/14 will be required to pay a \$100.25 fee. This breaks down to:

- \$10.75 per test subject (5 x \$10 = \$53.75)
- \$7 per test center fee per test subject (5 x \$7 = \$35)
- \$10 Missouri State fee, and \$1.50 Processing Fee (voucher)

$$\text{\$53.75} + \text{\$35} + \text{\$10} + \text{\$1.50} = \text{\$100.25}$$

Any additional HSE computer-based test, for retakes, will require a \$7.00\* test center fee per subject.

The \$10\* Missouri State fee is valid for a 12-month period. (The 12-month period starts with the date that the HSE test is scheduled using the ETS / HiSET system.)

- If a worker retakes the HSE computer-based test within the 12-month period of scheduling the initial test, the \$10 Missouri State fee will not need to be paid again.
- If the worker is required to retake the HSE computer-based test and it's been over 12 months since the initial test was scheduled, the \$10 Missouri State fee will need to be paid again.

\*In addition, since OWD is using vouchers as payment for HSE testing, ETS / HiSET also requires a \$1.50 Processing Fee for each voucher.

**Since the DWD-PO-240-A is completed by the training facility and they are unaware of the \$1.50 Processing Fee, it will be necessary to add this information to the DWD-PO-240-A before signing and returning the processed DWD-PO-240-A form to the training facility. You will also need to obligate the \$1.50 processing fee on the DWD-PO-240-A with the appropriate HSE testing amount. See example of screen shot on the following page.**

COST OF PROPOSED TRAINING	
a. Tuition & Fees	\$ 98.75
b. Books & Expendable Supplies	\$
c. OTHER <small>(Must be itemized at the right tools, equipment, uniforms, etc.)</small>	\$ 1.50
d. Total	\$ 100.25

Itemize OTHER costs here

HSE Testing Vouchers require a \$1.50 processing fee. The needed TAA fund obligation for HSE testing is \$100.25

The OWD Trade Act Coordinator may need to write/type in the \$1.50 processing fee and update the Total.

The OWD Trade Act Coordinator may need to write/type in this verbiage.

**HiSET Account:**

The worker, with the assistance of the Trade Act Coordinator, must set up an account using the HiSET online system (<http://hiset.ets.org/>).

**HSE Test Payment(s):**

The OWD Central Office TAA Unit and DHEWD Fiscal & Budget staff will work directly with ETS / HiSET to obtain payment vouchers.

The DWD-PO-244 form must be submitted to OWD Central Office TAA Unit at least **7 days** prior to the worker’s anticipated testing date. Once the DWD-PO-244 is received, the OWD Central Office TAA Unit will provide a voucher number to the appropriate Trade Act Coordinator.

**HSE Test Scheduling:**

When the worker and Trade Act Coordinator schedule the HSE test(s), the worker and/or Trade Act Coordinator may be required to enter the voucher number, as the form of payment, into the HiSET system OR contact the **HiSET Vouchers customer service at (855) 694-4738 [option 2 and then 3]**. The HiSET Vouchers customer service business hours are Monday through Friday from 7:00am-3:30pm. (Depending on the test center, the worker may *not* be able to take the entire test battery in one day. Testing may need to be scheduled on multiple days.)

The following items on the DWD-PO-244 form should be completed as follows:

missouri job center Missouri Department of Higher Education and Workforce Development Office of Workforce Development Request for High School Equivalency (HSE) Testing TAA

To waive the test subject fee, you must call 1-855-MyHiSET (1-855-694-4738).
- 20) **If the Science field, under Question #2c, is checked, mark the \$0 field?** – If applicable, mark the \$0 field. This field identifies the need for the \$0 Test Subject fee to be paid so the worker can retake the Science subject of the HSE computer-based test. You must also enter the number of Test Subjects the worker needs to retake in the **Test Center Fee** field and **Processing Fee** field. Each Test Subject retake requires an individual voucher. To waive the test subject fee, you must call 1-855-MyHiSET (1-855-694-4738).
- 21) **If the Language Arts – Reading field, under Question #2c, is checked, mark the \$0 field?** – If applicable, mark the \$0 field. This field identifies the need for the \$0 Test Subject fee to be paid so the worker can retake the Language Arts – Reading subject of the HSE computer-based test. You must also enter the number of Test Subjects the worker needs to retake in the **Test Center Fee** field and **Processing Fee** field. Each Test Subject retake requires an individual voucher. To waive the test subject fee, you must call 1-855-MyHiSET (1-855-694-4738).
- 22) **If the Mathematics field, under Question #2c, is checked, mark the \$0 field?** – If applicable, mark the \$0 field. This field identifies the need for the \$0 Test Subject fee to be paid so the worker can retake the Mathematics subject of the HSE computer-based test. You must also enter the number of Test Subjects the worker needs to retake in the **Test Center Fee** field and **Processing Fee** field. Each Test Subject retake requires an individual voucher. To waive the test subject fee, you must call 1-855-MyHiSET (1-855-694-4738).
- 23) **Processing Fee – added to each voucher.**
- Enter the number of vouchers requested. For an entire battery of test, the worker will only need 1 voucher. However, if the worker has to retake any Test Subjects, each test requires one voucher. For example, if the worker has to retake the Science and Math test, the worker requires two Test Center Fee vouchers; the total vouchers needs is two (2).
  - Enter the result of the calculation of multiplying the number of vouchers by \$1.50.
- 24) **Test Center Fee – added to each subject.**
- Enter the number of Test Subjects the worker has to retake / requested.
  - Enter the result of the calculation of multiplying the number of Test Subjects by \$7.00.
- 25) **Enter the sum of all fields marked above:** – Enter the costs associated with the worker to take the HSE computer-based for the first time or as a retake.

If you need assistance completing the form because you are unsure of the number of vouchers needed, please send an email to [dwdtradeacthelp@dewd.mo.gov](mailto:dwdtradeacthelp@dewd.mo.gov).

MISSOURI JOB CENTER NAME AND ID	SIGNATURE OF AUTHORIZED OWD REPRESENTATIVE	DATE OF REQUEST
Columbia—4503700—5537		

- 30) **Missouri Job Center Name and ID:** – Type or select, from form list, the appropriate Job Center name and I.D. number.
- 31) **Signature of Authorized OWD Representative** – The Trade Act Coordinator must enter their written or electronic signature.
- 32) **Date** – Enter the date the request was completed and signed by Trade Act Coordinator.

**Miscellaneous:**

- Under Trade, there is not a limit on the number of times a worker may take their HSE/HiSET test. However, the Trade Act Coordinator must consult with the HSE instructor to confirm that the worker is making satisfactory progress and use good judgment to determine if retaking the HSE/HiSET test is appropriate for the individual worker. (Refer to the “Request for Training” section of the manual for more details.)

- Please note that DESE / ETS-HiSET system only allows a worker to take the entire HSE test three times during a 12-month period.
- The Trade Act Coordinator must remind the worker to bring his/her photo ID and ETS / HiSET assigned confirmation number with them to each HSE test.

**Distribution:**

The completed **DWD-PO-244** form must be uploaded into the worker's MoJobs record and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit. The email must contain the worker's name, Trained ID#, and StateID#.

**Case Notes:**

When a **DWD-PO-244** is submitted to OWD Central Office TAA Unit for processing, the Trade Act Coordinator must enter a case note on the worker's MoJobs record to include at a minimum:

- HSE Testing Date(s)
- HSE Testing Location
- Amount of Testing Fees required
- The date and manner the form was distributed to OWD Central Office TAA Unit.

# **ISSUING A DENIAL OF TRAINING OR RELATED EXPENSE**

## ISSUING A DENIAL OF TRAINING OR RELATED EXPENSE

### **Training Criteria:**

To be eligible for training, the worker must be able to answer 'yes' to the six training approval criteria listed on the DWD-PO-240-A. For more information about the six training approval criteria, refer to the [TAA Final Rule](#) at **618.610**.

- 1) There is no suitable employment (which may include technical or professional employment) available for an adversely affected worker.
- 2) The worker would benefit from appropriate training.
- 3) There is a reasonable expectation of employment following completion of training.
- 4) Training approved by the Secretary is reasonably available to the worker from either governmental agencies or private sources (which may include area vocational education schools, as defined in Section 195(2) of the Vocational Education Act of 1963, and employers.)
- 5) The worker is qualified to undertake and complete such training.
- 6) Such training is suitable for the worker and available at a reasonable cost.

Trade Act Navigators must also reference Training and Employment Guidance Letter 3-20 ([TEGL 3-20](#)).

In addition to the six criteria, under **Trade 2002** and **Trade 2002 Revert** the training facility and/or training program must also be on the approved Eligible Training Provider System (ETPS) (MoSCORES) list. The ETPS (MoSCORES) can be accessed at <https://scorecard.mo.gov/Search>.

In rare cases, non-certified ETPS (MoSCORES) training facilities and/or programs can be approved. These situations will be reviewed on a case by case basis. These cases must be discussed with the OWD Central Office TAA Unit.

Under **Trade 2009**, **2011**, **2015**, and **Reversion 2021**, it is not a requirement for the training facility and/or training program to be on the approved ETPS list; however, it is still encouraged.

### **Denial of Training or Related Costs:**

Denials of training or training related costs must be issued on the DWD-PO-240-A, under Agency Determination. If training is not approvable, check "Training Course Approval". If a training related cost (such as computer, guns, etc.) is not approvable, check "Training Related Costs".

All denials of training or related costs require a written determination. The denial statement must be stated in a clear and concise manner and be within the provision of Trade Act.

Trade Act Navigators are required to sign and date the DWD-PO-240-A. The worker must be advised of his/her appeal rights listed on the DWD-PO-240-A.

### **Sample Denial Statements:**

This section includes sample denial statements. For assistance in writing a denial statement not covered, contact the OWD Trade Act Unit.

All **Trade Act** determinations must begin with the phrase:

*The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide:*

- **Suitable / Sustainable Employment:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that for training to be approved, there is not suitable employment available for the worker. The request for this training is denied because the worker is currently employed. His/her current job as a **JOB TITLE** is at a skill level that equals or exceeds the past adversely affected employment and the wages for this work exceed 80 percent of the worker's average weekly wage at the trade-affected employment as determined by the Office of Workforce Development (OWD) in accordance with the Regulations.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that for training to be approved, no reasonable prospect for suitable employment should exist for the worker. This training program is denied because current labor market information indicates that the worker does have prospects for suitable employment as evidenced by \_\_\_\_\_.

- **Marketable Skills:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that the worker should benefit from appropriate training. The worker's application for this training as a **JOB TITLE** is denied because the worker has **EXPERIENCE / EDUCATION** in this type of work. The worker would not benefit from additional training.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that for training to be approved, no reasonable prospect for suitable employment should exist for the worker. The worker has prospects for suitable employment as evidence by his recently acquisition of a **DEGREE/CERTIFICATE/ LICENSE** in **TITLE OF TRAINING**; the worker has marketable skills.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that for training to be approved, no reasonable prospect for suitable employment should exist for the worker. The worker is currently employed at **EMPLOYER NAME** as a **JOB TITLE**, which is at a skill level that is higher than the one held at the trade affected employer. The training

request for **TITLE OF TRAINING**; is denied because the worker has marketable skills and currently working in suitable employment.

- **Length of Training:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that training cannot exceed **# of MAXIMUM WEEKS** weeks. Only weeks in which the worker actually attends training are counted in determining the length of training. The training is denied because the worker would be attending classes for **# of WEEKS** weeks, which exceeds the maximum allowed under Trade **TRADE VERSION-YEAR**.

- **Appropriate Training:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that a worker would benefit from appropriate training and that the worker is qualified to undertake and complete such training. Information gathered by the Office of Workforce Development (OWD) staff provides that the worker has been enrolled in remedial education courses since **START DATE OF TRAINING**. Testing data provided by the **TRAINING FACILITY NAME** shows that the worker has currently achieved a **LEVEL** grade level. The training request for **TITLE OF TRAINING** at **TRAINING FACILITY NAME** is denied on the basis that it is unlikely that the worker will be able to make satisfactory progress in this training program.

- **LMI:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that there be a reasonable expectation of employment following training. This training is denied because the expected number of job openings for **JOB TITLE** is **# OF OPENING** in the next **# OF MONTHS** months. There are currently **# OF TRAINEES** trainees in this field expected to enter the local labor market in the next **# OF MONTHS** months so a reasonable expectation of employment does not exist.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that for training to be approved, no reasonable prospect for suitable employment should exist for the worker. This training program is denied because current Labor Market Information (LMI) indicates that the worker does have prospects for suitable employment. The worker graduated from **TRAINING FACILITY** in **MONTH / YEAR** with a degree in **TRAINING PROGRAM / JOB TITLE** and since then has had **# OF MONTHS / YEARS** experience as a **JOB TITLE** which is an in-demand occupation.

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that for training to be approved, no reasonable prospect for suitable employment should exist for the worker. The training program is denied because current Labor Market Information (LMI) indicates that the worker has prospects for suitable employment as evidence by his recently acquisition of a **DEGREE / CERTIFICATE / LICENSE** in **TITLE OF TRAINING** and other transferable skills.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that a reasonable expectation of employment should exist following completion of training. The worker requested **TITLE OF TRAINING** training. According to Labor Market Information (LMI), this is not an occupation that is in-demand and there is no reason to believe that the worker could obtain sustainable employment following training. The request for **TITLE OF TRAINING** training is denied.

- **Commuting Area:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that there be a reasonable expectation of employment following training. The worker is willing to commute **# OF MILES** miles to a job and will not relocate. The application for this training as a **JOB TITLE** is denied because the nearest **JOB TITLE** is located **# OF MILES (OVER NUMBER OF MILES WILLING TO COMMUTE)** miles from the worker's home so a reasonable expectation of employment does not exist.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that reimbursement for transportation costs can only be made to those participants who must travel outside their commuting area to attend a training program. The regulations provide that when determining the distance, the participant must use the most direct route. The regulations also provide that States may establish standards and procedures regarding such costs. Missouri has established the distance or commuting area to be 10 miles one-way. This worker's request for transportation allowance is denied because he/she stated the required distance to travel is **# OF MILES (less than 10)** miles.

- **“Similar or Like” Training:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that training be available for the worker and available at a reasonable cost. The worker's application for training at **TRAINING FACILITY NAME** costing **COST OF TRAINING** is denied because similar [or identical] training is available at **TRAINING FACILITY NAME** at a substantially lower cost of **COST OF TRAINING**.

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that training be reasonable and available to the worker and that primary consideration be given to training within the worker's commuting area. The worker's application for this training in **STATE OTHER THAN MISSOURI** as a **JOB TITLE** is denied because similar [or identical] training is available within **# OF MILES** miles of the worker's home.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that the States may establish standards and procedures with respect to selecting training institutions in which training is approved; this includes the cost of training. Missouri has a soft cap of **\$20,000**. This request for training is denied because the costs of training exceeds Missouri's soft cap and similar or like training is available at a lower costs.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that training may not be approved at one training facility, when training that is substantially similar in quality, content, and result can be obtained from another training facility at a lower total cost within a similar timeframe. The request for training in **TITLE OF TRAINING** is denied because a similar training is offered at **TRAINING FACILITY NAME** in **TITLE OF TRAINING** with similar content and results and at a lower cost.

- **Unjustifiable Termination:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that the worker would benefit from appropriate training and is qualified to undertake and complete such training. This worker's new request to attend **TITLE OF TRAINING** training at **TRAINING FACILITY NAME** is denied because the worker previously attended training at **TRAINING FACILITY NAME** for **TITLE OF TRAINING** training from **START DATE** to **END DATE**. The worker was terminated from training unjustifiably for failure to attend training and/or contact the school or Job Center staff and for making failing grades and dropping out of class.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that the worker should benefit from appropriate training. The worker is participating in training and making unsatisfactory progress. The worker is pursuing a **DEGREE / CERTIFICATE / LICENSE** in **TITLE OF TRAINING**. During the **SEMESTER**, he/she had **NUMBER OF CLASSES** class(es) that resulted in a **BAD GRADE** in **TITLE OF TRAINING COURSE** and a **GRADE** in **TITLE OF TRAINING COURSE**. The **TRAINING FACILITY NAME** has placed the worker on academic probation at this time and because he/she cannot take all classes needed to complete his/her **DEGREE / CERTIFICATE / LICENSE** by **DATE**. He/she has not demonstrated commitment and a desire to succeed in this training program. Therefore, the training program is terminated

effective DATE.

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that that the worker should benefit from appropriate training. Further training has been denied. Contact with the TRAINING FACILITY NAME indicated the worker failed # OF CLASSES classes in the first semester of training. The TRAINING FACILITY NAME was very concerned that what they refer to as “procedures” was failed. It was stated that the “procedural” process is one of the most important parts of the training and without success in this area; it would not be possible for the student to pass the training program or gain suitable employment in the JOB TITLE field. The TRAINING FACILITY NAME also stated that two more classes were not passed in the second semester. Since satisfactory progress has not been made for two semesters, further training is terminated.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that that the worker should benefit from appropriate training. The worker is terminated from TAA approved/funded training because he/she failed to make satisfactory progress in the required course(s) of TITLE OF TRAINING COURSE when enrolled at TRAINING FACILITY NAME for TITLE OF TRAINING. Therefore, the training is terminated effective DATE.

- **Transportation Allowance:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that the worker can be paid a transportation/subsistence allowance if the training is located outside of the commuting area. As authorized by the Regulations, the Office of Workforce Development (OWD) has defined commuting area as 10 miles. Transportation allowances area denied because the worker lives # OF MILES (LESS THAN 10) miles from the school.

- **Trade Act Training Funds Not Available:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that funding is available to pay the full costs of the training and any transportation / subsistence expenses which are payable under the Regulations. This training application is denied because at the current time there is not adequate funding available to cover the cost of the training program. Optional additional sentence if appropriate: This determination may be reviewed for possible reconsideration at such time as adequate funding is available.

- **Short Notice:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that TAA services, including training, shall be delivered with the greatest promptness that is administratively feasible. The worker submitted an application for this training program on **DATE REQUESTED TRAINING**. This training program was scheduled to begin on **START DATE OF TRAINING**. Because of this short timeframe between the worker's application and the scheduled beginning date, it is not administratively feasible to approve this application for training. Optional: This denial does not prevent the worker from applying for similar training with a later beginning date that would allow for reasonable administrative procedures.

- **Legal Conviction:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that the worker must be qualified to undertake and complete the training. The worker's application for this training as a **JOB TITLE** is denied because the completion of this training requires an internship with a licensed **JOB TITLE**. The worker cannot work in a **JOB TITLE** as an intern because of a prior conviction for **FELONY OR OTHER RELATED OFFENSE**.

- **Financial Statement:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that the worker must be qualified to undertake and complete the training. The worker's application for **# OF WEEKS OF TRAINING** weeks of training as a **JOB TITLE** is denied because there is reason to believe that the worker could not complete the training. The worker's primary income is unemployment insurance and/or Trade Readjustment Allowances. These payments will exhaust approximately **# OF MONTHS** months before the end of training. Without this income, the worker cannot reasonably be expected to complete the training. Optional additional sentence if supported by recorded facts: The worker has not demonstrated that personal or family resources will be available to the worker to complete training.

- **Full-Time (Trade 2002 and 2002 Revert):**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that approved training be full-time in accordance with the established hours and days of the training provider. The worker's application to attend this training be **# OF HOURS** hours per week is denied because full-time training at this facility is **# OF HOURS** hours per week.

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that approved training shall be full-time in accordance with the established hours and days of the training provider. The worker's application to attend this training # OF HOURS hours per week, at night, is denied because these hours are not classified as full-time training at the facility. The facility holds full time classes during the day only.

- **One Training Plan:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that no worker shall be entitled to more than one training program under a single certification. This application for training is denied because the worker previously attended [or completed] a training program for TRAINING TYPE / JOB TITLE approved under this certification.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that training designed to enhance the employability of individuals by upgrading LEVEL [REMEDIAL / PRE-REQS / SKILLS] skills. The request for TRAINING TYPE / JOB TITLE training is denied because the training program does not consist of a single course or a group of courses approved by the State agency for an individual to meet a specific occupational goal.

- **ETPS Approved (Trade 2002 and 2002 Revert):**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that only those training facilities meeting the State's certifying agency's approval criteria can be considered for enrollment of Trade Act eligible workers. In Missouri, Department of Higher Education and Workforce Development (DHEWD) has been designated as the certifying agency. This training program is denied because it does not meet DHEWD's approval criteria.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that for training to be approved, Department of Higher Education and Workforce Development (DHEWD) / Office of Workforce Development (OWD) must be able to show that the school is approved by DHEWD. This training is denied because this school is not approved by DHEWD.
- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that only those training facilities meeting the State's certifying agency's approval criteria can be considered for enrollment of TAA eligible workers. The TRAINING FACILITY NAME and TRAINING TYPE courses are not on the State Missouri's or the State of STATE OTHER THAN MISSOURI's approved list of training providers/courses. Furthermore, there is

no documentation that this type of training will lead to sustainable employment.

- **Fraud:**

- The Trade Act of 1974, as amended including TAA Final Rule, and Federal Regulations at Part 618 provide that if a state agency finds that any person has knowingly made a false statement or false representation of material or information, or has knowingly failed to disclose information, and these actions have caused the individual to receive payments for which they are not entitled, the individual will be ineligible for any further benefits or services under the TAA program. Investigation by the Division of Employment Security (DES), including information gated by the Office of Workforce Development (OWD), reveals that this worker is ineligible for TAA benefits and services because the worker **FRAUDULENT ACT**. On **DATE**, the DES issued a determination, denying **LIST BENEFIT OR OVERPAYMENT**. This denial was effective **DATE**. In accordance with the federal regulations and the determination rendered by DES, the worker's TAA funded training program is no longer approvable. The request for continued approval of this training program is denied. Termination of this training program is effective **DATE**.

**Distribution of DWD-PO-240:**

A copy of the DWD-PO-240-A denial must be uploaded into the worker's MoJobs record and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit. The email must contain the worker's name, State ID#, and Trainee ID# (if applicable).

**Appeals:**

Refer to the Appeals section of the manual for instructions.

# **Utilization Guide for Trade Adjustment Assistance Warning Notices DWD-PO-264**

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 1/24/23**

**DWD-PO-264**  
**Utilization for Trade Adjustment Assistance Warning Notices**

**Purpose:**

When TAA workers fall outside of compliance requirements for the TAA program, the three-stage Warning Notices, described in this section, will serve as an opportunity for the worker to correct/address any issues with hopes of salvaging the approved training plan and/or related benefits and avoid a premature training exit.

***PLEASE NOTE:***

These warning notifications **DO NOT** exit a participant from the TAA program, therefore case management is required to continue until the worker gains reemployment and/or a program exit becomes available. These warning notices **ONLY** exit a worker from TAA approved-training and/or training related benefits. Other TAA benefits may be available upon termination from TAA-approved training.

The three-stage warning notices are **REQUIRED** for non-compliance. Trade Act Navigators are required to send these notifications to contact workers regarding potential compliance issues with their TAA approved-training plan. These are the **ONLY** notices approved for TAA workers; NO edits/modifications are permitted. The goal is simple: We wish to SAVE plans “prior” to having them fall out of compliance with the TAA program and potentially end in a premature termination from training.

**Potential Reasons for Utilization of Warning Letters by Trade Act Navigators:**

Includes, but not limited to,

- failure to comply with the 60-day benchmark review process;
- failure to provide TRA-22 / attendance form in a timely manner;
- failure to provide copies of class schedule or grades;
- failure to notify Trade Act Navigators of failing course or struggling with course/attendance;
- attempting to modify a training plan without prior approval from Trade Act Navigator; and
- unable to complete training within the allowable TAA time constraints

A worker’s response to one of the Warning Notices does not always equate to a salvaged plan – but, it does permit the Trade Act Navigator some leverage to get issues resolved and avoid premature training exits.

**Instructions for Use:**

In the Warning Notice documents, at the top, enter the:

- date;
- worker’s name and address;
- last four digits of the worker’s social security number; and
- worker’s petition number

In the Warning Notices documents, at the bottom, enter the:

- Trade Act Navigator's name;
- address;
- telephone number; and
- email address

**This is the only permitted format. No other changes are permitted.**

**First Warning Notice (DWD-PO-264-1):**

Complete the First Warning Notice and save it electronically. Mail the First Warning Notice to the worker and upload a copy into the worker's MoJobs record. **In addition, you may also email the First Warning Notice to the worker.** Enter a case note; see sample case note below.

**Case Note Example:** *Worker has fallen out of compliance with the requirement of the Trade Adjustment Assistance program. [Provide Trade Act Navigator insight/details here.] A First Warning Notice was sent to the worker today, requesting him/her to contact me to review eligibility requirements. First Warning Notice mailed and given 7-calendar days to respond.*

**Second Warning Notice (DWD-PO-264-2):**

If the worker does not respond within 7-days of the First Warning Notice AND fails to resolve all outstanding TAA compliance issues, send the Second Warning Notice.

Complete the Second Warning Notice and save it electronically. Mail the Second Warning Notice to the worker and upload a copy into the worker's MoJobs record. **In addition, you may also email the Second Warning Notice to the worker.** Enter a case note; see sample case note below.

**Case Note Example:** *Worker has fallen out of compliance with the requirement of the Trade Adjustment Assistance program and has not resolved all issues. A Second Warning Notice was sent to the worker today, requesting him/her to contact me to address outstanding issues. Second Warning Notice mailed and given 7-day calendar days to respond.*

**Third Warning Notice (DWD-PO-264-3):**

If the worker does not respond within 7-days of the Second Warning Notice AND fails to resolve all outstanding TAA compliance issues, send the Third Warning Notice.

Complete the Third Warning Notice and save it electronically. Also, issue a written denial and termination of TAA training on the Request for Training (DWD-PO-240-B) form. Mail the Third Warning Notice, along with the denial, to the worker and upload a copy into the worker's MoJobs record. **In addition, you may also email the Third Warning Notice to the worker.** Enter a case note; see sample case note below.

**Case Note Example:** *Worker has fallen out of compliance with the requirement of the Trade Adjustment Assistance program and compliance issues. A Third Warning Notice was sent to the worker today, notifying him/her that his/her TAA training and TRA related benefits are terminated. A written denial and termination of TAA training was issued on the DWD-PO-240-B form that contains appeal rights.*

If a denial and termination is issued on the DWD-PO-240-B form, the Trade Act Navigator must:

- advise the worker of appeal rights;
- advise the training facility of the worker's termination from training;
- request a Termination Report from the training facility;
- make appropriate entries in MoJobs; and
- notify [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) of the written denial and termination.

## Request for Job Search Allowance

The Request for Job Search Allowance consists of four forms:

- 1) **Benefits, Criteria, and Eligibility** (DWD-PO-207-BCE);
- 2) **Participant Reimbursement Information** (DWD-PO-207-PRI);
- 3) **Job Search Activity Verification** (DWD-PO-207-JSAV); and
- 4) **Payment Form** (DWD-PO-207-PF).

All of these forms can be found on

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Job Search

Previously, Job Search Allowance was only available to workers who had secured a bona fide interview for “suitable employment” in an area outside their commuting area. To assist workers in their pursuit of suitable employment, additional job search activities are now available. In addition to the interviews, the following activities qualify workers for Job Search Allowance if they occur in an area outside his/her commuting area:

- Completing a job application in person with a potential employer who is expected to have openings for “suitable employment”.
  - To gauge whether an employer is expected to have openings for “suitable employment”, the worker can provide documentation such as a web or classified job posting, information obtained through a job fair, job posting through a Missouri Job Center or jobs.mo.gov, etc. Trade Act Navigators should use good judgment to determine if a worker qualifies for this activity. If the Trade Act Navigator is unsure, they can contact the OWD Central Office Trade Act Unit for verification.
- Traveling to a Missouri Job Center to:
  - Print, copy, mail, email, or fax a job application and/or resume
  - Use online job matching system, including jobs.mo.gov, to search for job matches, request referrals, submit applications or resumes, and/or apply for jobs
  - Participate in pre-vocational workshops (soft skills, resume writing, interviewing skills, etc.)
  - Obtain and follow up on job referrals from Missouri Job Center staff
- Attending a job fair.

In order for these activities to count towards Job Search Allowance, the worker must complete a **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form to show a timely request *prior* to the activity / activities. A **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form allows a worker to participate in Job Search Allowance for 30 days. After 30 days, if the worker has not reached his/her Job Search Allowance maximum or found employment, the worker is required to complete another **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form for each 30-day period until the worker draws out the maximum Job Search Allowance or finds employment.

The **Participant Reimbursement Information (DWD-PO-207-PRI)** form must be provided to the worker as well to inform him/her of the Job Search Allowance reimbursement rate for their petition number, the definition of “suitable employment” and “commuting area”, and provide the travel, meals, and lodging information.

To obtain verification of all job search activities, a **Job Search Activity Verification (DWD-PO-207-JSAV)** form has been developed to capture the type of job search activity and the name, contact information, and signature of the Employer or Service Provider. The worker is required to have the **Job Search Activity Verification (DWD-PO-207-JSAV)** form completed for each job search activity.

Lastly, the **Payment Form (DWD-PO-207-PF)** form must be completed by the Trade Act Navigator to document job search activity, calculate approvable Job Search Allowance (if any), and/or issue a denial of Job Search Allowance.

## Job Search Allowance

### **General:**

A State must grant a Job Search Allowance to an Adversely Affected Worker (AAW) to help the worker secure suitable employment within the United States if the AAW meets the requirements. A Job Search Allowance, for approvable job search activities, outside of the worker's commuting area may be approved if it meets all requirements and deadlines.

The State may not approve a relocation allowance and a job search allowance for an AAW at the same time.

### **Eligibility Requirements:**

To be eligible for Job Search Allowances the worker must meet the following requirements:

- A. The worker must make a timely request for Job Search. This requires the worker to sign the **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** *prior* to any job search activity / activities.
- B. The worker's request for Job Search Allowance must be filed before the later:
  - the 365th day after the petition was certified under which the worker is eligible; or
  - the 365th day after the worker's last qualifying separation; or
  - the 182nd day after the date of concluding approved training.
- C. Be an AAW totally separated from the job covered under the certification when beginning the job search.
- D. Receive a determination by the State that the AAW:
  - i. Cannot reasonably expect to secure suitable employment in the commuting area (the "**commuting area**" in Missouri is **10 miles one-way**); and
  - ii. Can reasonably expect to obtain, in the area of job search, either:
    - A. Suitable employment; or
    - B. Employment that pays a wage of at least the 75<sup>th</sup> percentile of national wages, as determined by the National Occupational Employment Wage Estimates (<https://www.bls.gov/oes/current/oessrcst.htm>), and otherwise meets the definition of suitable employment;

- E. Receive a determination by the State that the worker cannot reasonably expect to secure suitable employment by alternatives to being physically present in the area of the job search, such as by searching and interviewing for employment by

means of the internet and other technology;

- F. Not previously have received a relocation allowance under the same certification; and
- G. Complete a State-approved job search within 30 calendar days after the worker leaves the commuting area to being the job search.

**Additional eligibility requirements:**

To qualify for Job Search Allowance, the worker must participate in one or more of the following job search activities for suitable employment\*, outside his/her commuting area:

- Participate in a bona fide interview
- Complete a job application in person with a potential employer who is expected to have openings for suitable employment
- Travel to a Missouri Job Center to:
  - Print, copy, mail, email, or fax a job application and/or resume;
  - Use online job matching systems, including jobs.mo.gov, to search for job matches, request referrals, submit applications or resumes, and/or apply for jobs;
  - Participate in pre-vocational workshops (soft skills, resume writing, interviewing skills, etc.); and/or
  - Obtain and follow up on job referrals from Missouri Job Center staff.
- Attend a job fair

Workers requesting Job Search must have an established TRA Claim prior to requesting Job Search Allowance. If the worker has a Liable State other than Missouri, the Trade Act Navigator must obtain the approval of the Liable State prior to submitting the Job Search Allowance request to OWD Central Office TAA Unit for processing and payment. The State TAA/TRA Contacts can be found on USDOL's website at <https://www.dol.gov/agencies/eta/tradeact/contact/states>.

If a worker claims TRA during a week approved for Job Search Allowance, the worker is not necessarily relieved of the work acceptance and the active search for work requirements. All Claims reporting requirements still apply.

**Calculating the Commuting Area:**

To determine if the suitable employment is outside the worker's commuting area, Trade Act Navigator is required to use one or more internet-based map applications (MapQuest, Google Maps, etc.) to confirm the distance between the worker's residence and the address of the employer is over 10 miles (one-way) away. In addition, the Trade Act Navigator is required to document their findings in the worker's MoJobs record as a case note.

**Completion of Job Search Allowance:**

- A. An AAW has completed a Job Search Allowance when the worker either
  - Obtains a bona fide offer of employment; or

- Has, with State verification, as provided in ([TAA Final Rule](#)) 618.420(a)(2), contacted each employer the worker planned to contact, or to whom the State or other one-stop partner referred the worker as part of the job search.

B. The job search is complete when one of the actions above occurs, whichever comes first. For purposes of “bona fide offer of suitable employment” means the offer of suitable employment is made in good faith by a prospective employer.

**Maximum Amount of Job Search Payable:**

Under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**, the maximum amount of all combined requests for Job Search cannot exceed \$1,250.

Under **Trade 2009**, the maximum amount of all combined requests for Job Search cannot exceed \$1,500.

	\$1,250 Maximum	\$1,500 Maximum

Trade 2009		X
Trade 2002 Revert	X	
Trade 2011	X	
Trade 2015	X	
Trade Reversion 2021	X	

**Payment:**

Under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**, the Job Search Allowance is 90% of the total cost of the AAW’s travel and lodging and meals up to \$1,250.

Under **Trade 2009**, the Job Search Allowance is 100% of the total cost of the AAW’s travel and lodging and meals up to \$1,500.

Job Search Allowance payments will be issued by the Agent State.

- A request for Job Search allowance must be approved by the Liable State prior to submittal to OWD Central Office TAA Unit for processing and payment. The State TAA/TRA Contacts can be found on USDOL’s website at <https://www.dol.gov/agencies/eta/tradeact/contact/states>. If a worker resides in an Agent State (State other than the Liable State) at the time the Request for Job Search Allowance is filed, the allowances for job search expenses will be reimbursed after the completion of the job search. **Note:** A worker may request a 60% advance request on Job Search Allowance.
- The Trade Act Navigator must provide the Liable State with copies of all relevant Job Search Allowance forms and associated documentation and estimates.

In Missouri, the Job Search Allowance payments are recorded in UInteract, under the TRA link (found on the Claim Summary screen). The entry will show the type and amount of the payment and the date the payment was issued.

**Travel Allowance:**

Under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**, the worker’s allowable travel expense may not exceed 90% of the prevailing cost per mile by privately owned vehicle (**currently 67 cents per mile**) under 41 CFR chapters 300 through 304, the Federal Travel Regulation (FTR), found at <https://www.gsa.gov/>, for round trip travel by the usual route from the worker’s home to the job search area, though other forms of transportation may be utilized.

Under **Trade 2009**, the worker’s allowable travel expense may not exceed 100% of the prevailing cost per mile by privately owned vehicle (**currently 67 cents per mile**) under 41 CFR chapters 300 through 304, the Federal Travel Regulation (FTR), found at <https://www.gsa.gov/>, for round trip travel by the usual route from the worker’s home to the job search area, though other forms of transportation may be utilized.

**Travel by Privately Owned Automobile.** The worker may receive a rate of **67** cents per mile when traveling by privately owned automobile and driving the most common route from the worker’s place of residence to the area in which the job search will be conducted. The worker’s is also eligible for the same rate for the return trip from the area of job search to place of residence.

Mileage is calculated at **67** cents per mile with no maximum.

**Example:** Under **Trade 2015**, if the worker traveled 400 miles and qualified for **67** cents per mile reimbursement, you would calculate as follow:

(# of Miles Traveled) x (Rate per Mile) x (Reimbursement Rate) = Worker Reimbursement Amount

400 miles x **67** cents x 90% = \$241.20                      **OR**      400 x **.67** x .90 = \$241.20

**Choice of mode of transportation.** An AAW may elect to use a different mode of transportation than the one for which the State calculated the applicable reimbursement amount. However, the State must limit the reimbursement to the worker to the amount calculated under privately owned vehicle under 41 CFR chapters 300 through 304, the Federal Travel Regulation (FTR), found at <https://www.gsa.gov/>, for round trip travel by the usual route from the worker’s home to the job search area.

**Lodging and Meals:**

A worker's allowable lodging and meals costs cannot exceed the less of:

- The actual costs for lodging and meals while engaged in the job search; or
- 50% of the prevailing per diem allowance under the FTR, found at <https://www.gsa.gov/>, for the worker's job search area.

There are three set of rates in Missouri: 1) Standard; 2) Kansas City; and 3) St. Louis.

The **Standard Rate** should be used for every part of Missouri except for Kansas City and St. Louis. As noted previously, reimbursement rate is reimbursed at 90% / 100% of actual costs or 50% of the per diem.

Using the prior charts, to figure the per diem for October 2024:

- **Standard Rate = \$178.00**
  - Lodging = \$110.00
  - Meals & Incidentals = \$68.00
    - Breakfast = \$16.00
    - Lunch = \$19.00
    - Dinner = \$28.00
    - Incidental Expenses = \$5.00
  
- **Standard Rate = \$178.00 / 2 = \$89.00 = 50% of the per diem**
  - Lodging = \$110.00 / 2 = \$55.00
  - Meals & Incidentals = \$68.00 / 2 = \$34.00
    - Breakfast = \$16.00 / 2 = \$8.00
    - Lunch = \$19.00 / 2 = \$9.50
    - Dinner = \$28.00 / 2 = \$14.00
    - Incidental Expenses = \$5.00 / 2 = \$2.50

- **Kansas City = \$215.00**
  - Lodging = \$135.00
  - Meals & Incidentals = \$80.00
    - Breakfast = \$20.00
    - Lunch = \$22.00
    - Dinner = \$33.00
    - Incidental Expenses = \$5.00
  
- **Kansas City = \$215.00 / 2 = \$107.50 = 50% of the per diem**
  - Lodging = \$135.00 / 2 = \$67.50
  - Meals & Incidentals = \$80.00 / 2 = \$40.00
    - Breakfast = \$20.00 / 2 = \$10.00
    - Lunch = \$22.00 / 2 = \$11.00
    - Dinner = \$33.00 / 2 = \$16.50
    - Incidental Expenses = \$5.00 / 2 = \$2.50
  
- **St. Louis = \$236.00**
  - Lodging = \$150.00
  - Meals & Incidentals = \$86.00
    - Breakfast = \$22.00
    - Lunch = \$23.00
    - Dinner = \$36.00
    - Incidental Expenses = \$5.00
  
- **St. Louis = \$236.00 / 2 = \$118.00 = 50% of the per diem**
  - Lodging = \$150.00 / 2 = \$75.00
  - Meals & Incidentals = \$86.00 / 2 = \$43.00
    - Breakfast = \$22.00 / 2 = \$11.00
    - Lunch = \$23.00 / 2 = \$11.50
    - Dinner = \$36.00 / 2 = \$18.00
    - Incidental Expenses = \$5.00 / 2 = \$2.50

**Example 1:** Using the **Standard Rate**, a worker certified under **Trade 2015** participated in a Job Search on 10/5/24. The worker submitted a hotel receipt for \$114 and food receipts of \$5 for breakfast, \$8 for lunch, and \$25 for supper. The sum of the receipts is \$152.

$(\text{Lodging} + \text{Food Costs}) \times (\text{Reimbursement Rate}) = \text{Worker Reimbursement Amount up to daily maximum}$

$\$152 \times 90\% = \$136.80$  – This amount exceeds the daily maximum amount of \$89.00. This worker will only be reimbursed \$89.00.

**Example 2:** Using the **Standard Rate**, a worker is certified under **Trade 2015** participated in a Job Search on 10/5/24. The worker submitted a hotel receipt for \$35 and food receipts of \$2.50 for breakfast, \$5 for lunch, and \$10 for supper. The sum of the receipts is \$52.50.

$(\text{Lodging} + \text{Food Costs}) \times (\text{Reimbursement Rate}) = \text{Worker Reimbursement Amount up to daily maximum}$

$\$52.50 \times 90\% = \$47.25$  – This amount is less than the daily maximum amount of \$89.00. This worker will be reimbursed \$52.50 (actual costs).

**Job Search Activities and Expenses:**

The worker is required to provide a **Job Search Activity Verification (DWD-PO-207-JSAV)** form for each job search activity conducted as well as receipts for meals and lodging associated with approved job search(es). This information must be recorded on the **Payment Form (DWD-PO-207-PF)** form along with the worker's mode of transportation to and from the area of job search(es).

**Completion of Job Search Activities:**

Once the worker has signed **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form, completes his/her job search activity or activities, and submits the **Job Search Activity Verification (DWD-PO-207-JSAV)** form the job search is deemed to be complete. Because the job search activities have been explained, the worker may submit each job search activity individually or submit multiple job search activities at one time.

If the worker does not reach the maximum Job Search Allowance or find employment within 30 days of signing the **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form, (s)he must continue to sign a new **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form every 30-days to keep the Request for Job Search Allowance "active".

**Payment:**

If the AAW makes a timely application, is covered under a certification, and is otherwise eligible, the State must make payment promptly after the worker has completed a job search and complied with the Job Search Allowance requirement, provided that funds are available.

**Advances:**

Once the State determines that the AAW is eligible for a job search allowance, it may advance the worker up to 60% of the estimated amount of the job search allowance subject to the limit in ([TAA Final Rule](#)) 618.425(b), but not exceeding \$750, within 5 days before the commencement of a job search. The State must deduct the advance from any maximum payment.

**Worker Evidence:**

After the AAW completes a job search, the AAW must certify to the State as to the employment contacts made and must provide documentation of expenses in accordance with FTR and Uniform Guidance at 2 CFR 200 part 200. This may include receipts for all lodging, purchased transportations (bus, plane, train, Uber, etc.), or other expenses. If an advance the worker received was more or less than the actual

allowance, the State must make an appropriate adjustment and pay the balance entitled, or the worker must repay the excess received.

**Overpayments of Job Search Allowances:**

If a trade-affected worker fails, with good cause, to complete a job search, any payment or portion of a payment made to such person or individual properly and necessarily expended in attempting to complete such job search is not an overpayment.

If a trade-affected worker fails, without good cause, to complete job search, then the portion of payment for the non-completed component of a benefit is an overpayment. Costs for the completed portions of the job search are not an overpayment.

Good cause exists if the worker acted diligently yet was unable to complete a job search because of exigent circumstances. The State must determine good cause on a worker-by-worker basis.

An overpayment established must be recovered or waived.

Office of Workforce Development  
**Request for Job Search Allowance**  
**Participant Reimbursement Information**

1

**Clients certified under Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021 will be reimbursed at 90%.**

(Petitions numbered 60,000–69,999 and 80,000 or above)

**Clients certified under Trade 2009, will be reimbursed at 100%.**

(Petitions numbered 70,000–79,999)

- 1) **Trade 2002, 2002 Revert, 2009, 2011, 2015, and Reversion 2021** – The Trade Act Navigator must notify the worker what Job Search Allowance reimbursement rate and maximum applies to him/her based on their petition number.

	90% Reimbursement	100% Reimbursement
Trade 2002	X	
Trade 2009		X
Trade 2002 Revert	X	
Trade 2011	X	
Trade 2015	X	
Trade Reversion 2021	X	

*For a job-search activity to be approved for Job Search Allowance under the Trade Act program, it must at least meet the following requirements:*

2

- The job-search activity must be for employment that is considered to be “suitable employment.” **Suitable Employment** is defined as employment:

- That is equal to or at a higher skill level than at the Trade-affected company.
- That provides wages at 80% of wages received at Trade-affected company.
- That is full-time, long-term duration (not temporary)

OR

- Employment that pays a wage of at least the 75th percentile of national wages ([www.bls.gov](http://www.bls.gov)).
- That is equal to or at a higher skill level than at the Trade-affected company.
- That is full-time, long-term duration (not temporary).

3

- The job-search activity must be outside your “commuting area” as defined by Internet-based mapping such as MapQuest. In Missouri, the **Commuting Area** is defined as 10 miles one-way.

- 2) **Suitable Employment** – The Trade Act Navigator must provide the worker with the definition of “suitable employment”. The worker must also be notified that for any job search activities to be approved, they must be for jobs that meet the “suitable employment” definition.
- 3) **Commuting area** – The Trade Act Navigator must provide the worker with the definition of “commuting area” and indicate which “commuting area” applies them. The worker must also be notified that for any job search activities to be approved, they must be conducted outside of their “commuting area”.

**Clients participating in qualifying job-search activities may be reimbursed:**

4

Transportation costs:

- If by vehicle, the reimbursement rate is 65.5 cents per mile
- If by other mode of transportation such as bus, train, airplane, etc., the reimbursement will be for the least-expensive costs and/or shortest duration.

5

Meals/Lodging costs will be paid up to either 50% of the federal-allowable daily rate or the actual costs, whichever is less.

- To qualify for lodging/meals you must be in a 12 hour travel status.

- 4) **Transportation** – The Trade Act Navigator must explain the types of transportation that qualifies for Job Search Allowance and the mileage reimbursement rate that applies to them for use of their private vehicle in qualifying job search activities.
- 5) **Meals / Lodging** – The Trade Act Navigator must explain to the worker the maximum reimbursement that applies to them. The worker should also be informed that reimbursement will be paid for **actual** costs up to the maximum rate per day.

## Instructions for Completing the **Payment Form (DWD-PO-207-PF)**

The worker may request his / her Job Search Allowance after each job search activity or may wait and requests it for multiple job search activities. Each job search activity requires a **Job Search Activity Verification (DWD-PO-207-JSAV)** form and internet-based mapping directions. If the worker request reimbursement for meals, lodging, or transportation (other than private vehicle), receipts are required. In addition, the worker must have signed a **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form requesting Job Search Allowance *prior* to the job search activity or activities. The **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form must be reviewed and re-signed every 30 days while requesting Job Search Allowance. Failure to have a current **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form active at the time of a job search activity will result in a denial of reimbursement.

- 1) **Request#** - Enter the current number of Job Search Allowance requests (including the current one) made by the worker under his/her current petition number. For example, you would enter 1 on the first request or 5 on the fifth request.
- 2) **Applicable Trade Act Year** – Check the appropriate field.

**TA 2002** – for petitions numbered 69,999 and below or 80,000-80,999 if Trade 2002 Revert is selected

**TA 2009** – for petitions numbered 70,000-79,999

**TA 2011** – for petitions numbered 80,000-84,999

**TA 2015** – for petitions numbered 85,000-97,99

**TA Reversion 2021** – for petitions numbered 98,000 or above

- 3) **Applicant's Name** – Enter the worker's name.
- 4) **Social Security Number** – Enter the worker's social security number.

- 5) **Petition Number** – Enter the petition number listed on the worker’s TRA-B, TRA-A, or TRA-C Claim found in UInteract.

If the worker has a Liable State other than Missouri, the Liable State must approve the Job Search Allowance request before Missouri, as the Agent State, can process and pay the request.

Individual TAA eligibility must be also be documented by the Liable State. The Liable State TAA/TRA contacts can be found on USDOL’s website at: <https://www.dol.gov/agencies/eta/tradeact/contact/states>.

- 6) **Date of Request** – Enter the date the worker made the request for Job Search Allowance [reference the information entered in the “Date of Request” field on the **Benefits, Criteria, and Eligibility (DWD-PO-207-BCE)** form that was active at the time of the current job search activity].
- 7) **Maximum Job Search Allowance Funds** – Select either the \$1,250 or the \$1,500 amount.

	\$1,250 Maximum	\$1,500 Maximum
Trade 2002	X	
Trade 2009		X
Trade 2002 Revert	X	
Trade 2011	X	
Trade 2015	X	
Trade Reversion 2021	X	

- 8) **Current Balance** – Enter the amount of Job Search Allowance available to the worker prior to processing his/her current request (this only applies to the current petition number). For example, if the worker was participating under **Trade 2015** and made his first request, you would enter \$1,250. However, if the worker under **Trade 2015** has already received \$88.88 from a previous request, you would enter \$1,161.12 (\$1,250 - \$88.88 = \$1,161.12).

The screenshot shows the 'ACTUAL PAYMENT' form. Callout 9 points to the 'Travel Type\*\*' label. Callout 10 points to the 'Miles' input field. Callout 11 points to the 'Rate' input field. Callout 12 points to the calculated amount '\$0.00'.

- 9) **Travel Type** – Mark all applicable types of travel the worker used during job search activity or activities.
- If the “Other” field is selected, a description must be included.
- 10) **Mileage reimbursement at** – The mileage rate is 67 cents. This applies to private vehicle reimbursement.
- 11) **Miles** – Enter the number of miles that worker traveled during his / her job search activities. The Trade Act Navigator must apply the “commuting area” definition to

the worker based on the date the worker started participating in TAA. This applies to private vehicle reimbursement.

**12) Mileage reimbursement rate** – The amount of mileage reimbursement will auto calculate and populate on the form. If the Trade Act Navigator completes the form manually, multiply the “Number of Miles” x “Mileage Rate”. For example, if the worker was participated in an approvable job search activity outside of his “commuting area” on 4/14/24, the worker would qualify for reimbursement at the rate of **67** cents per mile. The manual calculation for a worker who traveled 200 miles roundtrip would be  
 $200 \times .67 = \$134.00$ .

DEPARTURE			ARRIVAL			Travel Costs (a)	Actual Meal Costs or ½ Per Diem (b)	Lodging Costs or ½ Per Diem (c)
Date	Location	Time	Date	Location	Time			
<b>22</b> SUBTOTALS						\$ 0.00	\$ 0.00	\$ 0.00
<b>23</b> TOTAL COSTS (a) + (b) + (c)						\$ 0.00		
<input type="checkbox"/> Paid at 90% Reimbursement (Otherwise, paid at 100% Reimbursement)								
<input type="checkbox"/> Deduct Advance Payment (if applicable)						-		
<b>25</b>						<b>26</b> TOTAL REIMBURSEMENT		

**13) DEPARTURE Date** – Enter the date of the departure for each job search activity. This may be the date the worker left his/her residence (“commuting area”).

**14) DEPARTURE Location** – Enter the departure location (city, state) for each job search activity. This may be the city/state of the worker’s residence.

**15) DEPARTURE Time** – Enter the departure time for each job search activity. This may be the time the worker left his/her residence (“commuting area”). This may establish eligibility for food/lodging if applicable.

**16) ARRIVAL Date** – Enter the date of the arrival for each job search activity. This may be the date the worker arrived in the area of the employer/service provider.

**17) ARRIVAL Location** – Enter the arrival location (city, state) for each job search activity. This may be the city/state of the employer/service provider.

**18) ARRIVAL Time** – Enter the arrival time for each job search activity. This may be the time the worker arrived at the area of the employer/service provider. This may establish eligibility for food/lodging if applicable.

One line of **DEPARTURE Date / Location / Time** through **ARRIVAL Date / Location / Time** accounts for “one-way” of the job search activity.

Example: Deb left Jefferson City on 2/28/17 at 6:00am for an interview in St. Louis. She arrived in St. Louis at 9:00am for a 10am interview. After her interview and eating lunch, she left St. Louis at 1:00pm and arrived back in Jefferson City at 4pm.

Below is the correct way to record the roundtrip.

DEPARTURE			ARRIVAL		
Date	Location	Time	Date	Location	Time
Feb 28, 2017	Jefferson City, MO	6:00am	February 28,	St. Louis, MO	9:00am
Feb 28, 2017	St. Louis, MO	1:00pm	Feb 28, 2017	Jefferson City, MO	4:00pm

**19) Travel Costs** – Enter the total costs of travel for each job search activity. This includes mileage reimbursement for use of private vehicles and/or the costs of a ticket for train, plane, bus, etc.

**20) Actual Meal Costs or ½ Per Diem** – Enter the worker’s *actual* meal expenses or maximum per diem for each job search activity; whichever is less.

Job Search Allowance does NOT cover the meal costs of anyone other than the worker.

**21) Actual Lodging Costs or ½ Per Diem** – Enter the worker’s *actual* lodging expenses or maximum per diem for each job search activity; whichever is less.

Job Search Allowance does NOT cover the lodging costs of anyone other than the worker.

**22) SUBTOTALS** – The subtotal for the columns of **Travel Costs**, **Actual Meal Costs or ½ Per Diem**, and **Actual Lodging Costs or ½ Per Diem** will auto calculate and populate on the form. If the Trade Act Navigator completes the form manually, the Trade Act Navigator must find the sum of each row.

**23) TOTAL** – The sum of the **SUBTOTALS** fields will auto calculate and populate on the form. If the Trade Act Navigator completes the form manually, the Trade Act Navigator must find the sum.

**24) Paid at 90% Reimbursement** – If the worker is certified under **Trade 2002, 2002 Revert, 2011, 2015, or Reversion 2021**, mark this field to reimburse the worker at 90%. The form should auto calculate and populate the 90% rate.

If the worker is certified under **Trade 2009**, do **NOT** mark this field. The form is set to auto calculate the amount at 100% unless this field is checked.

If the Trade Act Navigator completes the form manually, the Trade Act Navigator must find the sum of the Travel Costs, Actual Meal Costs or ½ Per Diem, and Actual

Lodging Costs or ½ Per Diem TOTAL(s) and multiply the sum by either .90 (for 90%) or list actual cost (for 100%).

**90% Reimbursement Example:** If the worker was participating in an approved job search activity on 10/13/24 and submitted a job search activity request for an overnight stay (\$55.00 – Standard Rate), meals (\$34.00 – Standard Rate), and mileage (300 miles x 67 cents = \$201.00) for an interview outside her commuting area, to calculate the reimbursement, you would find the sum of all costs (\$55.00 + \$34.00 + \$201.00 = \$290.00) and multiply it by 90% (\$290.00 x .90 = \$261.00). In this scenario, the worker would be eligible for a reimbursement of \$261.00.

**100% Reimbursement Example:** If the worker was participating in an approved job search activity on 10/13/24 and submitted a job search activity request for an overnight stay (\$55.00 – Standard Rate), meals (\$34.00 – Standard Rate), and mileage (300 miles x 67 cents = \$201.00) for an interview outside her commuting area, to calculate the reimbursement, you would find the sum of all costs (\$55.00 + \$34.00 + \$201.00 = \$290.00). In this scenario, the worker would be eligible for a reimbursement of \$290.00.

**25) Deduct “Advanced Payment” (if applicable)** – If the worker received an advanced Job Search Allowance payment, mark this field and enter the amount of advancement.

**26) Total Reimbursement** – The form should auto calculate and populate the total reimbursement owed to the worker. If the Trade Act Navigator completes the form manually, Trade Act Navigator must subtract the “**Deduct Advanced Payment**” amount from EITHER the “**Paid at 90% Reimbursement**” or “**Paid at 100% Reimbursement**”.

For example, if the worker was eligible for a \$266.00 reimbursement, but was advanced \$159.60 to assist him in his job search activity, the Trade Act Navigator would find the difference the worker was owed: \$266.00 - \$159.60 = \$106.40. In this scenario, the worker would be eligible for a reimbursement of \$106.40.

<b>38</b> PROJECTED TOTAL COSTS (a) + (b) + (c)						\$ 0.00			
<b>39</b> REQUESTED ADVANCE PAYMENT (Up to 60% of Projected Total Costs)									

**27) Advanced Payment Requested?** – Mark the Yes or No field. **If Yes, complete the rest of the section.**

**28) (Advanced) DEPARTURE Date** – Enter the *planned* date of the departure for each job search activity. This may be the date the worker *plans* to leave his/her residence (“commuting area”) or the employer/service provider.

**29) (Advanced) DEPARTURE Location** – Enter the *planned* departure location (city/state) for each job search activity. This may be the city/state of the worker’s residence or the city/state of the employer/service provider.

**30) (Advanced) DEPARTURE Time** – Enter the *planned* departure time for each job search activity. This may be the time the worker plans to leave his/her residence (“commuting area”). This may establish eligibility for food/lodging if applicable.

**31) (Advanced) ARRIVAL Date** – Enter the *planned* date of the arrival for each job search activity. This may be the date the worker plans to arrive in the area of the employer/service provider.

**32) (Advanced) ARRIVAL Location** – Enter the *planned* arrival location for each job search activity. This may be the planned city/state of the employer/service provider.

**33) (Advanced) ARRIVAL Time** – Enter the *planned* arrival time for each job search activity. This may be the time the worker plans to arrive at the area of the employer/service provider. This may establish eligibility for food/lodging if applicable.

**34) (Advanced) Travel Costs** – Enter the total *estimated* costs of travel for each job search activity. This includes mileage reimbursement for use of private vehicles and/or the costs of a ticket for train, plane, bus, etc.

**35) (Advanced) Actual Meal Costs or ½ Per Diem** – Enter the worker’s *estimated* meal expenses for each job search activity.

Job Search Allowance does NOT cover the meal costs of anyone other than the worker.

**36)(Advanced) Actual Lodging Costs or ½ Per Diem** – Enter the worker’s *planned* lodging expenses for each job search activity.

Job Search Allowance does NOT cover the lodging costs of anyone other than the worker.

**37)(Advanced) SUBTOTALS** – The totals for the columns of **Travel Costs, Actual Meal Costs or ½ Per Diem, and Actual Lodging Costs or ½ Per Diem** will auto calculate and populate on the form. If the Trade Act Navigator completes the form manually, the Trade Act Navigator must find the sum of each row.

**38) Projected Total Costs (a) + (b) + (c)** –The form should auto calculate and populate the sum of the Travel Costs, Actual Meal Costs or ½ Per Diem, and Actual Lodging Costs or ½ Per Diem **TOTAL(s)**. If the Trade Act Navigator completes the form manually, the Trade Act Navigator must find the sum of the Travel Costs, Actual Meal Costs or ½ Per Diem, and Actual Lodging Costs or ½ Per Diem **TOTAL(s)**.

**39) Requested Advance Payment (60%)** – The form should auto calculate and populate the 60% of the “Projected Total Costs”. If the Trade Act Navigator completes the form manually, the Trade Act Navigator must multiply the “Projected Total Costs” amount by .60.

For example, if the worker requested advanced Job Search Allowance on 10/1/24 for an all day job search activity planned on 10/27/24 to a location that was 125 miles from his residence and did not plan any overnight stays, you would estimate the transportation (67 cents per mile x 250 roundtrip miles = \$167.50 transportation reimbursement OR .67 x 250 = \$167.50) and meals (\$34.00 – Standard Rate). You would then find the sum and multiply it by 60%

(\$167.50 + \$34.00 = \$201.50)

(\$201.50 x .60 = \$120.90).

In this scenario, the worker would be eligible for an advanced payment of \$120.90.

The following list provides some general denial reasons (not all inclusive):

- Not eligible for the Trade Act program
- Request is beyond the qualifying timeframes (365 day and/or 182 day periods)
- Job search activity not outside of the worker’s “commuting area”
- The interview was not for “suitable employment”
- The worker has reached the maximum Job Search Allowance
- The worker requests reimbursement for food, lodging, and/or travel costs (other than private vehicle), but unable to provide a receipt or other documentation.

**46) Remaining Job Search Allowance Balance** – Enter the amount of Job Search Allowance available to the worker after processing his/her current request. The Trade Act Navigator should also deduct any previously paid Job Search Allowance requests paid under the same petition number.

**APPEAL RIGHTS**

If you believe this determination is incorrect, you or your duly authorized agent may file an appeal no later than thirty days after the date entered above. An appeal may be filed by mail to the Missouri Division of Employment Security, Appeals Tribunal, PO Box 59, Jefferson City, MO 65104-0059, or by FAX at (573) 751-1321. **Request for Job Search Program Reimbursement**

To Whom it May Concern:

A Job Search Program (JSP) is a job search workshop or job finding club. Trade-affected workers participating in an eligible JSP qualify for transportation or subsistence reimbursement for cost occurred.

The Missouri Office of Workforce Development (OWD), through the Trade Adjustment Assistance (TAA) program may approve a JSP for a trade-affected worker if:

- The JSP is provided through the Workforce Innovation and Opportunity Act (WIOA), the employment service, or any other Federal- or State- funded program; or
- The JSP is sponsored by the trade-affected employer from which the trade-affected worker has been separated

We would like to thank you for being an integral part of the workforce system, and greatly appreciate your efforts in returning Missourians to employment.

By signing the statement below, you provide the necessary documentation for OWD to reimburse a trade-affected worker for transportation or subsistence cost incurred while participating in a JSP.

Thank you in advance for your collaboration.

Sincerely,  
Missouri Office of Workforce Development  
Trade Act Unit

## Job Search Program

### **General:**

An Adversely Affected Worker (AAW) who participated in an approved Job Search Program (JSP), may receive reimbursement for necessary expenses of subsistence and transportation incurred for the worker's participation in the approved JSP, regardless of the workers' approval for, or receipt of a job search allowance under ([TAA Final Rule](#)) 618.420 and 618.430.

### **Eligibility Requirements:**

A state may approve a JSP if:

- 1) The JSP is provided through WIOA, the public employment service, or any other Federal- or State-funded program, and meets the definition provided in ([TAA Final Rule](#)) 618.110; or
- 2) The JSP is sponsored by the firm (trade-affected employer) from which the AAW has been separated.

Subsistence and transportation costs, whether inside or outside the AAW's commuting area, must be approved for workers participating in JSPs in accordance with ([TAA Final Rule](#)) 618.640(a) (Supplemental Assistance – transportation / subsistence) and within available State funding levels.

## Instructions for Completing the Request for Job Search Program (DWD-5520)

The Trade Act Navigator must review the Job Search Program eligibility information with the worker.

Copies of the form are provided to the worker to provide to either an employer or a service provider for completion to verify the worker's participation in a qualifying Job Search Program activity.

**Last Updated 10/1/24**

## Relocation Allowance

### **General:**

A Relocation Allowance may be granted to an adversely affected worker and family (household), if any, to relocate within the United States, subject to the terms and conditions of the Act and the regulations.

Provide the worker with a copy of the **Request for Relocation Allowance Informational Handout (DWD-PO-245)**, review it with him/her, and obtain the worker's signature. *Workers are required to provide two to three estimates of any moving related expenses prior to their Relocation Allowance request being approved. Under TAA Final Rule, Relocation Allowance funds are required to be advanced to the worker 10 days prior to his or her move up to the day of their relocation.*

### **Eligibility Requirements:**

To be eligible for Relocation Allowances, the Adversely Affected Worker (AAW) must:

- a) File an application (on an Request for Relocation Allowance form [ETA-860/DWD-PO-202]), for Relocation Allowance, before either:
  - The later of the 425<sup>th</sup> day after the date of the certification under which the worker is covered, or the 42<sup>th</sup> day after the date of the worker's last total separation; or
  - The 182<sup>nd</sup> day after the date of the concluded training;
- b) Be an AAW totally separated from adversely affected employment when the relocation begins;
- c) Not have already received a relocation allowance under the same certification;
- d) Relocate within the United States but outside the worker's commuting area (10 miles one-way in Missouri);
- e) Receive a determination by the State that the worker has no reasonable expectation of securing suitable employment in the commuting area, and has obtained either suitable or employment that pays a wage of at least the 75<sup>th</sup> percentile of national wages, as determined by the National Occupational Employment Wage Estimates (<https://www.bls.gov/oes/current/oessrcst.htm>), and otherwise meets the suitable employment requirements, or a bona fide offer of such employment, in the area of intended relocation;

- f) Begin the relocation as promptly as possible after the date of certification but no later than:
- 182 days after the worker filed the application for a relocation allowance; or
  - 182 days after the conclusion of an approved training program, if the worker entered a training program that received supplemental assistance approved under ([TAA Final Rule](#)) 618.640(c) (subsistence payments) and (d) (transportation payments), for training outside the worker's commuting area; and
- g) Complete the relocation, as described in ([TAA Final Rule](#)) 618.460(f), within a reasonable time (**Missouri allows workers one year to complete a relocation**) as determined in accordance with FTR with the State giving consideration to, among other factors, whether:
- Suitable housing is available in the area of relocation;
  - The worker can dispose of the worker's residence;
  - The worker or a family member is ill; and
  - A member of the family is attending school, and when the family can best transfer the member to a school in the area of relocation.

The State may **not** approve a relocation allowance and a job search allowance for an AAW at the same time. However, if the worker has received a job search allowance, the worker may receive a relocation allowance at a later time or receive a relocation allowance as a result of a successful job search for which the worker received a job search allowance.

Workers requesting Relocation Allowance must have an established TRA Claim prior to requesting Relocation Allowance. If the worker has a Liable State other than Missouri, the Trade Act Navigator must obtain the approval of the Liable State prior to submitting the Relocation Allowance request to OWD Central Office TAA Unit for processing and payment. The State TAA/TRA Contacts can be found on USDOL's website at <https://www.dol.gov/agencies/eta/tradeact/contact/states>.

**Findings Required for a Relocation Allowance:**

- a) *Findings by Liable State.* Before the Liable State may approve final payment of a relocation allowance, the Liable State must make the following findings:
- 1) That the AAW meets the eligibility requirements for a relocation allowance specified in ([TAA Final Rule](#)) 618.445(a)(1) through (7) and is not also simultaneously receiving a job search allowance as specified in ([TAA Final Rule](#)) 618.445(b);

- 2) That the worker submitted the application for a relocation allowance with the time limits specified in ([TAA Final Rule](#)) 618.445(a)(1);
- 3) That the worker began and completed the relocation within the time limitations specified in ([TAA Final Rule](#)) 618.445(a)(6) and (7); and
- 4) That the worker obtained suitable employment, or a bona fide offer of such suitable employment, in the area of intended relocation, in accordance with ([TAA Final Rule](#)) 618.445(a)(5). The Liable State must verify (directly or through the Agent State) the suitable employment, or the bona fide offer, with the employer.

b) *Assistance by the Agent State.*

- 1) When an AAW relocates to an Agent State, the Agent State is responsible for:
  - i. Assisting the worker in relocating to the State, completing an application for a relocation allowance with the Liable State, and paying the relocation allowance; and
  - ii. Assisting the Liable State by furnishing any information required for the Liable State's determination on the claim.
- 2) The Agent State must cooperate with the Liable State in carrying out its activities and functions with regard to relocation applications. When requested by the Liable State, the Agent State must verify with the employer and report to the Liable State whether the worker has obtained suitable employment, or a bona fide offer of suitable employment.

**Determining the Amount of a Relocation Allowance:**

The AAW's relocation allowance includes the information in paragraphs (a) through (c) of this section as applicable:

a) *Reimbursement*

1) *Travel*

- i. The State may reimburse the AAW for up to 90% of the prevailing cost per mile by privately owned vehicle under the Federal Travel Regulations (FTR), found at <https://www.gsa.gov/>, for travel from the AAW's old home to the AAW's new home.
- ii. Separate travel of a family member or members who, for good cause and with the approval of the State, must travel separately to their new home, may also be reimbursed. For purposes of this paragraph (a)(1)(ii), good cause includes, but is not limited to, reasons such as a

family member's health, schooling, job, or economic circumstances.

2) *Lodging and meals.* The State may reimburse the worker for 90% of lodging and meal expenses for the worker and his or her family while they are in transit, but such costs may not exceed the lesser of:

- i. The actual lodging and meals cost to the worker and his or her family while they are traveling; or
- ii. 50% of the prevailing per diem allowance under the FTR, found at <https://www.gsa.gov/>, for the relocation area for those days while the worker and his or her family are traveling.

3) *Movement of household goods.*

- i. The State may reimburse the worker for 90% of the allowable costs of moving the workers and family's household good and personal effects in accordance with the FTR (41 CFR chapter 302). This includes 90% of the costs of moving by the most economical commercial carrier the State can reasonably expect the worker to use, moving by rental truck or trailer (for rental, mileage, and fuel), or moving a house trailer or mobile home. It also includes 90% percent of the costs of temporary storage of household good for up to 60 days. In approving the move of a house trailer or mobile home, the State must follow the specific requirements of the FTR, found at [https://www.gsa.gov.](https://www.gsa.gov/)
- ii. For a commercial carrier move of household good or house trailer or mobile home, the worker must obtain an estimate of the moving cost and provide this to the liable State. The estimate may include the cost of insuring such goods and effects for their actual value or \$40,000 as delineated in the FTR, whichever is less, against loss or damage in transit.
- iii. If more economical, the State may make direct arrangements for moving and insuring a worker's household goods and personal effects with a carrier and insurer selected by the worker and may make payment of 90% of moving and insurance costs directly to the carrier and insurer. No such arrangement releases a carrier from liability otherwise provided by law or contract for loss or damage to the worker's goods and effects. Any contract for moving and insuring an AAW's household goods must provide that the United States must not be or becomes liable to either part for personal injury or property loss damage under any circumstances.
- iv. The maximum net weight of the household good relocated from the worker's old home to the relocation area may not exceed that set by

the FTR.

- 4) *Lump Sum.* As part of the relocation allowance, the worker will receive a lump sum equivalent to three times the worker's average weekly wage, not to exceed \$1,250.
- b) *Reduction.* If the AAW is eligible to receive or has received moving expenses from any other source for the same relocation, the State must deduct the amount received from the amount of the relocation allowance as determined in paragraphs (a)(1) through (3) of this section.
- c) *Limitation.* In no case may the State pay a travel allowance for the AAW or a family member more than once for a single relocation.

**Determinations and Payment of a Relocation Allowance:**

- a) *Determinations.* The State must promptly make and record determinations necessary to assure an AAW's eligibility for a relocation allowance. ([TAA Final Rule](#)) Sections 618.820 (determinations of eligibility; notifications to individuals) and 618.828 (appeals and hearings) apply to these determinations. The State must include copies of such applications and all determinations by the State in the AAW's case file.
- b) *Payment.* If the AAW makes a timely application, is covered under a certification, and is otherwise eligible, the State must make payment as promptly as possible.
- c) *Travel allowances.*
  - 1) *Payment.* The State must pay the allowances computer under ([TAA Final Rule](#)) 618.455 no earlier than 10 days in advance of, and no later than at the time of, the AAW's scheduled departure to begin relocation. The State must make the payment for a family member approved for separate travel 10 days in advance of, or at the time of that family member's scheduled departure.
  - 2) *Worker evidence.* After an AAW completes the relocation, the AAW must certify to the State the expenses associated with the relocation, in accordance with the FTR and Uniform Guidance in 2 CFR part 200. This may include receipts for all lodging, purchased transportation, or other expenses. If an advance the worker received was more or less than the actual allowance, the State must make an appropriate adjustment and pay the balance entitled, if any, or the worker must repay and excess received, if any.
- d) *Movement of household goods.* The State must pay the amount equal to 90% of the estimate of the costs of moving the AAW's household goods by the most economical commercial carrier the State can reasonably expect the worker to use (as described in ([TAA Final Rule](#)) 618.455(a)(3) (determining the amount of a relocation

allowance) as follows:

- 1) *Commercial carrier.* If a commercial carrier moves the worker's household goods and personal effects, the State must provide the worker with an advance equal to 90% of the estimated cost of the move, including any other charges that the State has approved, such as insurance. The State must advance the funds to the worker no earlier than 10 days in advance of, and no later than at the time of, the scheduled shipment. If more economical, the State may make direct arrangements for moving and insuring a worker's household goods and personal effects with a carrier and insurer selected by the worker and may make payment of 90% of moving and insurance costs directly to the carrier and insurer subject to the conditions of ([TAA Final Rule](#)) 618.455(a)(3)(iii). The State must deliver payment to the carrier and insurer no earlier than 10 days in advance of, and no later than at the time of, the scheduled shipment.
  - i. On completion of the move, as determined under paragraph (f) of this section, the worker must promptly submit to the State a copy of the carrier's bill of lading, including a receipt showing payment of moving costs.
  - ii. If the amount the worker received as an advance is greater than 90% of the actual approved moving costs, the worker must reimburse the State for the difference. If the advance the worker received is less than 90% of the actual moving costs approved by the State, the State must reimburse the worker for the difference.
- 2) *Private truck and trailer, rental truck or trailer, or house trailer move -*
  - i. *Private vehicle with trailer.* If the move is by private vehicle and trailer, the State must advance 90% of the estimated cost for the use of the private vehicle within 10 days in advance of the scheduled move.
  - ii. *Truck and trailer rental.* If the move is by rental truck or rental trailer, the State must advance 90% of the estimated rental cost within 10 days in advance of the scheduled move. The State may make payment to either the worker or the rental company.
  - iii. *House trailer.* If a house trailer or mobile home is moved by commercial carrier, the State must advance 90% of the approved estimated cost to the worker within 10 days in advance of the scheduled move. The State may make payment to either the worker or the carrier.
  - iv. *Itemized receipt.* Upon completion of the move, the worker must promptly submit an itemized receipt to the State for payment of the

rental charges and fuel costs. If the amount the worker received as an advance is greater than 90 percent of the actual moving costs, the worker must reimburse the State for the difference. If the advance the worker received is less than 90% of the actual moving costs approved by the State, the State must pay the worker for the difference.

- 3) *Temporary storage.* If temporary storage, not to exceed 60 days, of household good and personal effects is necessary for the relocation, then the State must advance 90% of the approved estimated cost within 10 days in advance of the scheduled move. The State may make payment to either the worker or the rental agency.
- e) *Lump sum allowance.* The State must pay the lump sum allowance provided in ([TAA Final Rule](#)) 618.455(a)(4) when arrangements for the relocation are finalized, but not more than 10 days before the earlier of the AAW's anticipated departure from his or her old home, or the anticipated date of shipment of the worker's household good and personal effects.
- f) *Relocation completed.* An AAW completes a relocation when the worker and family, if any, along with household goods and personal effects are delivered to the new residence in the area of relocation or to temporary storage. If the worker moves no household good and personal effects, then a worker completes relocation when the worker and family, if any, arrive in the area of relocation and establish a residence in the new area. When a family member is approved for separate travel, the later arrival of such family member does not alter the date on which the State must consider the relocation completed.

### **Calculating the Commuting Area:**

To determine if the suitable employment is outside the worker's commuting area, Job Center staff is required to use one or more internet-based map applications (MapQuest, Google Maps, etc.) to confirm the distance between the worker's residence and address of employer is over 10 miles (one way) away. In addition, Job Center staff is required to document their findings in MoJobs as a case note.

### **Job Center Responsibility:**

When a worker applies for Relocation Allowance, the Job Center must determine whether or not the worker can reasonably be expected to obtain suitable employment within their commuting area.

If the Job Center determines that a worker cannot reasonably be expected to obtain suitable employment within their commuting area, the worker may qualify for Relocation Allowance provided he/she meets the other eligibility criteria. However, if it is determined that a worker can reasonably be expected to obtain suitable employment within their commuting area, the worker is ineligible for Relocation Allowances.

### **Place of Residence:**

When a worker requests Relocation Allowances, the Job Center in the area of the planned relocation will determine whether or not they obtained employment or offered employment meets the definition of suitable employment. Required information may be obtained by telephone or from documentation furnished by the worker.

### **Request:**

A worker may request Relocation Allowances by signing the **ETA-860 (DWD-PO-202)** prior to the relocation.

The worker must be provided a copy of a **TRA-24 (DWD-PO-206) Final Statement of Transportation Costs**. It can be found on

DHEWD (\\sdhefilp4367) (W:) > Workforce Development > Programs > Trade > Trade Act Resources > Forms > Relocation

### **Payment:**

Relocation Allowance **determinations** are issued by the *Liable State* (State of UI entitlement).

Relocation Allowance **payments** are issued by the *Agent State*.

In Missouri, the Relocation Allowance payments are recorded in UInteract, under the TRA link (found on the Claim Summary screen). The entry will show the type and amount of the payment and the date the payment was issued.

Only one request for Relocation Allowance may be granted for the worker per TAA certification. Only one request for Relocation Allowance may be granted per household.

- **Examples:** If a husband and wife are both eligible for Relocation Allowance, only one request may be granted. If a mother and son, who live in the same home, are both eligible for Relocation Allowance and will be relocating to the same new area, only one request may be granted.
- **Exceptions:** Unmarried partners or roommates, who live in the same residence, are both eligible for Relocation Allowance and will be relocating to the same new area, each may be granted Relocation Allowance if each found qualifying "suitable employment".

**Reduction:**

If the trade affected employer or new employer (suitable employment) provides funds towards the travel or moving costs of the worker / household, the amount of the Relocation Allowance will be reduced by that amount provided. This reduction will not affect the lump sum payment.

**Travel Allowance:**

A Travel Allowance may be paid to defray the necessary expense incurred in transporting the worker and family, if any, to the area of relocation.

Under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**, the worker's allowable travel expense may not exceed 90% of the prevailing cost per mile by privately owned vehicle (**currently 21 cents per mile**), the Federal Travel Regulation (FTR), found at <https://www.gsa.gov/>.

Under **Trade 2009**, the worker's allowable travel expense may not exceed 100% of the prevailing cost per mile by privately owned vehicle (**currently 21 cents per mile**), the Federal Travel Regulation (FTR), found at <https://www.gsa.gov/>.

**Travel by Privately Owned Automobile.**

Mileage is calculated at **21** cents per mile with no maximum.

**Example:** Under **Trade 2015**, if the worker traveled 400 miles and qualified for **21** cents per mile reimbursement, you would calculate as follow:

(# of Miles Traveled) x (Rate per Mile) x (Reimbursement Rate) = Worker Reimbursement Amount

400 miles x **21** cents x 90% = \$75.60    **OR**    400 x **.21** x .90 = \$75.60

**Lodging and Meals:**

Allowable lodging and meals costs cannot exceed the less of:

- The actual lodging and meals cost to the worker and his or her family while they are traveling; or
- 50% of the prevailing per diem allowance under the FTR, found at <https://www.gsa.gov/>, for the relocation area for those days while the worker and his or her family are traveling.

## Meals & Incidental Expenses (M&IE) rates and breakdown

The M&IE total is the full daily amount for a single calendar day when that day is neither the first nor last day of travel. The amount received on the first and last day of travel equals 75% of the M&IE total. See [M&IE breakdowns](#) for information related to the individual meal amounts.

There are three set of rates in Missouri: 1) Standard; 2) Kansas City; and 3) St. Louis.

The **Standard Rate** should be used for every part of Missouri except for Kansas City and St. Louis. As noted previously, reimbursement rate is reimbursed at 90% / 100% of actual costs or 50% of the per diem.

Using the prior charts, to figure the per diem for October 2024:

- **Standard Rate = \$178.00**
  - Lodging = \$110.00
  - Meals & Incidentals = \$68.00
    - Breakfast = \$16.00
    - Lunch = \$19.00
    - Dinner = \$28.00
    - Incidental Expenses = \$5.00
  
- **Standard Rate = \$178.00 / 2 = \$89.00 = 50% of the per diem**
  - Lodging = \$110.00 / 2 = \$55.00
  - Meals & Incidentals = \$68.00 / 2 = \$34.00
    - Breakfast = \$16.00 / 2 = \$8.00
    - Lunch = \$19.00 / 2 = \$9.50
    - Dinner = \$28.00 / 2 = \$14.00
    - Incidental Expenses = \$5.00 / 2 = \$2.50

- **Kansas City = \$215.00**
  - Lodging = \$135.00
  - Meals & Incidentals = \$80.00
    - Breakfast = \$20.00
    - Lunch = \$22.00
    - Dinner = \$33.00
    - Incidental Expenses = \$5.00
  
- **Kansas City = \$215.00 / 2 = \$107.50 = 50% of the per diem**
  - Lodging = \$135.00 / 2 = \$67.50
  - Meals & Incidentals = \$80.00 / 2 = \$40.00
    - Breakfast = \$20.00 / 2 = \$10.00
    - Lunch = \$22.00 / 2 = \$11.00
    - Dinner = \$33.00 / 2 = \$16.50
    - Incidental Expenses = \$5.00 / 2 = \$2.50
  
- **St. Louis = \$236.00**
  - Lodging = \$150.00
  - Meals & Incidentals = \$86.00
    - Breakfast = \$22.00
    - Lunch = \$23.00
    - Dinner = \$36.00
    - Incidental Expenses = \$5.00
  
- **St. Louis = \$236.00 / 2 = \$118.00 = 50% of the per diem**
  - Lodging = \$150.00 / 2 = \$75.00
  - Meals & Incidentals = \$86.00 / 2 = \$43.00
    - Breakfast = \$22.00 / 2 = \$11.00
    - Lunch = \$23.00 / 2 = \$11.50
    - Dinner = \$36.00 / 2 = \$18.00
    - Incidental Expenses = \$5.00 / 2 = \$2.50

**Example 1:** Using the **Standard Rate**, a worker certified under **Trade 2015** participated in a Relocation Allowance on 10/5/24. The worker submitted a hotel receipt for \$114 and food receipts of \$5 for breakfast, \$8 for lunch, and \$25 for supper. The sum of the receipts is \$152.

$(\text{Lodging} + \text{Food Costs}) \times (\text{Reimbursement Rate}) = \text{Worker Reimbursement Amount up to daily maximum}$

$\$152 \times 90\% = \$136.80$  – This amount exceeds the daily maximum amount of \$89.00. This worker will only be reimbursed \$89.00.

**Example 2:** Using the **Standard Rate**, a worker is certified under **Trade 2015** participated in a Relocation Allowance on 10/5/24. The worker submitted a hotel receipt for \$35 and food receipts of \$2.50 for breakfast, \$5 for lunch, and \$10 for supper. The sum of the receipts is \$52.50.

$(\text{Lodging} + \text{Food Costs}) \times (\text{Reimbursement Rate}) = \text{Worker Reimbursement Amount up to daily maximum}$

$\$52.50 \times 90\% = \$47.25$  – This amount is less than the daily maximum amount of \$89.00. This worker will be reimbursed \$52.50 (actual costs).

## INSTRUCTIONS FOR ETA-860 (DWD-PO-202)

All Relocation Allowance request that are approved must be paid up to prior to scheduled move. The advanced payment may be up to 10 days prior or on the day of relocation.

### Notes from United States Department of Labor (USDOL):

- Missouri allows a worker / household one year to complete their entire move. According to USDOL, the worker and each of his/her household members can only be reimbursed for one trip from the commuting area to the new area of residence. This includes mileage for private vehicles, lodging, meals, etc. Any additional trips that are required can be covered with the worker's Lump Sum. However, multiple household relocation methods (rental truck/trailer, moving company, etc.) can continue to be covered until all household items are relocated or until the one year period has been reached.
- Any worker who is interested in receiving Relocation Allowance must provide 2 to 3 estimates for such costs as a moving company, rental truck/trailer, storage units/pods, commercial carriers, etc. USDOL would like workers to provide three estimated, but is content with at least two.

  - d. **You were not...began** – If the worker was not totally separated from the Trade affected employment at the time of relocation, check the box.
  - e. **You can reasonably...reside** – If the worker can be expected to find suitable employment within his/her commuting area, check the box.
  - f. **You have not...relocation** – If the worker did not obtain or was not offered suitable employment outside his/her commuting area, check the box.
  - g. **Your relocation did not occur within 182 days from date your application was filed** – If the worker did not begin his or her relocation within 182 day of the Relocation Allowance request, check the box.
  - h. **You did not begin the relocation within 182 days after the conclusion...for training outside your commuting area** – If the worker did not relocate within 182 days after requesting Relocation Allowance or within 182 days after completing Trade approved training that included transportation and/or subsistence, check the box.
  - i. **Your relocation was completed before date of application** – If the worker completed the relocation prior to making a request for Relocation Allowance on the ETA-860 (DWD-PO-202), check the box.

j. **Other (explain):** - If the worker is ineligible for Relocation Allowance for a reason other than is listed, check the box and enter an explanation.

Under TAA Final Rules, the worker must be prepaid prior to moving/relocating. The first time you complete the form, it will be based on estimates. The instructions below are based on "actual costs". You will be required to complete the form a second time based on actual costs to determine if the worker was over or under paid.

93) **Relocation Allowances are approved...cost:** - If the worker is entitled to Relocation Allowances, check the box.

94) **(a) Travel Expense** – If the worker is claiming travel expenses, check the box.

95) **Enter # of privately owned vehicles** – Enter the number of vehicles owned by the worker that were driven during the relocation.

- 96) **Enter total # miles for all vehicles** – Enter the total miles traveled from area of residence to the new area of relocation; using the most common route traveled (sum for all vehicles).
- 97) **Enter the reimbursement rate per mile** – Enter the prevailing mileage rate authorized under Federal travel regulations. Currently it is **21 cents** per mile.
- 98) **Total vehicle reimbursement** – Multiply the “**Total # miles for all vehicles**” by “**Reimbursement Rate**”.

Enter the result of the calculation.

**Example:** A household is made up of a married couple and a 17 year old child. They have 3 vehicles to drive to the area of relocation and they must drive 400 miles one way. The current mileage reimbursement rate is **21 cents**.

400 miles x **21 cents** = **Total Vehicle Reimbursement**

400 x **.21** = \$84 (enter **\$84.00**)

- 99) **Enter total commercial carrier reimbursement** – Enter total of commercial carrier reimbursement from Page 2.
- 100) **(b) Lodging and Meals** – If worker is claiming lodging/meals, check the box.
- 101) **(1) Enter actual expense** – If the actual costs of lodging and meals are less than **federal per diem** per family member per day, **check the box**. The actual costs of lodging and meals must be based on the per diem rates listed on the General Services Administration website ([www.gsa.gov](http://www.gsa.gov)).
- 102) \_\_\_\_\_, **or** – Enter the actual costs of total lodging and meals for the worker and eligible family members (that are less than the **federal per diem**). Food and lodging receipts are required and must be submitted with the ETA-860 (DWD-PO-202).
- 103) **(2) Enter daily subsistence amount** – If the costs of lodging and meals are more than **federal per diem** per family member per day, **check the box**. The **federal per diem** per day can be found at <https://www.gsa.gov/>.
- 104) \_\_\_\_\_ **(50% of federal per diem)** – Multiply the number of eligible family members (from page 1) by the number of travel days (from page 1) by the **federal per diem**.

Enter the result of the calculation. Food and lodging receipts are required and must be submitted with the ETA-860 (DWD-PO-202).

**Example:** A household is made up of a married couple and three kids. The relocation required two days to complete. All five of the household members may receive up to the **federal per diem** per day for lodging/meals. If one or all of the family members exceed the **federal per diem**, the worker will only be reimbursed the maximum **federal per diem**.

In this example, all five members exceed the daily **federal per diem** for two days.

**"# in Household" x "# of Days" x "Federal Per Diem" = Lodging & Meals Allowance**

- 105) (c) Moving Allowance** – If worker is claiming moving costs, check the box.
- 106) (1) Enter cost for commercial carrier** – If a commercial carrier was used during relocation (rental truck, hour trailer, or trailer hauled), check the box.
- 107) or trailer hauled by commercial carrier or rental trailer, or truck** – Enter the actual costs as documented by the commercial carrier. Receipts are required and must be submitted with the ETA-860 (DWD-PO-202).
- 108) (2) Enter the # of miles a vehicles was** – If the worker used his/her private vehicle to haul a trailer or household trailer, check the box.
- 109) used to haul a trailer or house trailer** – Enter the number of miles the worker used private vehicle to haul trailer or house trailer. When figuring the mileage, the worker should only claim the miles between his/her residence to the new area of relocation using the most common route traveled.
- 110) Enter reimbursement rate per mile** – Enter prevailing mileage rate of **21 cents** per mile.
- 111) Total trailer hauling expense** – Enter the result of the calculation "**Miles**" x "**Prevailing Mileage Rate**". For example, if a worker used his private vehicle to move a trailer 100 miles at the prevailing rate of **21 cents** per mile, the calculation would be **100 x .21 = \$21.00** (you would enter **\$21.00** on the form).
- 112) (3) Enter the rate of** – If the worker used a temporary storage rental or storage pod, check the box.
- 113) storage rental / pod** – Enter the rate charged by the rental facility for the storage rental or storage pod (daily amount, monthly amount, etc.). Receipts are required and must be submitted with the ETA-860 (DWD-PO-202).
- 114) Enter the # of days storage rented (not to exceed 60)** – Enter the number of days the worker rented the storage unit or storage pod. Receipts are required and must be submitted with the ETA-860 (DWD-PO-202).
- 115) Total storage expense** – Enter the result of the calculation "**Storage Rate**" x "**Number of Date**" OR "**Storage Rate**" x "**Number of Months**". For example, if the worker rented a storage unit for 60 days (maximum) and the rate was \$5 per day, the calculation would be **60 x 5 = \$300.00** (you would enter \$300 on the form).
- 116) (d) Enter the client's average weekly wage** – If the worker is claiming his/her lump sum, check the box.
- 117) multiplied by three (3x)** – Enter the result of multiplying the "Average Weekly Wage" by three (3). The "Average Weekly Wage" can be calculated from the UInteract, Base Period Wages found on the Monetary screen.

Find the highest quarter and divide it by 13 to find the average weekly wage.

- 118) Enter the client's lump sum** – The worker is eligible to receive a lump sum of three times his average weekly wage up to \$1,250 under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021** or \$1,500 under **Trade 2009**. Enter the result of the calculation "Average Weekly Wage" x 3 OR the maximum of \$1,250 / \$1,500, whichever is less.
- 119) Totals Advanced 90%** – This item applies only under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**.

**Under TAA Final Rule, all request for Relocation Allowance must be prepaid prior to moving.** If the worker has requested *advanced* payment, enter 90% of estimated costs in each applicable category. The worker is required to provide estimates for any commercial carrier usage. An advanced payment should only be considered when the worker is financially unable to relocate without it. Advanced payments can only be released within 10 days of scheduled moved date.

When the worker completes relocation, (s)he must submit final receipts. At that time, the Job Center must amend the ETA-860 (DWD-PO-202) and determine whether the worker has been overpaid or underpaid. If the worker was underpaid, the amended ETA-860 (DWD-PO-202) will be processed for reimbursement to the worker. If the worker has been overpaid, and overpayment will be set up with DES-Benefits. Receipts are required with the submission of an amended ETA-860 (DWD-PO-202).

- 120) Amount Advanced 100%** – This item applies only under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021**. If the worker has requested an advanced payment; enter \$1,250 or the calculated amount of three times the worker’s average weekly wage, whichever is less.

When the worker completes relocation, (s)he must submit final receipts. At that time, the Job Center must amend the ETA-860 (DWD-PO-202) and determine whether the worker has been overpaid or underpaid. If the worker has been overpaid, an overpayment will be set up by DES-Benefits. Receipts are required with the submission of an amended ETA-860 (DWD-PO-202).

- 121) Totals Advanced 100%** – This item applies only under **Trade 2009**.

**Under TAA Final Rule, all request for Relocation Allowance must be prepaid prior to moving.** If the worker has requested *advanced* payment, enter 100% of estimated costs in each applicable category. The worker is required to provide estimates for any commercial carrier usage. An advanced payment should only be considered when the worker is financially unable to relocate without it. Advanced payments can only be released within 10 days of scheduled moved date.

When the worker completes relocation, (s)he must submit final receipts. At that time, the Job Center must amend the ETA-860 (DWD-PO-202) and determine whether the worker has been overpaid or underpaid. If the worker was underpaid, the amended ETA-860 (DWD-PO-202) will be processed for reimbursement to the worker. If the worker has been overpaid, and overpayment will be set up with DES-Benefits. Receipts are required with the submission of an amended ETA-860 (DWD-PO-202).

- 122) Amount Advanced 100%** – This item applies only under **Trade 2009**. If a worker has requested an advanced payment enter \$1,500 or the calculated amount of three times the worker’s average weekly wage, whichever is less.

When the workers completes relocation, (s)he must submit final receipts. At that

time, the Job Center must amend the ETA-860 (DWD-PO-202) and determine whether the worker has been overpaid or underpaid. If the worker has been overpaid, an overpayment will be set up by DES-Benefits. Receipts are required with the submission of an amended ETA-860 (DWD-PO-202).

- 123) **Adjustment & Final Payments Actual Cost** – Enter the actual costs in each applicable category; *including workers who received advanced payments.*
- 124) **Adjustment & Final Payments Amount Paid @ 90%** – Based on the “Actual Cost” column, enter 90% in each applicable category. **The lump sum is to be paid at 100%; do NOT reduce to 90%.** This item applies only under **Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021.**
- 125) **Adjustment & Final Payments Amount Paid @ 100%** - Based on the “Actual Cost” Column, enter 100% in each applicable category. This item applies only under **Trade 2009.**
- 126) **Adjustment & Final Payments Amount Underpaid** – *This column should only be completed if the worker received an advanced payment.*

The “Totals Advanced” columns (at either 90% or 100%) must be compared to the “Amount Paid” column. If the amount listed in the “Amount Paid” (at either 90% or 100%) is larger than the advanced amount listed in “Totals Advanced”, the worker has been underpaid. Enter the difference.

**The lump sum is to be paid at 100%; do NOT reduce to 90% under Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021.**

- 127) **(Adjustment & Final Payments) Amount Overpaid** – This column should only be completed if the worker received an advanced payment.

The “Totals Advanced” columns (at either 90% or 100%) must be compared to the “Amount Paid” columns (at either 90% or 100%). If the amount listed in the “Amount Paid” is less than the advanced amount listed in “Totals Advanced”, the worker has been overpaid. Enter the difference.

**The lump sum is to be paid at 100%; do NOT reduce to 90% for Trade 2002, 2002 Revert, 2011, 2015, and Reversion 2021.**

- 128) **TOTALS** – For each applicable column, the sum should auto calculate.

<small>SIGNATURE OF STATE AGENCY REPRESENTATIVE</small>	<b>129</b>	<small>TITLE</small>	<b>130</b>	<small>DATE</small>	<b>131</b>
<b>.. APPEAL RIGHTS</b>					
<small>If you believe this determination is incorrect, you or your duly authorized agent may file an appeal no later than thirty days after the date entered above. An appeal may be filed by mail to the Missouri Division of Employment Security, Appeals Tribunal, PO Box 59, Jefferson City, Missouri 65104 or by FAX at 573/751-1321. If appeal is by mail, the United States post office postmark date will be the date filed. If the last day for filing the appeal falls on a Saturday, Sunday, or a legal holiday, an appeal will be timely if filed on the next day which is neither a Saturday, Sunday, or legal holiday. Any appeal should give the reason why it is believed the determination is incorrect and must be signed. If you do not understand the determination or how to file an appeal, contact the Missouri Job Center that issued the determination.</small>					

**129) Signature of State Agency Rep** –Job Center’s signature.

**130) Title** –Job Center’s title.

**131) Date** – The date the ETA-860 (DWD-PO-202) was reviewed by the Job Center and a determination was made.

**Distribution:**

The original ETA-860 (DWD-PO-202) and any receipts, estimates, internet mapping, and offer of suitable employment must be uploaded into the worker's MoJobs record. An email must be submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit that the Relocation Allowance request is ready to process. The email must contain the worker's name and StateID and note that it is a Relocation Allowance Request. A copy of the form and supporting documentation must be provided to the worker.

**Amendments:**

Amendments to ETA-860 (DWD-PO-202) are usually made when the worker receives an advanced payment or a family member moves on a date separate from the rest of the family.

The advanced payment is based on an estimate and requires an amendment of the ETA-860 (DWD-PO-202) to determine actual costs. The results of the amended ETA-860 (DWD-PO-202) will result in either an underpayment or overpayment of Relocation Allowance funds.

**DENIAL Distribution:**

The original ETA-860 (DWD-PO-202) is given to the worker.

A copy of the ETA-860 (DWD-PO-202), along with any receipts, estimates, internet mapping, and offer of suitable employment must be uploaded into the worker's MoJobs record.

An email must be submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit of the Relocation Allowance denial.

**Overpayment:**

If a worker receives an advanced payment and it exceeds the costs incurred by the worker for relocation, the excess will be considered an overpayment.

If a worker receives an advanced payment and fails to complete the relocation without good cause, the advanced payment will be considered an overpayment.

DES-Benefits is responsible for establishing overpayments in such situations.

**Case Notes:**

When an **ETA-860 (DWD-PO-202)** is submitted to OWD Central Office Trade Act Unit for processing or denial purposes, the Trade Act Navigator must enter a case note on the worker's MoJobs record to include at a minimum:

- Type of ETA-860 (initial, amendment, or denial)
- The date and manner the form was distributed to OWD Central Office Trade Act Unit (and worker if applicable).

# **ON-THE-JOB TRAINING (OJT)**

The Missouri Office of Workforce Development is an equal opportunity employer/program.  
Auxiliary aids and services are available upon request to individuals with disabilities.  
Missouri Relay Services at 711.

**Last Updated 11/9/22**

## ON-THE-JOB TRAINING (OJT)

### **Purpose:**

OJT is work based training. It assist workers in finding employment, and is a contract between the Employer and the Office of Workforce Development (OWD).

Under an OJT contract, the Employer receives a 50% reimbursement of the worker's wages while (s)he is being training (as defined by the Specific Vocational Preparation level) and the worker obtains **suitable employment**.

### **Missouri Criteria:**

Per Missouri Statutes, before the Office of Workforce Development (OWD) can enter into an On-the-Job Training (OJT) contract with an Employer, they must meet the definition of "business entity" as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo. In addition, the Employer must also participate in E-Verify. OWB cannot write OJT contracts with Employers who do not meet these criteria. For more information reference the Trade Act Manual section **OJT Program Contract (DWD-PO-213)**.

### **Description:**

- 1) OJT is work-based training provided under contract with an employment in the *public, nonprofit, or private* sector to an Adversely Affected Worker (AAW) who is employed by the employer. OJT may be approved if the worker meets the requirements under ([TAA Final Rule](#)) 618.610, 618.615, and 618.665. The State must determine that the OJT in question:
  - i. Can reasonably be expected to lead to suitable employment with the employer offering the OJT;
  - ii. Is compatible with the skills of the workers;
  - iii. Includes a curriculum through which the worker will gain the knowledge of skills to become proficient in the job for which the worker is being trained; and
  - iv. Can be measured by standards or targets that indicate the worker is gaining such knowledge or skills.

### **Approval of Training:**

OJTs are required to meet the same six training criteria as remedial, prerequisite, and/or skills training. The six criteria are:

- 1) There is no suitable employment available for the adversely affected worker.
- 2) The worker would benefit from appropriate training.

- 3) There is reasonable expectation of employment following the training.
- 4) Training is reasonably available from governmental or private sources.
- 5) The worker is qualified to undertake and complete the training.
- 6) Training is available at a reasonable cost.

**Note:** OJT contracts cannot exceed 104 weeks. If an OJT contract is combined with training, all weeks of training must be deduct from the 104 week OJT maximum.

As part of the approval process for OJTs, you must do a cost comparison to determine “reasonable costs”. The following is taken from a USDOL FAQ [Trade Act Resources\Forms\OJT\USDOL - TAA OJT FAQ.pdf](#) :

**How do states conduct a cost comparison for reasonable costs for OJTs?**

- a. States should look at the industry and occupation for which the OJT will be provided. Then the state should identify the incoming skill level of the participant and the skill gap they need to address in order to become proficient in the occupation. Using [O\\*NET](#), the [Quarterly Census of Employment and Wages \(QCEW\)](#), or other appropriate sources, states should arrive at a reasonable wage range upon which to establish the reimbursement rate for the cost of training.

O\*NET: <https://www.onetonline.org/>

QCEW: <http://www.bls.gov/cew/>

**Related Education:**

Related skills training provided as part of the OJT contract and sponsored by the employer may be provided in conjunction with the OJT. Such training may be provided at the employment site, or at education institutions, or other locations. TAA Programs funds can be used to pay the OJT participant’s expenses associated with the educational or instructional component (e.g. classroom and distance learning, tools, uniforms, equipment, and books) for an AAW’s participants in an OJT program.

**Duration:**

The OJT contract with the employer must specify the duration of the OJT. The duration of the OJT must be appropriate to the occupational goal for which the AAW is being trained, taking into consideration the skills requirements of the job for which the AAW is being trained, the academic and occupational skill level of the AAW, and the work experience of the AAW, as documented in the worker's IEP, if available. The duration of the training must be long enough for the worker to become sufficiently proficient in the occupation for which the training is being provided to enable the worker to perform as well as workers in comparable positions in the firm. The OJT:

- i. Must not exceed the specific vocational preparation required for the occupation, as listed on O&NET ([www.onetonline.org](http://www.onetonline.org)); and
- ii. Must not exceed 104 weeks in any case.

**Exclusion of Certain Employers:**

The State may not enter into a contract for OJT with an employer that exhibits a pattern of failing to provide workers receiving OJT from the employer with:

- i. Continued long-term employment as regular employees; and
- ii. Wages, benefits, and working conditions that equivalent to the wages, benefits, and working conditions provided to regular employees who have worked a similar period of time and are doing the same type of work as worker receiving the OJT from the employer.

**Reimbursement:**

- i. Pursuant to the OJT contract, the employer is provided reimbursement of not more than 50% of the wage rate of the OJT participant, for the costs of providing the training and additional supervision related to the training.
- ii. The reimbursement for OJT must be limited to the duration of approved training as specified in the OJT contract.

**Approval of the Costs of OJT:**

OJT costs for an AAW may be approved by a State only if a determination is made that:

*The General Assurances are a required part of each subcontract. The employer is required to review the provisions and understand the contractual obligations required. The employer is not required to change his/her normal business routine with the exception of the specific references to the OJT trainee and pertinent records.*

- i. No currently employed individual is displaced (including partial displacement, such as a reduction in the hours of non-overtime work, wages, or employment benefits) by the AAW;

- ii. Such training does not impair existing contracts for service or collective bargaining agreements;
- iii. In the case of training that would be inconsistent with the terms of a collective bargaining agreement, written concurrence has been obtained from the concerned labor organization;
- iv. No other individual is on layoff from the same or any substantially equivalent job for which the AAW is being trained;
- v. The employer has not terminated the employment of any regular employee or otherwise reduced the workforce of the employer with the intention of filling the vacancy by hiring the AAW;
- vi. The job for which the AAW is being trained is not being created in a promotional line that will infringe in any way upon the promotional opportunities of currently employed individuals;
- vii. The training is not for the same occupation from which the AAW was separated with respect to which the AAW's worker group is covered under a certification rendered under ([TAA Final Rule](#)) subpart B of this part;
- viii. The employer has not received payment under the TAA Program or under any other Federal law for any other OJT provided by such employer that failed to meet the requirements of the other Federal laws governing employment practices; and
- ix. The employer has not taken, at any time, any action that violated the terms of this section with respect to any other OJT provided by the employer for which the State has made a payment under the TAA Program.

**Payment of the Cost of OJT:**

The cost of OJT that are paid from TAA Program funds must be paid in monthly installments.

**TRA eligibility during OJT:**

Under ([TAA Final Rule](#)) 618.780(c), an AAW may not be paid TRA for any week during which the worker is in OJT and, therefore, may be ineligible for the HCTC, if available.

**RTAA eligibility during OJT:**

Participants enrolled in OJT may be eligible for RTAA. All the requirements at ([TAA Final Rule](#)) subpart E of this part must be met.

### **Use of WIOA funds for OJT:**

TAA Program funds may be leveraged with WIOA funds to provide a reimbursement rate equal to that allowable under WIOA. See WIOA section 134(c)(3)(H) (29 U.S.C.3174(b)(3)(H)).

### **No OJT for Adversely Affected Incumbent Workers (AAIW):**

The State must not approve OJT for AAIWs.

### **Miscellaneous:**

- Determine if the worker has an overtime policy especially in cases of workers that are on salary. This needs to be documented upfront to establish core/base hours and an hourly rate.
- Employers that exhibit a pattern of failing to provide workers with continued long-term employment and adequate wages, benefits, and working conditions as regular employees are excluded from receiving OJT contracts.

### **Termination of Contract:**

The OJT contract may be terminated by the Job Center staff if it is determined that it is in the best interest of the program, or if the employer has failed to provide specified training or to comply with any of the other provisions contained in the contract.

### **Termination of Trainees:**

- A. Employer agrees that if termination is necessary, the Job Center will be consulted and prior notice will be provided to the worker. Before termination becomes necessary, the employer agrees to allow the Job Center staff to assist the worker in correcting, adjusting, or improving unsatisfactory performance (substandard/unsatisfactory progress or conduct). In the event of gross misconduct or other causes for immediate termination, the employer maintains the right to terminate as defined in his/her personnel standards and policy.
- B. Employer is required to notify the Job Center staff of voluntary or involuntary termination of training program within ten (10) working days.

### **Trainee Wages and Benefits:**

- A. The worker must be paid an hourly wage based on the highest of the following options: 1) minimum wage rate as defined by Federal, state, or local law; 2) prevailing wage rate for persons similarly employed by the employer; or 3) wage rate required by an applicable collective bargaining agreement.
- B. Employer agrees that the worker will receive all fringe benefits available to other employees in the same class during the training program; including workers' compensation at the same level and to the same extent as others similarly employed who are covered by a workers' compensation statute or system.

- C. The worker will not be required or permitted to work or train in buildings or surroundings under working conditions, which are unsanitary, hazardous, or dangerous to the worker's health or safety. Workers employed or trained in inherently dangerous occupations shall be assigned to work in accordance with reasonable safety practices.

**Payments:**

- A. OJT payments are based on the total contract hours times the training cost per hour (reimbursement rate) within that job title. **Payments cannot exceed 40 hours per week or the amount agreed upon in the contract.**
- B. Base the payments to employers on scheduled raises and regular pay increases, if they occur. Any such raises must be documented within the OJT Supplemental Agreement (DWD-PO-215) and must be in place prior to the reimbursement of the wage increase.
- C. Payments to employers cannot be based on higher wages due to overtime, shift differential, premium pay, other non-regular wages paid by the employer, or periods of time in which no training occurs (illness, holidays, plant downtime, or other events).
- D. When the contract is signed by both the Job Center staff and the employer/representative, it is considered that the agreed upon funding amount is sufficient to cover the employer's expense in providing training to the worker. Payments made under the contract cover all payment obligations by the Job Center (OWD) staff to the employer. These costs include OJT instruction, non-productive time, extra wastage, added wear and tear of equipment, and the added supervisory effort. No other obligation for payment or other financial liability of any kind is incurred by the Job Center (OWD) staff.
- E. OJT related payments will not be made to the employer during the periods of a work stoppage as a result of a labor dispute or natural disaster.

### **Transportation / Subsistence:**

To be eligible for transportation and/or subsistence, the worker must attend training outside his/her commuting area. The commuting area in Missouri is 10 miles one-way. If the worker has a different Liable State, other than Missouri, the Liable State is responsible for defining the commuting area.

If the worker requests transportation and/or subsistence allowance, the Job Center staff is required to complete the Trade Act OJT Request for Transportation and/or Subsistence Allowance form (DWD-PO-242) to document their findings.

Because the internet-based map applications are not always exact due to circumstances such as new construction, ongoing road construction, etc., Job Center staff may allow up to three (3) additional miles only if the worker protests the calculation and provides documentation. If the worker does not believe the internet-based map application mileage calculation is correct, the worker may also provide other documentation, including a written, signed, self attestation document, report of road closures for highway construction, etc.

Refer to the **Trade Act OJT Request for Transportation and/or Subsistence Allowance (DWD-PO-242)** section of the manual for additional instructions.

**Per TAA Final Rule, workers eligible for transportation will be able to start claiming mileage for the first mile outside his/her commuting area. If Missouri is the worker's Liable State, the worker can begin claiming transportation at mile 11.**

### **Advanced Payments (Outside Commuting Area Only):**

If it is determined at the time of referral to OJT that the worker cannot, due to financial circumstances, maintain himself/herself away from home for his/her first week of training, arrangements may be made to advance one week of subsistence payment prior to his/her departure for training. If it is determined at the time of referral to OJT that the worker cannot, due to financial circumstances, provide the cost of transportation and/or subsistence, payment may be advanced. Prior to participating in an OJT, the worker may be advanced:

- Transportation allowance to cover one roundtrip to the OJT facility; and/or
- Subsistence allowance to cover one week of maintenance.

### **Records Maintenance:**

- A. The employer is responsible to maintain books, records, documents, etc, to reflect all training costs and services incurred and anticipated to be incurred for the performance of this contract.
- B. The employer's records must include documentation of the worker's daily time and attendance records.

- C. Under the OJT contract, the employer must maintain and have records available for five (5) years from the final payment made by OWD.
- D. The employer agrees that authorized Job Center (OWD) staff or appropriate partner staff, if co-enrolled, be given access to the facilities and records related to the OJT contract.
- E. Upon the request of the Job Center (OWD) staff, the employer must report the worker's progress. The employer will assist the Job Center (OWD) staff with access to perform counseling services for the worker.

**Disclosure of Confidential Information:**

The employer agrees to maintain the confidentiality of any information regarding workers, or their families, which may be obtained through application forms, interviews, tests, reports from public agencies or counselors, or any other source.

**Laws Applicable:**

The employer will perform its duties under the subcontract in accordance with the Trade Act of 1974, as amended, and the regulations, procedures, and standards promulgated thereunder, as well as any subsequent legislation, regulations, procedures, and standards enacted in substitution or in addition thereto.

**Disqualification Clause:**

Per ([TAA Final Rule](#)) 618.780(b)(v), a State law may not be applied to disqualify an AAW from receiving UI or TRA because such worker leaves OJT within the first 30 days because the OJT is not meeting requirements of ([TAA Final Rule](#)) section 236(c)(1)(B) of the Act.

DEPARTMENT OF  
HIGHER EDUCATION &  
WORKFORCE DEVELOPMENT

Julie Carter, Interim Director  
Office of Workforce Development

Dear Employer:

The individual supplying you with this letter is certified as eligible for the State of Missouri's **On-the-Job-Training (OJT) program**. This is one of the benefits available to trade-affected workers through the federal Trade Adjustment Assistance (TAA) program.

Employers who participate in the OJT program use their own training system to teach the new hired employee the knowledge and skills necessary for successful, permanent employment within their company.

As an OJT employer:

- You make the hiring decision
- You determine the job performance standards
- You determine which skills the employee needs to develop
- You receive a reimbursement of up to 50% of the trainee's wages during the training period
- You receive prompt reimbursement payments

This is an incentive program for employers to hire trade-affected workers over other applicants. Please note that OJT must be pre-approved and cannot be funded after the employee begins employment. To learn more about the OJT program and the benefits to your company, please contact a Missouri Job Center Trade Act Representative or a Trade Navigator before you hire. To locate a Missouri Job Center, please visit <https://jobs.mo.gov> or send an email to [MissouriTradeAct@dhewd.mo.gov](mailto:MissouriTradeAct@dhewd.mo.gov)

Thank you for considering this individual as a future employee!

**ON-THE-JOB TRAINING  
HELPING YOUR BUSINESS!**

**THE OJT PROGRAM PROVIDES ...**

**COST SAVING**  
On the job training is a program where employers can be reimbursed a percentage of wages, while a new hire is receiving training.

**EXCELLENT EMPLOYEES**  
Hire and train workers who possess a proven work ethic and valuable skills gained from prior employment and education/training.  
You determine the job performance standards to ensure workers are trained to meet your businesses' needs.

**CONVENIENCE**  
A detailed outline of training program will ensure both employer and employee know the expectations and the skills that should be learned. Assistance is also available.  
Employees are hired on day one of training.  
All OJT programs offer monthly contact for employer and participant to get status updates as well as check in on progress.

**OJT PROGRAM STEPS**

- 1** Contact your nearest Missouri Job Center to confirm your eligibility.
- 2** Identify potential candidates.
- 3** Develop, complete, and sign the training agreement prior to the start date of the OJT employee.

## Instructions for DWD-PO-214

For each worker included in the OJT contract, a separate DWD-PO-214 must be completed. A DWD-PO-214 requires input from the Employer to:

- Describe the job;
- Agree to a job title;
- Develop activity list on which worker is to be trained, and
- Length of time required to train the worker on each activity.

In order to negotiate the subcontract or add new occupations to an existing subcontract, the proper occupational title and code must be established using the O\*Net Code / Title(s).

- 1) **Employer Name** – Enter the name of the employer that will be entering into the OJT contract with OWD.
- 2) **Contract Number** - If the Contract Number is known, enter the Contract Number assigned by the OWD Central Office TAA Unit.

If this is the first submission, the Contract Number will be assigned and completed by the OWD Central Office TAA Unit.

- 3) **Occupation for which Training will be Given** – The job title for which the worker is being trained. The Occupational Network (O\*Net) can be used as a guide. O\*Net: <http://online.onetcenter.org>. This requires input from the Employer.
- 4) **O\*Net Code** – Enter the O\*Net code that most closely matches the worker's proposed job title. This O\*Net code must match the O\*Net included on the worker's Employment Plan.
- 5) **SVP Level** – Enter the SVP Level found on the O\*Net "Summary Report" page for a specific O\*Net Code or Title (<http://online.onetcenter.org>). To determine the maximum number of hours allowed for training, the SVP level must be converted into hours using the link <https://www.onetonline.org/help/online/svp>.
- 6) **Funding Source** – Select or enter Trade Adjustment Assistance (TAA).
- 7) **Additional Funding Information** – Optional field for TAA. Could be used if jointly funded with another funding source such as WIOA Dislocated Worker.

- 8) **Initial Wage Rate** – The initial wage rate as proposed by the Employer. The wage must equal or exceed the minimum wage.
- 9) **Ending Wage Rate** - The estimated ending wage rate as proposed by the Employer.

If the OJT form is being used for Apprenticeship agreement, the worker(s) must have received at least one increase over the length of the Apprenticeship contract.

- 10) **Total OJT Wage Reimbursement** – This will be the last field to be completed. Enter the total amount that OWD will reimburse the Employer based on “Hours” multiplied by “Hourly Wage Rate” multiple by “50% Reimbursement Rate”.
- 11) **OJT Reimbursement Rate (%)** – Enter the percentage of reimbursement that will be paid through TAA; the rate cannot exceed 50%.
- 12) **Hours Per Week** – Based on the Employer’s input, enter the number of hours per week that the worker will work / be trained.
- 13) **Participant’s Name** – Enter the worker’s name.
- 14) **State ID** – Enter the worker’s StateID as found on the worker’s MoJobs record.
- 15) **Social Security Number** – Enter the last four digits of the worker’s SSN.
- 16) **Beginning Date of Training** – Enter the date the OJT begins. A worker cannot begin working for the Employer prior to the Beginning Date of the OJT.
- 17) **Anticipated Ending Date of Training** – Based on the O\*Net Code and the SVP level, enter the anticipate date the contract will end. Under the TAA program, no OJT contract can exceed 104 weeks or 4,160 hours.

If the OJT form is being used for Apprenticeship agreement, the contract cannot exceed 130 weeks.

18	JOB DESCRIPTION
----	-----------------

- 18) **Job Description** – Based on the O\*Net code, associated job title, and the Employer’s input, enter a brief summarized version of the job description plus any variations in the work that the Employer may require.

TRAINING OUTLINE (ACTIVITIES)	ESTIMATED NUMBER OF HOURS	ESTIMATED COMPLETION DATE
19	20	21
If necessary, additional training outline entries, or information describing training activities, can be continued on a separate sheet and attached to this form.	22	← TOTAL HOURS

**19) Training Outline (Activities)** – The Trade Navigator and the Employer must work jointly to develop the Training Outline. It must contain the duties as listed by the Employer, a visual observation of the work process, and details. The outline must contain the main items to be covered in training, the approximate number of hours it will take to be trained in each duty, and the estimated completion date of each activity.

The Training Outline will conform to the occupational title assigned and the major portion of training must reflect this.

Some Employers may have variations in the duties and skills for a particular occupation. They should be included in the Training Outline.

If additional space is needed, attach a separate piece of paper.

**20) Estimated Number of Hours** – Enter the estimated number of hours needed to complete each training activity. If additional space is needed, attach a separate piece of paper. The information below will help in this determination.

Using <http://www.onetonline.org>, find the O\*Net code that best describes the job duties / title. To determine the length of the OJT contract, locate the **Specific Vocational Preparation (SVP)** level listed under the “Job Zone” of the O\*Net Summary Report. The more complex the occupation, the higher the SVP level.

Locate the SVP level / time conversion at <http://www.onetonline.org/help/online/svp>. The chart below provides the SVP conversion chart; this chart is subject to change and staff must rely on the link listed above for the actual conversion. OJTs must be full-time as defined by the employer. If the training is less or more than forty (40) hours per week, additional documentation must be obtained and the information case noted in MoJobs. Also, training weeks that are more or less than 40 hours per week may impact the SVP level and must be considered when developing the OJT contract.

Additionally, no OJT contract can exceed 104 weeks. If a worker has participated in

classroom training, those weeks must be deducted from the 104 week maximum. If the worker's classroom training met or exceeded 104 weeks, the worker will not be eligible for OJT.

If OJT is a component of an Apprenticeship contract, the OJT component may be up to 130 weeks in length.

SVP Level	Maximum Duration of OJT
1	Short demonstration only
2	Anything beyond short demonstration up to and including 1 month
3	Over 1 month up to and including 3 months
4	Over 3 months up to and including 6 months
5	Over 6 months up to and including 1 year
6	Over 1 year up to and including 2 years
7	Over 2 year up to and including 4 years (okay for Apprenticeship)
8	Over 4 year up to and including 10 years (exceeds Trade maximum)
9	Over 10 years (exceeds Trade maximum)

The actual length of reimbursable training (OJT) cannot exceed the pre-established limit for any given occupation. It may be less if the company's proposed training course can be given in a shorter period of time.

The length of training should not be less than the preceding SVP level unless the participant has prior experience or training in the occupation. If an OJT contract is written for less than the number of weeks prescribed by the SVP, supportive documentation must be submitted with the contract showing the worker already possesses some skills in that occupational area and must be documented in MoJobs case notes.

If a period of orientation is included, it cannot exceed 40 hours.

**21) Estimated Completion Date** – For each activity/task outlined on the *DWD-PO-214*, the Employer must provide an Estimated Date for which they believe the worker will complete each activity/task.

The Estimated Completion Date will be used as a benchmark in the monitoring process. If the Estimated Completion Date is not in approximation to the Actual Completion Date for each activity/task, it may warrant a modification or termination of the OJT contract.

A termination to the contract would only be necessary in the event that it was evident that the Employer was not following the activity/task as set forth in the contract.

The *OJT Monitoring Report (Participant) (DWD-PO-219B)* form contains a field "Date Completed" field for each activity/task. The "Estimated Completion Date" and

the “Date Completed” fields must be compared to determine if benchmarks are being met.

**22) Total Hours** – The sum of the column “Estimated Number of Hours”.

NOTE: It may be necessary to deviate from the above schedule, depending on the trainee’s ability to gain and retain knowledge of the various tasks within the occupation. Hours indicated are estimates. The trainee also may be assigned to perform other duties as required by the employer. These would be duties expected of any new or inexperienced employee and could include cleaning of the work area.

**24) Employer / Trainer Signature** – The Employer or Trainer must enter his/her electronic signature or sign the DWD-PO-214.

**25) Date** – The Employer or Trainer must enter the date that he/she reviewed and signed the DWD-PO-214 form.

**26) Participant’s Signature** – Before submitting the OJT contract to OWD Central Office TAA Unit, the Trade Act Navigator must review the training outline with the worker. Once the worker has reviewed, the worker must enter his/her electronic signature or sign the DWD-PO-214.

**27) Date** – The worker must enter the date that he/she reviewed and signed the DWD-PO-214 form.

**Distribution:**

A Trade Act OJT contract includes the **DWD-PO-213**, **DWD-PO-274**, **DWD-PO-214**, and **DWD-PO-242** (if applicable).

The **DWD-PO-213** is uploaded into the Employer’s MoJobs’ record along with any supplemental agreement that modifies the length or amount of the OJT contract.

The **DWD-PO-274**, **DWD-PO-214**, and **DWD-242** are uploaded into the worker’s MoJobs’ record and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit. Once the contract is approved by the OWD Central Office TAA Unit, a subcontract number will be assigned.

After funds are obligated, a copy is emailed to the appropriate Trade Navigator. Either OWD Central Office TAA Unit or the Trade Act Navigator need to upload a processed copy of the approved OJT contract into the Employer’s MoJobs’ record.

The Trade Navigator must forward one copy of the processed contract to the employer and a copy to each participating worker.

If the OJT contract is denied, the contract must still be uploaded into MoJobs and an email sent to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov).

**Amendments:**

Amendments (modifications) can be made to an OJT contract to increase/decrease pay rate, hours required for training, add additional workers, etc. Modifications / supplemental agreements to an OJT contract are made on DWD-PO-215. Refer to that section of the manual for more detailed instructions.

**Distribution (Amended):**

For an amended OJT contract, the DWD-PO-215 must be uploaded into the Employer's, the workers', or both MoJobs record and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit.

Once the amendment is approved, the appropriate Trade Navigator will be notified. Either OWD Central Office Trade ActTAA Unit or the Trade Act Navigator need to upload a processed copy of the approved DWD-PO-215 into the Employer's, the workers', or both MoJobs' record.

A copy of the approved/processed DWD-PO-215 must be provided to the employer. Depending on the modification, it may also be necessary to provide a copy of the modification to the participating worker(s).

**LEGAL CERTIFICATIONS**

By signature of this Training Program Agreement, the Employer provides the following Certification regarding Debarment and Suspension in accordance with 2 CFR Part 2998 and certifies that to the best of his or her knowledge and belief that it and its principals:

- Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or State of Missouri department or agency;
- Have not within a three-year period preceding this Training Program Agreement been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, State, or local) transaction or contract under a public transaction; violation of federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, State, or local) with commission of any of the offenses enumerated in this certification; and,
- Have not within a three-year period preceding this Training Program Agreement had one or more public transactions (federal, State, or local) terminated for cause or default.

Where the prospective primary Employer's representative is unable to certify to any of the statements in this certification, such representative shall submit an explanation to the Training Operator.

The Contracting Agency (Employer) assures, as a condition to the award of financial assistance under the Workforce Innovation and Opportunity Act (WIOA) from the U.S. Department of Labor (USDOL), with respect to operation of the WIOA-funded program or activity and all agreements or arrangements to carry out the WIOA-funded program or activity, that it will comply fully with the nondiscrimination and equal-opportunity provisions of WIOA Section 188, 20 CFR 683.600, and 29 CFR Part 38.

**NONDISCRIMINATION & EQUAL OPPORTUNITY ASSURANCE**

**Note:** This particular assurance (portions which are duplicated elsewhere in other assurances) is applicable to the extent that the program activities are conducted as part of the One-Stop Delivery System (See 29 CFR 38.2). As a condition to the award of financial assistance from the USDOL under Title I of WIOA, the Contracting Agency assures that it and its subrecipients will comply fully with the nondiscrimination and equal opportunity provisions of the following laws:

- (1) Section 188 of WIOA, which prohibits discrimination against all individuals in the United States on the basis of race, color, religion, sex, national origin, age, disability, political affiliation or belief, and against beneficiaries on the basis of either citizenship/status as a lawfully admitted immigrant authorized to work in the United States or participation in any WIOA Title I financially assisted program or activity;
- (2) Title VI of the Civil Rights Act of 1964, as amended, which prohibits discrimination on the basis of race, color, and national origin;
- (3) Section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination against qualified individuals with disabilities;
- (4) The Age Discrimination Act of 1975, as amended, which prohibits discrimination on the basis of age; and
- (5) Title IX of the Education Amendments of 1972, as amended, which prohibits discrimination on the basis of sex in educational programs.

The Contracting Agency (and its subrecipients) also assures that it will comply with 29 CFR Part 38, as proposed, and all other regulations implementing the laws listed above. This assurance applies to the Contracting Agency's operation of the WIOA Title I financially assisted program or activity, and to all agreements the Contracting Agency makes to carry out the WIOA Title I financially assisted program or activity. The Contracting Agency understands that the United States has the right to seek judicial enforcement of this assurance.

The Missouri Office of Workforce Development and the Local Workforce Development Boards are responsible for ensuring WIOA recipients comply with the nondiscrimination and equal-opportunity regulations. If the employer has 15 employees and 15 WIOA participants during a grant year, the employer will be monitored for compliance with 29 CFR Part 38.

**BUSINESS ENTITY CERTIFICATION, ENROLLMENT DOCUMENTATION, AND AFFIDAVIT OF WORK AUTHORIZATION**  
**BUSINESS ENTITY CERTIFICATION:**

The employer must certify its current business status by completing either Box A, Box B, or Box C following on this exhibit.

- |        |   |
|--------|---|
| BOX A: | To be completed by a non-business entity as defined below.  |
| BOX B: | To be completed by a business entity that has not yet completed and submitted documentation pertaining to the federal work authorization program.   |
| BOX C: | To be completed by a business entity that has current work-authorization documentation on file with a Missouri State agency, including the Office of Administration's Division of Purchasing. |

**Business entity**, as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, is any person or group of persons performing or engaging in any activity, enterprise, profession, or occupation for gain, benefit, advantage, or livelihood. The term "business entity" shall include but not be limited to self-employed individuals, partnerships, corporations, contractors, and subcontractors. The term "business entity" shall include any business entity that possesses a business permit, license, or tax certificate issued by the state, any business entity that is exempt by law from obtaining such a business permit, and any business entity that is operating unlawfully without such a business permit. The term "business entity" shall not include a self-employed individual with no employees or entities utilizing the services of direct sellers as defined in subdivision (17) of subsection 12 of section 288.034, RSMo.

**NOTE:** Regarding government entities, business entity includes Missouri schools, Missouri universities (other than stated in Box C), out-of-state agencies, out-of-state schools, out-of-state universities, and political subdivisions. A business entity does not include Missouri State agencies and federal government entities.

**BOX A – CURRENTLY NOT A BUSINESS ENTITY**

I certify that \_\_\_\_\_ (Company/Individual's Name) **DOES NOT CURRENTLY MEET** the definition of a business entity, as defined in section 285.525 RSMo, pertaining to section 285.530 RSMo, as stated above, because (Check the applicable business status that applies below.):

- I am a self-employed individual with no employees; OR
- The company that I represent employs the services of direct sellers, as defined in subdivision (17) of subsection 12 of section 288.034 RSMo.

I certify that I am not an alien unlawfully present in the United States, and if \_\_\_\_\_ (Company/Individual's Name) is awarded an agreement for services requested herein under (Bid/SFS/ Agreement Number) and if the business status changes during the life of the agreement to become a business entity as defined in section 285.525 RSMo, pertaining to section 285.530 RSMo, then, prior to the performance of any services as a business entity, \_\_\_\_\_ (Company/ Individual's Name) agrees to complete Box B, comply with the requirements stated in Box B, and provide the \_\_\_\_\_ (insert agency name) with all documentation required in Box B of this exhibit.

## ON-THE-JOB TRAINING PROGRAM CONTRACT GENERAL ASSURANCES

### 1. Participant Approval

The Workforce Innovation and Opportunity Act (WIOA) and the Trade Act of 1974 and Amendments thereafter require that the following conditions must be satisfied for approving and paying the cost of on-the-job training:

- (a) No currently employed worker is displaced, including partial displacement such as a reduction in the hours of non-overtime work, wages, or employment benefits;
- (b) Training does not impair existing contracts for services or collective bargaining agreements;
- (c) In the case of training which would be inconsistent with the terms of a collective bargaining agreement, written concurrence must be obtained from the concerned labor organization;
- (d) No other individual is on layoff from the same or any substantially equivalent job for which such eligible participant is being trained;
- (e) The Employer has not terminated the employment of any regular employee or otherwise reduced the workforce with the intention of filling the vacancy so created by hiring the eligible participant;
- (f) The job for which the eligible participant is being trained is not being created in a promotional line that will infringe in any way upon the promotional opportunities of currently employed individuals;
- (g) The training is not for the same occupation as that from which the participant was separated and with respect to which such participant's group was certified;
- (h) The Employer has not received payment under any other on-the-job training provided by such Employer which failed to meet the requirements of (a) through (f) above;
- (i) The Employer has not taken, at any time, any action which violated the terms of any certification described in 3(c) below made by the Employer with respect to any other on-the-job training provided by the Employer for which any other Training Operator has made reimbursement payment; and
- (j) There is no member of the prospective participant's immediate family engaged in an administrative capacity for the Employer.

### 2. Termination of Contract

The performance of work under this agreement may be terminated by the Training Operator when, for any reason, it is determined that such termination is in the best interest of the program, or when it has been determined that the Employer has failed to comply with any of the other provisions contained in the agreement.

### 3. Termination of Participants

- (a) Employer agrees that participant will not be terminated without prior notice to such participant and with prior consultation with the Training Operator. Reasonable opportunity will be provided for improvements of any unsatisfactory performance, including substandard or unsatisfactory progress or conduct, so that the Training Operator may assist in correcting, adjusting, and improving such performance before termination becomes necessary. This, however, does not preclude the Employer's right to terminate the participant in the event of gross misconduct or other causes for immediate termination, as defined in the Employer's personnel standards and policy.
- (b) Employer shall be responsible to report to the Training Operator within ten (10) working days the voluntary or involuntary termination of participants from the training program.
- (c) Employer agrees not to terminate participant for the exclusive reason of agreement expiration. It is expected that the participant will be retained after completing the training, if the participant desires to continue such employment, and the Employer does not have due cause to terminate the employment.
- (d) Debarment and Suspension: Employer agrees to meet Federal and State requirements regarding debarment and suspension.

### 4. Participant Wages and Benefits

- (a) Hourly wages paid to participants shall not be less than the highest of the following:
  - the minimum wage rate prescribed by the federal, state, or local law;
  - the prevailing wage rate for persons similarly employed by the

- Employer; or,
- the wage rate required by an applicable collective bargaining agreement.

(b) Employer agrees that the participant will receive all fringe benefits available to other employees in the same class during the training program, and the participant will be assured of workers' compensation at the same level and to the same extent as others similarly employed who are covered by a workers' compensation statute or system. (c) No participant will be required or permitted to work or train in buildings or surroundings under working conditions which are unsanitary, hazardous, or dangerous to the participant's health or safety. Participants employed or trained in inherently dangerous occupations shall be assigned to work in accordance with reasonable safety practices.

### 5. Payments

- (a) Payment for OJT shall be based on the total hours worked per month multiplied by the training cost per hour within that job title. Overtime costs and holiday pay will not be reimbursed. Total reimbursement shall not exceed the amount agreed upon in this agreement.
- (b) Employer must be current on tax payments. Outstanding state taxes could result in rejection of reimbursement until resolved.
- (c) Employer agrees to provide full-time employment, defined as not less than 32 hours per work week if the agreement is established under a WIOA program or defined as 'full-time' by the employer if the agreement is established under the Trade Program.
- (d) Payments made under this agreement cover all payment obligations by Training Operator to Employer and payment for the Employer's services in providing training is considered sufficient by all parties to cover costs of training. These costs include OJT instruction, non-productive time, extra wastage, added wear and tear of equipment, and the added supervisory effort. No other obligation for payment or other financial liability of any kind is incurred by Training Operator.
- (e) No payments may be made to Employer for the training of participants in OJT during the periods of work stoppage as a result of a labor dispute or natural disaster.

### 6. Records Maintenance

- (a) Employer shall maintain books, records, documents, and other evidence and accounting procedures and practices, sufficient to reflect properly all training costs and services claimed to have been incurred and anticipated to be incurred for the performance of this agreement.
- (b) Employer's records to be maintained shall include documentation of participant's daily time and attendance records.
- (c) The Employer shall preserve and make available records until the expiration of five (5) years from the final payment under this agreement.
- (d) The Employer agrees that authorized representatives of Training Operator and other representatives of funding sources shall be given access to, at all reasonable times, the facilities and records pursuant to this agreement.
- (e) Upon request of the Training Operator, the progress of the participant shall be reported. The Employer shall assist in providing the Training Operator access to participant to perform counseling services.
- (f) Employer affirms enrollment and participation in the E-Verify federal work-authorization program.

### 7. Disclosure of Confidential Information

The Employer agrees to maintain the confidentiality of any information regarding applicants and participants, or their families, which may be obtained through application forms, interviews, tests, reports from public agencies or counselors, or any other source.

### 8. Laws Applicable

The Employer will perform its duties under this agreement in accordance with the WIOA regulations, the Trade Act of 1974 and Amendments thereafter, and procedures and standards promulgated there under, as well as any subsequent legislation, regulations, procedures, and standards enacted in substitution or in addition thereto.

Acknowledgement: I have received the above information.

**Instructions for the DWD-PO-213**  
**Pages 3-6**

Pages three through six covers E-Verify requirements.

**Missouri Revised Statues:**

Chapter 285, Employers and Employees Generally, Section 285.530.1 of the Missouri Revised Statues describes employment of unauthorized aliens is prohibited from participation in federal work authorization program and the liability of each business entity.

- **Section 285.530.1:**  
<http://www.moga.mo.gov/mostatutes/stathtml/28500005301.html?&me=285.530>
- **Section 285.525-285.550, RSMo (Employment of Unauthorized Aliens and Federal Work Authorization Program) Guidelines and Text:**  
<https://oa.mo.gov/purchasing/agency-information/section-285525-%E2%80%93-285550-rsmo-employment-unauthorized-aliens-and>

As required by Missouri Revised Statutes, **Section 285.530.1**, before a TAA OJT contract can be approved for a worker, the Trade Act Navigator must also:

- Verify the Employer participates in E-Verify (<https://www.uscis.gov/e-verify>) or is willing to enroll in E-Verify;
  - **If the Employer will not participate in E-Verify, a Trade Act OJT cannot be written with the employer.**
- Confirm the Employer is a “business entity”;
- Confirm the worker is eligible to work in the United States; and
- Obtain a notarized “Affidavit of Work Authorization” form.
  - This form must be renewed every twelve months for the length of the Trade Act OJT contract.

**E-Verify:**

E-Verify is an internet-based system that compares information from an employee’s **Form I-9 (Employment Eligibility Verification form)** to data from U.S. Department of Homeland Security, Social Security Administration, and U.S. Citizenship and Immigration Services (USCIS) records to confirm employment eligibility and to determine whether the information matches government records. E-Verify is a free online service that verifies employees’ data against millions of government records.

## **Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization:**

The Trade Act Navigator is responsible for obtaining an E-Verify corresponding documentation from the Employer before submitting a TAA OJT contract for contract number assignment / approval.

The E-Verify documents are comprised of four pages which includes:

- The definition of “**business entity**”;
- **Box A** (non-business entity);
- **Box B** (business entity who is in the process of enrolling with E-Verify);
- **Box C** (business entity who participates in E-Verify); and
- An “**Affidavit of Work Authorization**” form

### **Box A:**

Box A refers to companies or individuals that **do not** meet the definition of “business entity”. If Box A is completed by the Employer, a TAA OJT is not appropriate.

### **Box B:**

Box B refers to companies that **do** meet the definition of “business entity”, but have not yet enrolled with E-Verify. In addition to the E-Verify documents, the Employer must also provide the following before the Trade Act OJT can be approved:

- **E-Verify MOU:** This documentation will be provided from E-Verify once the Employer enrolls into E-Verify.
- **E-Verify Documentation:** The Employer must provide E-Verify documentation on each OJT participant that verifies (s)he is either a United States citizen or, if a foreign citizen, is legally eligible to work in the United States.
- “**Affidavit of Work Authorization**” **Form:** The Employer must submit this notarized form that indicates that the company is a “business entity” and that (s)he will continue to participate in E-Verify for the length of the OJT contract.
  - It is acceptable for a OWD staff person, including Trade Act Navigator, or partner agency staff, who is a notary, to notarize the “Affidavit of Work Authorization” form.

### **Box C:**

Box C refers to companies that **do** meet the definition of “business entity” and are enrolled and participating with E-Verify. In addition to the E-Verify documents, the Employer must also provide the following before the TAA OJT can be approved:

- **E-Verify MOU:** This documentation will be provided from E-Verify once the Employer enrolls into E-Verify.
  - If WIOA or partner agencies have a current copy of the E-Verify MOU, it may be used. In most cases, this will occur when WIOA funds the OJT prior to

Trade Act certification. Once the worker is Trade Act eligible, TAA takes over the OJT contract.

- **E-Verify Documentation:** The Employer must provide E-Verify documentation on each OJT participant that verifies (s)he is either a United States citizen or, if a foreign citizen, is legally eligible to work in the United States.
  - If WIOA or partner agencies have a current copy of the E-Verify Documentation, it may be used. In most cases, this will occur when WIOA funds the OJT prior to Trade Act certification. Once the worker is TAA eligible, TAA takes over the OJT contract.
- **“Affidavit of Work Authorization” Form:** The Employer must submit this notarized form that indicates that the company is a “business entity” and that (s)he will continue to participate in E-Verify for the length of the OJT contract.
  - It is acceptable for a OWD staff person, including Trade Act Navigator, or partner agency staff, who is a notary, to notarize the “Affidavit of Work Authorization” form.

#### **E-Verify General Information:**

- If an employer runs E-Verify more than three days after hire date, the employer will be out of compliance.
  - However, the employer should still run E-Verify.
  - When the employer runs E-Verify, (s)he will be prompted with a list of options as to why the E-Verify was not run within three days.
  - The employer must choose the option that mostly closely matches the reason for the delay and then should run E-Verify like normal.

- If an employer needs to access another copy of their E-Verify “Memorandum of Understanding” (MOU), the following steps must be followed:
  - The Administrator of the E-Verify account must log into E-Verify’s website.
  - The Administrator / Employer must identify the main menu, which can be found on the left side of the website.
  - From the menu, the Administrator / Employer must select “Edit Company Profile”.
  - The Administrator / Employer must scroll towards the bottom of the screen.
  - The Administrator / Employer must then select “View MOU”.

### Page 3:

<b>BUSINESS ENTITY CERTIFICATION, ENROLLMENT DOCUMENTATION, AND AFFIDAVIT OF WORK AUTHORIZATION</b>	
<b>BUSINESS ENTITY CERTIFICATION:</b>	
The employer must certify its current business status by completing either Box A, Box B, or Box C following on this exhibit.	
BOX A:	To be completed by a non-business entity as defined below.
BOX B:	To be completed by a business entity that has not yet completed and submitted documentation pertaining to the federal work authorization program.
BOX C:	To be completed by a business entity that has current work-authorization documentation on file with a Missouri State agency, including the Office of Administration's Division of Purchasing.

**1** Business entity, as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, is any person or group of persons performing or engaging in any activity, enterprise, profession, or occupation for gain, benefit, advantage, or livelihood. The term "business entity" shall include but not be limited to self-employed individuals, partnerships, corporations, contractors, and subcontractors. The term "business entity" shall include any business entity that possesses a business permit, license, or tax certificate issued by the state, any business entity that is exempt by law from obtaining such a business permit, and any business entity that is operating unlawfully without such a business permit. The term "business entity" shall not include a self-employed individual with no employees or entities utilizing the services of direct sellers as defined in subdivision (17) of subsection 12 of section 288.034, RSMo.

**NOTE:** Regarding government entities, business entity includes Missouri schools, Missouri universities (other than stated in Box C), out-of-state agencies, out-of-state schools, out-of-state universities, and political subdivisions. A business entity does not include Missouri State agencies and federal government entities.

- 1) **Business Entity:** Definition of "business entity" as defined in Missouri Revised Statute section 285.525 - 285.550.

**BOX A – CURRENTLY NOT A BUSINESS ENTITY**

I certify that 2 (Company/Individual's Name) **DOES NOT CURRENTLY MEET** the definition of a business entity, as defined in section 285.525 RSMo, pertaining to section 285.530 RSMo, as stated above, because (Check the applicable business status that applies below.):

3  I am a self-employed individual with no employees; OR

The company that I represent employs the services of direct sellers, as defined in subdivision (17) of subsection 12 of section 288.034 RSMo.

I certify that I am not an alien unlawfully present in the United States, and if 4 (Company/Individual's Name) is awarded an agreement for services requested herein under (Bid/SFS/ Agreement Number) and if the business status changes during the life of the agreement to become a business entity as defined in section 285.525 RSMo, pertaining to section 285.530 RSMo, then, prior to the performance of any services as a business entity, 5 (Company/ Individual 6) agrees to complete Box B, comply with the requirements stated in Box B, and provide the 6 (insert agency name) with all documentation required in Box B of this exhibit.

# Instructions for the DWD-PO-213 Page 7

The seventh page of the DWD-PO-213 is referred to as **General Assurance**. The Employer must agree to all **TAA terms** in order for OWD/TAA to commit to an OJT contract with the Employer.

The Trade Act Navigator must review the **General Assurances** form with the Employer. The Employer is required to enter his/her electronic or written signature and date the form.

**ON-THE-JOB TRAINING PROGRAM CONTRACT GENERAL ASSURANCES**

**1. Participant Approval**  
The Workforce Innovation and Opportunity Act (WIOA) and the Trade Act of 1974 and Amendments thereafter require that the following conditions must be satisfied for approving and paying the cost of on-the-job training:

- (a) No currently employed worker is displaced, including partial displacement such as a reduction in the hours of non-overtime work, wages, or employment benefits;
- (b) Training does not impair existing contracts for services or collective bargaining agreements;
- (c) In the case of training which would be inconsistent with the terms of a collective bargaining agreement, written concurrence must be obtained from the concerned labor organization;
- (d) No other individual is on layoff from the same or any substantially equivalent job for which such eligible participant is being trained;
- (e) The Employer has not terminated the employment of any regular employee or otherwise reduced the workforce with the intention of filling the vacancy so created by hiring the eligible participant;
- (f) The job for which the eligible participant is being trained is not being created in a promotional line that will infringe in any way upon the promotional opportunities of currently employed individuals;
- (g) The training is not for the same occupation as that from which the participant was separated and with respect to which such participant's group was certified;
- (h) The Employer has not received payment under any other on-the-job training provided by such Employer which failed to meet the requirements of (a) through (f) above;
- (i) The Employer has not taken, at any time, any action which violated the terms of any certification described in 3(c) below made by the Employer with respect to any other on-the-job training provided by the Employer for which any other Training Operator has made reimbursement payment; and
- (j) There is no member of the prospective participant's immediate family engaged in an administrative capacity for the Employer.

**2. Termination of Contract**  
The performance of work under this agreement may be terminated by the Training Operator when, for any reason, it is determined that such termination is in the best interest of the program, or when it has been determined that the Employer has failed to comply with any of the other provisions contained in the agreement.

**3. Termination of Participants**  
(a) Employer agrees that participant will not be terminated without prior notice to such participant and with prior consultation with the Training Operator. Reasonable opportunity will be provided for improvements of any unsatisfactory performance, including substandard or unsatisfactory progress or conduct, so that the Training Operator may assist in correcting, adjusting, and improving such performance before termination becomes necessary. This, however, does not preclude the Employer's right to terminate the participant in the event of gross misconduct or other causes for immediate termination, as defined in the Employer's personnel standards and policy.  
(b) Employer shall be responsible to report to the Training Operator within ten (10) working days the voluntary or involuntary termination of participants from the training program.  
(c) Employer agrees not to terminate participant for the exclusive reason of agreement expiration. It is expected that the participant will be retained after completing the training, if the participant desires to continue such employment, and the Employer does not have due cause to terminate the employment.  
(d) **Debarment and Suspension:** Employer agrees to meet Federal and State requirements regarding debarment and suspension.

**4. Participant Wages and Benefits**  
(a) Hourly wages paid to participants shall not be less than the highest of the following:

- the minimum wage rate prescribed by the federal, state, or local law;
- the prevailing wage rate for persons similarly employed by the

- Employer; or,
- the wage rate required by an applicable collective bargaining agreement.

(b) Employer agrees that the participant will receive all fringe benefits available to other employees in the same class during the training program, and the participant will be assured of workers' compensation at the same level and to the same extent as others similarly employed who are covered by a workers' compensation statute or system. (c) No participant will be required or permitted to work or train in buildings or surroundings under working conditions which are unsanitary, hazardous, or dangerous to the participant's health or safety. Participants employed or trained in inherently dangerous occupations shall be assigned to work in accordance with reasonable safety practices.

**5. Payments**  
(a) Payment for OJT shall be based on the total hours worked per month multiplied by the training cost per hour within that job title. Overtime costs and holiday pay will not be reimbursed. Total reimbursement shall not exceed the amount agreed upon in this agreement.  
(b) Employer must be current on tax payments. Outstanding state taxes could result in rejection of reimbursement until resolved.  
(c) Employer agrees to provide full-time employment, defined as not less than 32 hours per work week if the agreement is established under a WIOA program or defined as 'full-time' by the employer if the agreement is established under the Trade Program.  
(d) Payments made under this agreement cover all payment obligations by Training Operator to Employer and payment for the Employer's services in providing training is considered sufficient by all parties to cover costs of training. These costs include OJT instruction, non-productive time, extra wastage, added wear and tear of equipment, and the added supervisory effort. No other obligation for payment or other financial liability of any kind is incurred by Training Operator.  
(e) No payments may be made to Employer for the training of participants in OJT during the periods of work stoppage as a result of a labor dispute or natural disaster.

**6. Records Maintenance**  
(a) Employer shall maintain books, records, documents, and other evidence and accounting procedures and practices, sufficient to reflect properly all training costs and services claimed to have been incurred and anticipated to be incurred for the performance of this agreement.  
(b) Employer's records to be maintained shall include documentation of participant's daily time and attendance records.  
(c) The Employer shall preserve and make available records until the expiration of five (5) years from the final payment under this agreement.  
(d) The Employer agrees that authorized representatives of Training Operator and other representatives of funding sources shall be given access to, at all reasonable times, the facilities and records pursuant to this agreement.  
(e) Upon request of the Training Operator, the progress of the participant shall be reported. The Employer shall assist in providing the Training Operator access to participant to perform counseling services.  
(f) Employer affirms enrollment and participation in the E-Verify federal work-authorization program.

**7. Disclosure of Confidential Information**  
The Employer agrees to maintain the confidentiality of any information regarding applicants and participants, or their families, which may be obtained through application forms, interviews, tests, reports from public agencies or counselors, or any other source.

**8. Laws Applicable**  
The Employer will perform its duties under this agreement in accordance with the WIOA regulations, the Trade Act of 1974 and Amendments thereafter, and procedures and standards promulgated there under, as well as any subsequent legislation, regulations, procedures, and standards enacted in substitution or in addition thereto.

## INSTRUCTIONS FOR DWD-PO-242

### **General:**

The **Trade OJT Request for Transportation and/or Subsistence Allowance** form is used by Trade Act Navigator to document the distance between a worker's residence and OJT facility, and to determine if the OJT requires the worker to travel outside of his or her commuting area.

In Missouri, a commuting area has been determined to be 10 miles one-way.

### **Calculating the Commuting Area:**

To determine if the approved training is outside the worker's commuting area, the Trade Act Navigator is required to use one or more internet-based map applications (MapQuest, Google Maps, etc.) to confirm the distance between the worker's residence and approved OJT facility is over 10 miles one way.

A Trade Act Navigator must complete a **Trade OJT Request for Transportation and/or Subsistence Allowance (DWD-PO-242) form** on all TAA OJT workers to document their eligibility to transportation and/or subsistence allowance. In addition, a worker's eligibility for transportation and/or subsistence allowance, if requested, must be documented as a case note in MoJobs.

Because the internet based map applications are not always exact due to circumstances such as new construction, ongoing road construction, etc., the Trade Act Navigator may allow up to three (3) additional miles only if the worker protests the calculation and provides documentation. If the worker does not believe the internet-based map application mileage calculation is correct, the worker may also provide other documentation, including a written, signed, self attestation document, report of road closures for highway construction, etc.

The items on the **DWD-PO-242** should be completed as follows:

	Missouri Department of Higher Education and Workforce Development Office of Workforce Development <b>Trade Act On-the-Job Training (Trade OJT)</b> <b>Request for Transportation and/or Subsistence Allowance</b>
	<p>1</p> <p>APPLICABLE TRADE ACT YEAR</p> <p>Select Trade Version-----</p>

1) **TA 2002, TA 2009, TA 2011, OR TA 2015** – Depending on the worker’s Petition Number, select the appropriate Trade Act coverage from the drop down menu.

**Trade 2002** (Trade 2002 Revert) includes petitions numbered 69,999 or below and 80,000-80,999 if Trade 2002 Revert selected.

**Trade 2009** includes petitions numbered 70,000-79,999.

**Trade 2011** includes petitions numbered 80,000-84,999.

**Trade 2015** includes petitions numbered 85,000-97,999.

**Trade Reversion 2021** includes petitions number 98,000 and above.

2) **Worker’s Name** – Enter the worker’s name in the format Last Name, First Name, Middle Name/Initial.

3) **Street Address** – Enter the worker’s street address; do not use PO Box mailing address.

4) **City, State, Zip** – Enter the worker’s city, state, and zip code.

5) **Social Security Number** – Enter the last four digits of the worker’s social security number.

6) **Petition No.** – The Trade Act Navigator must enter the petition number under which the worker is eligible to participate in the TAA program. It can be found in either MoJobs or UInteract TRA-B, TRA-A, or TRA-C claim screens.

If Missouri acts as the Agent state, the Liable state must provide the petition number,

TRA / TAA eligibility, and approve the training request prior to submitting to OWD Central Office Trade Act Unit. To search for petition activity/determinations or to find contact information for Trade Act Coordinators in other states, view USDOL's website:

**Petition activity/determinations:** <https://www.dol.gov/agencies/eta/tradeact>

**Trade Act Coordinators:** <https://www.dol.gov/agencies/eta/tradeact>

If the certified petition is from a state other than Missouri, please note qualifying State at the top of the DWD-PO-242.

- 7) **Date of Request** – Enter the bona fide date the request for OJT was made by the worker.
- 8) **Eligibility Beginning Date (ELB)** - Enter the Benefit Year Beginning (BYB) date as noted on worker's TRA-B, TRA-A, and/or TRA-C claim found in UInteract or eligibility determination (if Missouri is not the Liable state).
- 9) **Subcontract Number** - This number is assigned by OWD Central Office Trade Act staff and can be found on the processed DWD-PO-213. If this form is submitted at the same time as the OJT contract, OWD Central Office TAA Staff will complete this field.
- 10) **Fund Obligation Date** – Enter the date that TAA funds are obligated to cover OJT costs. This date can be found on the DWD-PO-213 in the "period beginning" field. This is normally the worker's start date of the OJT.
- 11) **Date of Qualifying Separation** – Enter the (first) Separation Date as noted on the TRA-B, TRA-A, and/or TRA-C claim in UInteract under the 855 Response section of the Claim Details screen or eligibility determination (if Missouri is not the Liable state).
- 12) **Date of Certification** – Enter the date of the TAA petition's certification. This date can be found on the Petition Log on [DWDSHARE \(\\ded-filesrv01\) \(N:\) ▶ Trade Act Resources ▶ Petition Logs](#) , or from USDOL's website: <https://www.dol.gov/agencies/eta/tradeact/petitioners/petitions>.

If Missouri is the Agent state, the information would need to be provided by the Liable State or be found on USDOL's website.

- 13) **Date of Last Qualifying Separation** – Enter the (last) qualifying Separation Date as noted on the TRA-B, TRA-A, and/or TRA-C claim in UInteract under the 855 Response section of the Claim Details screen or eligibility determination (if Missouri is not the Liable state).

For petitions outside of Missouri, contact the appropriate state's Trade Act Coordinator. The worker may be able to provide this information from eligibility determination correspondence received from the other state.

**14) Missouri Job Center Name and ID** – Select the appropriate Job Center name and I.D. number from the drop down menu.

**15**

If a worker participates in On-the-Job Training (OJT) program outside of his/her "commuting area" (see following), the worker may receive **Transportation and/or Subsistence Allowance** beginning with the first mile outside his or her commuting area. In the State of Missouri, a "commuting area" is defined as within 10 or fewer miles, one way, from the worker's residence.

To calculate the distance from the worker's home to the employer, the Job Center staff must use one or more Internet-based map applications (MapQuest, Google Maps, etc.) If a worker disagrees with the mileage calculated using the Internet-based map applications, the worker may provide additional documentation to confirm that the employer is outside the his/her commuting area. In cases where the worker believes the calculation is incorrect, and can provide documentation, Job Center staff may add as many as three (3) miles to the Internet application's calculations to qualify the commuting area.

The Job Center staff is required to document the worker's commuting area, and eligibility for transportation and/or subsistence, including retaining hard copies of Internet-based map application calculations in the worker's file.

- If the worker requests Transportation Allowance assistance while participating in a TAA program, the allowance must be calculated using the most direct route from his/her home to the employer.
- If the worker requests Subsistence Allowance assistance while participating in a TAA program, the worker may receive assistance with meals and lodging while maintaining a separate residence outside his/her commuting area.

A worker cannot receive both Transportation and Subsistence Allowance for the same calendar day.

**15) Transportation / Subsistence Reimbursement and Requirements** – Review this section of the form with the worker and let the worker know which requirements apply to him/her. In certain situations, per TAA Final Rule, a worker may draw transportation and subsistence on the same day. This can occur at the beginning of training that the worker attends outside of his/her commuting area and at the end of training for travel back to worker's commuting area. Also if the worker fails to complete training outside his/her commuting area for justifiable cause, and must return home before the scheduled end of training.

- 23) Number of Miles from Worker's Regular Place of Residence to Employer** – Enter the distance between the worker's address and the OJT employer based on internet-based map applications or other documentation provided by the worker. **The miles must be entered as a rounded whole number.** For example, based on Mapquest, there are 15.7 miles between the worker's home and the employer. The mileage of 15.7 needs to be rounded to 16 miles.

As a reminder, per TAA Final Rule, workers eligible for transportation will not be reimburse until mile 11. This means if the worker drives 20 miles one-way to the OJT facility, he/she will only be reimbursed for miles 11-20 both to the OJT facility and back to his/her residence; the reimbursement would be for 20 miles roundtrip.

- 24) Date of Departure** – Enter the date the worker will depart for training and be eligible for transportation / subsistence.

I certify that all the information provided is true and accurate to the best of my ability. I also acknowledge that I will inform the Job Center staff of any home or employer address changes that might affect Transportation and/or Subsistence eligibility. I understand and acknowledge that intentionally providing false information will be considered fraud and could result in repayment of funds to which I am not entitled.

## OJT Monitoring Report DWD-PO-219-A & B

The OJT Monitoring Report has been broken down into two forms: 1) **DWD-PO-219-A (Employer)**; and 2) **DWD-PO-219-B (Participant)**. Both can be found at

### Instructions for DWD-PO-219

The number of required monitoring visits will vary depending on the length of the OJT contract:

- **All OJT participants must have their plans monitored within the first 30 calendar days**
- All OJT participant plans that are one year or less in length must be monitored at least three additional times at regular intervals
- All OJT participant plans that are over one year in length must be monitored at least once every four months

If there are problems, more frequent visits may be required.

During the first visit:

- Verify that the occupation (job title) and rate of pay are established correctly.
- Reaffirm the provisions of the contract.
- Provide the employer instructions on maintaining attendance / payroll records and invoicing procedures.
- **Post the Equal Employment Opportunity poster in a place visible to the public.**
  - [https://jobs.mo.gov/dwdeo#Equal Opportunity Posters \(Multiple Languages\)](https://jobs.mo.gov/dwdeo#Equal%20Opportunity%20Posters%20(Multiple%20Languages))
  - [https://jobs.mo.gov/sites/jobs/files/dwd-102\\_english\\_10-2019\\_8.5x14.pdf](https://jobs.mo.gov/sites/jobs/files/dwd-102_english_10-2019_8.5x14.pdf)

During the monitoring visits, **examine the attendance and payroll records.**

- The attendance record should verify that the number of hours worked per day is the same as the number of hours on which the daily reimbursement rate is structured.
- The attendance record should also verify that the number of hours worked is at least equal to the number of training hours claimed on the invoices.
- The payroll records should verify that the worker is being paid for the total hours worked at no less than the hourly wage specified in the contract. The worker will be questioned to verify that the records are correct.

The **last visit**, for the purpose of closing out the contract, **should be made near the ending date**. A general review of the attendance and payroll records, days of training,

and rates of pay must be made. Instruct the employer on the preparation of the final invoice.

**Training facilities and equipment** must be evaluated at a monitoring visit to ensure they are adequate and available to employees. **Training instructors** must also be evaluated to ensure proper guidance is being given.

DWD-PO-220 (03-2020)

## Instructions for DWD-PO-220

The Employer is responsible for completing the DWD-PO-220; the Trade Act Navigator can assist. The DWD-PO-220 must be submitted by the 5<sup>th</sup> working day after the End Date of the “Invoice Period”.

A report must be filed during **each** calendar month while the contract is in effect. If there are no TAA workers / participants currently participating under the contract, **or** if training did not take place during the current “Invoice Period”, a "zero" report should be filed. Where there is no activity, **zeros** must be entered.

If the TAA worker / participant is laid off by the Employer, the DWD-PO-220 must be labeled “*Participant Is On Temporary Layoff*”. If the TAA worker / participant is not rehired or finds other employment within 45 days, a DWD-PO-220 must be submitted that is labeled “*Terminated*”. In this situation, 45 days should be added to the TAA worker’s / participant’s layoff date to determine the appropriate termination date.

If the TAA worker / participant quits or is fired at anytime during the Invoice Period, the DWD-PO-220 must be labeled “*Terminated*”.

If the TAA worker / participant completes his/her training at anytime during the Invoice Period, the DWD-PO-220 must be labeled “*Completed*”.

ON-THE-JOB TRAINING SUPPLEMENTAL AGREEMENT

EFFECTIVEDATE	CONTRACT NUMBER	MODIFICATION#	MODIFICATIONTYPE
1	2	3	<input type="checkbox"/> Bilateral <input type="checkbox"/> Unilateral 4

- 1) **Effective Date** – The date on which the noted change on the DWD-PO-215 is to begin or began.
- 2) **Contract Number** - Enter the contract number as assigned on the DWD-PO-213.
- 3) **Modification #** – Enter the number of the modification. The first modification should be labeled Modification No. 1. All subsequent modifications are numbered in consecutive order.
- 4) **Modification Type** – Check the appropriate “*Bilateral*” or “*Unilateral*” field.

A **bi-lateral** modification requires approval and signatures of both the Trade Act Navigator and the Employer. Examples of these modifications include:

- Adding additional slot(s) and corresponding funds to an existing training occupation.
- Adding new occupation(s), slot(s), and corresponding funds. (Must also submit corresponding DWD-PO-214 and DWD-PO-274 for each new occupation).
- Adding training hours and corresponding costs to an existing slot.
- Decreasing training hours and corresponding costs of an existing slot while the participant is still enrolled in OJT.
- Extending the ending date of the subcontract.
- Reflecting a change in ownership and/or mailing address of the Employer.

A **uni-lateral** modification does not require the Employer's approval or signature. The purpose of the uni-lateral modification is to provide effective management and utilization of funds. Examples of these modifications include:

- Canceling a contract when it becomes apparent that the Employer cannot, or has not, filled the training slot(s) within the agreed period of time.
- Canceling a slot and de-obligating the corresponding remaining funds after an OJT participant is terminated by the Employer for his/her own choice.

- 8) **The Above-Numbered Contract is Modified as Follows:** – To clarify the intent of the modification, enter a brief explanation.

- The following example format can be used to add positions to a contract:

The following position(s) is hereby added to the contract and corresponding additional funds obligated to cover the costs of training.

**Current Authorized Amount of OJT Contract:** \$xx,xxx.xx

**Additional Occupation Added:** 'job title'

**O\*Net Code:** #####

**Hours of Training for Participant:** ###

**Additional Funds Obligated:** \$xx,xxx.xx

The total cost of this contract is hereby increased from \$\_\_\_\_\_ to \$\_\_\_\_\_.

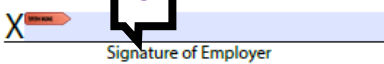

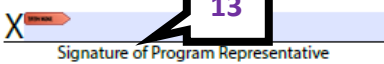

This Supplemental Agreement modification replaces the total fixed price amount of the original contract and becomes a part of the contract.

The Training Outline for the additional occupation of \_\_\_\_\_, O\*Net Code \_\_\_\_\_, hereby becomes a part of the contract.

Changing Dates. An example of the format used to change the ending date of a contract:

"The ending date of the contract is hereby changed from \_\_\_\_\_ to \_\_\_\_\_ to permit completion of training."

AGENCY DETERMINATION
Your request for Trade Act On-the-Job Training (Trade Act OJT) is <b>denied</b> for the following reason(s):
13

**43) Your request for Trade Act OJT is denied for the following reason(s)** – If the worker’s request for OJT is being denied, complete this portion of the form. **A denial of OJT must be based on the six training approval criteria noted below:**

- There is no suitable employment (which may include technical or professional employment) available for an adversely affected worker.
- The worker would benefit from appropriate training.
- There is a reasonable expectation of employment following completion of training.
- Training approved by the Secretary is reasonably available to the worker from either governmental agencies or private sources (which may include area vocational education schools, as defined in Section 195(2) of the Vocational Education Act of 1963, and employers.)
- The worker is qualified to undertake and complete such training.
- Such training is suitable for the worker and available at a reasonable cost.

Per TAA Final Rule, a worker’s request for OJT must result in “suitable employment”

As with the denials of training, the denial statement must start with the phrase: *The Trade Act of 1974, as amended, and Federal Regulations at Part 618 provide:*

<p><b>14</b></p> <p><b>APPEAL RIGHTS</b></p> <p>If you believe this determination is incorrect, you or your duly authorized agent may file an appeal no later than thirty (30) days after the date entered below. **Distribution:**

DWD-PO-228 forms are uploaded into the worker’s MoJobs and an email submitted to [dwdtradeacthelp@dhewd.mo.gov](mailto:dwdtradeacthelp@dhewd.mo.gov) to notify OWD Central Office TAA Unit.

OWD Central Office TAA Unit provides DES with a copy of the DWD-PO-228.

The Trade Act Navigator must forward a copy of the processed to the worker.

## Instructions for ATAA

	ATAA	RTAA
Trade 2002	X	
Trade 2009		X
Trade 2002 Revert	X	
Trade 2011		X
Trade 2015		X
Trade Reversion 2021	X	

### **Background:**

Alternative Trade Adjustment Assistance (ATAA) was established under **Trade Adjustment Assistance Reform Act of 2002**, and is also available under **Trade 2002 Revert** and **Trade Reversion 2021**.

ATAA is an alternative program for older workers certified eligible to apply for Trade Adjustment Assistance (TAA) and is designed to allow TAA eligible workers, for who retraining may not be appropriate and who find re-employment, to receive a wage subsidy to help bridge the salary gap between their old and new employment. To receive the ATAA benefits, the worker's petition must be TAA and ATAA certified.

- **Note:** Workers participating under Trade 2015 who received an ATAA payment on or before September 27, 2015 had the option to continue to draw ATAA or to switch to RTAA for the program's flexibilities.
- ATAA is not available under **Trade 2009**, **2011**, and/or **2015** (except for the circumstance noted above), but instead replaced by Reemployment Trade Adjustment Assistance (RTAA). Refer to the RTAA section of the manual for more information.

### **Petition Determinations:**

In order to establish that a group of workers are eligible to apply for the ATAA program, USDOL must first determine that all the criteria for regular TAA certification is met. In addition, USDOL must find that three additional criteria are met for ATAA certification. These additional criteria are:

1. A significant number of adversely affected workers in the firm are 50 years of age or older.
2. The adversely affected workers in the firm possess job skills that are not easily transferable to other employment.
3. The competitive conditions within the affected workers' industry are adverse.

### **Eligibility:**

Eligible workers may receive a wage subsidy that is half the difference between their wage at the trade affected employer and their wage at the new qualifying reemployment. Under **Trade 2002, 2002 Revert**, and **Trade Reversion 2021**, the wage subsidy may be paid up to a maximum of \$10,000 or for a two-year period of time. With ATAA, the two year period doesn't start and stop; it is continuous once it starts. The two year period starts with the worker's first day of qualifying re-employment.

For a worker to be considered eligible for ATAA:

- he/she must have established eligibility under a TAA petition that has also been certified for ATAA;
- he/she must be *at least 50 years old on the first day of qualifying re-employment*;
- he/she must have obtained different *full-time employment* (or two or more part-time jobs that are equivalent to full-time employment) within 26 weeks of his/her last qualifying separation from the trade affected employer (*under Trade 2002, 2002 Revert, and Reversion 2021, re-employment cannot be with the trade affected employer*);
- the re-employment must be at wages less than those earned at the trade affected employer;
- the worker must not be *expected to earn more than \$50,000 per year* at the reemployment; and
- he/she must choose between the ATAA and TAA program. If the worker chooses ATAA, (s)he is not eligible for any other TAA benefits or services except Relocation Allowance. (*Once the worker draws ATAA, they cannot receive TRA weekly benefits.*)

### **State Responsibility:**

Once a petition is certified for both TAA and ATAA, the worker must be fully informed of the benefits and services available under both programs. **Effective July 26, 2010**, the Division of Employment Security (DES) began processing ATAA payments. The Office of Workforce Development (OWD) remains responsible for notifying workers of ATAA benefits, timeframe, etc. In addition, OWD is responsible for assisting workers in completing the MODES-4640-A form. If the worker prefers the ATAA program, he/she should be encouraged to take advantage of the reemployment services and assistance available to meet the 26 weeks criteria in order to be eligible for ATAA.

It is important to protect the worker's eligibility for TRA weekly benefits in the event he/she is unable to secure qualifying re-employment within the 26 week timeframe.

- If the worker is nearing the 8/16 week deadline and has not found qualifying reemployment for ATAA, (s)he may want to consider participating in training or OJT instead.
- If the worker is not issued a waiver or enrolled/participating in training by the **8/16 week criteria**, *the worker loses eligibility to TRA weekly benefits.*
- If the worker does not find qualifying reemployment by the **26 week timeframe**, *the worker is ineligible for ATAA.*

If the worker believes that he/she will not be able to find qualifying re-employment within the 26 week timeframe, he/she should contact their Job Center immediately and consider seeking the TAA benefits, including training to which he/she is entitled.

**Eligibility Verification:**

The following documentation must be provided to verify ATAA criteria:

1. The worker's **driver's license / photo identification** or other appropriate documentation can be used to verify the worker's age.
2. The **pay stub from the worker's last full week at the trade affected employment** to verify wage at trade employer.
3. A written job offer or **pay stub from new employer** can be used to verifying qualifying re-employment.
4. A written statement from the new employer or a **week's worth of pay stubs** can be used to determine that the worker is not expected to earn more than \$50,000 annually in gross wages (excluding overtime pay) from the re-employment.
5. A written statement from the new employer or a **week's worth of pay stubs** can be used to determine that the worker re-employment is full-time. In Missouri, full-time is defined by the Division of Employment Security (UI State Law).

– **8 CSR 10-3.140:** (1) For purposes of **Reemployment Trade Adjustment Assistance (RTAA)**, a “full-time employee” is one who has a work week of at least forty (40) hours, or who works the number of hours generally accepted by industry custom or practice as full-time employment, as established by the **RTAA** applicant by evidence presented to the **Division of Employment Security** or its designee.

6. **Pay stubs from the new employment** will verify that the worker did not return to the trade affected employment. If the worker returns to the trade affected employer in a different capacity, including different division/facility or job duties, the worker is still ineligible for ATAA.

The application for ATAA must be filed within two years of the first day of qualifying reemployment.

The worker is required to make a choice between TAA and ATAA. By signing the ATAA worksheet, the worker indicates that he/she has chosen ATAA and understands that

he/she cannot subsequently switch to the TAA program once receiving an ATAA subsidy payment. Receipt of the initial ATAA payment represents the worker's decision and voids the right to re-training, job search or relocation allowances, and TRA weekly benefits. The opposite is also true, once a worker receive any benefit or service under TAA, he/she forfeits the right to participate in ATAA.

**Continued Eligibility:**

Workers who are approved for ATAA and continue to meet the eligibility criteria can be paid an ATAA subsidy for two years, up to \$10,000; whichever occurs first. The two-year eligibility period continues to run from the date of the first qualifying reemployment.

The statute does not prevent the worker from working for different employers within the two-year period. Furthermore, employment is not required to be consecutive. However, ATAA benefits are not payable during periods of unemployment. Periods of unemployment may result in a partial ATAA payment. The two-year eligibility period continues to run from the date of the first qualifying reemployment.

**ATAA Payments:**

In the State of Missouri, ATAA subsidy payments are issued on a weekly basis by the Division of Employment Security (DES).

For each week the worker is deemed eligible for ATAA, he/she will receive an ATAA subsidy payment. ATAA payments will be reported to the IRS in the same manner as UI payments.

According to Trade Act Reform 2002, the state will pay, for a period not to exceed two-years, 50% of the difference between:

1. The annualized wages received by the worker from re-employment; and
2. The annualized wages received by the worker at the time of separation from Trade affected employer.

ATAA payments shall cease in the event of one of the following:

1. The worker's annualized wage, excluding the ATAA wage subsidy, is projected to exceed \$50,000 per year;
2. The worker has received \$10,000 in ATAA benefits; or
3. The worker has reached the end of the two-year eligibility period.

The annualized separation wage is computed by multiplying the worker's hourly rate received during the last full week of employment by the number of hours the worker individual worked during the last full week of employment and multiplying that number by 52 weeks per year. Overtime wages and hours are excluded from the calculation. Annualized re-employment wages are defined similarly to annualized separation wages

except that the hourly rate and hours worked must reflect those from the re-employment.

**Wage Calculation Methodology:**

The calculated weekly allotment will be derived as follows:

1. Annualized Separation Wage minus Annualized Re-employment Wages divided by 2 equals 50% of the difference between the two periods of wages.
2. 50% of the difference between the two periods of wages divided by 52 equals the weekly ATAA wage subsidy.

**Issuing ATAA Determinations:**

To make the worker's first determination for ATAA, the worker must provide the following documentation:

- Identification (ID): Driver's License or State Issued ID Card
- Pay stub from Trade affected employer for the last full week of employment
- A week's worth of pay stubs from re-employment
- MODES-4640-A form (screen shot below)

## INFORMATION ABOUT REEMPLOYMENT TRADE ADJUSTMENT ASSISTANCE

The Reemployment Trade Adjustment Assistance (RTAA) program is designed to supplement the reduced income of workers who are at least 50 years of age and have been affected by foreign trade. Trade Adjustment Assistance (TAA) eligible workers who are reemployed full-time or part-time may be eligible for the RTAA program. The RTAA program supplements up to 50 percent of the difference in wages between your old job and your new job.

You must complete the form on the reverse of this page for each month you wish to apply for the RTAA program. Along with the completed form, the following information must be submitted to determine your eligibility:

- A copy of driver's license or state issued ID card (initial request only).
- Check stub or employer statement showing weekly earnings and the number of hours you worked during your last full week with your trade affected former job (initial request only).
- Check stubs or employer statement from your new job(s) showing the wages per hour and hours worked during the month you are applying for the program.

The eligibility requirements for the RTAA program include:

- You must have obtained reemployment and be 50 years of age or older. RTAA allows for either full-time or part-time reemployment.
  - In Missouri for RTAA purposes, a full-time reemployment employee is defined as one who has a work week of at least forty hours, or who works the number of hours generally accepted by industry custom or practices. Individuals who participate in full-time RTAA have the option of attending TAA approved training.
  - Part-time reemployment must be at least twenty hours per week. Individuals who participate in part-time RTAA are required to attend full-time TAA approved training.
- You cannot earn more than \$50,000 annually in gross wages from reemployment.

TAA certified workers who apply for RTAA will no longer be eligible for future Trade Readjustment Allowance (TRA) payments. TRA payments are additional benefits under the TAA program for workers who are attending training after their regular unemployment benefits are exhausted.

Note: Contact your Missouri Job Center for information about receiving the RTAA supplement while attending TAA approved training.

## Instructions for RTAA

	ATAA	RTAA
Trade 2002	X	
Trade 2009		X
Trade 2002 Revert	X	
Trade 2011		X
Trade 2015		X
Trade Reversion 2021	X	

### **Background:**

**Trade 2009** established RTAA as a wage supplement option available to older workers under the Trade Adjustment Assistant program (TAA); it is also available under **Trade 2011** and **2015** with minor adjustments.

RTAA is an alternative program for older workers certified eligible to apply for Trade Adjustment Assistance (TAA) and is designed to allow TAA eligible workers, for who retraining may not be appropriate and who find re-employment, to receive a wage subsidy to help bridge the salary gap between their old and new employment.

- **Note:** Workers participating under Trade 2015 who received an ATAA payment on or before September 27, 2015 had the option to continue drawing ATAA or to switch to RTAA for the program's flexibilities.

Any worker denied ATAA due to missing the 26 week deadline or not being 50 years old on the first day of qualifying reemployment should be notified by DES that they are eligible to reapply under **Trade 2015** for RTAA.

- RTAA is not available under **Trade 2002**, **2002 Revert**, or **Trade Reversion 2021**, but instead they offer Alternative Trade Adjustment Assistance (ATAA). Refer to the ATAA section of the manual for more information.

### **Petition Determinations:**

The RTAA program eliminates the separate group eligibility requirements necessary under the ATAA program. All petitions certified under **Trade 2009**, **2011**, and **2015** provide eligibility for TAA and RTAA benefits and services.

### **Definitions:**

- **Year:** For RTAA purposes, a year represents the 12-month period beginning with the first full week of qualifying reemployment.

- *Full-time employment*: Is defined per State law in which the reemployment occurs. (See Missouri's State law below)

– **8 CSR 10-3.140**: (1) For purposes of **Reemployment Trade Adjustment Assistance (RTAA)**, a “full-time employee” is one who has a work week of at least forty (40) hours, or who works the number of hours generally accepted by industry custom or practice as full-time employment, as established by the **RTAA** applicant by evidence presented to the **Division of Employment Security** or its designee.

If worker employed in multiple states, the applicable definition is the one with the lowest threshold of hours required.

**Eligibility:**

Unemployment Insurance (UI) is not a requirement for RTAA eligibility.

Eligible workers may receive a wage subsidy that is half the difference between their wage at the trade affected employer and their wage at the new qualifying reemployment.

- Under **Trade 2009**, the wage subsidy may be paid up to a maximum of \$12,000 or up to a **two-year period of time\***.
- Under **Trade 2011** and **2015**, the wage subsidy may be paid up to a maximum of \$10,000 or up to a **two-year period of time\***.

With RTAA, the eligibility period doesn't start and stop; it is continuous once it starts.

**\*Note:** Under RTAA, workers who have become reemployed before they reach the age of 50 *may* be determined eligible for RTAA when they turn 50 if they meet all other RTAA eligibility requirements.

	\$10,000 RTAA Maximum	\$12,000 RTAA Maximum
Trade 2009		X
Trade 2011	X	
Trade 2015	X	

- Eligibility period for payment of RTAA and application deadline
  - *Applicable Dates:* To make the RTAA determination, the State will need to know applicable dates for the worker:
    - The date of reemployment **and** either
    - The date the worker exhausted all rights to UI; **OR**
    - The dates the worker began and ended receipt of TRA before the date of reemployment
- A worker who has received TRA may receive RTAA benefits for a period of 104 weeks beginning on the date which the worker obtains reemployment reduced by the total number of weeks the individual received TRA.

A worker can receive TRA and then participate in RTAA.

- Any TRA received will be deducted from the RTAA maximum.
- A worker cannot participate in RTAA and then return to TRA.

An individual receiving RTAA may also receive TAA training, employment and case management services, HCTG, Job Search Allowance, and Relocation Allowance (under certain circumstances).

- Timing of RTAA payments
  - A worker may receive retroactive payments, in a lump sum, for payment for which the worker was eligible, but for which the worker had not yet applied.
  - A State may approve an RTAA payment retroactively if a worker becomes reemployed before USDOL issues a certification, provided that the worker otherwise meets the eligibility requirements
    - Laid off and reemployed between the **Impact Date and Expiration Date** of the petition certification (Certification Period).

For a worker to be considered eligible for RTAA:

- he/she must have established eligibility under a Trade petition;
- he/she must be at least 50 years old on the first day of qualifying re-employment or may become eligible for RTAA when they reach the age of 50 during reemployment if they meet all other RTAA eligibility requirements;
- he/she must have obtained different full-time employment or different part-time employment
  - ❖ DES' definition (**8 CSR 10-3.140**) of full-time for RTAA: For purposes of Reemployment Trade Adjustment Assistance (RTAA), a "full-time employee" is one who has a work week of at least forty (40) hours, or who works the number of hours generally accepted by industry custom or practice as full-time employment, as established by the RTAA applicant by evidence presented to the

Division of Employment Security (DES) or its designee.

- ❖ A worker can work two or more part-time jobs that are equivalent to full-time employment
- ❖ Under **Trade 2015**, workers who participate in RTAA with full-time reemployment have the **option** of participating in full-time Trade approved training. Workers who participate in RTAA with part-time reemployment **must** still participate in full-time Trade approved training.
- ❖ Part-time employment is defined as at least 20 hours per week
- ❖ Part-time employment **requires** participation in full-time TAA approved training
- ❖ Re-employment cannot be with the “firm” from which the worker was separated
- the re-employment must be at wages less than those earned at the trade affected employer; and
- the worker must not be expected to earn more than:
  - \$55,000 per year at reemployment (under **Trade 2009**)
  - \$50,000 per year at reemployment (**Trade 2011** and **2015**)

	\$50,000 Earnings Per Year at Reemployment	\$55,000 Earnings Per Year at Reemployment
Trade 2009		X
Trade 2011	X	
Trade 2015	X	

Under RTAA, reemployment **cannot** be for the *same employer firm* from which the worker is TAA eligible.

- “Firm” is defined as either an entire firm OR the appropriate subdivision.
  - If a petition certification is issued for a specific subdivision of a firm, the worker may not return to employment with that subdivision (for RTAA purposes).
    - The worker may return to another subdivision of the firm that was not the subject of the certification (for RTAA purposes).
  - If the petition certification is issued for the entire firm or does not identify a subdivision, the worker may not return be eligible for RTAA based on a return to employment in any subdivisions of that firm.

- A reemployed worker would not be eligible for RTAA when a firm may be considered a successor-in-interest to another firm if most or all of the following factors are present:
  - There is continuity of business operations, location, workforce, supervisory personnel, machinery / equipment / process, and product / service
  - The same jobs exists under similar conditions

### **Eligible Employment:**

- Work involving wage plus commission or piece work
- Employment may include one or more jobs
- A State must count hours in which an adversely-affected worker is on employer-authorized leave as hours of work
- Overtime, commissions, and bonuses cannot be excluded
- Employment must be legal under federal, state, and local laws

### **Continuing Eligibility and Timing of Payments:**

If during a year the 2-year eligibility period a worker's cumulative wages exceed, or are projected to exceed \$50,000, the worker will no longer be eligible to receive additional RTAA payments within that year. The worker will be eligible for RTAA benefits in the next year and RTAA payments will resume until wages exceed, or are projected to exceed \$50,000, or until the \$10,000 benefit limit is reached.

- Can also occur if reemployment wages exceed trade-affected wages.

If the worker is employed part-time (at least 20 hours per week) and receiving RTAA while in TAA approved training, the State must verify participation in training on a monthly basis. Verification of participation in TAA approved training will be conducted in accordance with State policies.

### **Change in Reemployment Wages:**

The State must recompute the appropriate amount of the RTAA payments if, during its review, it determines that a workers reemployment wages have changed.

- If reemployment wages exceed, or are projected to exceed \$50,000 in a year during the eligibility period, then the State must immediately issue a determination that the worker is ineligible for further RTAA payments, notify the worker of this determination, and cease such RTAA payments.
  - Can also occur if reemployment wages exceed trade-affected wages.
- If reemployment wages change but do not exceed \$50,000 in a year during the eligibility period then the RTAA payments must be recomputed every such time

such a change in reemployment wages occurs. The State must then continue period verification, or recommence periodic verification if RTAA payments resume in the second year.

### **State Responsibility:**

Once a petition is certified for TAA, the worker must be fully informed of the benefits and services available under both programs: TAA & RTAA. Effective July 26, 2010, the Division of Employment Security (DES) began processing RTAA payments. The Office of Workforce Development (OWD) remains responsible for notifying workers of RTAA benefits, timeframes, etc. In addition, OWD is responsible for assisting workers in completing the MODES-4640-A.

It is important to protect the worker's eligibility for TRA weekly benefits in the event he/she is unable to secure qualifying re-employment.

- If the worker is nearing the 26/26 deadline and has not found qualifying reemployment for RTAA, he/she may want to consider participating in training, OJT, or registered apprenticeship/other apprenticeship programs.
- If the worker is **not** issued a waiver or enrolled/participating in training by the **26/26 week criteria**, **the worker loses eligibility to TRA weekly benefits.**

### **Eligibility Verification:**

The following documentation can be provided to verify RTAA criteria:

7. The worker's **driver's license / photo identification** or other appropriate documentation can be used to verify the worker's age.
8. The **pay stub from the worker's last full week at the trade affected employment** to verify wage at Trade employer.
9. A written job offer or **pay stub from new employer** can be used to verify qualifying re-employment.
10. A written statement from the new employer or a **week's worth of pay stubs** can be used to determine that the worker is not expected to earn more than \$55,000 (Trade 2009) or \$50,000 (Trade 2011 and 2015) annually in gross wages (excluding overtime pay) from the re-employment.
11. A written statement from the new employer or a **week's worth of pay stubs** can be used to determine that the worker's re-employment is either full-time or part-time (at least 20 hours per week).
12. **Pay stubs from the new employment** will verify that the worker did not return to the "firm" from which the worker was separated.

The application for RTAA must be filed within the applicable eligibility period.

Qualifying employment that was commenced prior to separation from adversely affected employment may be considered RTAA qualifying employment.

A worker cannot return to TRA once receiving a RTAA subsidy payment.

**Total Amount of Payments - Trade 2009:**

The total amount of payments that may be made to workers under RTAA is different than under ATAA. There are two separate calculations:

- 1) Workers who have not received TRA may receive a maximum of \$12,000 during the eligibility period; and
- 2) Workers who have received TRA may receive an amount equal to the product of \$12,000 and the ratio of the number of weeks in the eligibility period.

Formula:

$[1 - (\# \text{ weeks of TRA drawn}/104 \text{ weeks normally}) * \$12,000] = \text{Maximum RTAA Benefit.}$

Eligibility period (x) = 104 Week Maximum – Weeks of TRA received.

**Total Amount of Payments - Trade 2011 and 2015:**

The total amount of payments that may be made to workers under RTAA is different than under ATAA. There are two separate calculations:

- 1) Workers who have not received TRA may receive a maximum of \$10,000 during the eligibility period; and
- 2) Workers who have received TRA may receive an amount equal to the product of \$10,000 and the ratio of the number of weeks in the eligibility period.

Formula:

$[1 - (\# \text{ weeks of TRA drawn}/104 \text{ weeks normally}) * \$10,000] = \text{maximum RTAA Benefit.}$

Eligibility period (x) = 104 Week Maximum – Weeks of TRA received.

**RTAA Payments:**

In the State of Missouri, RTAA subsidy payments are issued on a weekly basis by DES.

For each week the worker is deemed eligible for RTAA, (s)he will receive an RTAA subsidy payment. A payment cannot be issued until the worker has worked a week period of time.

The state will pay, for a period not to exceed two-years, 50% of the difference between:

3. The annualized wages received by the worker from re-employment; and
4. The annualized wages received by the worker at the time of separation from trade affected employer.

RTAA payments shall cease in the event of one of the following:

4. The worker's annualized wages, excluding the RTAA wage subsidy, is projected to exceed \$55,000 per year (**Trade 2009**) or exceed \$50,000 per year (**Trade 2011** and **2015**);
5. The worker has received the maximum amount of RTAA;
6. The worker has reached the end of the RTAA eligibility period; or
7. The worker no longer meets the re-employment requirement through either full-time work or a combination of full-time, TAA-approved training and at least 20 hours of work. ***For training, the justifiable cause statement must be applied.***

The annualized separation wages is computed by multiplying the worker's hourly wage received during the last full week of employment by the number of hours the worker worked during the last full week of employment and multiplying that number by 52 weeks per year. Annualized re-employment wages are defined similarly to annualized separation wages except that the hourly wage and hours worked must reflect those from the re-employment.

**Wage Calculation Methodology:**

The calculated weekly allotment will be derived as follows:

1. Full-time Employment
  - a. Annualized Separation Wages minus Annualized Re-employment Wages divided by 2 equals 50% of the difference between the two periods of wages.
  - b. 50% of the difference between the two periods of wages divided by 52 equals the weekly RTAA wage subsidy.

**Formula:**

$$\frac{(\text{Annualized Separation Wages} - \text{Annualized Re-employment Wages}) * .50}{52}$$

2. Part-time Employment
  - a. Annualized Separation Wages minus Annualized Re-employment Wages multiplied by h (hours difference): the variable percentage based on reduced hours for part-time Annualized Re-employment Wages.

$$\text{Hours difference} = \frac{\text{current hours (re-employment hours)}}{\text{old hours (separation hours)}}; \text{ not to exceed } 50\%$$

- b. 50% of the difference between the two periods of wages and hours difference divided by 52 equals the weekly RTAA wage subsidy.

**Formula:**

$$\frac{((\text{Annualized Separation Wages} - \text{Annualized Re-employment Wages}) * \text{Hours Difference (h)}) * .50}{52}$$

### **Issuing RTAA Determinations:**

To make the worker's first determination for RTAA, the worker must provide the following documentation:

- Identification (ID): Driver's License or State Issued ID Card
- Pay stub from Trade affected employer for the last full week of employment
- A week's worth of pay stubs from re-employment
- MODES-4640-R form (screen shot below)

## INFORMATION ABOUT REEMPLOYMENT TRADE ADJUSTMENT ASSISTANCE

The Reemployment Trade Adjustment Assistance (RTAA) program is designed to supplement the reduced income of workers who are at least 50 years of age and have been affected by foreign trade. Trade Adjustment Assistance (TAA) eligible workers who are reemployed full-time or part-time may be eligible for the RTAA program. The RTAA program supplements up to 50 percent of the difference in wages between your old job and your new job.

You must complete the form on the reverse of this page for each month you wish to apply for the RTAA program. Along with the completed form, the following information must be submitted to determine your eligibility:

- A copy of driver's license or state issued ID card (initial request only).
- Check stub or employer statement showing weekly earnings and the number of hours you worked during your last full week with your trade affected former job (initial request only).
- Check stubs or employer statement from your new job(s) showing the wages per hour and hours worked during the month you are applying for the program.

The eligibility requirements for the RTAA program include:

- You must have obtained reemployment and be 50 years of age or older. RTAA allows for either full-time or part-time reemployment.
  - In Missouri for RTAA purposes, a full-time reemployment employee is defined as one who has a work week of at least forty hours, or who works the number of hours generally accepted by industry custom or practices. Individuals who participate in full-time RTAA have the option of attending TAA approved training.
  - Part-time reemployment must be at least twenty hours per week. Individuals who participate in part-time RTAA are required to attend full-time TAA approved training.
- You cannot earn more than \$50,000 annually in gross wages from reemployment.

TAA certified workers who apply for RTAA will no longer be eligible for future Trade Readjustment Allowance (TRA) payments. TRA payments are additional benefits under the TAA program for workers who are attending training after their regular unemployment benefits are exhausted.

Note: Contact your Missouri Job Center for information about receiving the RTAA supplement while attending TAA approved training.

## APPEALS

Trade Act Navigators are responsible to make determinations for requests of waiver issuance, training, training related costs, transportation payments, subsistence payments, job search allowance, and relocation allowance.

When it is determined that a request is not approvable, a written denial must be issued. The worker's appeal rights are listed on the form(s). Workers must be advised of their appeal rights.

- For waivers, a denial should be issued on a paper **Denial Waiver Form** (DWD-PO-702).
- For training, training related costs, transportation, and subsistence, a denial should be issued on a DWD-PO-240-A or DWD-PO-240-B.
- For job search, a denial should be issued on a **Benefits, Criteria, and Eligibility** (DWD-PO-207-BCE) and/or **Payment Form** (DWD-PO-207-PF) form(s).
- For relocation, a denial should be issued on an ETA-860 form.

If the worker wishes to file an appeal to the determination, the worker must submit a written request for an appeals hearing. The request for an appeals hearing must include the worker's name, Social Security Number, date, and statement regarding their request (example: 'I request to appeal the denial of my training') for an appeals hearing. The worker's signature is required on the request. [See handout information at the end of this section.](#)

The worker's request for an appeals hearing must be faxed or mailed to:

Missouri Division of Employment Security  
Appeals Tribunal  
P.O. Box 59  
Jefferson City, Missouri 65104  
(Fax) 573/751-1321

A copy of this request must also be provided to OWD Central Office TAA Unit. Upload the denial in the worker's MoJobs record and send an email to [DWDTradeActHelp@dhewd.mo.gov](mailto:DWDTradeActHelp@dhewd.mo.gov).

The Division of Employment Security is responsible to establish a date and time for the appeals hearing. The Appeals Unit will issue a Notice of Appeals Hearing to the worker. This notice will provide the worker with information regarding the hearing.

A copy of the Notice of Appeals Hearing will also be forwarded to the OWD Central Office TAA Unit. The OWD Central Office TAA Unit will notify the appropriate Job Center of the hearing issue, time, and date, and ask them to participate as the OWD's witness. A copy of the Notice of Appeals Hearing will be forwarded to the Job Center to be included in the worker's file.

Following the appeals hearing, the Appeals Referee will issue a written determination regarding the outcome of the hearing. A copy of this determination will be forwarded to the Job Center.

**APPEAL RIGHTS**

If you believe this determination is incorrect, you or your duly authorized agent may file an appeal no later than thirty (30) days after the date entered below. An appeal may be filed by mail to the Missouri Division of Employment Security, Appeals Tribunal, PO Box 59, Jefferson City, MO 65104, or by FAX at (573)751-1321. If appeal is by mail, the United States Postal Service postmark date will be the date filed. If the last day for filing the appeal falls on a Saturday, Sunday, or a legal holiday, an appeal will be timely if filed on the next day which is neither a Saturday, Sunday, or legal holiday. Any appeal should give the reason why it is believed the determination is incorrect and must be signed. If you do not understand the determination or how to file an appeal, contact the Missouri Job Center that issued the determination.

**HOW TO REQUEST AN APPEALS HEARING**

To file an appeal to the (denial) determination, submit a typed or written request for an appeals hearing to the Missouri Division of Employment Security – Appeals Tribunal. The request must contain the following:

- 1) Your Name
- 2) Your Social Security Number (at least the last four digits)
- 3) Date of Typed or Written Request for Appeals Hearing
- 4) Statement Requesting to Appeal the Denial of Trade Act Benefit or Service

**Example:** I request to appeal the denial of my training. I requested CDL training from the Trade Act program and was issued a denial.

- 5) Your Signature

**Last Updated 1/19/23**

## Apprenticeships

Under **Trade 2009, 2011, 2015**, and **Reversion 2021**, the TAA program can pay for Apprenticeship programs.

### What is Apprenticeship?

Apprenticeship offers:

- 1) Employment;
- 2) Work-Based Training; and
- 3) Related Training & Instruction (RTI)

### Worker Do(s) and Don't(s):

- The Employer pays for the entire worker's wages during the Apprenticeship program.
- However, workers aged 50 years old or older are eligible to also participate in Reemployment Trade Adjustment Assistance (RTAA) while participating in an Apprenticeship. **This does NOT apply to Trade Reversion 2021.**

### What Can TAA Cover?

Under an Apprenticeship, TAA can cover:

- 1) Work-Based Training cost to the employer; AND
  - Refer to the OJT section of the manual for instructions
- 2) Related Training & Instruction (RTI)
  - Refer to the DWD-PO-240-A & B section of the manual for instructions

### General:

The Worker is employed at the start of the Apprenticeship program and works through a series of defined curriculum until completion of his/her Apprenticeship program.

An Apprenticeship must include both Work-Based Training and Related Training & Instruction (RTI).

- The Work-Based Training may be up to 130 weeks based on experience, education, and credentials.
- The RTI may exceed 130 weeks and continue through the scheduled completion of the specified apprenticeship training.

The length of Apprenticeship programs varies depending on the specific occupation.

### **Apprenticeship Funding:**

TAA program funds can be used to pay for:

- The expenses associated with the educational or instructional component (e.g., classroom and distance learning, tools, uniforms, equipment, and books) for the apprentice); and
- The employment may be reimbursed not more than 50% of the apprentice's regular wage rate for the cost of providing the training and additional supervision relating to the work-based learning component provided by the employer.

### **Approval of Cost of Apprenticeship:**

- Registered Apprenticeships under the National Apprenticeship Act
- Other Apprenticeships – Cost for an apprenticeship program may be approved by a State only if a determination is made that...**meets the general assurances as listed on the On-the-Job Contract form.**
- Workers enrolled in an apprenticeship program, in most cases, will not be able to access Trade Readjustment Allowance (TRA) income support due to their income earned through wages, but State must still make individual determinations on TRA benefits. ~~This could also impact Health Coverage Tax Credit (HCTC) eligibility, if HCTC is available.~~ States must advise workers considering this training options of these issues.
- Under **Trade 2015**, adversely-affected workers age 50 or older enrolled in an apprenticeship program may be eligible for Reemployment Trade Adjustment Assistance (RTAA).
- The State must enter into a contract with the employer that provides the terms and conditions of the apprenticeship.

### **Accessing Apprenticeship Information:**

For an Apprenticeship to be approved under the Trade Adjustment Assistance programs, they must meet federal standards. Workers interested in Apprenticeship programs can access more information at:

## Instructions for DWD-PO-273

### **General:**

The DWD-PO-273 is used by the Trade Act Navigator, apprentice, training facility, and employer to acknowledge an Apprenticeship Agreement. The DWD-PO-273, along with an On-the-Job Training (OJT) contract and Request for Training (DWD-PO-240-A), are considered an agreement for Apprenticeship training.

For TAA Apprenticeship purposes, the OJT contract consists of the forms:

- OJT Training Program Contract (DWD-PO-213)
- OJT Outline and Job Description (DWD-PO-214)
- OJT Training Criteria (DWD-PO-274)
- If applicable, OJT Transportation-Subsistence (DWD-PO-242)
  - This will cover the client's transportation from the client's residence to the place of the OJT employment.

Other OJT forms that will be used during the Apprenticeship training include:

- OJT Monthly Progress Report-Invoice (DWD-PO-220)
- OJT Monitoring Report (DWD-PO-219-A – Employer)
- OJT Monitoring Report (DWD-PO-219-B – Participant)

Other OJT forms that may be used during the Apprenticeship training include:

- OJT Supplemental Agreement (DWD-PO-215)
- OJT Determination (DWD-PO-228)

The Request for Training (DWD-PO-240-A) will cover the classroom related instructions which includes:

- Six approval training criteria
- If applicable, transportation / subsistence request from the client residence to the place of classroom related instructions

The length of the training agreement:

- For worked-based training, may be up to 130 weeks based on experience, education, and credentials.
- For related training instruction, may exceed 130 weeks and continue through the scheduled completion of the specified apprenticeship training.

Complete the DWD-PO-273 form as follows:

## Health Coverage Tax Credit

The **Health Coverage Tax Credit (HCTC)** is authorized through December 31, 2021

**HCTC** is a federal tax credit of 72.5% and is used to help subsidize health insurance coverage for eligible PBGC recipients and individuals in the TAA program. They are identified as:

- **Eligible TAA recipients:**
  - Individuals eligible to receive Trade Readjustment Allowance (TRA) OR would be eligible to receive TRA if their UI was exhausted.
- **Eligible RTAA/ATAA recipients**
  - Individuals who work and participate in either RTAA or ATAA for a month and receives a wage subsidy for that month.

If the client can be claimed as a dependent on another's person's federal income tax return, they are **not** a candidate for HCTC.

Trade recipients of TAA and RTAA/ATAA are eligible for HCTC until the first month they cease to be eligible for TRA/UI or RTAA/ATAA. This does **not** apply to clients who meet the **Special Rule**, which include:

- Individuals who are on a non-payable break from Trade approved training. A non-payable break is a break in training that is over 30 days in length.
- Individuals who are receiving UI and would be eligible for TRA, *with regard to the enrollment in training requirements.*

The HCTC is administered by the IRS. Additional information about HCTC can be found on their website at <http://www.irs.gov/HCTC>.

# EXPIRED

Based on IRS' website, individuals may elect to file HCTC with an end-of-the-year tax credit or by enrolling in advance credit option. The following apply to the advance credit option if it is chosen:

- The advance credit option will provide 72.5% of the payable premium for a qualified health insurance plan as a monthly credit.
- The credit amount will be forwarded by the IRS to the health insurance plan on behalf of the individual.
- The individual will be responsible to pay the health insurance plan the remaining 27.5% on a monthly basis.

# EXPIRED

## Qualifying Health Insurance:

There are several types of health insurance that qualify for the HCTC beginning January 1, 2016. However, contributions by your employer or your spouse's employer may limit qualification.

1. Coverage under a COBRA continuation provision if the former employer did not pay 50 percent or more of the cost of coverage;
2. Coverage under a group health plan available through the employment of your spouse, if the employer did not pay 50% or more of the cost of coverage;
3. Coverage under an employee benefit plan funded by a voluntary employees' beneficiary association (VEBA) that was established through the bankruptcy of your former employer;
4. Coverage obtained in the non-group (individual) health insurance market other than coverage offered through the Health Insurance Marketplace; and
5. Coverage under certain state-qualified health plans established prior to January 1, 2014.

**If you received a 100% COBRA premium reduction from your former employer or COBRA administrator, then you are not eligible for advance HCTC for the coverage months for which you received such reduction.**

## Trade Adjustment Assistance (TAA) Webpage

The TAA webpage is located on the <https://jobs.mo.gov/> under the Job Seekers column, as shown below or can be directly accessed at <https://jobs.mo.gov/trade-adjustment-assistance>.

Not sure how to get started with your job search? Whether you're looking for a new career, are ready to start your first job, or have lost your job, we offer products and services to you at no cost.

- **File an unemployment claim**
  - **Learn how to file online using UInteract** 
- **Participate in Virtual Job Fairs**
- **Find a Job on MoJobs**
- **Find a Job Skills Workshop**
- **Explore Training & Education Options**
- **Get a Skills Assessment using Talify**
- **Find a Missouri Job Center** or call 1-888-728-JOBS (5627)
- **Missouri Services Navigator** 
- **Trade Adjustment Assistance Resources**

The TAA webpage contains many features that is helpful to trade-affected workers, potential trade-affected workers, and employers.

This section of the webpage provides a brief explanation about the TAA program. It also provides links to information for filing TAA petitions.

**What is Trade Adjustment Assistance?**

The Trade Adjustment Assistance (TAA) program assists workers who become unemployed due to the impact of foreign trade. The TAA program seeks to provide U.S. workers who are negatively impacted with the opportunity to obtain the skills, resources, and support they need to become reemployed in a high wage-high demand occupation.

The first step to receiving TAA benefits and services is to file a petition with the U.S. Department of Labor (USDOL). For information on filing a petition, [click here](#).

If you believe that you may already be certified to receive TAA assistance, please visit Missouri TAA Certifications for a complete listing of all TAA-certified employers within the state of Missouri and remember to visit a local [Job Center](#) to find out more about the TAA program.

Complete [this form](#) to have a TAA representative contact you.

This section of the webpage contains short videos that provide information on TAA and TRA benefits and services. **Be sure to tell worker to view the videos in Google Chrome for best results.**

<a href="#">Trade Act Assistance Overview</a>	<a href="#">How to Apply for Trade Act Benefits</a>	<a href="#">Trade Act Training Assistance</a>	<a href="#">Approval Criteria for Training in the Trade Act Program</a>	<a href="#">Trade Act Job Search and Relocation Allowances</a>
<a href="#">Trade Readjustment Allowance</a>		<a href="#">Re-Employment Services through the Trade Act Program</a>		

These three pictures look like headings, but they are actually clickable links.

This link leads to USDOL's website. The worker can learn more about the TAA program and/or research petition statuses.

This link leads to the last four Program Years of petition logs associated with Missouri petitions. It will provide the determinations of petitions filed in Missouri.

This link leads to a list of virtual orientations for petitions certified since COVID-2019 began. These orientations were developed for workers who were unable to attend an Employee Transition Team (ETT) meeting.

The section of the webpage goes over TAA benefits and services available to trade-affected workers. The **Participant Resources** section is of particular interest as it contains the TAA Booklet for Worker and for Employer and well as other TAA flyers and information.

### **Training Assistance**

The TAA program assists eligible workers to re-train in high wage-high demand careers. Training assistance through the TAA program pays 100% of all required training costs; including tuition, books, fees, and required materials/supplies.

Approved training programs may include:

- Classroom Training
- Occupational skills training (technical certificates, Associate degrees, Bachelor's degrees, etc.)
- Remedial training and Pre-requisite training (Adult Basic Education, High School Equivalency, etc.)
- Employer-Based Training
- On-the-Job Training (OJT)
- Apprenticeship Training

Individuals interested in applying for TAA training assistance must engage with a Job Center Trade Act Navigator. To get started, locate your local [Job Center](#).

### **Job Search Assistance**

Looking for a job can be stressful. Whether you are looking for a new job, considering a change in career paths, or developing a plan for your career, the TAA program can help! The TAA program and your local Job Center offers a wide variety of services to assist your job search and employment efforts.

#### **Job Search Allowance**

The TAA program assists eligible workers who search for work outside of the normal commuting area (10 miles) by reimbursing costs incurred to travel to the job search activity. Job Search Allowance reimburses 90% of pre-approved expenses incurred while attending an approved job search activity (e.g. interview, employer testing, job fair, etc.) up to \$1,250.00.

#### **Relocation Allowance**

The TAA program assists eligible workers who successfully obtain qualifying employment outside of the normal commuting area (10 miles) and must relocate for the new employment. The Relocation Allowance benefit pays 90% of pre-approved expenses incurred to move the participant, family, and household goods plus a one-time lump sum payment of \$1,250.

#### **Case Management Services**

The TAA program offers a host of case management services to assist you in your job search needs. These services include:

- Comprehensive and Specialized Assessments
- Individual Employment Plans (IEP)
- Information on Available Training Providers/Programs
- Financial Aid Information
- Short-Term Pre-Vocational Services
- Employment Statistics Information (Labor Market Information)
- Supportive Service Information

Individuals interested in applying for TAA reemployment services must engage with a Trade Act Navigator. To get started, locate your local [Job Center](#).

### **Income Support**

#### **Trade Readjustment Allowance (TRA)**

Individuals who plan to participate or who are actively participating in full-time TAA-approved training may be eligible to receive up to an additional 104-weeks of income support if enrolled within 26-weeks of the TAA certification or individual separation date from the trade-affected employer, whichever is later.

Individuals interested in applying for TAA income support must engage with a Trade Act Navigator. To get started, locate your local [Job Center](#).

This worker only had one separation. If there were more, they would be listed here.

This field determines if the worker earned at least \$30 per week during the last 26 of the 52 weeks at the Trade affected employer.

This is the 52 week period that DES uses to determine if the worker earned at least \$30 per weeks in at least 26 weeks.

- **Type** (UI, Trade Readjustment Allowance-Basic, Trade Readjustment Allowance –Additional Training, Trade Readjustment Allowance-Completion)
  - In this example, the worker is on a Trade Readjustment Allowance-Additional Training claim.
- **TRA Benefit Year Begin (BYB) Date**
- **Benefit Year Beginning (BYB)**

- In this example, the worker is on a Basic TRA claim. BYB replaces the **Eligible Begin (ELB)** date found on the old BNTA screen.
  - **Benefit Year Ending (BYE)**
    - In this example, the worker is on a Basic TRA claim. BYE replaces the **Eligible End (ELE)** date found on the old BNTA screen.
  - **Weekly Benefit Amount (WBA)**
  - **Maximum Benefit Amount**
  - **Balance**
  - **Waiting Week Served**
    - This does not apply to Trade Act / TRA.
  - **Weekly Deductible Pension Amount**
  - **Final WBA**
  - **TRA Eligibility**
    - This field is similar to the **EL/INEL** field that was on the old BNTA screen.
    - Below are the three values you may see display in this field

### Calculating the "Average Weekly Wage" from Monetary Screen:

- 1) Locate the **Base Period Wages**.
- 2) Out of the four quarters listed, identify the highest quarter.
- 3) Divide the highest quarter by 13 (13 weeks per quarter).
  - Highest Quarters divided by 13 weeks = Average Weekly Wage
  - **This calculation must be applied to each individual TAA worker**
  - Based on this screen shot **example**:
    - The highest quarter is the first quarter with a total of \$11,206.09
    - Divide \$11,206.09 by 13 weeks OR  $11206.09 / 13 = 862.0069$
    - The amount rounded to whole dollars is \$862

- 3) Based on the claim chosen, the **Claim Details** screen will appear with related information.
- 4) Locate the **855 Response** section.
- 5) Identify the most current, qualifying separation from the Trade affected employer.
  - **Separation Date** is the date the worker last worked for the Trade affected employer.

- **Number of Weeks** is the number of weeks the worker worked for the Trade affected employer and earned at least \$30 per week.
    - If the worker has multiple layoffs, the Number of Weeks will change with each entry. To be eligible for TRA weekly benefits, the worker must have earned at least \$30 per week in 26 of the last 52 weeks at the Trade affected employer.
  - **Separation Reason** is the reason the worker was separated from the Trade affected employer.
    - To qualify for the Trade Act program, the worker must have had a qualifying “lack of work” separation (at least seven days in length).
  - **Qualification Begin Date** is the first date of the 52 week period prior to the worker’s last qualifying separation date from the Trade affected employer.
    - One eligibility criteria for TRA weekly benefits is based on whether the worker earned at least \$30 per week in 26 of the last 52 weeks at the Trade affected employer.
  - **Qualification End Date** is the end date of the 52 week period prior to the worker’s last qualifying separation date from the Trade affected employer.
    - One eligibility criteria for TRA weekly benefits is based on whether the worker earned at least \$30 per week in 26 of the last 52 weeks at the Trade affected employer.
- 6) **Benefit Year Beginning (BYB)** is the start date of the two-year period for which a worker, on a Trade Readjustment Allowance-Basic claim, can draw Basic TRA.
- The **BYB** is set based on the worker’s first qualifying separation date.
- 7) **Benefit Year Ending (BYE)** is the end date of the two-year period for which a worker, on a Trade Readjustment Allowance-Basic claim, can draw Basic TRA.
- The **BYE** is set based on the worker’s first qualifying separation date.
